PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
To Be Held April 28, 2006

The Board of Directors (the Board) of The Houston Exploration Company (the Company) is soliciting your proxy to be voted at the Annual Meeting of Stockholders to be held on Friday, April 28, 2006, at 10:00 a.m., Central Daylight Time, at the Four Seasons Hotel, 1300 Lamar, Houston, Texas 77010, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders, and at any adjournments of the Annual Meeting. In this Proxy Statement, unless the context requires otherwise, when we refer to we, us, our or the Company, we are describing The Houston Exploration Company.

SOLICITATION AND REVOCABILITY OF PROXIES

If you complete and submit your proxy, the shares represented by your proxy will be voted at the Annual Meeting in accordance with your instructions. If you submit a proxy but you do not fill out the voting instructions on the proxy card, the shares represented by your proxy will be voted as follows:

FOR the election of the director nominees listed in Proposal Number 1: Election of Directors on page 3;

FOR ratification of our appointment of Deloitte & Touche LLP as our independent public accountants for the fiscal year ending December 31, 2006 described in Proposal Number 2: Ratification of Independent Public Accountants on page 12.

In addition, if other matters come before the Annual Meeting, the persons named as proxies have discretionary authority to vote on those matters in accordance with their best judgment. The Board of Directors is not currently aware of any other matters to come before the meeting.

You have the right to revoke your proxy at any time prior to its exercise, either in person at the Annual Meeting or by written notice addressed to: Corporate Secretary, The Houston Exploration Company, 1100 Louisiana Street, Suite 2000, Houston, Texas 77002. Your revocation of your proxy by written notice will be effective only if the Corporate Secretary receives the notice prior to the day of the Annual Meeting or the Inspector of Election receives the notice at the Annual Meeting.

Our principal executive offices are located at 1100 Louisiana Street, Suite 2000, Houston, Texas 77002. We are mailing this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and form of proxy to our stockholders on or about March 17, 2006.

In addition to the solicitation of proxies by use of this Proxy Statement, our directors, officers and employees may solicit the return of proxies by mail, personal interview, telephone or facsimile. We will not pay additional compensation to our directors, officers or employees for their solicitation efforts, but we will reimburse them for any out of pocket expenses they incur in their solicitation efforts. We will request that brokerage houses and other custodians, nominees and fiduciaries forward solicitation materials to the beneficial owners of stock registered in their names. We have retained Georgeson Shareholder Communications, Inc. to assist us in soliciting your proxy for an estimated fee of \$7,500, plus reasonable out-of-pocket expenses. Georgeson will ask brokerage houses and other custodians and nominees whether other persons are beneficial owners of The Houston Exploration Company common stock. If so, we will supply them with additional copies of the proxy materials for distribution to the beneficial owners. We will also reimburse banks, nominees, fiduciaries, brokers and other custodians for their costs of sending the proxy materials to the beneficial owners of The Houston Exploration Company common stock.

Table of Contents

We will bear all costs of preparing, printing, assembling and mailing the Notice of Annual Meeting of Stockholders, this Proxy Statement, the enclosed form of proxy and any additional materials, as well as the cost of forwarding solicitation materials to the beneficial owners of stock and all other costs of solicitation.

PURPOSES OF THE MEETING

At the Annual Meeting, we will ask our stockholders to consider and act upon the following matters:

1. Election of eight directors for the 2006 term ending at the Annual Meeting to be held in 2007;
2. Ratification of our appointment of Deloitte & Touche LLP as our independent public accountants for the fiscal year ending December 31, 2006; and
3. Any other business as may properly come before the meeting or any adjournments thereof.

QUORUM AND VOTING

Our Board of Directors has fixed the close of business on March 9, 2006 as the record date. Only stockholders of record as of the record date will be entitled to vote at the Annual Meeting and any adjournments thereof. As of the record date, we had issued and outstanding 29,071,130 shares of common stock, par value \$0.01 per share.

Each holder of record of common stock will be entitled to one vote per share on each matter that is called to vote at the Annual Meeting. Stockholders may not vote shares of common stock cumulatively.

The holders of a majority of the outstanding shares of common stock must be present, either in person or by proxy, to constitute a quorum at the Annual Meeting. We will count abstentions and broker non-votes for purposes of determining whether a quorum is present.

Directors will be elected by a plurality of votes cast on Proposal Number 1. Consequently, withholding authority to vote for a director nominee and broker non-votes in the election of directors will not affect the outcome of the election of directors. All other proposals will be decided by a majority vote of the votes cast with respect thereto. Because abstentions are not counted as votes cast, they will have no effect on any vote, including as to the election of directors. Similarly, broker non-votes will have no effect on the vote. Under the current rules of the New York Stock Exchange (NYSE) in effect at the time of this Proxy Statement, if you hold your shares through a broker and fail to provide your broker with specific voting instructions, your broker is permitted to vote your shares on routine matters, which include the election of directors and the ratification of independent public accountants.

Karol L. Adams and Steven L. Mueller will vote all forms of proxy that are properly completed, signed and returned prior to the Annual Meeting in accordance with their instructions, and in their discretion as to any other matters that may properly come before the meeting. You may revoke your form of proxy at anytime prior to closing of the polls at the Annual Meeting by any of the following methods:

Filing a written revocation with the Corporate Secretary;

Executing and returning a proxy bearing a later date; or

Attending the Annual Meeting in person and expressing a desire to vote your shares in person.

