MGM RESORTS INTERNATIONAL AND SUBSIDIARIES
CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION

Organization. MGM Resorts International (the Company) is a Delaware corporation. As of March 31, 2011, approximately 27% of the outstanding shares of the Company's common stock were owned by Tracinda Corporation, a Nevada corporation wholly owned by Kirk Kerkorian. Tracinda Corporation has significant influence with respect to the election of directors and other matters, but it does not have the power to solely determine these matters. MGM Resorts International acts largely as a holding company and, through wholly-owned subsidiaries, owns and/or operates casino resorts.

The Company owns and operates the following casino resorts in Las Vegas, Nevada: Bellagio, MGM Grand Las Vegas, The Mirage, Mandalay Bay, Luxor, New York-New York, Monte Carlo, Excalibur, and Circus Circus Las Vegas. Operations at MGM Grand Las Vegas include management of The Signature at MGM Grand Las Vegas, a condominium-hotel consisting of three towers. Other Nevada operations include Circus Circus Reno, Gold Strike in Jean, and Railroad Pass in Henderson. The Company and its local partners own and operate MGM Grand Detroit in Detroit, Michigan. The Company also owns and operates two resorts in Mississippi: Beau Rivage in Biloxi and Gold Strike Tunica. The Company also owns Shadow Creek, an exclusive world-class golf course located approximately ten miles north of its Las Vegas Strip resorts, Primm Valley Golf Club at the California/Nevada state line and Fallen Oak golf course in Saucier, Mississippi.

The Company owns 50% of CityCenter, located between Bellagio and Monte Carlo. The other 50% of CityCenter is owned by Infinity World Development Corp (Infinity World), a wholly-owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity. CityCenter consists of Aria, a casino resort; Mandarin Oriental Las Vegas, a non-gaming boutique hotel; Crystals, a retail, dining and entertainment district; and Vdara, a luxury condominium-hotel. In addition, CityCenter features residential units in the Residences at Mandarin Oriental and Veer. Aria, Vdara, Mandarin Oriental and Crystals all opened in December 2009 and the sales of residential units within CityCenter began closing in early 2010. The Company receives a management fee of 2% of revenues for the management of Aria and Vdara, and 5% of EBITDA (as defined in the agreements governing the Company's management of Aria and Vdara). In addition, the Company receives an annual fee of \$3 million for the management of Crystals.

The Company has 50% interests in MGM Macau, Grand Victoria and Silver Legacy. Ms. Ho, Pansy Catilina Chiu King (Ms. Pansy Ho) owns the other 50% of MGM Macau. See Note 2 for further discussion of recent events related to the Company's interests in MGM Macau. Grand Victoria is a riverboat casino in Elgin, Illinois; an affiliate of Hyatt Gaming owns the other 50% of Grand Victoria and also operates the resort. Silver Legacy is located in Reno, adjacent to Circus Circus Reno, and the other 50% is owned by Eldorado LLC.

MGM Hospitality seeks to leverage the Company's management expertise and well-recognized brands through strategic partnerships and international expansion opportunities. The Company has entered into management agreements for hotels in the Middle East, North Africa, India and China.

Borgata. The Company has a 50% economic interest in Borgata Hotel Casino & Spa (Borgata) located on Renaissance Pointe in the Marina area of Atlantic City, New Jersey. Boyd Gaming Corporation (Boyd) owns the other 50% of Borgata and also operates the resort. The Company's interest is held in trust and currently offered for sale pursuant to the Company's settlement agreement with New Jersey Department of Gaming Enforcement (DGE). In March 2010, the New Jersey Casino Control Commission (CCC) approved the Company's settlement agreement with the DGE pursuant to which the Company placed its 50% ownership interest in Borgata and related leased land in Atlantic City into a divestiture trust. Following the transfer of these interests into trust, the Company ceased to be regulated by the CCC or the DGE, except as otherwise provided by the trust agreement and the settlement agreement. Boyd's 50% interest is not affected by the settlement.

The terms of the settlement mandate the sale of the trust property within a 30-month period ending in September 2012. During the 18 months ending in September 2011, the Company has the right to direct the trustee to sell the trust property, subject to approval of the CCC. If a sale is not concluded by that time, the trustee is responsible for selling the trust property during the following 12-month period. The Company continues to negotiate with certain

parties that have expressed interest in the asset, but can provide no assurance that a transaction will be completed. Prior to the consummation of the sale, the divestiture trust will retain any cash flows received in respect of the trust property, but will pay property taxes and other costs attributable to the trust property. The Company is the

Table of Contents

sole economic beneficiary of the trust and will be permitted to reapply for a New Jersey gaming license beginning 30 months after the completion of the sale of the trust assets. As of March 31, 2011, the trust had \$188 million of cash and investments, of which \$150 million is held in treasury securities with maturities greater than 90 days but less than one year, and is recorded within Prepaid expenses and other.

As a result of the Company's ownership interest in Borgata being placed into a trust, the Company no longer has significant influence over Borgata; therefore, the Company discontinued the equity method of accounting for Borgata at the point the assets were placed in the trust in March 2010, and accounts for its investment in Borgata under the cost method of accounting. The carrying value of the investment related to Borgata is included in Other long-term assets, net. Earnings and losses that relate to the investment that were previously accrued remain as a part of the carrying amount of the investment. Distributions received by the trust that do not exceed the Company's share of earnings are recognized currently in earnings. However, distributions received by the trust that exceed the Company's share of earnings for such periods are applied to reduce the carrying amount of its investment. The Company consolidates the trust as it is the sole economic beneficiary. The trust did not receive distributions from Borgata during the three months ended March 31, 2011 or March 31, 2010.

Fair value measurement. Fair value measurements affect the Company's accounting and impairment assessments of its long-lived assets, investments in unconsolidated affiliates, cost method investments, goodwill, and other intangibles. Fair value measurements also affect the Company's accounting for certain of its financial assets and liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and is measured according to a hierarchy that includes: Level 1 inputs, such as quoted prices in an active market; Level 2 inputs, which are observable inputs for similar assets; or Level 3 inputs, which are unobservable inputs. At March 31, 2011, the fair value of the Company's treasury securities held by the Borgata trust was \$150 million, measured using Level 1 inputs.

Reimbursed expenses. The Company recognizes costs reimbursed pursuant to management services as revenue in the period it incurs the costs. Reimbursed costs, which are related mainly to the Company's management of CityCenter, were \$86 million and \$93 million for the first quarter of 2011 and 2010, respectively.

Basis of presentation. As permitted by the rules and regulations of the Securities and Exchange Commission, certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. These consolidated financial statements should be read in conjunction with the Company's 2010 annual consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments which include only normal recurring adjustments necessary to present fairly the Company's financial position as of March 31, 2011 and the results of its operations and cash flows for the three months ended March 31, 2011 and 2010. The results of operations for such periods are not necessarily indicative of the results to be expected for the full year. Certain reclassifications, which have no effect on previously reported net income and net revenue, have been made to the 2010 financial statements to conform to the 2011 presentation. These reclassifications related to the classification of hotel resort fees to Rooms revenue from Other revenue. The total amount reclassified to rooms revenue for the three months ended March 31, 2010 was \$12 million.

