### 1. Basis of presentation:

The accompanying consolidated financial statements of NTT DOCOMO, INC. and its subsidiaries ( DOCOMO ) were prepared in accordance with U.S. generally accepted accounting principles ( U.S. GAAP ). Certain disclosures required by U.S. GAAP have been omitted. Since DOCOMO s American Depositary Shares were listed on the New York Stock Exchange in March 2002, DOCOMO has prepared its consolidated financial statements pursuant to the terminology, forms and preparation methods required in order to issue American Depositary Shares, which are registered with the Securities and Exchange Commission of the United States of America.

### 2. Summary of significant accounting and reporting policies:

### (1) Adoption of new accounting standards

### **Multiple-Deliverable Revenue Arrangements**

Effective April 1, 2011, DOCOMO adopted Accounting Standards Update ( ASU ) 2009-13 Revenue Recognition (Topic 605): Multiple-Deliverable Revenue Arrangements issued by the Financial Accounting Standards Board ( FASB ) in October 2009. ASU2009-13 requires allocation of the overall consideration to each deliverable in an arrangement with multiple deliverables using the estimated selling price in the absence of vendor-specific objective evidence or third-party evidence of selling price for deliverables and eliminates residual method of allocation. The adoption of ASU2009-13 did not have a material impact on DOCOMO s results of operations and financial position.

### (2) Recent accounting pronouncements

In May 2011, the FASB issued ASU2011-04 Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs. ASU2011-04 is intended to develop common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with U.S. GAAP and International Financial Reporting Standards. To achieve this objective, ASU2011-04 clarifies existing fair value measurement and disclosure requirements and changes a particular principle or requirement regarding fair value measurement and disclosure. ASU2011-04 is effective during interim and annual periods beginning after December 15, 2011. DOCOMO currently estimates that the adoption of ASU2011-04 will not have a material impact on DOCOMO s results of operations and financial position. DOCOMO is currently considering the additional disclosures in accordance with ASU2011-04.

In September 2011, the FASB issued ASU2011-08 Intangibles Goodwill and Other (Topic 350): Testing Goodwill for Impairment. ASU2011-08 will permit an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount before applying the two-step goodwill impairment test. If an entity concludes that it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, it would not be required to perform the two-step impairment test for that reporting unit. ASU2011-08 is effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. DOCOMO is currently considering changing the process of impairment tests in accordance with ASU2011-08. The adoption of ASU2011-08 will not have any impact on DOCOMO is results of operations and financial position.

## NTT DOCOMO, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

In September 2011, the FASB issued ASU2011-09 Compensation Retirement Benefits Multiemployer Plans (Subtopic 715-80): Disclosures about an Employer s Participation in a Multiemployer Plan. ASU2011-09 will require that an employer provides more detailed information about an employer s involvement in multiemployer pension plans, including the names of the significant multiemployer plans and the level of an employer s participation in the significant multiemployer plans. ASU2011-09 is effective for annual periods for fiscal years ending after December 15, 2011. The adoption of ASU2011-09 will not have any impact on DOCOMO s results of operations and financial position. DOCOMO is currently considering the additional disclosures in accordance with ASU2011-09.

## NTT DOCOMO, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

### 5. Contingencies:

#### Litigation

DOCOMO is involved in litigation and claims arising in the ordinary course of business and at least quarterly reviews them. DOCOMO believes that no litigation or claims outstanding, pending or threatened against which in the opinion of management would have a materially adverse effect on its results of operations or financial position.

### Guarantees

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

### 6. Fair value measurements:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

- Level 1 quoted prices in active markets for identical assets or liabilities
- Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability
- Level 3 unobservable inputs for the asset or liability

DOCOMO also distinguishes assets and liabilities measured at fair value every period on a recurring basis from those measured on a nonrecurring basis under specific situation (for example, impaired assets).

### (1) Assets and liabilities measured at fair value on a recurring basis

DOCOMO s assets and liabilities measured at fair value on a recurring basis include available-for-sale securities and derivatives.

DOCOMO s assets and liabilities that were measured at fair value on a recurring basis at March 31, 2011 and September 30, 2011 were as follows:

Available-for-sale securities

Available-for-sale securities include marketable equity securities and debt securities, which are valued using quoted prices in active markets for identical assets. Therefore, these securities are classified as Level 1.

Derivatives

Derivative instruments are interest rate swap agreements, foreign exchange forward contracts, non-deliverable forward contracts (NDF) and foreign currency option contracts, which are measured using valuation provided by financial institutions based on observable market data. Therefore, these derivatives are classified as Level 2.

### (2) Assets and liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities are measured at fair value on a nonrecurring basis and are not included in the table above. Changes of fair value in such assets and liabilities typically result from impairments.

DOCOMO may be required to measure fair value of long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

DOCOMO omitted the disclosure about assets and liabilities measured on a nonrecurring basis because of its immateriality.