The Bank of New York, our transfer agent and registrar, will act as Inspector of Election and preside over counting the votes.

Director Compensation

The Compensation and Management Development Committee periodically reviews the Company's director compensation practices and compares them to the practices of the Company's peers with the assistance of an independent outside consultant. In performing this review, the Committee focuses on ensuring that the Company's non-management directors have a proprietary stake in the Company and that the interests of the directors continue to be closely aligned with the interests of the Company's stockholders. The Committee believes that the Company's total director compensation package continues to be competitive with the compensation offered by other companies and is fair and appropriate in light of the responsibilities and obligations of the Company's non-employee directors.

Effective as of January 1, 2006, each director who is not an employee or officer of the Company (non-employee director) receives an annual retainer of \$40,000. Each non-employee director also receives \$1,500 per Board meeting attended and \$1,500 per committee meeting attended. Additionally, the chairman of the Audit Committee receives an additional annual retainer of \$10,000 and all other committee chairmen receive an additional \$5,000 annual retainer.

Effective as of January 1, 2006, each non-employee director is no longer eligible to receive grants of nonqualified stock options. However, non-employee directors will continue to receive automatic grants of restricted stock each year, except that such grants will be made as of the date of the Company's Annual Meeting of Stockholders and the number of shares received by each non-employee director will be calculated by dividing \$100,000 by the closing price of the Company's common stock on the date of grant, with a three-year vesting period. The grants are made under the Company's Amended and Restated 2004 Long-Term Incentive Plan (the 2004 LTIP).

Prior to January 1, 2006, each non-employee director was paid an annual retainer of \$30,000. Each non-employee director also received \$1,500 per Board meeting attended and \$1,000 per committee meeting attended. Additionally, the chairman of the Audit Committee received an additional annual retainer of \$7,500 and all other committee chairmen received an additional \$3,000 annual retainer. In addition to cash fees, prior to January 1, 2006, non-employee directors received automatic awards of stock options to purchase 2,000 shares of our common stock and were granted 2,000 shares of restricted common stock annually. Options granted to non-employee directors were priced at the fair market value of the underlying shares on the date of grant and were fully vested and exercisable when granted. With respect to restricted stock granted prior to January 1, 2006, transfer is restricted until the earlier of five years or termination by reason of death, disability or retirement from the Board.

Table of Contents

The Board has discretion to remove any transfer restrictions on restricted stock in the case of any other circumstance deemed appropriate by the Board.

All retainers and meeting fees are payable in cash, but can be deferred at the option of the director under our Deferred Compensation Plan for Non-Employee Directors, which was amended in 2005 in order to comply with provisions added to the Internal Revenue Code by the American Jobs Creation Act of 2004. Deferred compensation earns interest at not less than the prime interest rate or, at the director's election, is deemed to be invested in shares of phantom stock, without any voting or similar rights incident to ownership of our common stock, in accordance with such Deferred Compensation Plan.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Our Board of Directors has adopted comprehensive Corporate Governance Guidelines, which were amended in January 2006, outlining the functions and responsibilities of the Board, and various processes and procedures designed to ensure effective and responsive corporate governance. The Company's Nominating and Governance Committee reviews these guidelines periodically in response to changing regulatory requirements and best practices and revises them accordingly. Our Corporate Governance Guidelines are designed to conform to all rules and regulations of the NYSE and the Securities and Exchange Commission (SEC). Our Corporate Governance Guidelines are available under the Corporate Governance section of our website at www.houstonexploration.com and are also available upon request, without charge, by contacting the Corporate Secretary at The Houston Exploration Company, 1100 Louisiana Street, Suite 2000, Houston, TX 77002.

Board Size and Composition

Our Board of Directors is currently comprised of eight directors. The Board has nominated eight persons for election to the Board for the 2006 term, which expires at the Annual Meeting of Stockholders to be held in 2007.

Independence of Board Members

To promote effective corporate governance, a majority of the members of our Board qualify as independent under criteria established by the NYSE. The Nominating and Governance Committee regularly reviews the independence and qualifications of each member of the Board and its various Committees. Directors are deemed independent only if the Board affirmatively determines that they have no material relationship with the Company, directly or as an officer, share owner or partner of an organization that has a relationship with the Company. The Board observes all criteria for independence established by the NYSE and the SEC.

As contemplated by NYSE listing standards, our Board adopted categorical standards to assist it in making independence determinations. A copy of the Board of Directors' Standards of Independence is attached to this Proxy Statement as Appendix A and is available under the Corporate Governance section of our website at www.houstonexploration.com. These Independence Standards specify the relationships that the Board deems sufficiently material to create the presumption that a director is not independent. The presumption that any director is not independent may be overcome by the vote of a majority of the Board if, based on the totality of the facts and circumstances, the Board determines that the affected director's relationship does not violate any applicable law or NYSE or SEC regulations and is not in fact material.

Consistent with these considerations, after review of all relevant transactions and/or relationships between each director, or any of his family members, and the Company, its senior management and its independent auditors, the Board of Directors has affirmatively determined that six of the current directors and nominees for election, Messrs. Clarke, Elkins, Logan, McKeever, McKessy, and Vaughn are independent. William G. Hargett, our Chairman, President and Chief Executive Officer, and Robert B. Catell are not independent. Mr. Catell serves as Chairman and Chief Executive Officer of KeySpan Corporation which, prior to November 24, 2004, owned at least 24% of our common stock. Notwithstanding that KeySpan has divested all of its holdings in the Company, under NYSE rules, Mr. Catell cannot be deemed independent until 2007, although Mr. Catell satisfies all other NYSE criteria relating to independence.