NOTE 2 INVESTMENTS IN AND ADVANCES TO UNCONSOLIDATED AFFILIATES

Investments in and advances to unconsolidated affiliates consisted of the following:

	March 31,	December
	2011	31,
		2010
	<i>(In thousands)</i>	
CityCenter Holdings, LLC - CityCenter (50%)	\$ 1,409,221	\$ 1,417,843

Other	12,641	12,569
	\$ 1,941,786	\$ 1,923,155

Table of Contents

The Company recorded its share of the results of operations of unconsolidated affiliates as follows:

	Three Months Ended March 31,	
	2011	2010
	<i>(In thousands)</i>	
Income (loss) from unconsolidated affiliates	\$ 63,343	\$ (80,918)
Reopening and start-up expenses		(3,494)
Non-operating items from unconsolidated affiliates	(40,290)	(23,350)
	\$ 23,053	\$ (107,762)

CityCenter

January 2011 debt restructuring transactions. In January 2011, CityCenter completed a series of transactions including issuance of \$900 million in aggregate principal amount of 7.625% senior secured first lien notes due 2016 and \$600 million in aggregate principal amount of 10.75%/11.50% senior secured second lien PIK toggle notes due 2017 in a private placement. The interest rate on the second lien notes is 10.75% for interest paid in cash, and 11.50% if CityCenter pays interest in the form of additional debt. CityCenter received net proceeds from the offering of the notes of \$1.46 billion after initial purchaser's discounts and commissions but before other offering expenses.

Effective concurrently with the notes offering, CityCenter's senior credit facility was amended and restated which extended the maturity of \$500 million of the \$1.85 billion outstanding loans until January 21, 2015. The restated senior credit facility does not include a revolving loan component. All borrowings under the senior credit facility in excess of \$500 million were repaid using the proceeds of the first lien notes and the second lien notes. In addition, net proceeds from the note offerings, together with equity contributions of \$73 million from the members, were used to fund the interest escrow account of \$159 million for the benefit of the holders of the first lien notes and the lenders under the restated senior credit facility. The restated senior credit facility is secured, on a pari passu basis with the first lien notes, by a first priority lien on substantially all of CityCenter's assets and those of its subsidiaries, except that any proceeds generated by the sale of Crystals outside of bankruptcy or foreclosure proceedings will be paid first to the lenders under the restated senior credit facility. CityCenter recorded a loss on debt modification of \$24 million in the first quarter related to the above transactions.

Completion guarantee. The Company also entered into an amended completion and cost overrun guarantee in connection with CityCenter's restated senior credit facility agreement and issuance of \$1.5 billion of senior secured first lien notes and senior secured second lien notes, as discussed in Note 4.

CityCenter summary financial information. Summarized balance sheet information of the CityCenter joint venture is as follows:

	March 31, 2011	December 31, 2010
	<i>(In thousands)</i>

Net loss	\$ (125,027)	\$ (310,469)

MGM Macau

Proposed Initial Public Offering and Related Transactions. In April 2011, the Company entered into a partner process and securities purchase agreement with Ms. Pansy Ho and certain wholly-owned subsidiaries of Ms. Pansy Ho pursuant to which the proposed initial public offering of the shares of MGM China Holdings Limited (MGM China) on the Hong Kong Stock Exchange (the IPO) and related transactions will be structured so that the Company would obtain 51% ownership, and management control, of MGM China upon consummation of the offering. MGM China will become the owner of MGM Grand Paradise, S.A., the Macau company that owns the MGM Macau resort and casino and the related gaming sub-concession. Upon consummation of the initial public offering, MGM China will be owned (through intermediary companies) 51% by the Company, 29% by Ms. Pansy Ho, and 20% by public shareholders. An entity controlled by Ms. Pansy Ho will grant an over-allotment option to the underwriters equal to up to 3% of the shares of MGM China, the exercise of which will reduce her holdings. In the transactions, the Company will acquire a 1% interest in MGM China at the same price per share as the shares sold to public shareholders. The net proceeds of the offering and of the Company's 1% purchase will be remitted to an entity controlled by Ms. Pansy Ho. The agreements described above remain subject to certain conditions, including required approvals of the Hong Kong Stock Exchange. Additionally, the timing and terms of any such listing have not yet been determined, and there can be no assurance that the proposed transactions will be consummated.

In addition, the partner process and securities purchase agreement provides, among other things, for the sale of \$300 million in aggregate principal amount of the Company's 4.25% convertible senior notes due 2015 on terms that will be substantially similar to those governing the Company's existing convertible senior notes due 2015 (the Notes) for a purchase price of 103.805% of the principal amount thereof to a wholly-owned subsidiary of Ms. Pansy Ho in a transaction exempt from registration under the Securities Act of 1933, as amended. The Notes will be convertible at an initial conversion rate, subject to adjustment under certain circumstances, of approximately 53.83 shares of the Company's common stock per \$1,000 principal amount of the Notes. The issuance of the Notes is conditioned upon (a) the consummation of the initial public offering of the shares of MGM China on the Hong Kong Stock Exchange and (b) the Company's receipt of stockholder approval at its annual meeting to be held on June 14, 2011 to increase the number of authorized shares of common stock under its certificate of incorporation.

In the event the proposed transactions are consummated, the Company will consolidate MGM China with its consolidated financial statements due to its ownership control and the non-controlling interests in MGM China will be presented as a component of the Company's stockholders' equity. The Company expects to recognize a significant gain on the transactions based on the anticipated excess value to be established by the initial public offering over the carrying value of the Company's existing investment. Such gain will not be currently taxable.

In addition, the agreement to issue the Notes at a later date based on the fixed terms described above constitutes a derivative instrument. As such, changes in the fair value of the instrument must be recognized by the Company currently in earnings. Upon issuance of the Notes, the fair value of the derivative instrument will be equal to the

difference between the fair value of the Notes and the Notes' issuance price. The Notes will be recorded at fair value determined by the trading price of the Company's existing convertible notes on the date of issuance of the Notes with the difference recorded as a discount or premium to be recognized over the term of the Notes. If the Notes are not issued, the derivative will expire.

Table of Contents

Distributions. The Company received a distribution of approximately \$31 million from MGM Macau during the quarter ending March 31, 2011. The Company recognized this distribution as a cash inflow from operating activities in the accompanying consolidated statement of cash flows.

NOTE 3 LONG-TERM DEBT

Long-term debt consists of the following:

	March 31, 2011	December 31, 2010
	<i>(In thousands)</i>	
Senior credit facility:		
\$1,834 million term loans, net	\$ 1,696,266	\$ 1,686,043
Revolving loans	815,000	470,000

\$0.6 million 7% debentures, due 2036, net	573	573
\$4.3 million 6.7% debentures, due 2096	4,265	4,265
Other notes	1,893	2,076
	\$ 12,081,108	\$ 12,047,698

As of March 31, 2011 and December 31, 2010, long-term debt due within one year of the balance sheet date is classified as long-term because the Company has both the intent and ability to repay these amounts with available borrowings under the senior credit facility. The Company did not capitalize interest in the three months ending March 31, 2011 and 2010.

Senior credit facility. The Company's senior credit facility matures in February 2014 and consists of approximately \$1.8 billion in term loans and a \$1.7 billion revolving loan. The Company had approximately \$826 million of available borrowing capacity under its senior credit facility at March 31, 2011.

Interest on the senior credit facility is based on a LIBOR margin of 5.00%, with a LIBOR floor of 2.00%, and a base rate margin of 4.00%, with a base rate floor of 4.00%. The weighted average interest rate on outstanding borrowings under the senior credit facility at March 31, 2011 and December 31, 2010 was 7.0%.

At March 31, 2011, the Company was required under its senior credit facility to maintain a minimum trailing annual EBITDA (as defined in the agreement governing the Company's senior credit facility) of \$1.1 billion, which increases to \$1.15 billion as of September 30, 2011 and to \$1.2 billion as of December 31, 2011, with periodic

increases thereafter. Additionally, the Company is limited to \$500 million of annual capital expenditures (as defined) during 2011. At March 31, 2011, the Company was in compliance with the minimum EBITDA and maximum capital expenditures covenants.

