TO OUR STOCKHOLDERS:

You are cordially invited to attend our 2009 annual meeting of stockholders to be held on Wednesday, May 20, 2009, at 8:00 a.m., Pacific Daylight Time, at The Inn at Rancho Santa Fe, 5951 Linea Del Cielo, Rancho Santa Fe, California 92067. A notice of the annual meeting, proxy statement and form of proxy are enclosed with this letter.

We encourage you to read the notice of the annual meeting and proxy statement so that you may be informed about the business to come before the meeting. Your participation in our business is important, regardless of the number of shares that you hold. To ensure your representation at the meeting, please promptly sign and return the accompanying proxy card in the postage-paid envelope. **We urge you to vote regardless of whether you expect to attend the annual meeting so that we may ensure that a quorum is present.**

We look forward to seeing you on May 20, 2009.

Sincerely,

/s/ Joseph S. Podolski

**NOTICE OF ANNUAL MEETING OF
STOCKHOLDERS
TO BE HELD MAY 20, 2009**

To our stockholders:

The annual meeting of stockholders of Repros Therapeutics Inc. will be held on Wednesday, May 20, 2009, at 8:00 a.m., Pacific Daylight Time, at The Inn at Rancho Santa Fe, 5951 Linea Del Cielo, Rancho Santa Fe, California 92067, for the following purposes:

1. To elect a board of seven directors, each to serve until our next annual meeting of stockholders or until their respective successors have been duly elected and qualified;
 2. To consider and act upon a proposal to amend our 2004 Stock Option Plan, as amended, to increase the number of shares of common stock issuable under the 2004 Stock Option Plan, as amended, by 1,000,000 shares;
 3. To consider and act upon a proposal to amend our 2000 Non-Employee Directors Stock Option Plan, as amended, to increase the number of shares of common stock issuable under the 2000 Non-Employee Directors Plan, as amended, by 500,000 shares and to extend the term of such plan by nine years to April 17, 2019;
 4. To ratify and approve the appointment of PricewaterhouseCoopers LLP as our registered independent public accounting firm for our fiscal year ending December 31, 2009; and
 5. To act on such other business as may properly come before the annual meeting or any adjournments thereof.
- Only stockholders of record at the close of business on March 23, 2009 will be entitled to notice of and to vote at the annual meeting.

It is important that your shares be represented at the annual meeting regardless of whether you plan to attend. THEREFORE, PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY AND RETURN IT IN THE ACCOMPANYING POSTAGE-PAID ENVELOPE AS PROMPTLY AS POSSIBLE. If you are present at the annual meeting, and wish to do so, you may revoke the proxy and vote in person. In order to be able to have your vote counted at the annual meeting, you need to have written documentation that you are a record holder or, if you own your shares through a brokerage or other type account, written documentation from the account holder that you are the beneficial owner of the shares you are voting.

By Order of the Board of Directors,

/s/ Louis Ploth, Jr.

Louis Ploth, Jr.

**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 20, 2009
SOLICITATION AND REVOCABILITY OF PROXIES**

Our board of directors is soliciting your proxy to be voted at our annual meeting of stockholders to be held on Wednesday, May 20, 2009, at 8:00 a.m., Pacific Daylight Time, at The Inn at Rancho Santa Fe, 5951 Linea Del Cielo, Rancho Santa Fe, California 92067, for the purposes set forth in the accompanying notice of annual meeting of stockholders, and at any adjournment(s) of the annual meeting. If the accompanying proxy is properly executed and returned, the shares it represents will be voted at the annual meeting in accordance with the directions noted thereon or, if no direction is indicated, it will be voted in favor of the proposals described in this proxy statement. In addition, the proxy confers discretionary authority to the persons named in the proxy authorizing those persons to vote, in their discretion, on any other matters properly presented at the annual meeting. Our board of directors is not currently aware of any such other matters.

Each of our stockholders has the unconditional right to revoke his or her proxy at any time prior to its exercise, either in person at the annual meeting or by written notice to our Secretary at Repros Therapeutics Inc., 2408 Timberloch Place, Suite B-7, The Woodlands, Texas 77380. No revocation by written notice will be effective unless such notice has been received by our Secretary prior to the day of the annual meeting or by the inspector of election at the annual meeting. If you are present at the annual meeting, in order to be able to have your vote counted at the annual meeting and thus, to revoke your prior valid vote, you need to have written documentation that you are a record holder or, if you own your shares through a brokerage or other type account, written documentation from the holder of record that you are the beneficial owner of the shares you are voting.