Table of Contents

John U. Clarke serves as Chairman and Chief Executive Officer of NATCO Group, a publicly traded oil field services and equipment company. During 2005, 2004 and 2003 we purchased services and supplies from NATCO for \$1.3 million, \$0.9 million and \$1.1 million, respectively. These payments are below the materiality thresholds, for both The Houston Exploration Company and NATCO Group, as set forth in NYSE independence standards for at least the past four fiscal years and Mr. Clarke meets all requirements of the NYSE to be considered an independent director of our Company. After a review of the relevant information concerning these payments, the Board of Directors determined that they do not constitute a material relationship that affects Mr. Clarke's independence.

Standing Committees of the Board of Directors

Our Board of Directors has created four standing committees:

Audit Committee

Nominating and Governance Committee

Compensation and Management Development Committee

Executive Committee.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee's purpose is to assist the Board of Directors in fulfilling its responsibilities to oversee management activities related to accounting and financial reporting policies, internal controls, auditing practices and related legal and regulatory compliance. In that connection, the Committee reviews and reports to the Board of Directors with respect to various auditing and accounting matters, including overseeing the integrity of the quarterly and annual financial statements of the Company; the compliance by the Company with legal and regulatory requirements; the selection, and annual review of independence, qualifications, performance and compensation of the Company's independent public accountants; the performance of the Company's internal audit function; the review and pre-approval of the current year audit and non-audit fees; compliance with the business practices and ethical standards of the Company; and overseeing the Company's risk analysis and risk management. The Audit Committee also performs an annual self-assessment of its effectiveness and reviews its charter annually. This is a report on the Audit Committee's activities relating to the year ended December 31, 2005.

The Audit Committee is composed of four independent directors. The Board of Directors has made a determination that each member of the Audit Committee is independent and financially literate as required by the Sarbanes-Oxley Act of 2002 and applicable SEC and NYSE rules. The Board has also determined that one or more members of the Audit Committee has accounting or related financial management expertise. The Board determined that Mr. John U. Clarke is an audit committee financial expert as defined by rules of the SEC.

The Audit Committee operates pursuant to a charter that can be found on the Company's website at www.houstonexploration.com under the Corporate Governance section. In addition, a copy of the Audit Committee Charter will be provided, without charge, upon request by contacting the Corporate Secretary at The Houston Exploration Company, 1100 Louisiana Street, Suite 2000, Houston, TX 77002.

As set forth in the charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, and for the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent public accountants are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including the issue of auditor independence. Members of the Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent public accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally

accepted accounting principles or the Company's independent public accountants are in fact independent.

REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation and Management Development Committee of our Board of Directors currently consists of John U. Clarke, Thomas A. McKeever and Donald C. Vaughn, none of whom is an employee of The Houston Exploration Company. The Compensation and Management Development Committee is responsible for evaluating the performance of management, determining the compensation for our officers, employees and agents, and administering our benefit and equity plans under which we may make grants or awards to our employees or provide other assistance to any of our employees. The Committee has the authority to retain such compensation consultants, outside counsel and other advisors as the Committee deems appropriate in its sole discretion.

The Committee has furnished the following report on executive compensation for 2005:

Compensation Policies for Executive Officers

The Compensation and Management Development Committee has developed a multifaceted executive compensation program designed to achieve three goals:

Attract and retain key executives responsible for our continued growth and profitability

Motivate management to enhance long-term stockholder value

Correlate a substantial portion of management's compensation to measurable performance.

In order to accomplish these goals, the Committee structured a compensation program based on three components of remuneration consisting of:

A defined base salary that reflects the experience, responsibilities and contribution of each individual executive officer

An annual incentive compensation bonus opportunity tied to achievement of various corporate goals or milestones that are pre-established by the Committee

Long-term stock-based incentive awards that strengthen the mutuality of interests between the executive officers and our stockholders.

The Committee believes that its current compensation practice of granting a combination of stock options and restricted stock creates significant ownership levels among our officer group. While continuing its policy of annual grants of options and restricted stock, the Committee has recommended stock ownership levels to all executive officers. Restricted stock, stock owned outright and stock held in Company savings plans, applies toward the recommended target levels of ownership. Under these newly established guidelines, individuals have a five-year period to achieve ownership of stock valued at the recommended target ownership levels as outlined below:

Officer	Ownership Target as a Multiple of Annual Salary
President & CEO	5
Executive Vice President & COO	3
Senior Vice Presidents	2
Vice Presidents	1

Individuals who do not achieve compliance with these recommendations within the prescribed time frame will be asked to discuss their ownership levels with the CEO and to develop a plan for achieving compliance.

Table of Contents

The Committee's policy is to structure executive compensation so that total cash compensation represents roughly one-half of each executive's total annual compensation and that the remaining portion be derived from the performance-based components, either in the form of bonus opportunity or stock-based incentive awards.