Table of Contents

Senior notes. In February 2011, the Company repaid the \$325 million of outstanding principal amount of its 8.375% senior subordinated notes due 2011 at maturity.

Fair value of long-term debt. The estimated fair value of the Company's long-term debt at March 31, 2011 was approximately \$12.7 billion. At December 31, 2010, the estimated fair value of the Company's long-term debt was approximately \$12.4 billion. The estimated fair value of the Company's senior notes, senior subordinated notes and senior credit facility were based on quoted market prices.

NOTE 4 COMMITMENTS AND CONTINGENCIES

CityCenter completion guarantee. In January 2011, the Company entered into an amended completion and cost overrun guarantee in connection with CityCenter's restated senior credit facility agreement and issuance of \$1.5 billion of senior secured first lien notes and senior secured second lien toggle notes, as previously discussed. Consistent with the terms of the previous completion guarantee, the terms of the amended completion guarantee provide for the ability to utilize the then remaining \$124 million of net residential proceeds to fund construction costs, or to reimburse the Company for construction costs previously expended, though the timing of receipt of such proceeds is uncertain.

As of March 31, 2011, the Company has funded \$593 million under the completion guarantee. The Company has recorded a receivable from CityCenter of \$116 million related to these amounts, which represents amounts reimbursable to the Company from CityCenter from future residential proceeds. The Company has a remaining estimated net obligation under the completion guarantee of \$35 million which includes estimated litigation costs related to the resolution of disputes with contractors as to the final construction costs and estimated amounts to be paid to contractors either through the joint venture's extra-judicial settlement process or through the legal process related to the Perini litigation. The Company's accrual also reflects certain estimated offsets to the amounts claimed by the contractors. CityCenter has reached, or expects to reach, settlement agreements with most of the construction subcontractors. However, significant disputes remain with the general contractor and certain subcontractors. Amounts claimed by such parties exceed amounts included in the Company's completion guarantee accrual by approximately \$200 million, as such amounts exceed the Company's best estimate of its liability. Moreover, the Company has not accrued for any contingent payments to CityCenter related to the Harmon Hotel & Spa component, which is unlikely to be completed using the building as it now stands. The Company does not believe it would be responsible for funding any additional remediation efforts that might be required with respect to the Harmon; however, the Company's view is based on a number of developing factors, including with respect to on-going litigation with CityCenter's contractors, actions by local officials and other developments related to the CityCenter venture, that are subject to change.

CityCenter construction litigation. In March 2010, Perini Building Company, Inc. (Perini), general contractor for the CityCenter development project (the Project), filed a lawsuit in the Eighth Judicial District Court for Clark County, State of Nevada, against MGM MIRAGE Design Group (a wholly-owned subsidiary of the Company which was the original party to the Perini construction agreement) and certain direct or indirect subsidiaries of CityCenter Holdings, LLC (the CityCenter Owners). Perini asserts that the Project was substantially completed, but the defendants failed to pay Perini approximately \$490 million allegedly due and owing under the construction agreement for labor, equipment and materials expended on the Project. The complaint further charges the defendants with failure to provide timely and complete design documents, late delivery to Perini of design changes, mismanagement of the change order process, obstruction of Perini's ability to complete the Harmon Hotel & Spa component, and fraudulent inducement of Perini to compromise significantly amounts due for its general conditions. The complaint advances claims for breach of contract, breach of the implied covenant of good faith and fair dealing, tortious breach of the implied covenant of good faith and fair dealing, unjust enrichment and promissory estoppel, and fraud and intentional misrepresentation. Perini seeks compensatory damages, punitive damages, attorneys' fees and costs.

In April 2010, Perini served an amended complaint in this case which joins as defendants many owners of CityCenter residential condominium units (the Condo Owner Defendants), adds a count for foreclosure of Perini's recorded master mechanic's lien against the CityCenter property in the amount of approximately \$491 million, and asserts the priority of this mechanic's lien over the interests of the CityCenter Owners, the Condo Owner Defendants and the Project lenders in the CityCenter property.

The CityCenter Owners and the other defendants dispute Perini's allegations, and contend that the defendants are entitled to substantial amounts from Perini, including offsets against amounts claimed to be

Table of Contents

owed to Perini and its subcontractors and damages based on breach of their contractual and other duties to CityCenter, duplicative payment requests, non-conforming work, lack of proof of alleged work performance, defective work related to the Harmon Hotel & Spa component, property damage and Perini's failure to perform its obligations to pay Project subcontractors and to prevent filing of liens against the Project. Parallel to the court litigation CityCenter management conducted an extra-judicial program for settlement of Project subcontractor claims. CityCenter has resolved the claims of the majority of the 223 first-tier subcontractors, with only several remaining for further proceedings along with trial of Perini's claims and CityCenter's Harmon-related counterclaim and other claims by CityCenter against Perini and its parent guarantor, Tutor Perini. In December 2010, Perini recorded an amended notice of lien reducing its lien to approximately \$313 million.

The CityCenter Owners and the other defendants will continue to vigorously assert and protect their interests in the lawsuit. The Company believes that a loss with respect to Perini's punitive damages claim is neither probable nor reasonably possible. Please refer to the disclosure above for further discussion on the Company's completion guarantee obligation which may be impacted by the outcome of the above litigation and the joint venture's extra-judicial settlement process.

Other guarantees. The Company is party to various guarantee contracts in the normal course of business, which are generally supported by letters of credit issued by financial institutions. The Company's senior credit facility limits the amount of letters of credit that can be issued to \$250 million, and the amount of available borrowings under the senior credit facility is reduced by any outstanding letters of credit. At March 31, 2011, the Company had provided \$37 million of total letters of credit.

Other litigation. The Company is a party to various legal proceedings, most of which relate to routine matters incidental to its business. Management does not believe that the outcome of such proceedings will have a material adverse effect on the Company's financial position, results of operations or cash flows.

NOTE 5 LOSS PER SHARE OF COMMON STOCK

The weighted-average number of common and common equivalent shares used in the calculation of basic and diluted loss per share consisted of the following:

	Three Months Ended March 31,	
	2011	2010
	<i>(In thousands)</i>	
Weighted-average common shares outstanding (used in the calculation of basic loss per share)	488,539	441,240
Potential dilution from stock options and restricted stock		
Weighted-average common and common equivalent shares	488,539	441,240

The Company had a loss from continuing operations for the three months ended March 31, 2011 and 2010. Therefore, the approximately 29 million shares and 28 million shares at March 31, 2011 and 2010, respectively, underlying outstanding stock-based awards were excluded from the computation of diluted earnings per share for these periods because to include these awards would be anti-dilutive. In addition, the effect of an assumed conversion of the Company's convertible senior notes due 2015 would be anti-dilutive.

NOTE 6 COMPREHENSIVE LOSS

Comprehensive loss consisted of the following:

	Three Months Ended March 31,	
	2011	2010
	<i>(In thousands)</i>	
Net loss	\$ (89,871)	\$ (96,741)

Edgar Filing: MGM Resorts International - Form 10-Q

Other	(37)	(70)
	\$ (87,309)	\$ (96,811)

Table of Contents**NOTE 7 STOCK-BASED COMPENSATION**

Activity under share-based payment plans. As of March 31, 2011, the Company had an aggregate of approximately 11 million shares of common stock available for grant as share-based awards under the Company's omnibus incentive plan. However, the Company only has approximately 4 million of authorized shares in excess of its outstanding shares and shares underlying its outstanding convertible senior notes and share-based awards. A summary of activity under the Company's share-based payment plans for the three months ended March 31, 2011 is presented below:

Stock options and stock appreciation rights (SARs)

	Shares (000 s)	Weighted Average Exercise Price
Outstanding at January 1, 2011	28,129	\$ 21.73
Granted	30	14.94
Exercised	(96)	7.41
Forfeited or expired	(170)	22.69
Outstanding at March 31, 2011	27,893	21.77
Exercisable at March 31, 2011	18,295	26.07

As of March 31, 2011, there was a total of \$52 million of unamortized compensation related to stock options and stock appreciation rights expected to vest, which is expected to be recognized over a weighted-average period of 1.8 years.

