PROSPECTUS SUPPLEMENT

(To Prospectus dated May 18, 2009)

Spectra Energy Partners, LP
\$250,000,000 2.95% Senior Notes due 2016
\$250,000,000 4.60% Senior Notes due 2021

We are offering \$250,000,000 of our 2.95% Senior Notes due June 15, 2016, which we call our 2016 notes, and \$250,000,000 of our 4.60% Senior Notes due June 15, 2021, which we call our 2021 notes. Interest on the notes will be paid semi-annually on June 15 and December 15 of each year, commencing December 15, 2011. The 2016 notes will mature on June 15, 2016 unless redeemed prior to maturity, and the 2021 notes will mature on June 15, 2021 unless redeemed prior to maturity.

We may redeem the notes of either series, in whole or in part, at any time or from time to time prior to their maturity, as described under Description of Notes Optional Redemption.

The notes will be our senior unsecured obligations, ranking equally in right of payment with our existing and future senior indebtedness and effectively junior in right of payment to our existing and future secured indebtedness to the extent of the value of the collateral securing that indebtedness.

Investing in the notes involves risks. See Risk Factors beginning on page S-12 of this prospectus supplement.

ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering of notes. The second part is the accompanying base prospectus, which gives more general information, some of which may not apply to this offering of notes. Generally, when we refer only to the prospectus, we are referring to both parts combined. If the information about the notes offering varies between this prospectus supplement and the accompanying base prospectus, you should rely on the information in this prospectus supplement.

Any statement made in this prospectus or in a document incorporated or deemed to be incorporated by reference into this prospectus will be deemed to be modified or superseded for purposes of this prospectus to the extent that a statement contained in this prospectus or in any other subsequently filed document that is also incorporated by reference into this prospectus modifies or supersedes that statement. Any statement so modified or superseded will not be deemed, except as so modified or superseded, to constitute a part of this prospectus. Please read Information Incorporated by Reference on page S-39 of this prospectus supplement.

You should rely only on the information contained in or incorporated by reference into this prospectus supplement, the accompanying base prospectus and any free writing prospectus prepared by or on behalf of us relating to this offering of notes. Neither we nor the underwriters have authorized anyone to provide you with additional or different information. If anyone provides you with additional, different or inconsistent information, you should not rely on it. We are offering to sell the notes, and seeking offers to buy the notes, only in jurisdictions where offers and sales are permitted. You should not assume that the information contained in this prospectus supplement, the accompanying base prospectus or any free writing prospectus is accurate as of any date other than the dates shown in these documents or that any information we have incorporated by reference herein is accurate as of any date other than the date of the document incorporated by reference. Our business, financial condition, results of operations and prospects may have changed since such dates.

SUMMARY

*This summary highlights information contained elsewhere in this prospectus supplement and the accompanying base prospectus. It does not contain all of the information that you should consider before making an investment decision. You should read this entire prospectus supplement, the accompanying base prospectus and the documents incorporated herein by reference for a more complete understanding of our business and the terms of our notes, as well as material tax and other considerations that may be important to you in making your investment decision. Please read *Risk Factors* beginning on page S-12 of this prospectus supplement and in our Annual Report on Form 10-K for the year ended December 31, 2010 and our Quarterly Report on Form 10-Q for the three months ended March 31, 2011 for information regarding risks you should consider before investing in our notes.*

*Throughout this prospectus supplement, when we use the terms *we*, *us*, *our* or *the partnership*, we are referring either to Spectra Energy Partners, LP in its individual capacity or to Spectra Energy Partners, LP and its operating subsidiaries collectively, as the context requires. References in this prospectus supplement to our *general partner* refer to Spectra Energy Partners (DE) GP, LP and/or Spectra Energy Partners GP, LLC, the general partner of Spectra Energy Partners (DE) GP, LP, as appropriate.*

Spectra Energy Partners, LP

Spectra Energy Partners, LP, through our subsidiaries and equity affiliates, is engaged in the transportation and gathering of natural gas through interstate pipeline systems with over 3,100 miles of pipelines that serve the southeastern quadrant of the United States and the storage of natural gas in underground facilities with aggregate working gas storage capacity of approximately 49 billion cubic feet (Bcf) that are located in southeast Texas, south central Louisiana and southwest Virginia. We are a Delaware master limited partnership (MLP) formed on March 19, 2007.