As a general principle, the Committee sets the value of each executive's total annual compensation package inclusive of base salary, incentive bonus and stock based incentive awards at the fiftieth percentile of similarly situated executives in a comparable, peer group of companies in the exploration and production industry. This peer group includes the same companies comprising the peer group reflected in the performance graph in this Proxy Statement. Annually, the Committee retains the independent executive compensation firm of Towers Perrin to review our compensation program, objectively define the responsibilities of each executive, advise us on appropriate peer group composition, and provide a statistical compensation comparison.

At hiring, base compensation is initially established for each executive through negotiation and is reflected in the executive's employment agreement. Thereafter, the Committee annually reviews each executive's base compensation based on a number of factors, both quantitative, including a detailed organizational and competitive analyses performed by Towers Perrin, and qualitative, including the Committee's perception of the executive's experience and contribution. The Committee does not assign any pre-determined weight to any factors in its annual review process and deviates from the fiftieth percentile policy in individual cases when market conditions or other factors warrant.

In addition to base compensation, the Committee provides each executive the opportunity to earn an additional cash incentive compensation bonus based on the achievement of pre-determined operating or financial results established annually by the Committee relating to such metrics as reserve additions, finding cost and cash flow from operations. Each executive's bonus opportunity is initially reflected in the executive's employment agreement and subsequently reviewed annually. Currently, the Committee has set the bonus opportunity for the CEO at 85% of annual earned salary, for the COO at 65% of annual earned salary and for other executives at 55% of their respective earned salary for the year.

Our executive officers are also eligible to receive long-term stock-based incentive awards under the 2004 LTIP, as a means of providing management with a continuing proprietary interest in the Company. The determination of these grants will be determined by the Committee each year based on competitive market data. These grants further the mutuality of interest between our employees and our stockholders by providing significant incentives for these employees to achieve and maintain high levels of performance. Stock options and restricted stock enhance our ability to attract and retain the services of qualified individuals.

Chief Executive Compensation

Effective April 4, 2001, Mr. Hargett became our Chief Executive Officer and President. On that date, we entered into an employment agreement with Mr. Hargett, which was amended on May 17, 2002. On February 8, 2005, we amended and restated our employment agreement with Mr. Hargett. By entering into the amended and restated employment agreement, Mr. Hargett waived a number of rights under his prior employment agreement with us, including, among others, the right to receive a significant transaction bonus upon the occurrence of certain corporate transactions, the right to receive severance following a change of control of the Company absent actual termination or good reason, and the right to guaranteed annual stock option grants and incentive compensation bonuses, which matters will now be left to the discretion of our independent Compensation and Management Development Committee. Our amended and restated agreement with Mr. Hargett also contains expanded non-competition provisions. In consideration of Mr. Hargett's entering into the amended and restated agreement and conceding these benefits, we agreed to pay Mr. Hargett a one-time, lump sum payment of \$4,220,043.

Table of Contents

For the year ended December 31, 2005, Mr. Hargett's annual compensation was comprised of:

A base salary of \$500,000 per year until September 30, 2005, which was increased effective October 1, 2005 to \$525,000 per year. This increase was based upon his performance and competitive assessments provided by Towers Perrin. For 2005, Mr. Hargett earned a total salary of \$506,200.

An annual incentive cash bonus of 85% of earned salary if certain pre-established operating and financial targets were achieved for the year. For 2005, the Company and Mr. Hargett successfully attained 79% of the targeted goals and objectives, in accordance with the pre-established targets, and therefore, Mr. Hargett received a cash bonus of \$340,807. Mr. Hargett's year-end earned salary of \$506,200 was used in calculating his bonus award for 2005 in accordance with the terms of his employment agreement.

A long-term stock-based incentive award of 38,000 non-qualified stock options granted on October 25, 2005 at an exercise price of \$54.18 per share, the closing price of our common stock as reported by the NYSE on the date of grant. Mr. Hargett's 2005 stock option grant was made pursuant to the terms of the 2004 LTIP. The options expire 10 years from the grant date and vest in one-third increments on each of the first three anniversaries of the grant date. Mr. Hargett was also awarded 17,000 shares of restricted stock under the 2004 LTIP that are subject to transfer restrictions that generally expire in 2008 as set forth in the award agreement.

Section 162(m) of the Internal Revenue Code of 1986, as amended

Section 162(m) of the Code, added by the Revenue Reconciliation Act of 1993, places a \$1 million per executive cap on the deductible compensation that can be paid to executives of publicly-traded corporations each year. Amounts that qualify as performance based compensation under Section 162(m)(4)(c) of the Code are exempt from the cap and do not count toward the \$1 million limit if certain requirements are satisfied. Although our compensation policy is generally designed to correlate compensation to performance, certain payments may not meet Code requirements because they allow our Committee and Board to exercise discretion in setting compensation. Generally, stock options will qualify as performance based compensation. The Committee has discussed and considered and will continue to evaluate the potential impact of Section 162(m) on us in making compensation determinations, but has not established a set policy with respect to future compensation determinations.

The information in the following table is presented as of December 31, 2005 with respect to the shares of our common stock that may be issued upon exercise of stock options and restricted stock units granted under equity compensation plans that have been approved by our stockholders (the 1996 Stock Option Plan, the Amended and Restated 2002 Long-Term Incentive Plan and the 2004 LTIP) and under equity compensation plans that have not been approved by our stockholders (the 1999 Non-Qualified Stock Option Plan). We have not issued any warrants or rights to acquire equity securities of the Company.