Our principal executive offices are located at 2408 Timberloch Place, Suite B-7, The Woodlands, Texas 77380. This proxy statement and the accompanying notice of annual meeting of stockholders and proxy are being mailed to our stockholders on or about April 13, 2009.

We have retained Morrow & Co., Inc., a proxy solicitor, to solicit proxies by mail, in person or by telephone, at an estimated cost of \$5,000 plus reimbursement of reasonable out of pocket expenses. In addition to the solicitation of proxies by use of this proxy statement, our directors, officers and employees may solicit the return of proxies by mail, personal interview, telephone or the internet. Our officers and employees will not receive additional compensation for their solicitation efforts, but they will be reimbursed for any out-of-pocket expenses incurred. Brokerage houses and other custodians, nominees and fiduciaries will be requested, in connection with the stock registered in their names, to forward solicitation materials to the beneficial owners of such stock.

We will bear all costs of preparing, printing, assembling and mailing the notice of annual meeting of stockholders, this proxy statement, the enclosed form of proxy and any additional materials, as well as the cost of forwarding solicitation materials to the beneficial owners of stock and all other costs of solicitation.

PURPOSES OF THE MEETING

At the annual meeting, our stockholders will be asked to consider and act on the following matters:

1. Electing a board of seven directors, each to serve until our next annual meeting of stockholders or until their respective successors have been duly elected and qualified;
2. To consider and act upon a proposal to amend our 2004 Stock Option Plan, as amended, to increase the number of shares of common stock issuable under the 2004 Stock Option Plan, as amended, by 1,000,000 shares ;
3. To consider and act upon a proposal to amend our 2000 Non-Employee Directors Stock Option Plan, as amended, to increase the number of shares of common stock issuable under the 2000 Non-Employee Director s Plan, as amended, by 500,000 shares and to extend the term of such plan by nine years to April 17, 2019;
4. Ratifying and approving the appointment of PricewaterhouseCoopers LLP as our registered independent public accounting firm for our fiscal year ending December 31, 2009; and
5. Acting on such other business as may properly come before the annual meeting or any adjournments thereof.

QUORUM AND VOTING

The close of business on March 23, 2009 has been fixed as the record date for the determination of stockholders entitled to vote at the annual meeting and any adjournment(s) thereof. As of the record date, we had 15,174,904 shares of common stock issued and outstanding.

Each stockholder of record of common stock will be entitled to one vote per share on each matter that is called to vote at the annual meeting. Shares of common stock may not be voted cumulatively.

The presence, either in person or by proxy, of holders of shares representing a majority of the common stock entitled to be cast at the annual meeting is necessary to constitute a quorum at the annual meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Broker non-votes occur when a broker or other nominee does not have discretionary authority to vote the shares with respect to a particular matter and has not received voting instructions from the beneficial owner with respect to that matter. A plurality vote is required for the election of directors. Accordingly, if a quorum is present at the annual meeting, the seven persons receiving the greatest number of votes cast at the annual meeting will be elected to serve as directors. Thus, abstentions and broker non-votes will not affect the outcome of the election of directors.

All other matters to be voted on will be decided by the vote of the holders of shares representing a majority of the votes present or represented at the annual meeting and entitled to vote on such matter. Shares represented at the meeting but that abstain with respect to these proposals will be considered in determining whether the requisite number of affirmative votes are cast on such matter. Accordingly, such abstentions will have the same effect as a vote against (i) approval of the amendment to our 2004 Stock Option Plan, (ii) approval of the amendment to our 2000 Non-Employee Directors Stock Option Plan and (iii) ratification of the reappointment of PricewaterhouseCoopers LLP as our registered independent public accounting firm. Broker non-votes will not be treated as shares represented at the meeting and entitled to vote for purposes of these proposals, and therefore will have no effect.

All proxies that are properly completed, signed and returned prior to the annual meeting will be voted. Any proxy given by a stockholder may be revoked at any time before it is exercised by the stockholder by (i) filing with our Secretary an instrument revoking it, (ii) executing and returning a proxy bearing a later date or (iii) attending the annual meeting and expressing a desire to vote his or her shares of common stock in person. If you wish to vote in person at the meeting but hold your stock in street name (that is, in the name of a broker, bank or other institution), then you must have a proxy from the broker, bank or institution in order to vote at the meeting. Votes will be counted by Computershare Trust Company, N.A., our transfer agent and registrar.