Restricted stock units (RSUs)

	Shares (000 s)	Weighted Average Grant-Date Fair Value
Nonvested at January 1, 2011	1,144	\$ 13.90
Granted		
Vested	(51)	18.81
Forfeited	(32)	14.10
Nonvested at March 31, 2011	1,061	13.66

As of March 31, 2011, there was a total of \$31 million of unamortized compensation related to RSUs which is expected to be recognized over a weighted-average period of 1.4 years.

The following table includes additional information related to stock options, SARs and RSUs:

	Three Months Ended March 31,	
	2011	2010
	(In thousands)	
Intrinsic value of share-based awards exercised or RSUs vested	\$ 1,319	\$ 596
Income tax benefit from share-based awards exercised or RSUs vested	455	203

The Company net settles stock option exercises, whereby shares of common stock are issued equivalent to the intrinsic value of the option less applicable taxes. Accordingly, the Company does not receive proceeds from the

exercise of stock options.

Table of Contents

Recognition of compensation cost. Compensation cost was recognized as follows:

	Three Months Ended March 31,	
	2011	2010
	<i>(In thousands)</i>	
Compensation cost		
Stock options and SARS	\$ 5,867	\$ 5,797
RSUs	4,606	5,162
Total compensation cost	10,473	10,959
Less: CityCenter reimbursed costs	(1,263)	(1,404)
Less: Compensation cost capitalized		
Compensation cost recognized as expense	9,210	9,555
Less: Related tax benefit	(3,205)	(3,325)
Compensation expense, net of tax benefit	\$ 6,005	\$ 6,230

Compensation costs for SARs is based on the fair value of each award, measured by applying the Black-Scholes model on the date of grant, using the following weighted-average assumptions:

	Three Months Ended March 31,	
	2011	2010
Expected volatility	68%	76%
Expected term	4.9 yrs.	4.8 yrs.
Expected dividend yield	0%	0%
Risk-free interest rate	2.2%	2.5%
Forfeiture rate	6.1%	4.8%
Weighted-average fair value of SARs granted	\$ 8.51	\$ 7.29

Expected volatility is based in part on historical volatility and in part on implied volatility based on traded options on the Company's stock. The expected term considers the contractual term of the option as well as historical exercise and forfeiture behavior. The risk-free interest rate is based on the rates in effect on the grant date for U.S. Treasury instruments with maturities matching the relevant expected term of the award.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

This management's discussion and analysis of financial condition and results of operations (MD&A) contains forward-looking statements that involve risks and uncertainties. Please see Forward-Looking Statements for a discussion of the uncertainties, risks and assumptions that may cause our actual results to differ materially from those discussed in the forward-looking statements. This discussion should be read in conjunction with our historical financial statements and related notes thereto and the other disclosures contained elsewhere in this Quarterly Report on Form 10-Q, and the audited consolidated financial statements and notes for the fiscal year ended December 31, 2010, which were included in our Form 10-K, filed with the SEC on February 28, 2011. The results of operations for the periods reflected herein are not necessarily indicative of results that may be expected for future periods. MGM Resorts International together with its subsidiaries may be referred to as we, us or our.

Executive Overview*General*

Our primary business is the ownership and operation of casino resorts, which includes offering gaming, hotel, dining, entertainment, retail and other resort amenities. Over half of our net revenue is derived from non-gaming activities as our operating philosophy is to provide a complete resort experience for our guests, including non-gaming amenities for which our guests are willing to pay a premium. Our significant convention and meeting facilities allow us to maximize hotel occupancy and customer volumes during off-peak times such as mid-week or during traditionally slower leisure travel periods, which also leads to better labor utilization. We believe that we own several of the premier casino resorts in the world and have continually reinvested in our resorts to maintain our competitive advantage.

As a resort-based company, our operating results are highly dependent on the volume of customers at our resorts, which in turn affects the price we can charge for our hotel rooms and other amenities. We also generate a significant portion of our operating income from the high-end gaming segment, which can be a cause for variability in our results.

Key performance indicators related to revenue are:

Gaming revenue indicators table games drop and slots handle (volume indicators); win or hold percentage, which is not fully controllable by us. Our normal table games hold percentage is in the range of 19% to 23% of table games drop and our normal slots hold percentage is in the range of 7.5% to 8.5% of slots handle;

Hotel revenue indicators hotel occupancy (a volume indicator); average daily rate (ADR, a price indicator); revenue per available room (REVPAR, a summary measure of hotel results, combining ADR and occupancy rate).

Most of our revenue is essentially cash-based, through customers wagering with cash or paying for non-gaming services with cash or credit cards. Our resorts, like many in the industry, generate significant operating cash flow. Our industry is capital intensive and we rely heavily on the ability of our resorts to generate operating cash flow to repay debt financing, fund maintenance capital expenditures and provide excess cash for future development.

We generate a majority of our net revenues and operating income from our resorts in Las Vegas, Nevada, which exposes us to certain risks, such as increased competition from new or expanded Las Vegas resorts, and from the expansion of gaming in California. We are also exposed to risks related to tourism and the general economy, including national and global economic conditions and terrorist attacks or other global events.

Our results of operations do not tend to be seasonal in nature, though a variety of factors may affect the results of any interim period, including the timing of major Las Vegas conventions, the amount and timing of marketing and special events for our high-end customers, and the level of play during major holidays, including New Year and Chinese New Year. We market to different customer segments to manage our hotel occupancy, such as targeting large conventions to increase mid-week occupancy. Our results do not depend on key individual customers, although our success in marketing to customer groups, such as convention customers, or the financial health of customer segments, such as business travelers or high-end gaming customers from a particular country or region, can affect our results.

Table of Contents*Gold Strike Tunica*

On May 2, 2011, Gold Strike Tunica was closed due to flooding of the Mississippi River. We do not know how long the property will be closed or the extent of potential damage which may occur. We carry flood and business interruption insurance, but it is not possible at this time to predict any future claims or payments.

Effect of Economic Factors on Results of Operations

The state of the U.S. economy has negatively affected our results of operations over the past several years, and we expect to continue to be sensitive to certain aspects of the current uncertain economic conditions. Individuals and businesses responded to the difficult economic conditions by reducing spending and travel budgets. We have begun to see a rebound in each of our segments, including our convention business, but we expect conditions currently or recently present in the economic environment to continue to negatively affect our operating results including:

Weaknesses in employment and increases in unemployment;

Weak consumer confidence;

Weak housing market and significant declines in housing prices and related home equity; and

Decreases in airline capacity to Las Vegas.

Because of these economic conditions, we have increasingly focused on managing costs and continue to review all areas of operations for efficiencies and we continually manage staffing levels across all our resorts. Our results of operations are also affected by decisions we make related to our capital allocation, our access to capital, and our cost of capital all of which are affected by the uncertain state of the global economy and the continued instability in the capital markets. For example, we will incur higher interest costs in connection with the amendments to our senior credit facility in 2009 and 2010. Also, our general cost of debt has increased over the past few years. These factors may affect our ability to access future capital and cause future borrowings to carry higher interest rates.