(1) Does not include
(i) 52,501 outstanding restricted stock units awarded to Company employees in 2005 that vest over the next three years or
(ii) restricted stock awarded to the Company's non-employee directors, and executive officers.

- (2) Upon approval of the 2004 LTIP, existing ungranted shares from the 1996 Stock Option Plan, the 1999 Non-Qualified Stock Option Plan and the Amended and Restated 2002 Long-Term Incentive Plan were cancelled. All outstanding awards under those prior plans will remain outstanding in accordance with their terms.

- (3) Includes options granted under our 1999 Non-Qualified Stock Option Plan.

- (4) Also accounts for (i) 52,501 outstanding restricted stock units awarded to Company employees in 2005 that vest over the next three years, and (ii) restricted stock awarded to the Company's non-employee directors and executive officers.

Amended and Restated 2004 Long-Term Incentive Plan

On June 3, 2004, The Houston Exploration Company's stockholders approved the 2004 LTIP for our non-employee directors and employees, consultants and advisors of our Company and our affiliates. The Compensation and Management Development Committee administers the 2004 LTIP and, in its discretion, may grant awards to those employees and consultants and advisors of the Company or its affiliates as it may from time to time determine, subject to the terms of the plan. Awards under the 2004 LTIP may consist of stock options, stock appreciation rights, performance stock, performance units, restricted stock and/or restricted stock units.

On January 31, 2006, our Board of Directors approved certain amendments to the 2004 LTIP with respect to equity compensation of non-employee directors. Prior to these amendments, commencing on September 20, 2004, each non-employee director of the Company received an automatic grant on September 20th of each year of (i) nonqualified stock options to purchase 2,000 shares of the Company's common stock and (ii) 2,000 shares of the Company's restricted stock. Under the 2004 LTIP as amended, non-employee directors will no longer be eligible to receive grants of nonqualified stock options. However, non-employee directors will continue to receive automatic grants of restricted stock each year, except that such grants will be made as of the date of the Company's Annual Meeting of Stockholders and the number of shares received by each non-employee director will be calculated by dividing \$100,000 by the closing price of the Company's common stock on the date of grant. Beginning with the awards to be made in 2006, the 2004 LTIP, as amended, shortens the vesting period for restricted stock granted to non-employee directors from five years to three years following the date of grant.

At December 31, 2005, a total of 695,986 shares remained available for grant under the 2004 LTIP. We may adjust options issued under the 2004 LTIP in the event of stock splits and other corporate events. In addition, we may appropriately adjust the exercise price for options in the event that the outstanding shares of common stock are changed into or exchanged for a different number or kind of shares or other securities by reason of merger, stock dividend, combination of shares or the like.

Table of Contents**Plans Not Approved by Our Stockholders:****1999 Non-Qualified Stock Option Plan**

On October 26, 1999, our Board of Directors adopted the 1999 Non-Qualified Stock Option Plan (the 1999 Plan) for employees (excluding executive officers), non-employee directors, consultants and advisors of our Company and any of our affiliates. Upon adoption of the 2004 LTIP by stockholders, any remaining ungranted shares under the 1999 Plan were cancelled. With respect to non-employee directors only, the 1999 Plan amended and succeeded the 1996 Plan (under which no more options may be granted to non-employee directors). The 1999 Plan is administered by the Compensation and Management Development Committee, which at its discretion, granted awards to eligible individuals with the exception of non-employee directors who received automatic grants under the 1999 Plan. The options granted under the 1999 Plan were all non-qualified, expire 10 years from date of grant and vested immediately for non-employee directors and in one-fifth increments on each of the first five anniversaries of the grant for other eligible individuals. The Board may adjust options issued under the 1999 Plan in the event of stock splits and other corporate events. In addition, the Board may appropriately adjust the exercise price for options in the event that the outstanding shares of common stock are changed into or exchanged for a different number or kind of shares or other securities by reason of merger, stock dividend, combination of shares or the like.

This description of the 1999 Plan is being made pursuant to Regulation S-K, §229.201(d) which requires that the material features of each compensation plan under which equity securities of the registrant are authorized for issuance that was adopted without the approval of security holders be described. For a description of all stock option plans adopted by the Company, please see Note 4 to the Company s financial statements included in the Company s Form 10-K for the fiscal year ended December 31, 2005.

RELATED PARTY TRANSACTIONS

John U. Clarke serves as Chairman and Chief Executive Officer of NATCO Group, a publicly traded oil field services and equipment company. During 2005, 2004 and 2003, we purchased services and supplies from NATCO of approximately \$1.3 million, \$0.9 million and \$1.1 million, respectively. Because these amounts are significantly less than the 2% threshold prescribed by NYSE standards and our Board of Directors Standards of Independence, Mr. Clarke meets all requirements of the NYSE to be considered an independent director of our Company.

TRANSACTIONS BETWEEN THE COMPANY AND MANAGEMENT**Overriding Royalty Interests Held by Key Employees and Certain Executive Officers**

Prior to our initial public offering in September 1996, we were party to an employment agreement with our former President and Chief Executive Officer. Under this employment agreement, we assigned to key employees designated by the former President and Chief Executive Officer overriding royalty interests in specified properties of the Company. Assignments were made at the time we acquired the properties. No assignments were made subsequent to 1995; however, due to the nature of an overriding royalty interest, any employees who received assignments will continue to receive payments pursuant to their overriding interest until production from the related property ends. Mr. Westmoreland was included in assignments made to key employees.