Table of Contents**PROPOSAL NUMBER 1:
ELECTION OF DIRECTORS**

Our board of directors has nominated and urges you to vote for the election of Joseph S. Podolski, our Chief Executive Officer, Mark Lappe, Daniel F. Cain, Jean L. Fourcroy, M.D., Ph.D., M.P.H., Stephen B. Howell, M.D., Nola Masterson, and John C. Reed, M.D., Ph.D., all of whom have been nominated to serve as directors until the next annual meeting of stockholders or until their successors are duly elected and qualified. David Poorvin, Ph.D., Louis Ploth, Jr. and Jeffrey R. Harder are not seeking re-election to our board of directors at our annual meeting. Stephen B. Howell, M.D. has been nominated for election by our board of directors for the first time at this annual meeting. The chart below provides information regarding each nominee. Proxies solicited hereby will be voted for all nominees unless stockholders specify otherwise in their proxies.

If, at the time of or prior to the annual meeting, any of the nominees should be unable or decline to serve, the discretionary authority provided in the proxy may be used to vote for a substitute or substitutes designated by the board of directors. The board of directors has no reason to believe that any substitute nominee or nominees will be required.

He has over 30 years of experience in biomedical sciences which includes projects involving male and female reproductive biology, cancer biology, virology, and cell biology. Previously Dr. Wiehle served as the lead scientist for all of the company's hormonally-based programs and was instrumental in the licensing of a series of SPRMs from the NICHD. Dr. Wiehle received a B.S., in Chemistry, from the University of Illinois at Chicago. He worked as an Assistant Biochemist at the IIT Research Institute in Chicago on animal models of human cancer. Dr. Wiehle earned his Ph.D. in Biochemistry from The University of Louisville School of Medicine/Health Science focusing on hormone receptors in human breast cancer. He earned a post doctoral award under a Sonderforschungsbereich (SFB) at the Institut fuer Molekularbiologie und Tumorforschung (IMT) of the Phillips University in Marburg, Germany to study the use of recombinant retroviral vectors to transform mammalian cells. He has held faculty positions at the James Graham Brown Cancer Center/University of Louisville and the Department of Obstetrics & Gynecology at the Baylor College of Medicine. He has been awarded research grants by the NIH and local and national clinical/scientific organizations. He has authored more than 25 publications and has delivered invited lectures.

Table of Contents**CORPORATE GOVERNANCE****Board Meetings**

Our operations are managed under the broad supervision of the board of directors, which has ultimate responsibility for the establishment and implementation of our general operating philosophy, objectives, goals and policies. Our board of directors is currently comprised of a majority of independent directors. The board of directors has determined that Drs. Fourcroy and Poorvin, Messrs. Cain, Lappe, and Harder and Ms. Masterson are independent as independence is defined under the listing standards for The Nasdaq Market. The board based these determinations primarily on a review of the responses our directors provided to questions regarding employment and compensation history, affiliations and family and other relationships. During 2008, the board of directors convened on seven occasions. All directors attended at least 75% of the meetings held by the board and any committee of the board on which he or she served during his or her tenure in 2008. Our current policy is to have our directors attend our annual meeting of stockholders. All of our directors were available at our 2008 annual meeting of stockholders.

Board Committees

Pursuant to delegated authority, various board functions are discharged by the standing committees of the board. The board of directors has appointed three principal standing committees: the compensation and option committee, the nominating and corporate governance committee and the audit committee. Copies of the audit committee charter, the compensation and option committee charter and the nominating and corporate governance committee charter are available in the Corporate Governance section of our web site at <http://www.reprosrx.com>. The current members of the committees are identified in the following table:

Director	Audit ü(Chair)	Compensation and Option ü	Nominating and Corporate Governance ü(Chair)
Daniel F. Cain			ü
Jean L. Fourcroy, M.D., Ph.D., M.P.H.			ü
Jeffrey R. Harder ⁽¹⁾		ü	ü
Mark Lappe			ü
Nola Masterson	ü	ü	ü
David Poorvin, Ph.D. ⁽¹⁾	ü	ü(Chair)	ü
John C. Reed, M.D., Ph.D.		ü	ü

- (1) Dr. Poorvin and Mr. Harder have decided not to stand for re-election to our board of directors and, as a result, will not serve on any committees after our annual meeting. Dr. Reed will assume Dr. Poorvin's position as chair of the compensation and option

committee upon
completion of
the annual
meeting.