MGM Macau

Proposed Initial Public Offering and Related Transactions. In April 2011, we entered into a partner process and securities purchase agreement with Ms. Ho, Pansy Catilina Chiu King (Ms. Pansy Ho) and certain wholly-owned subsidiaries of Ms. Pansy Ho pursuant to which the proposed initial public offering of the shares of MGM China Holdings Limited (MGM China) on the Hong Kong Stock Exchange (the IPO) and related transactions will be structured so that we would obtain 51% ownership, and management control, of MGM China upon consummation of the offering. MGM China will become the owner of MGM Grand Paradise, S.A., the Macau company that owns the MGM Macau resort and casino and the related gaming sub-concession. Upon consummation of the initial public offering, MGM China will be owned (through intermediary companies) 51% by us, 29% by Ms. Pansy Ho, and 20% by public shareholders. An entity controlled by Ms. Pansy Ho will grant an over-allotment option to the underwriters equal to up to 3% of the shares of MGM China, the exercise of which will reduce her holdings. In the transactions, we will acquire a 1% interest in MGM China at the same price per share as the shares sold to public shareholders. The net proceeds of the offering and of our 1% purchase will be remitted to an entity controlled by Ms. Pansy Ho. The agreements described above remain subject to certain conditions, including required approvals of the Hong Kong Stock Exchange. Additionally, the timing and terms of any such listing have not yet been determined, and there can be no assurance that the proposed transactions will be consummated.

In addition, the partner process and securities purchase agreement provides, among other things, for the sale of \$300 million in aggregate principal amount of our 4.25% convertible senior notes due 2015 on terms that will be substantially similar to those governing our existing convertible senior notes due 2015 (the Notes) for a purchase price of 103.805% of the principal amount thereof to a wholly-owned subsidiary of Ms. Pansy Ho in a transaction exempt from registration under the Securities Act of 1933, as amended. The Notes will be convertible at an initial conversion rate, subject to adjustment under certain circumstances, of approximately 53.83 shares of our common stock per \$1,000 principal amount of the Notes. The issuance of the Notes is conditioned upon (a) the consummation of the initial public offering of the shares of MGM China on the Hong Kong Stock Exchange and (b) our receipt of stockholder approval at our annual meeting to be held on June 14, 2011 to increase the number of authorized shares of

common stock under our certificate of incorporation.

In the event the proposed transactions are consummated, we will consolidate MGM China with our consolidated financial statements due to our ownership control and the non-controlling interests in MGM China will be presented as a component of our stockholders' equity. We expect to recognize a significant gain on the transactions based on the anticipated excess value to be established by the initial public offering over the carrying value of our existing investment. Such gain will not be currently taxable.

In addition, the agreement to issue the Notes at a later date based on the fixed terms described above constitutes a derivative instrument. As such, changes in the fair value of the instrument must be recognized

Table of Contents

by us currently in earnings. Upon issuance of the Notes, the fair value of the derivative instrument will be equal to the difference between the fair value of the Notes and the Notes' issuance price. The Notes will be recorded at fair value determined by the trading price of our existing convertible notes on the date of issuance of the Notes with the difference recorded as a discount or premium to be recognized over the term of the Notes. If the Notes are not issued, the derivative will expire.

Distributions. We received a distribution of approximately \$31 million from MGM Macau during the quarter ending March 31, 2011. We recognized this distribution as a cash flow from operating activities in the accompanying consolidated statement of cash flows.

Borgata

We have a 50% economic interest in Borgata Hotel Casino & Spa (Borgata) located on Renaissance Pointe in the Marina area of Atlantic City, New Jersey. Boyd Gaming Corporation (Boyd) owns the other 50% of Borgata and also operates the resort. Our interest is held in trust and currently offered for sale pursuant to our settlement agreement with New Jersey Department of Gaming Enforcement (DGE). In March 2010, the New Jersey Casino Control Commission (CCC) approved our settlement agreement with the DGE pursuant to which we placed our 50% ownership interest in Borgata and related leased land in Atlantic City into a divestiture trust. Following the transfer of these interests into trust, we ceased to be regulated by the CCC or the DGE, except as otherwise provided by the trust agreement and the settlement agreement. Boyd's 50% interest is not affected by the settlement.

The terms of the settlement mandate the sale of the trust property within a 30-month period ending in September 2012. During the 18 months ending in September 2011, we have the right to direct the trustee to sell the trust property, subject to approval of the CCC. If a sale is not concluded by that time, the trustee is responsible for selling the trust property during the following 12-month period. We continue to negotiate with certain parties that have expressed interest in the asset, but can provide no assurance that a transaction will be completed. Prior to the consummation of the sale, the divestiture trust will retain any cash flows received in respect of the trust property, but will pay property taxes and other costs attributable to the trust property. We are the sole economic beneficiary of the trust and will be permitted to reapply for a New Jersey gaming license beginning 30 months after the completion of the sale of the trust assets. As of March 31, 2011, the trust had \$188 million of cash and investments, of which \$150 million is held in treasury securities with maturities greater than 90 days but less than one year, and is recorded within Prepaid expenses and other.

As a result of our ownership interest in Borgata being placed into a trust we no longer have significant influence over Borgata; therefore, we discontinued the equity method of accounting for Borgata at the point the assets were placed in the trust in March 2010, and account for our rights under the trust agreement under the cost method of accounting. The carrying value of our investment related to Borgata is included in Other long-term assets, net. Earnings and losses that relate to the investment that were previously accrued remain as a part of the carrying amount of the investment. Distributions received by the trust that do not exceed our share of earnings are recognized currently in earnings. However, distributions received by the trust that exceed our share of earnings for such periods are applied to reduce the carrying amount of our investment. We consolidate the trust as we are the sole economic beneficiary. The trust did not receive distributions from Borgata during the three months ended March 31, 2011 or March 31, 2010.

Impairments

A complete discussion of our critical accounting policies related to impairments of long-lived assets and investments in unconsolidated affiliates is included in our Form 10-K for the period ending December 31, 2010. We did not identify circumstances that existed that would indicate the carrying value of our long-lived assets may not be recoverable; therefore, we did not review any of our wholly-owned long-lived asset groups, generally our operating resorts, for impairment as of March 31, 2011. Historically, the undiscounted cash flows of our significant long-lived assets have exceeded their carrying values by a substantial margin such that any recent decline in operating performance would not be indicative of a potential impairment.

Reimbursed Costs

Reimbursed costs revenue represents reimbursement of costs, primarily payroll-related, incurred by us in connection with the provision of management services. We recognize costs reimbursed pursuant to management

services as revenue in the period we incur the costs. Reimbursed costs, which are related mainly to our management of CityCenter, were \$86 million and \$93 million for the first quarter of 2011 and 2010, respectively.

Table of Contents**Results of Operations**

The following discussion is based on our consolidated financial statements for the three months ended March 31, 2011 and 2010.

Summary Financial Results

Net revenue increased 4% excluding reimbursed costs revenue. Revenues benefited from an increase in convention room nights during the first quarter, which contributed to increases in rooms revenue and other non-gaming revenues. Operating income increased to \$170 million as a result of increases in revenue and stronger margins and from an increase in income from unconsolidated affiliates which was driven by strong results at MGM Macau. Our share of operating losses from CityCenter also decreased significantly compared to the prior year quarter which included \$86 million related to our share of the residential inventory impairment charge at CityCenter.

Operating Results Detailed Revenue Information

The following table presents details of our net revenues:

	Three Months Ended March 31,		
	2011	Percentage Change	2010
	<i>(In thousands)</i>		
Casino revenue, net:			
Table games	\$ 184,808	(13%)	\$ 212,679
Slots	380,649	1%	376,607
Other	16,866	(21%)	21,471
Casino revenue, net	582,323	(5%)	610,757
Non-casino revenue:			
Rooms	368,337	13%	325,676
Food and beverage	336,824	7%	316,156
Entertainment, retail and other	279,966	4%	269,577
Reimbursed costs	86,288	(8%)	93,323
Non-casino revenue	1,071,415	7%	1,004,732
	1,653,738		1,615,489
Less: Promotional allowances	(148,784)	(6%)	(158,097)
	\$ 1,504,954	3%	\$ 1,457,392

Table games revenue decreased 13% for the first quarter and was negatively affected by a lower table games hold percentage approximately 230 basis points lower compared to the prior year quarter. Table games hold percentage was below the low end of our normal hold range in the current year quarter. Total table games revenue was also affected by lower table games volume, which decreased 5% compared to the prior year quarter. Slots revenue increased 1% in the quarter.