Amended and Restated Employment Agreements

We entered into an amended and restated employment agreement with Mr. Hargett, our President and Chief Executive Officer, effective February 8, 2005. Under this agreement, Mr. Hargett currently is entitled to an annual base salary of \$525,000 (pursuant to a recent increase by the Compensation and Management Development Committee of our Board of Directors as part of its annual review) and an annual incentive bonus equal to 85% of his annual earned salary (which the Board recently increased from 70% of his annual earned salary) based on achievement of performance goals established each year by the Compensation and Management Development Committee. The agreement also provides for an automobile allowance of \$700 per month for Mr. Hargett and reimbursement of certain business expenses. The agreement is for a rolling term of three years, which automatically renews for a new three-year period each year on each anniversary of the effective date unless we or Mr. Hargett provide notice of termination at least 90 days prior to the end of the applicable term.

Table of Contents

Like our prior employment agreement with Mr. Hargett, the amended and restated employment agreement provides that if we terminate Mr. Hargett without cause (as defined in the employment agreement), or if he terminates his employment with the Company for good reason (as defined in the agreement, which includes, among other things, the occurrence of certain events following a change of control of the Company), we are obligated to pay Mr. Hargett a lump-sum severance payment equal to 2.99 times his then current annual rate of total compensation, and to continue certain welfare benefits. Total Compensation is defined to include salary, targeted bonus (calculated as though the performance goals had been met) and car allowance. Based on his current compensation, Mr. Hargett would receive approximately \$2.9 million in such instance. In addition, in the event Mr. Hargett's employment is terminated by us without cause or upon death or disability, or by him for good reason, all unvested options, restricted stock and similar deferred compensation automatically shall vest and any other conditions to such awards shall be deemed satisfied.

By entering into the amended and restated employment agreement, Mr. Hargett waived a number of rights under his prior employment agreement with us, including, among others, the right to receive a significant transaction bonus upon certain corporate transactions, the right to receive severance following a change of control of the Company absent actual termination or good reason, and the right to guaranteed annual stock option grants and incentive compensation bonuses, which matters will now be left to the discretion of the Compensation and Management Development Committee. Our amended and restated agreement with Mr. Hargett also contains expanded non-competition provisions. In consideration of Mr. Hargett's entering into the amended and restated agreement and conceding these benefits, we agreed to pay Mr. Hargett a one-time, lump sum payment of \$4,220,043.

We also amended and restated our employment agreements with each of Messrs. Mueller, Karnes, Westmoreland and Rice, effective February 8, 2005. Under the terms of these agreements, these individuals received annual base salaries of \$300,000, \$295,000, \$246,000, and \$240,000, respectively, subject to annual review by our Compensation and Management Development Committee and approval by our Board of Directors. We also entered into new employment agreements with Ms. Hresko, effective February 8, 2005; with Mr. Bergeron on March 10, 2005; with Mr. Sherrick on April 13, 2005; and Mr. Ray on January 18, 2006. Under the terms of these agreements, these individuals received annual base salaries of, \$215,000 for Ms. Hresko and Mr. Bergeron, \$275,000 for Mr. Sherrick; and \$315,000 for Mr. Ray, each subject to annual review by our Compensation and Management Development Committee and approval by our Board of Directors. On October 25, 2005 our Board of Directors, upon recommendation by the Compensation Committee, approved the following new annual salaries for Messrs. Mueller, Karnes, Sherrick, Westmoreland and Rice of \$350,000, \$310,000, \$289,000, \$256,000 and \$252,000, respectively, and \$226,000 for each of Ms. Hresko and Mr. Bergeron. Also under these agreements, Mr. Mueller is entitled to an annual incentive bonus equal to 65% of his respective annual earned salary, and each of Messrs. Ray, Sherrick, Westmoreland, Rice and Ms. Hresko and Mr. Bergeron are entitled to an annual incentive bonus equal to 55% of his or her respective annual earned salary if achievements of certain performance goals established by the Compensation and Management Development Committee are met, plus an automobile allowance of \$700 per month and reimbursement of certain business expenses. Like our agreement with Mr. Hargett, each of these employment agreements is for a rolling term of three years, which automatically renews for a new three-year period each year on each anniversary of the effective date unless we or the executive gives notice of termination at least 90 days prior to the end of the applicable term. In addition, we may terminate any employment agreement for cause without financial obligation (other than payment of any accrued obligations). Each executive may terminate his or her employment agreement at any time for any reason upon at least 30 days' prior written notice.

As with Mr. Hargett, by entering into the amended and restated employment agreements with Messrs. Mueller, Westmoreland and Rice, these executives have foregone their right to receive severance following a change of control of the Company absent actual termination or the existence of good reason, as well as their right to guaranteed annual stock option grants and incentive compensation bonuses, and agreed to expanded non-competition and enforcement provisions. In consideration for entering into the amended and restated employment agreements and foregoing such rights, in February 2005, we paid Mr. Mueller \$353,866 in cash and granted him 6,553 shares of restricted stock; granted to Mr. Karnes 12,892 shares of restricted stock; paid Mr. Westmoreland, \$291,300 in cash and granted him 5,394 shares of restricted stock; and paid Mr. Rice, \$284,349 in cash and granted him 5,266 shares of restricted stock. The restricted stock will vest over a period of five years in accordance with the terms of the amended and restated

employment agreements and the terms of the 2004 LTIP at that time.

