Item 8.01. Other Events.

During a conference call held by the Registrant at 11:00 a.m. Eastern Time on July 27, 2010, the Registrant announced its preliminary expectations regarding diluted earnings per share for the fiscal year ending September 30, 2011. The Registrant said that it preliminarily expects a diluted earnings per share growth rate of between 7 percent to 11 percent for fiscal year 2011, which is based on an assumption of diluted earnings per share of \$2.13 for the fiscal year ending September 30, 2010 (the mid-point of the Registrant's guidance of between \$2.16 to \$2.20 for diluted earnings per share in fiscal year 2010, less a \$0.05 gain for special items recognized in fiscal year 2010). The Registrant also announced that it does not expect sales of the generic pharmaceutical, Oxaliplatin, to contribute the same benefit to fiscal year 2011 diluted earnings per share growth as such sales did to fiscal year 2010 diluted earnings per share. Underlying the Registrant's fiscal year 2011 expectations, among other things, is the assumption that the loss of earnings from Oxaliplatin sales will be offset in fiscal year 2011 by sales of any remaining Oxaliplatin inventory together with sales of two generic oncology pharmaceuticals, which may be launched in fiscal year 2011.

This Current Report on Form 8-K contains statements about the Registrant that are not statements of historical fact, including the Registrant's expectations regarding future diluted earnings per share growth rate and sales of generic pharmaceuticals, all of which may be subject to change in the future. These statements are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements are based on management's current expectations and are subject to uncertainty and change in circumstances that could cause actual results to differ materially from those projected, anticipated or implied. These and other risks and uncertainties are described herein, in Item 1A (Risk Factors) in the Registrant's Annual Report on Form 10-K for the fiscal year ended September 30, 2009 and elsewhere in that report, and in other reports filed by the Registrant pursuant to the Securities Exchange Act of 1934.

SIGNATURES
