NTT DOCOMO, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. Basis of presentation:

The accompanying quarterly consolidated financial statements of NTT DOCOMO, INC. and its subsidiaries (DOCOMO) were prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). Certain disclosures required by U.S. GAAP have been omitted. Since DOCOMO 's American Depositary Shares were listed on the New York Stock Exchange in March 2002, DOCOMO has prepared its consolidated financial statements pursuant to the terminology, forms and preparation methods required in order to issue American Depositary Shares, which are registered with the Securities and Exchange Commission of the United States of America.

2. Summary of significant accounting and reporting policies:

(1) Adoption of new accounting standards

Multiple-Deliverable Revenue Arrangements

Effective April 1, 2011, DOCOMO adopted Accounting Standards Update (ASU) 2009-13 Revenue Recognition (Topic 605): Multiple-Deliverable Revenue Arrangements issued by Financial Accounting Standards Board (FASB) in October 2009. ASU2009-13 requires allocation of the overall consideration to each deliverable in an arrangement with multiple deliverables using the estimated selling price in the absence of vendor-specific objective evidence or third-party evidence of selling price for deliverables and eliminates residual method of allocation. The adoption of ASU2009-13 did not have a material impact on DOCOMO 's results of operations and financial position.

(2) Recent accounting pronouncements

In May 2011, the FASB issued ASU2011-04 Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs. ASU2011-04 is intended to develop common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with U.S. GAAP and International Financial Reporting Standards. To achieve this objective, ASU2011-04 clarifies existing fair value measurement and disclosure requirements and changes a particular principle or requirement regarding fair value measurement and disclosure. ASU2011-04 is effective during interim and annual periods beginning after December 15, 2011. DOCOMO currently estimates that the impact of the adoption of ASU2011-04 will not have a material impact on DOCOMO 's results of operations and financial position. DOCOMO is currently considering the additional disclosures in accordance with ASU2011-04.

3. Equity:

Effective May 1, 2006, the Corporate Law of Japan provides that (i) dividends of earnings require approval at a general meeting of shareholders, (ii) interim cash dividends can be distributed upon the approval of the board of directors, if the articles of incorporation provide for such interim cash dividends and (iii) an amount equal to at least 10% of decrease in retained earnings by dividends payment be appropriated from retained earnings to a legal reserve up to 25% of capital stock. The legal reserve is available for distribution upon approval of the shareholders.

NTT DOCOMO, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

In the general meeting of shareholders held on June 17, 2011, the shareholders approved cash dividends of ¥107,816 million or ¥2,600 per share, payable to shareholders recorded as of March 31, 2011, which were declared by the board of directors on April 28, 2011. The source of dividends was Retained earnings. DOCOMO started paying the dividends on June 20, 2011.

In order to improve capital efficiency and to implement flexible capital policies in accordance with the business environment, DOCOMO acquires treasury stock.

With regard to the acquisition of treasury stock, the Corporate Law of Japan provides that (i) it can be done according to the resolution of the general meeting of shareholders, and (ii) the acquisition of treasury stock through open market transactions can be done according to the resolution of the board of directors if the articles of incorporation contain such a provision. The provision is stipulated in DOCOMO's articles of incorporation.

Issued shares and treasury stock

The changes in the number of issued shares and treasury stock were as follows.

DOCOMO has not issued shares other than shares of its common stock.

DOCOMO's management uses the following segment financial information to make decisions on the allocation of management resources and to evaluate business performance. Accounting policies used to determine segment profit or loss and segment assets are consistent with those used to prepare the consolidated financial statements in accordance with U.S. GAAP.

DOCOMO has two operating segments. The mobile phone business segment includes Xi services, FOMA services, mova services, packet communications services, satellite mobile communications services, international services and the equipment sales related to these services. The miscellaneous businesses segment includes home shopping services provided primarily through TV media, high-speed internet connection services for hotel facilities, advertisement services, development, sales and maintenance of IT systems, credit services and other miscellaneous services, which in the aggregate are not significant in amount. DOCOMO plans to terminate mova services on March 31, 2012.

DOCOMO identifies its reportable segments based on the nature of services included, as well as the characteristics of the telecommunications networks used to provide those services. DOCOMO's management monitors and evaluates the performance of its segments based on the information derived from DOCOMO's management reports.

NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

5. Contingencies:

Litigation

DOCOMO is involved in litigation and claims arising in the ordinary course of business and at least quarterly reviews them. DOCOMO believes that no litigation or claims outstanding, pending or threatened against which in the opinion of management would have a materially adverse effect on its results of operations or financial position.

Guarantees

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

NTT DOCOMO, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

6. Fair value measurements:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

Level 1 quoted prices in active markets for identical assets or liabilities

Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability

Level 3 unobservable inputs for the asset or liability

DOCOMO also distinguishes assets and liabilities measured at fair value every period on a recurring basis from those measured on a nonrecurring basis under specific situation (for example, impaired assets).

(1) Assets and liabilities measured at fair value on a recurring basis

DOCOMO's assets and liabilities measured at fair value on a recurring basis include available-for-sale securities and derivatives.

DOCOMO's assets and liabilities that were measured at fair value on a recurring basis at March 31, 2011 and June 30, 2011 were as follows:

	Millions of yen			
	March 31, 2011

There were no significant transfers between Level 1 and Level 2.

Available-for-sale securities

Available-for-sale securities include marketable equity securities and debt securities, which are valued using quoted prices in active markets for identical assets. Therefore, these securities are classified as Level 1.

Derivatives

Derivative instruments are interest rate swap agreements, foreign exchange forward contracts and foreign currency option contracts, which are measured using valuation provided by financial institutions based on observable market data. Therefore, these derivatives are classified as Level 2.

(2) Assets and liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities are measured at fair value on a nonrecurring basis and are not included in the table above. Changes of fair value in such assets and liabilities typically result from impairments.

DOCOMO may be required to measure fair value of long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

DOCOMO omitted the disclosure about assets and liabilities measured on a nonrecurring basis because of its immateriality.

7. Subsequent event:

There were no significant subsequent event to be disclosed.