If we terminate any one of these executives without cause (as defined in their employment agreements) or if the executive terminates his or her employment with the company for good reason (as defined in the employment agreements, including the occurrence of certain events following a change in control of the Company), we are obligated to pay the executive a lump-sum severance payment of 2.99 times his or her then current annual rate of total compensation, which is defined to include salary, targeted bonus (calculated as though the applicable performance goals

Table of Contents

had been met) and car allowance, and to continue certain welfare benefits. Based on their current compensation, if this occurred, Mr. Mueller would receive approximately \$1.8 million, Mr. Ray would receive approximately \$1.5 million, Mr. Sherrick would receive approximately \$1.3, million, Mr. Westmoreland and Mr. Rice would receive approximately \$1.2 million and Ms. Hresko and Mr. Bergeron would receive approximately \$1.1 million. In addition, all unvested options, restricted stock and similar deferred compensation automatically would vest and any other conditions to such awards would be deemed satisfied.

The agreements further provide that if any payments made to the executives, whether or not under the applicable agreement, would result in an excise tax being imposed on the executives under Section 4999 of the Internal Revenue Code, we will make each of the executives whole on a net after-tax basis.

We entered into a Separation Agreement and General Release effective December 8, 2005 with John H. Karnes, who resigned as our Senior Vice President and Chief Financial Officer. The separation agreement provides for full settlement of any compensation and benefits to which Mr. Karnes would otherwise be entitled under his Amended and Restated Employment Agreement dated February 8, 2005, which is now terminated (other than with respect to certain provisions relating to confidentiality and tax indemnity). Pursuant to the separation agreement, Mr. Karnes received his accrued salary, a lump-sum cash severance payment of \$1.46 million (2.99 times his annual rate of total compensation at the time of his resignation) and a bonus of \$130,000 for 2005, and will continue to receive certain welfare benefits. All of Mr. Karnes' restricted stock, stock options and deferred compensation also became fully vested.

Change of Control Plan

In 1999, our Board of Directors established the Change of Control Plan pursuant to which, upon a change of control (as defined in the plan), all employees, including executive officers, are entitled to receive stay-on bonuses in the amount of 125% of the employee's regular target bonus percentage. One-half of this bonus will be paid on or as soon as reasonably practical following the date of the change of control and the remaining one-half will be paid 60 days later (or the date of termination, if earlier). As a result, based on their current compensation, Messrs. Hargett, Mueller, Ray, Sherrick, Westmoreland, Rice, Ms. Hresko and Mr. Bergeron would receive approximately \$558,000, \$284,000, \$217,000, \$199,000, \$176,000, \$173,000, \$155,00 and \$155,000, respectively. In addition, a change of control would cause all stock options, restricted stock, phantom stock and other employee benefits to become fully vested.

Further, if we or our successor in a change of control terminates employees, other than executive officers, within one year of the change of control other than for cause, as defined in the Change of Control Plan, or our employees suffer a significant adverse change in employment, a reduction in salary or job relocation of more than 30 miles, these employees will be entitled to severance benefits in the form of a lump sum payment calculated pursuant to a formula based upon each employee's base salary and years of service. The calculation of lump sum payments for executive officers is stated in their respective employment agreements.

In general, a change of control is deemed to occur if either:

a person, entity or group other than us acquires 20% or more of the combined voting power of our then outstanding voting securities;

a reorganization, merger, consolidation or liquidation is approved; or

the individuals constituting our Board of Directors on October 26, 1999 cease to constitute a majority of our Board of Directors unless the election of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the period.

401(k) Plan

We maintain a 401(k) Plan for our employees. Under the 401(k) Plan, eligible employees may elect to have us contribute on their behalf up to 12.5% of their compensation on a before tax basis in accordance with the limitations imposed under the Internal Revenue Code. We match 100% of each employee's deferrals in accordance with the limitations imposed by the 401(k) Plan and the Internal Revenue Code. The cash amounts contributed under the 401(k) Plan are held in a trust and invested among various investment funds in accordance with the directions of each

participant. An employee's salary deferral contributions under the 401(k) Plan are 100% vested. Our matching contributions vest at the rate of 20% per year of service. Participants are entitled to payment of their vested account balances upon termination of employment.

Table of Contents**Deferred Compensation Plan**

In November 2002, our Board of Directors adopted a deferred compensation plan for the benefit of our employees. The plan is intended to supplement our 401(k) Plan by allowing highly compensated employees to save on a tax deferred basis a portion of their eligible compensation subject to limitations imposed by the plan. Under the terms of the plan, employees who have made the maximum allowable contribution to their 401(k) accounts for any year (\$14,000, \$13,000 and \$12,000 per year, respectively, for 2005, 2004 and 2003, with an additional one-time contribution of \$4,000 in 2005, \$3,000 in 2004 and \$2,000 in 2003 for employees 50 years of age or older) may elect to defer an additional portion of their compensation into the deferred compensation plan. We match 100% of each employee's deferral up to an aggregate contribution of 12.5% under both the 401(k) plan and the deferred compensation plan. Employer contributions vest 20% per year and become fully vested after a five-year period. All cash contributions to the plan are held in trust and invested, at the direction of the employee, in various investment funds. Participants are entitled to distribution of their deferrals and the vested portion of our matching contributions at predetermined future dates or upon termination of their employment.