We transport, gather and store natural gas for a broad mix of customers, including local gas distribution companies (LDCs), municipal utilities, interstate and intrastate pipelines, direct industrial users, electric power generators, marketers and producers, and exploration and production companies. In addition to serving the directly connected southeastern quadrant of the United States, our pipeline, storage and gathering systems have access to customers in the mid-Atlantic, northeastern and midwestern regions of the United States through numerous interconnections with major pipelines. Our rates are regulated under the Federal Energy Regulatory Commission's (FERC's) rate-making policies with the exception of Market Hub Partners Holdings (Market Hub's) intrastate storage operations and our gathering facilities.

Our operations and activities are managed by our general partner, Spectra Energy Partners (DE) GP, LP, which in turn is managed by its general partner, Spectra Energy Partners GP, LLC. Spectra Energy Partners GP, LLC is wholly owned by a subsidiary of Spectra Energy Corp (Spectra Energy). Spectra Energy is a separate, publicly traded entity which trades on the NYSE under the symbol *SE*. As of December 31, 2010, Spectra Energy and its subsidiaries collectively owned 69% of us and the remaining 31% was publicly owned.

Our Assets

Our primary assets include the following:

East Tennessee. We own and operate 100% of the 1,510-mile FERC regulated East Tennessee Natural Gas LLC (East Tennessee) interstate natural gas system, which extends from central Tennessee eastward into

southwest Virginia and northern North Carolina and southward into northern Georgia. East Tennessee supports the energy demands of the southeast and mid-Atlantic regions of the United States through connections to 31 receipt points and 179 delivery points and has market delivery capability of approximately 1.5 billion cubic feet per day (Bcf/d) of natural gas. East Tennessee also owns and operates an LNG storage facility in Kingsport,

S-1

Table of Contents

Tennessee with a working gas storage capacity of 1.1 Bcf and regasification capability of 150 million cubic feet per day (MMcf/d).

Saltville. In 2008, we acquired the Saltville Gas Storage Company L.L.C. (Saltville) assets from Spectra Energy in exchange for a cash payment and additional common units in us. These facilities include 5.5 Bcf of total storage capacity and interconnect with the East Tennessee Natural Gas System in southwest Virginia. Saltville offers high deliverability salt cavern and reservoir natural gas storage capabilities and is strategically located near markets in Tennessee, Virginia and North Carolina.

Ozark. We own and operate 100% of the 565-mile Ozark Gas Transmission, LLC (Ozark Gas Transmission) interstate natural gas transportation system, which extends from southeastern Oklahoma through Arkansas to southeastern Missouri. This system has connections to 53 receipt points and 28 delivery points and market delivery capability of approximately 0.6 Bcf/d of natural gas. We also own and operate 100% of the 365-mile state regulated Ozark Gas Gathering, LLC (Ozark Gas Gathering) system that accesses the Fayetteville Shale and Arkoma natural gas production that feeds into the Ozark Gas Transmission system.

Gulfstream. Following the acquisition of an additional 24.5% interest from a subsidiary of Spectra Energy in the fourth quarter 2010, we own a 49% interest in the 745-mile Gulfstream Natural Gas System, LLC (Gulfstream) interstate natural gas transportation system which extends from Pascagoula, Mississippi and Mobile, Alabama across the Gulf of Mexico and into Florida. The Gulfstream pipeline currently includes approximately 295 miles of onshore pipeline in Florida, 15 miles of onshore pipeline in Alabama and Mississippi, and 435 miles of offshore pipeline in the Gulf of Mexico. Facilities also include gas treatment facilities and a compressor station in Coden, Alabama. Gulfstream supports the south and central Florida markets through its connection to eight receipt points and 23 delivery points and has market delivery capability of 1.29 Bcf/d of natural gas. Spectra Energy and affiliates of The Williams Companies, Inc. (Williams) own the remaining 1.0% and 50% interests in Gulfstream, respectively, and jointly operate the system.

Market Hub. We own a 50% interest in Market Hub, which owns and operates two high-deliverability salt cavern natural gas storage facilities the Egan facility and the Moss Bluff facility. These storage facilities are capable of being fully or partially filled and depleted, or cycled, multiple times per year. Market Hub's storage facilities offer access to traditional Gulf of Mexico natural gas supplies, onshore Texas and Louisiana supplies, mid-continent production, non-conventional (shale and tight-sands) onshore production, and imports of LNG to the Gulf Coast. Spectra Energy owns the remaining 50% interest in Market Hub and operates the system.