Audit Committee. The audit committee, currently comprised of Mr. Cain, as chairman, Ms. Masterson and Dr. Poorvin, (Dr. Reed will be elected to the audit committee upon completion of our annual meeting to replace Dr. Poorvin) provides assistance to the board of directors in fulfilling its responsibilities relating to corporate accounting and reporting practices, recommends to the board of directors the engagement by us of our independent public accountants, approves services performed by our independent public accountants, including fee arrangements and the range of audit and non-audit services, maintains a direct line of communication between the board of directors and our independent public accountants and performs such other functions as may be prescribed with respect to audit committees under applicable rules, regulations and policies of The Nasdaq Market. The audit committee also evaluates our system of internal controls, the internal audit function and other related areas. The audit committee holds a private executive session with our independent auditors following every audit committee meeting. This executive session excludes management. The audit committee meets quarterly and convened four times in 2008.

As required by The Nasdaq Market and Securities and Exchange Commission, or SEC, rules regarding audit committees, the board of directors has reviewed the qualifications of its audit committee and has determined that none of the current members of the audit committee have a relationship with us that might interfere with the exercise of their independence from us or management and has determined that each member of the audit committee is independent, as independence is defined in the listing standards for The Nasdaq Market. The board of directors

Table of Contents

has determined that Mr. Cain, Chairman of the audit committee, is an audit committee financial expert as described in Item 401(h) of Regulation S-K.

Compensation and Option Committee. The compensation and option committee, currently comprised of Mr. Harder, Ms. Masterson, Dr. Reed and Dr. Poorvin, who serves as chairman of the committee until our annual meeting at which time Dr. Reed will assume the position as chairman, establishes the compensation for our president, chief executive officer and vice president, business development and chief financial officer, including applicable bonus milestones and equity/option grants. The committee also may be involved or may approve, depending on the availability of the board of directors, grants of awards to other employees, may determine the terms and conditions provided for in each option grant, and may, as requested by our president and chief executive officer, review and recommend to the board of directors the amount of compensation to be paid to our officers. The compensation committee generally convenes on an as needed basis, and commencing in 2008 and thereafter, in connection with our regularly scheduled board meetings. The compensation and option committee met three times in 2008. The board of directors has determined that each member of the compensation and option committee is independent, as independence is defined in the listing standards for The Nasdaq Market.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee is currently comprised of Drs. Fourcroy, Poorvin and Reed, Messrs. Cain, Harder and Lappe and Ms. Masterson. The nominating and corporate governance committee investigates and makes recommendations to the board with respect to qualified candidates to be nominated for election to the board and reviews and makes recommendations to the board of directors with regard to candidates for directors nominated by stockholders in accordance with our bylaws. This committee also investigates and makes recommendations to the board with regard to all matters of corporate governance, including the structure, operation and evaluation of the board and its committees. The nominating and corporate governance committee met once during 2008. The board of directors has determined that each member of the nominating and corporate governance committee is independent, as independence is defined in the listing standards for The Nasdaq Market.

Executive Sessions of the Board of Directors. Our policy is to have non-management directors meet regularly in executive sessions following each of our regularly scheduled meetings of the board of directors in a calendar year. A non-management director is any director who is not an employee and does not include any director who is not independent as determined by the board of directors. Non-management directors presently consist of all current directors except Messrs. Podolski and Ploth. The non-management directors met a total of seven times during calendar year 2008.

Communications with Directors. Our security holders and other interested parties may communicate with any of our directors (including any presiding director or the non-management directors as a group) by mail to our Secretary, Repros Therapeutics Inc., 2408 Timberloch Place, Suite B-7, The Woodlands, Texas 77380. Such communications should specify the intended recipient or recipients. All such communications, other than commercial solicitations or communications will be forwarded to the appropriate director or directors.

Stockholder Nominations. The nominating and corporate governance committee will consider stockholder proposals for director nominees. In order to nominate a director at the annual meeting, a stockholder must follow the procedures set forth in Section 2.12 of our bylaws (available on our web site at <http://www.reprosr.com>). In order to recommend a nominee for a director position, a stockholder must be a stockholder of record at the time the stockholder gives notice of its recommendation and the stockholder must be entitled to vote for the election of directors at the meeting at which such nominee will be considered. Stockholder recommendations must be made pursuant to written notice delivered to our principal executive offices no less than 50 days nor more than 75 days prior to the date of the annual or special meeting at which directors are to be elected; provided, that if the date of the annual or special meeting was not publicly announced more than 65 days prior to the annual or special meeting, such notice by the stockholder will be timely if delivered to the Secretary no later than the close of business on the 15th day following the day on which such announcement of the date of the meeting was communicated to the stockholders.