On January 31, 2006, the Board of Directors of the Company amended the Company's deferred compensation plan in order to comply with provisions added to the Internal Revenue Code by the American Jobs Creation Act of 2004.

Employee Annual Incentive Compensation Plan

We maintain an Annual Incentive Compensation Plan that provides an annual incentive bonus to all full-time employees if certain performance goals are met during the year. The plan is administered by the Compensation and Management Development Committee which establishes annual objectives and incentive opportunity levels that are approved by the Board of Directors. Incentive awards are earned based on our actual performance in relation to pre-established objectives and on an assessment of individual contribution during the year.

Supplemental Executive Retirement Plan

Effective January 1, 2006, we adopted a new Supplemental Executive Retirement Plan (SERP) to provide retirement benefits to certain management level or other highly compensated employees. The SERP is an unfunded, non-tax qualified defined benefit pension plan. Initial participation in the SERP is currently limited to our executive officers. Participants in the SERP will be entitled to a retirement benefit payable monthly for life. The annual amount of this retirement benefit is equal to 2.5% times final average compensation, times years of service with the Company (not to exceed 20 years), reduced by an annuity based on a hypothetical account that is credited with 6% of the participant's compensation during each year of employment and investment returns as defined in the plan (offset). Participants are fully vested in their benefits after five years of plan participation or age 65, whichever is earlier. If a vested participant retires prior to age 65, then the monthly retirement benefit as described above (before reduction for the offset) will be reduced by 5% for each year that retirement precedes age 65. In the event a participant is terminated for cause, all benefits under the SERP will be forfeited. All benefits become fully vested upon a change of control (as defined in the plan) and may become payable in a lump-sum if a participant's employment is terminated by us without cause or the participant resigns for good reason within two years following a change of control.

Table of Contents

The following table shows the annual retirement benefit payable pursuant to the SERP, before reduction for the offset. The amounts shown assume an age 65 retirement date and are computed as a straight life annuity.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership of common stock on Forms 3, 4, and 5 with the SEC and the NYSE. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish us with copies of any forms that they file. The Company assists its directors and executive officers in complying with these requirements and is required to disclose in this Proxy Statement the failure to file these reports on behalf of any reporting person when due.

Based on the Company's review of such reports, the Company believes that all such Section 16(a) filing requirements were satisfied during fiscal year 2005, except for the following late filings: (1) due to an administrative oversight, a Form 3 for Mr. Bergeron with respect to a grant of options to purchase shares of the Company's common stock and an award of restricted stock related to his appointment as Vice President and General Manager, Offshore Division in March 2005, and (2) a Form 4 for Mr. Sherrick with respect to the purchase of 275 shares for the custodial account of one of his sons on November 18, 2005.

PROPOSAL OF STOCKHOLDERS

Under Rule 14a-8 of the Exchange Act, stockholder's proposals may be eligible for inclusion in our 2007 Proxy Statement. We must receive any stockholder's proposal intended to be presented at the 2007 Annual Meeting at our principal executive offices no later than November 17, 2006, if the proposal is to be considered for inclusion in our Proxy Statement relating to the 2007 Annual Meeting. In addition, in order for a matter proposed by a stockholder to be considered at the 2007 Annual Meeting, it must be made timely. To be made timely, a stockholder must give notice in accordance with the Restated Bylaws between December 17, 2006 and January 16, 2007. Nominations for election of directors by stockholders must be received by the Corporate Secretary at our principal executive office between December 17, 2006 and January 16, 2007 to be properly nominated before the 2007 Annual Meeting, although we are not required to include such nominees in our Proxy Statement.

In accordance with our Restated Bylaws, however, if the date of the 2007 Annual Meeting of Stockholders is changed by more than 30 calendar days from the date contemplated at the time of the previous year's proxy statement, the stockholder notice must be received by us not later than the close of business on the later of (i) the 90th day prior to such annual meeting or (ii) the 10th day following the date on which public announcement of the date of such meeting is first made.

In addition, in the event a stockholder proposal is not submitted to us prior to January 16, 2007, the proxy to be solicited will authorize the proxies to vote the shares in accordance with their best judgment and discretion if a proposal is presented at the meeting without any discussion of the proposal in the proxy statement for such meeting.

APPENDIX A

THE HOUSTON EXPLORATION COMPANY

Board of Directors Standards of Independence

The Board of Directors of The Houston Exploration Company has adopted the following standards for determining the independence of its members. Independence determinations are made both in accordance with applicable laws and New York Stock Exchange rules as well as for purposes of the Company's Corporate Governance Guidelines, which state that the Company should strive to maintain a substantial independent and diverse viewpoint among members of its Board of Directors.

Members of the Board who fail any of the standards set forth below shall presumptively be deemed not independent. The presumption that any director is not independent may be overcome by the vote of a majority of the Board if, based on the totality of the facts and circumstances, the Board determines that the affected director's relationship does not violate any applicable law or New York Stock Exchange rule and is not in fact material notwithstanding its reference in these standards.

Members of the Board of Directors who meet all of the following standards shall be deemed to be independent for all purposes under applicable law and New York Stock Exchange rules.

Neither the director nor any immediate family member is or has in the past three years been an employee of the Company.