Our principal executive offices are located at 5400 Westheimer Court, Houston, Texas 77056, and our telephone number is 713-627-5400.

Business Strategies

Our primary business objective is to grow unitholder value over time by executing the following strategies:

Optimize Existing Assets and Achieve Additional Operating Efficiencies. We intend to enhance the profitability of our existing assets by undertaking additional initiatives to enhance utilization, improve operating efficiencies and develop rate and contract structures that create value for our customers.

Deliver on Organic Growth Opportunities. We continually evaluate organic expansion opportunities in existing and new markets that could allow us to increase value and cash distributions to our investors.

Table of Contents

Opportunistically Pursue Acquisitions. We may expand our existing natural gas transportation and storage businesses by pursuing acquisitions that add value and fit our fee-based business model. We would pursue acquisitions in areas where our assets currently operate that provide the opportunity for operational efficiencies or higher capacity utilization of existing assets, as well as acquisitions in complementary fee-based operations or new geographic areas of operation in order to grow the scale of our business. Our recently announced Big Sandy Acquisition is an example of such an opportunity. Please read [Recent Developments](#) [Big Sandy Acquisition](#).

While we have set forth our business strategies above, our business involves numerous risks and uncertainties which may prevent us from executing these strategies. These risks include difficulties in completing existing expansion or organic growth projects or identifying economically attractive new expansion and organic growth opportunities, adverse impacts of regulations affecting our assets, difficulties in securing additional contracts for capacity on our systems, the loss of certain key customers, and the potential inability to identify or consummate accretive acquisitions. For a more complete description of the risks associated with an investment in us, please read [Risk Factors](#).

Recent Developments

Big Sandy Acquisition On May 11, 2011, we entered into an agreement to acquire all of the ownership interests in Big Sandy Pipeline, LLC (Big Sandy) from Equitrans, L.P. for approximately \$390 million, subject to customary closing adjustments. Big Sandy's primary asset is an approximately 70-mile FERC-regulated natural gas pipeline system in eastern Kentucky with capacity of 171,000 dekatherms per day and firm, long-term transportation agreements. The Big Sandy natural gas pipeline system connects Appalachian Basin and Huron Shale natural gas supplies to Mid-Atlantic and Northeast markets. Pursuant to the provisions of the purchase agreement, EQT Corporation will be the main shipper on the Big Sandy natural gas pipeline.

We currently expect the acquisition to close in the third quarter of 2011, subject to Hart-Scott-Rodino approval and other customary closing conditions. We can provide no assurance that the acquisition will be completed, as certain of those closing conditions are out of our control. We expect long-term financing for the transaction to be a combination of debt and equity. However, this offering is not conditioned upon the completion of the acquisition.

Our Relationship with Spectra Energy

One of our principal competitive strengths is our relationship with Spectra Energy, which owns our general partner and a significant limited partner interest in us. Spectra Energy, through its subsidiaries and equity affiliates (including us and our subsidiaries), owns and operates a large and diversified portfolio of complementary natural gas-related energy assets and is one of North America's leading natural gas infrastructure companies. Spectra Energy operates in three key areas of the natural gas industry: gathering and processing, transmission and storage, and distribution. Based in Houston, Texas, Spectra Energy provides transportation and storage of natural gas to customers in various regions of the northeastern and southeastern United States, the Maritime Provinces in Canada and the Pacific Northwest in the United States and Canada, and in the province of Ontario, Canada. Spectra Energy also provides natural gas sales and distribution services to retail customers in Ontario, and natural gas gathering and processing services to customers in western Canada. Spectra Energy's natural gas pipeline systems consist of over 19,000 miles of transmission pipelines. Spectra Energy's storage facilities provide approximately 305 Bcf of storage capacity in the United States and Canada. In addition, Spectra Energy holds a 50% ownership interest in DCP Midstream, LLC, one of the largest natural gas gatherers and processors in the United States, based in Denver, Colorado. As of March 31, 2011, DCP Midstream, LLC owned the general partner and a 26% limited partner interest in DCP Midstream Partners, LP, which is a midstream master limited partnership.