Rooms revenue, including resort fees, increased 13% in the first quarter. Resort fees were adopted by most of our Las Vegas Strip resorts throughout 2010 and are reported in rooms revenue beginning in 2011 with prior periods reclassified to present comparative results. REVPAR, including resort fees, increased 16% at our Las Vegas Strip resorts, driven by stronger convention business in the first quarter of 2011 compared to the prior year. Mandalay Bay led our portfolio with a 21% increase over the prior year quarter. The following table shows key hotel statistics for our Las Vegas Strip resorts:

	Three Months Ended March	
	31,	
	2011	2010
Occupancy	87%	85%
Average Daily Rate (ADR)	\$ 130	\$ 114
Revenue per Available Room (REVPAR)	113	97

Food and beverage revenue increased 7% compared to the prior year quarter driven by an increase in convention and banquet revenue. Entertainment, retail, and other revenues increased 4%.

Table of Contents*Operating Results Income from Unconsolidated Affiliates*

The following table summarizes information related to our income (loss) from unconsolidated affiliates:

	Three Months Ended March 31,	
	2011	2010
	<i>(In thousands)</i>	
CityCenter	\$ (5,823)	\$ (118,612)
MGM Macau	61,680	23,099
Borgata		6,971
Other	7,486	7,624
	\$ 63,343	\$ (80,918)

Income from unconsolidated affiliates in 2011 increased due to higher operating income at MGM Macau, which earned operating income of \$126 million in the first quarter of 2011, including depreciation expense of \$20 million; compared to operating income of \$49 million in the 2010 first quarter, which included depreciation expense of \$22 million. Our share of losses from CityCenter decreased significantly, as operating loss at CityCenter decreased to \$37 million for the first quarter of 2011, which included depreciation expense of \$92 million. Operating loss in the prior year quarter was \$255 million, which included depreciation expense of \$69 million and residential inventory impairment charges of \$171 million.

We ceased recording Borgata operating results as income from unconsolidated affiliates under the equity method of accounting in March 2010.

Non-operating Results

Interest expense increased to \$270 million in the first quarter compared to \$264 million in the prior year quarter due to higher interest rates on senior notes issued during 2010 compared to senior notes we retired during 2010. We did not capitalize interest expense in either period.

Our loss from Other non-operating items from unconsolidated affiliates increased due to our share of \$24 million in non-operating expense at CityCenter related to certain costs incurred to restructure its debt and the write-off of debt issuance costs. Additionally, net interest expense increased at CityCenter as a result of ceasing capitalization of interest in early 2010.

Other, net included a \$142 million gain on debt redemption in the first quarter of 2010 related to amending and restating our senior credit facility.

Non-GAAP Measures

Adjusted EBITDA is earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening and start-up expenses, and property transactions, net. Adjusted Property EBITDA is Adjusted EBITDA before corporate expense and stock compensation expense. Adjusted EBITDA and Adjusted Property EBITDA information is presented solely as a supplemental disclosure to reported GAAP measures because we believe that these measures are: 1) widely used measures of operating performance in the gaming industry, and 2) a principal basis for valuation of gaming companies.

We believe that while items excluded from Adjusted EBITDA and Adjusted Property EBITDA may be recurring in nature and should not be disregarded in evaluation of our earnings performance, it is useful to exclude such items when analyzing current results and trends compared to other periods because these items can vary significantly depending on specific underlying transactions or events that may not be comparable between the periods being presented. Also, we believe excluded items may not relate specifically to current operating trends or be indicative of future results. For example, preopening and start-up expenses will be significantly different in periods when we are developing and constructing a major expansion project and dependent on where the current period lies within the development cycle, as well as the size and scope of the project(s). Property transactions, net includes normal recurring disposals and gains and losses on sales of assets related to specific assets within our resorts, but also includes gains or

losses on sales of an entire operating resort or a group of resorts and impairment charges on entire asset groups or investments in unconsolidated affiliates, which may not be comparable period over period. In addition, capital allocation, tax planning, financing and stock compensation awards are all managed at the corporate level. Therefore, we use Adjusted Property EBITDA as the primary measure of our operating resorts performance.

Table of Contents

Adjusted EBITDA or Adjusted Property EBITDA should not be construed as an alternative to operating income or net income, as an indicator of our performance; or as an alternative to cash flows from operating activities, as a measure of liquidity; or as any other measure determined in accordance with generally accepted accounting principles. We have significant uses of cash flows, including capital expenditures, interest payments, taxes and debt principal repayments, which are not reflected in Adjusted EBITDA. Also, other companies in the gaming and hospitality industries that report Adjusted EBITDA information may calculate Adjusted EBITDA in a different manner.

The following table presents a reconciliation of Adjusted EBITDA to net loss:

	Three Months Ended March	
	31,	
	2011	2010
	<i>(In thousands)</i>	
Adjusted EBITDA	\$ 322,193	\$ 155,894
Preopening and start-up expenses		(3,494)
Property transactions, net	(91)	(689)
Depreciation and amortization	(152,397)	(163,134)
Operating income (loss)	169,705	(11,423)
Non-operating income (expense)		
Interest expense	(269,914)	(264,175)
Other, net	(44,245)	118,505
Loss before income taxes	(144,454)	(157,093)
Benefit for income taxes	54,583	60,352
Net loss	\$ (89,871)	\$ (96,741)

Adjusted EBITDA increased 107% for the three month period in 2011. Excluding the \$86 million impact from the residential impairment charge recorded by CityCenter in 2010, and the \$12 million of income related to forfeited residential deposits at CityCenter in 2010, Adjusted EBITDA increased 40% and the Adjusted EBITDA margin increased to 26% from 19%. Adjusted EBITDA for the first quarter of 2011 was positively affected by hotel room rates and improved operating performance at both MGM Macau and CityCenter.

Adjusted Property EBITDA for our wholly-owned resorts increased 12% compared to the prior year first quarter. The changes in Adjusted Property EBITDA were largely due to the factors discussed in Summary Financial Results and Effect of Economic Factors on Results of Operations.

Table of Contents

The following tables present reconciliations of operating income (loss) to Adjusted Property EBITDA and Adjusted EBITDA:

	Operating Income (Loss)	Three Months Ended March 31, 2011			Adjusted EBITDA
		Preopening and Start-up Expenses	Property Transactions, Net (In thousands)	Depreciation and Amortization

Table of Contents**Liquidity and Capital Resources***Cash Flows – Operating Activities*

Trends in our operating cash flows tend to follow trends in operating income, excluding non-cash charges, but can be affected by the timing of significant tax payments or refunds and distributions from unconsolidated affiliates. Cash provided by operating activities was \$24 million for the three months ended March 31, 2011, compared to cash used in operating activities of \$45 million in the prior year period, primarily due to an increase in operating income and an increase in distributions from unconsolidated affiliates. At March 31, 2011, we held cash and cash equivalents of \$431 million.

Cash Flows – Investing Activities

In the three months ended March 31, 2011, we made investments and advances of \$77 million to CityCenter, of which \$37 million related to a required equity contribution in connection with CityCenter's first quarter 2011 financing transactions and \$40 million related to payments made pursuant to our completion guarantee. During the three month period ended March 31, 2010, we made \$262 million in payments to CityCenter pursuant to our completion guarantee.

