All shares of common stock sold pursuant to this prospectus will be sold by the selling stockholders, and Key will not receive any of the proceeds from such sales.

SELLING STOCKHOLDERS

On October 1, 2010, we issued the shares of common stock offered by this prospectus in a private placement to OFS Energy Services, LLC as partial consideration for our acquisition of certain oilfield services businesses from OFS Energy Services, LLC and related assets. Subsequently, OFS Energy Services, LLC transferred some of the shares of common stock offered by this prospectus to the other selling stockholders, which include certain accredited investors who are members or beneficial owners of OFS Energy Services, LLC and its parent company OFS Holdings, LLC. In addition, 2,376,000 of the shares of common stock (the **Holdback Shares**) issued to OFS Energy Services, LLC are subject to escrow (the **Escrow**) to secure payment of indemnification obligations that may arise pursuant to the Purchase and Sale Agreement, dated as of July 23, 2010, by and among OFS Energy Services, LLC, OFS Holdings, LLC, Key Energy Services, Inc. and Key Energy Services, LLC (as amended, the **Purchase Agreement**). Any Holdback Shares not so used to satisfy indemnification obligations will be released to OFS Energy Services, LLC at the later of September 30, 2011 or the resolution of any pending unresolved indemnification claims under the Purchase Agreement in existence on September 30, 2011 (the **Escrow Termination Date**).

Subject to our consent, the selling stockholders have agreed not to (i) transfer the shares of common stock offered by this prospectus for a period of 180 days after the closing of the acquisition or (ii) dispose of the shares of common stock offered by this prospectus during certain offerings of equity-based securities by us (the **Lock-up**).

We have granted the selling stockholders certain registration rights for the shares of common stock offered by this prospectus. Pursuant to such registration rights, we prepared and filed the registration statement of which this prospectus is a part. In addition, beginning one year after the closing of the acquisition, the selling stockholders may elect to participate in one registered offering conducted by us in which we sell shares during the term of the registration rights, subject to customary exceptions and customary underwriter cutback provisions. The registration rights will terminate on the earlier of (i) two years after the closing of the acquisition, (ii) the date on which all of the shares of common stock offered by this prospectus have been sold under a registration statement or (iii) the date on which all of the shares of common stock offered by this prospectus may be sold without registration and without restriction on the number of shares to be sold under Rule 144 of the Securities Act. The registration rights also contain customary indemnification, market-standoff and black-out provisions.

The registration of these shares does not necessarily mean that the selling stockholders will sell any or all of the shares of common stock offered by them hereunder.

The table below provides information regarding the beneficial ownership of our common stock by the selling stockholders, as of December 17, 2010. The number of shares set forth in the table below represents all shares of our common stock owned by the selling stockholders. Unless otherwise indicated, the selling stockholders possess sole voting and investment power with respect to the shares listed.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, if the registrant is relying on Rule 430B, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration

statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