THE OFFERING

Issuer	Spectra Energy Partners, LP
Notes Offered	\$250.0 million aggregate principal amount of 2.95% Senior Notes due 2016, and \$250.0 million aggregate principal amount of 4.60% Senior Notes due 2021.
Interest Rate	Interest will accrue on the 2016 notes from June 9, 2011 at a rate of 2.95% per annum, and interest will accrue on the 2021 notes from June 9, 2011 at a rate of 4.60% per annum.
Interest Payment Dates	Interest will be payable semi-annually in arrears on June 15 and December 15 of each year, beginning on December 15, 2011.
Maturity	The 2016 notes will mature on June 15, 2016, and the 2021 notes will mature on June 15, 2021.
Use of Proceeds	<p>We expect to receive net proceeds from this offering of approximately \$495.5 million, after deducting underwriting discounts and estimated offering expenses. We intend to use the net proceeds of this offering to repay all of the outstanding borrowings under our term loan, to repay all but approximately \$40.0 million of the funds borrowed under our credit facility and for general partnership purposes. Following this offering, we will have the ability to fully fund the Big Sandy acquisition through new borrowings under our credit facility and the proceeds from the sale of marketable securities that previously collateralized our term loan. See Use of Proceeds.</p> <p>Certain affiliates of the underwriters are lenders under our credit facility and as such will receive a substantial portion of the proceeds from this offering. See Underwriting Conflicts of Interest.</p>
Ranking	<p>The notes will be our senior unsecured obligations. The notes will rank equally in right of payment with all of our other existing and future senior indebtedness, effectively junior in right of payment to our existing and future secured indebtedness to the extent of the value of the collateral securing that indebtedness and senior to any of our future subordinated indebtedness. Assuming we had completed this offering on March 31, 2011, we would have had approximately \$70.5 million of indebtedness outstanding ranking equally in right of payment to the notes offered hereby and no secured indebtedness. See Description of Notes General.</p> <p>The notes will effectively rank junior to all existing and future indebtedness and other obligations of our subsidiaries. As of March 31, 2011, our subsidiaries had \$150.0 million of indebtedness outstanding.</p>

Optional Redemption

At our option, any or all of the notes of either series may be redeemed, in whole or in part, at any time prior to maturity. If we elect to redeem the 2016 notes before the date that is one month prior to the maturity date of that series or the 2021 notes before the date that is three months prior to the maturity date

S-5

Table of Contents

of that series, we will pay an amount equal to the greater of 100% of the principal amount of the notes redeemed, or the sum of the present values of the remaining scheduled payments of principal and interest on the notes, plus a make-whole premium. If we elect to redeem the notes of the applicable series on or after the date described in the preceding sentence, we will pay an amount equal to 100% of the principal amount of the notes redeemed. We will pay accrued interest on the notes redeemed to the redemption date. See [Description of Notes](#) [Optional Redemption](#).

Certain Covenants

We will issue the notes under an indenture with Wells Fargo Bank, National Association, as trustee. The indenture will contain covenants that, among other things, limit our ability and the ability of certain of our subsidiaries to:

create liens on our principal properties;

engage in sale and leaseback transactions; and

merge or consolidate with another entity or sell, lease or otherwise dispose of substantially all of our assets to another entity.

These covenants are subject to a number of important exceptions, limitations and qualifications. See [Description of Notes](#) [Certain Covenants](#).

Further Issuances

We may, from time to time, without notice to or the consent of the holders of the notes of either series, issue additional notes of that series having the same interest rate, maturity and other terms as the notes offered hereby. Any such additional notes will constitute a single series under the indenture with the notes of that series offered hereby.

Listing and Trading

We do not intend to list the notes for trading on any securities exchange. We can provide no assurance as to the liquidity of, or development of any trading market for, the notes of either series.

Governing Law

The indenture and the notes will be governed by, and construed in accordance with, the laws of the state of New York.

Book-Entry, Delivery and Form

The notes will be issued in registered form, without interest coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Each series of the notes will be represented by one or more permanent global notes in book-entry form. The global notes will be deposited with or on behalf of The Depository Trust Company (DTC) and registered in the name of Cede & Co., as nominee of DTC.

Trustee

Wells Fargo Bank, National Association.

Risk Factors

Investing in the notes involves risks. See [Risk Factors](#) beginning on page S-12 of this prospectus supplement for information regarding risks you should consider before investing in the notes.