During the first quarter of 2011, our New Jersey Trust received proceeds of \$60 million from treasury securities with maturities greater than 90 days and reinvested \$60 million in treasury securities with maturities greater than 90 days.

We had capital expenditures of \$34 million in 2011 related mainly to capital expenditures at various resorts, including room and restaurant remodels, theater renovations, and a remodel of the high limit slots area at Bellagio. Most of the costs capitalized related to furniture and fixtures, materials, and external labor costs. Capital expenditures of \$54 million in 2010 mainly related to the purchase of an aircraft and various capital projects at our resorts.

Our capital expenditures fluctuate from year to year depending on our decisions with respect to strategic capital investments in new or existing resorts and the timing of more regular capital investments to maintain the quality of our resorts; the amounts of which can vary depending on timing of larger remodel projects related to our public spaces and hotel rooms. We expect to continue our scheduled capital expenditures during the remainder of 2011, which include room remodel projects at Bellagio and MGM Grand. In accordance with our senior credit facility covenants, we are limited to \$500 million of annual capital expenditures (as defined in the agreement governing our senior credit facility) in 2011. We currently expect to spend approximately \$275 million on capital expenditures in 2011.

Cash Flows – Financing Activities

In the three months ended March 31, 2011, we repaid the \$325 million outstanding principal amount of our 8.375% senior subordinated notes due 2011 at maturity. In the three months ended March 31, 2010, excluding the \$1.6 billion we repaid immediately after year end on our credit facility, we borrowed net debt of \$399 million, including the issuance of \$845 million of 9% senior secured notes due 2020 and the repayment of \$297 million of 9.375% senior notes at maturity.

Other Factors Affecting Liquidity

Tax refund. In April 2011, we received a tax refund of approximately \$175 million.

Borgata settlement. As discussed in Executive Overview Borgata, we entered into a settlement agreement with the DGE agreement under which we will sell our 50% ownership interest in Borgata and related leased land in Atlantic City. Prior to the consummation of the sale, the divestiture trust will retain any cash flows received in respect of the trust property, but will pay property taxes and other costs attributable to the trust property to the extent that minimum trust cash balances are maintained. Prior to the settlement agreement, we had received significant distributions from Borgata and not receiving such distributions until the ultimate sale could negatively affect our liquidity in interim periods.

CityCenter completion guarantee. In January 2011, we entered into an amended completion and cost overrun guarantee in connection with CityCenter's restated senior credit facility agreement and issuance of \$1.5 billion of senior secured first lien notes and senior secured second lien notes. Consistent with the previous completion guarantee, the terms of the amended completion guarantee provide for the application of the then remaining \$124 million of net residential proceeds from sales of condominium properties at CityCenter to fund construction costs, or to reimburse us for construction costs previously expended; however, the timing of receipt of such proceeds is uncertain.

Table of Contents

As of March 31, 2011, we had funded \$593 million under the completion guarantee. We have recorded a receivable from CityCenter of \$116 million related to these amounts, which represents amounts reimbursable to us from CityCenter from future residential proceeds. We had a remaining estimated net obligation under the completion guarantee of \$35 million which includes estimated litigation costs related to the resolution of disputes with contractors as to the final construction costs and estimated amounts to be paid to contractors either through the joint venture's extra-judicial settlement process or through the legal process related to the Perini litigation. Our accrual also reflects certain estimated offsets to the amounts claimed by the contractors. CityCenter has reached, or expects to reach, settlement agreements with most of the construction subcontractors. However, significant disputes remain with the general contractor and certain subcontractors. Amounts claimed by such parties exceed amounts included in our completion guarantee accrual by approximately \$200 million, as such amounts exceed our best estimate of our liability. Moreover, we have not accrued for any contingent payments to CityCenter related to the Harmon Hotel & Spa component, which is unlikely to be completed using the building as it now stands. We do not believe we would be responsible for funding any additional remediation efforts that might be required with respect to the Harmon; however, our view is based on a number of developing factors, including with respect to on-going litigation with CityCenter's contractors, actions by local officials and other developments related to the CityCenter venture, that are subject to change.

Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates and foreign currency exchange rates. Our primary exposure to market risk is interest rate risk associated with our variable rate long-term debt. We attempt to limit our exposure to interest rate risk by managing the mix of our long-term fixed rate borrowings and short-term borrowings under our bank credit facilities. A change in interest rates generally does not have an impact upon our future earnings and cash flow for fixed-rate debt instruments. As fixed-rate debt matures, however, and if additional debt is acquired to fund the debt repayment, future earnings and cash flow may be affected by changes in interest rates. This effect would be realized in the periods subsequent to the periods when the debt matures.

As of March 31, 2011, long-term variable rate borrowings represented approximately 22% of our total borrowings. Assuming a 100 basis-point increase in LIBOR over the 2% floor specified in our senior credit facility, our annual interest cost would change by approximately \$26 million based on gross amounts outstanding at March 31, 2011. The following table provides additional information about our gross long-term debt subject to changes in interest rates:

	2011	2012	2013	Debt maturing in,		Thereafter	Total	Fair Value March 31, 2011
				2014	2015			
				<i>(In millions)</i>				
Fixed rate	\$ 130	\$ 545	\$ 1,384	\$ 1,159	\$ 2,025	\$ 4,402	\$ 9,645	10,055
Average interest rate	N/A	6.8%	10.2%	8.4%	5.3%	9.2%	8.2%	
Variable rate	\$	\$	\$	\$ 2,649	\$	\$	\$ 2,649	2,568
Average interest rate	N/A	N/A	N/A	7.0%	N/A	N/A	7.0%	

Cautionary Statement Concerning Forward-Looking Statements

This Form 10-Q contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as anticipates, intends, plans, seeks, believes, estimates, expects, will, may and similar references to future periods. Examples of forward-looking statements include, but are not limited to, statements we make regarding our ability to generate significant cash flow; and amounts that we expect to receive in federal tax refunds, amounts we will invest in capital expenditures, amounts we will pay under the CityCenter completion guarantee, amounts we may receive from the sale of residential units at

CityCenter, our expectations regarding the Macau IPO and the offering of the convertible senior notes. The foregoing is not a complete list of all forward-looking statements we make.

Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks, and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. Therefore, we caution you against relying on any of these forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to,

Table of Contents

regional, national or global political, economic, business, competitive, market, and regulatory conditions and the following:

our substantial indebtedness and significant financial commitments and our ability to satisfy our obligations;

current and future economic and credit market conditions and our ability to service or refinance our indebtedness and to make planned expenditures;

restrictions and limitations in the agreements governing our senior credit facility and other senior indebtedness;

significant competition with respect to destination travel locations generally and with respect to our peers in the industries in which we compete;

the fact that we are subject to extensive regulation and the related cost of compliance or failure to comply with such regulations;

economic and market conditions in the markets in which we operate and in the locations in which our customers reside;

extreme weather conditions or climate change may cause property damage or interrupt business;

the concentration of our major gaming resorts on the Las Vegas Strip;

investing through partnerships or joint ventures including CityCenter and MGM Macau decreases our ability to manage risk;

our business is particularly sensitive to energy prices and a rise in energy prices;

leisure and business travel, especially travel by air, are particularly susceptible to global geopolitical events, such as terrorist attacks or acts of war or hostility;

we extend credit to a significant portion of our customers and we may not be able to collect gaming receivables from our credit players;

our insurance coverage may not be adequate to cover all possible losses that our properties could suffer. In addition, our insurance costs may increase and we may not be able to obtain similar insurance coverage in the future;

plans for future construction can be affected by a number of factors, including timing delays and legal challenges;

the outcome of pending and potential future litigation claims against us;

the fact that Tracinda Corporation owns a significant amount of our common stock and may have interests that differ from the interests of other holders of our stock;

a significant portion of our labor force is covered by collective bargaining agreements; and

risks associated with doing business outside of the United States.

Any forward-looking statement made by us in this Form 10-Q speaks only as of the date on which it is made. Other factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict or identify all such factors. Consequently, you should not consider the following to be a complete discussion of all potential risks or uncertainties. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law. You are advised, however, to consult any further disclosures we make on related subjects in our Forms 10-K, 10-Q and 8-K reports and our other filings with the Securities and Exchange Commission. This discussion is provided as permitted by the Private Securities Litigation Reform Act of 1995.

You should also be aware that while we from time to time communicate with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility and are not endorsed by us.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We incorporate by reference the information appearing under **Market Risk** in Part I, Item 2 of this Form 10-Q.

Table of Contents**Item 4. Controls and Procedures**

Our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer) have concluded that our disclosure controls and procedures were effective as of March 31, 2011 to provide reasonable assurance that information required to be disclosed in the Company's reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and regulations and to provide that such information is accumulated and communicated to management to allow timely decisions regarding required disclosures. This conclusion is based on an evaluation as required by Rule 13a-15(e) under the Exchange Act conducted under the supervision and participation of the principal executive officer and principal financial officer along with company management.

During the quarter ended March 31, 2011, there were no changes in our internal control over financial reporting that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. OTHER INFORMATION**Item 1. Legal Proceedings**

For a complete description of the facts and circumstances surrounding material litigation we are a party to, see our Annual Report on Form 10-K for the year ended December 31, 2010. There have been no significant developments in any of the cases disclosed in our Form 10-K in the three months ended March 31, 2011, except as follows:

CityCenter construction litigation. In March 2010, Perini Building Company, Inc., general contractor for the CityCenter development project (the Project), filed a lawsuit in the Eighth Judicial District Court for Clark County, State of Nevada, against MGM MIRAGE Design Group (a wholly-owned subsidiary of the Company which was the original party to the Perini construction agreement) and certain direct or indirect subsidiaries of CityCenter Holdings, LLC (the CityCenter Owners). Perini asserts that the Project was substantially completed, but the defendants failed to pay Perini approximately \$490 million allegedly due and owing under the construction agreement for labor, equipment and materials expended on the Project. The complaint further charges the defendants with failure to provide timely and complete design documents, late delivery to Perini of design changes, mismanagement of the change order process, obstruction of Perini's ability to complete the Harmon Hotel & Spa component, and fraudulent inducement of Perini to compromise significantly amounts due for its general conditions. The complaint advances claims for breach of contract, breach of the implied covenant of good faith and fair dealing, tortious breach of the implied covenant of good faith and fair dealing, unjust enrichment and promissory estoppel, and fraud and intentional misrepresentation. Perini seeks compensatory damages, punitive damages, attorneys' fees and costs.

In April 2010, Perini served an amended complaint in this case which joins as defendants many owners of CityCenter residential condominium units (the Condo Owner Defendants), adds a count for foreclosure of Perini's recorded master mechanic's lien against the CityCenter property in the amount of approximately \$491 million, and asserts the priority of this mechanic's lien over the interests of the CityCenter Owners, the Condo Owner Defendants and the Project lenders in the CityCenter property.

The CityCenter Owners and the other defendants dispute Perini's allegations, and contend that the defendants are entitled to substantial amounts from Perini, including offsets against amounts claimed to be owed to Perini and its subcontractors and damages based on breach of their contractual and other duties to CityCenter, duplicative payment requests, non-conforming work, lack of proof of alleged work performance, defective work related to the Harmon Hotel & Spa component, property damage and Perini's failure to perform its obligations to pay Project subcontractors and to prevent filing of liens against the Project. Parallel to the court litigation CityCenter management conducted an extra-judicial program for settlement of Project subcontractor claims. CityCenter has resolved the claims of the majority of the 223 first-tier subcontractors, with only several remaining for further proceedings along with trial of Perini's claims and CityCenter's Harmon-related counterclaim and other claims by CityCenter against Perini and its parent guarantor, Tutor Perini. In December 2010, Perini recorded an amended notice of lien reducing its lien to approximately \$313 million.

The CityCenter Owners and the other defendants will continue to vigorously assert and protect their interests in the lawsuit. The Company believes that a loss with respect to Perini's punitive damages claim is neither probable nor reasonably possible. Please refer to Note 4 in the accompanying consolidated financial statements for further discussion on the Company's completion guarantee obligation which may be impacted by the outcome of the above

litigation and the joint venture's extra-judicial settlement process.

Securities and derivative litigation. Sanjay Israni v. Robert H. Baldwin, et al. (Case No. CV-09-02914, filed September 25, 2009, Second Judicial District Court, Washoe County, Nevada). In May 2010 the Second Judicial District Court in Washoe County transferred this case to the Eighth Judicial District Court in Clark County, Nevada (Case No. A-10-619411-C), and in September 2010 the latter court consolidated this action with the Charles Kim v. James J. Murren, et al. shareholder derivative action, Case No. A-09-599937-C. The motions filed in December 2010 and January 2011 by the Company and its directors to dismiss the derivative complaints in the Israni and Kim cases were removed from the court's calendar after plaintiffs in these actions filed an amended consolidated complaint on March 25, 2011. The amended complaint incorporates the original allegations of these actions and further mimics the allegations asserted in the plaintiffs' amended consolidated complaint in the In Re MGM MIRAGE Securities Litigation pending in Nevada federal district court. The amended complaint also dropped deceased directors General Alexander Haig and Governor Kenny Guinn as individual defendants and added former board member Dr. Joseph Sugerman as a defendant. These cases remain pending.

The Company will continue to vigorously defend itself against these claims.

Item 1A. Risk Factors

A description of certain factors that may affect our future results and risk factors is set forth in our Annual Report on Form 10-K for the year ended December 31, 2010. There have been no material changes to those factors in the three months ended March 31, 2011.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Our share repurchases are only conducted under repurchase programs approved by our Board of Directors and publicly announced. We did not repurchase shares of our common stock during the quarter ended March 31, 2011. The maximum number of shares available for repurchase under our May 2008 repurchase program was 20 million as of March 31, 2011.

Item 6. Exhibits

- 10.1 Second Amended and Restated Sponsor Completion Guarantee, dated January 21, 2011, among MGM Resorts International, Bank of America, N.A. and U.S. Bank National Association (incorporated by reference to Exhibit 10 to the Company's Current Report on Form 8-K filed on January 21, 2011).
- 31.1 Certification of Chief Executive Officer of Periodic Report Pursuant to Rule 13a-14(a) and Rule 15d-14(a).
- 31.2 Certification of Chief Financial Officer of Periodic Report Pursuant to Rule 13a-14(a) and Rule 15d-14(a).
- 32.1 Certification of Chief Executive Officer Pursuant to 18 U.S.C. Section 1350.
- 32.2 Certification of Chief Financial Officer Pursuant to 18 U.S.C. Section 1350.
- 101* The following information from the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2011 formatted in eXtensible Business Reporting Language: (i) Consolidated Balance Sheets at March 31, 2011 (unaudited) and December 31, 2010 (audited); (ii) Unaudited Statements of Operations for the three months ended March 31, 2011 and 2010; (iii) Unaudited Statements of Cash Flows for the three months ended March 31, 2011 and 2010; and (iv) Notes to the Unaudited Consolidated Financial Statements (tagged as blocks of text).

* This exhibit is furnished and not filed as a part of a registration statement or prospectus for purposes of Sections 11 or 12 of the Securities Act of 1933, as amended, is deemed not filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and otherwise is not subject to liability under these sections.