The stockholder notice must set forth the following:

1. As to each person the stockholder proposes to nominate for election as a director, all information relating to such person that would be required to be disclosed in solicitations of proxies for the election of such nominees as directors

pursuant to Regulation 14A under the Securities Exchange Act of 1934, or the Exchange Act;

2. The written consent to serve as a director if elected by each person nominated;

12

Table of Contents

3. Name and address of the stockholder as they appear on our books; and
4. The class and number of shares of common stock beneficially owned by such stockholder.

In addition to complying with the foregoing procedures, any stockholder nominating a director must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder.

Additionally, we agreed to appoint two designees of Efficacy Capital Ltd. (Efficacy) to serve on our board of directors pursuant to the terms of a standstill agreement between us and Efficacy. Our board of directors appointed Mark Lappe and John C. Reed, M.D., Ph.D. to serve as such designees effective September 29, 2008.

Nominating and Corporate Governance Committee Nominations. The nominating and corporate governance committee selects each nominee based on the nominee's skills, achievements and experience. The following will be considered, among other things, in selecting candidates for the board of directors: knowledge, experience and skills in areas critical to understanding us and our business (including financial expertise); personal characteristics, such as integrity and judgment; and candidates' commitments to the boards of other companies.

When seeking candidates for director, the nominating and corporate governance committee may solicit suggestions from incumbent directors, management, stockholders or others. While the committee has authority under its charter to retain a search firm for this purpose, no such firm was utilized in 2008. After conducting an initial evaluation of a potential candidate, the committee will interview that candidate if it believes such candidate might be suitable to be a director. The committee may also ask the candidate to meet with management. If the committee believes a candidate would be a valuable addition to the board of directors, it will recommend to the full board of directors that candidate's election. All but one of our nominees for director at this annual meeting are standing for re-election. Stephen B. Howell, M.D. is a first-time nominee who was recommended to the nominating and corporate governance committee by one of our independent directors, Mark Lappe. Mr. Lappe is also a managing partner of Efficacy Capital, Ltd., our largest stockholder, which owns 28.3% of our outstanding common stock.

Code of Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics for directors, officers and employees and a Code of Ethics for Senior Financial Officers, which are available on the Corporate Governance section of our website at <http://www.reprosrx.com>. If any substantive amendments are made to either code, the nature of such amendment will be disclosed on our website. In addition, if a waiver from either code is granted to an executive officer, director or principal accounting officer, the nature of such waiver will be disclosed on our website.

Compensation Committee Interlocks and Insider Participation

All members of the compensation and option committee are independent directors, and none of them are present or past employees of ours. No member of the compensation and option committee has had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of our executive officers has served on the board or compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served on our board or compensation and option committee.

AUDIT COMMITTEE REPORT

The audit committee is currently comprised of three directors who are independent, as defined by the standards of the Nasdaq Market. The audit committee assists the board in overseeing matters relating to our accounting and financial reporting practices, the adequacy of our internal controls and the quality and integrity of our financial statements. In March 2004, the audit committee adopted, and the board of directors ratified, an audit committee charter, a copy of which is available on our web site at www.reprosrx.com in the Corporate Governance section.

The audit committee met four times during the year ended December 31, 2008. The audit committee reviewed with management and the independent auditors the interim financial information included in our quarterly reports on Form 10-Q for the fiscal quarters ended March 31, June 30 and September 30, 2008 prior to their being filed with the SEC and reviewed in a meeting held in 2009 the financial information for the fiscal quarter and year ended December 31, 2008, as filed with our Form 10-K for the year ended December 31, 2008.

The independent auditors provided the audit committee with a written statement describing all the relationships between us and our auditors that might bear on the auditors' independence consistent with Public Company Accounting Oversight Board Rule 3526 (Communication with Audit Committees Concerning Independence). The audit committee also discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence.

The audit committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement of Auditing Standards No. 61, as amended, Communication with Audit Committees.

With and without management present, the audit committee discussed and reviewed the results of the independent auditors' examination of our December 31, 2008 financial statements. The discussion included matters related to the conduct of the audit, such as the selection of and changes in significant accounting policies, the methods used to account for significant or unusual transactions, the effect of significant accounting policies in controversial or emerging areas, the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates, significant adjustments arising from the audit and disagreements, if any, with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The audit committee reviewed our audited financial statements as of and for the year ended December 31, 2008, and discussed them with management and the independent auditors. Based on such review and discussions, the audit committee recommended to the board that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for filing with the SEC.

The foregoing report is given by the members of the audit committee:

Nola Masterson

David Poorvin, Ph.D.

Daniel F. Cain, Chairman

This report of the audit committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, or Securities Act, or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under either the Securities Act or the Exchange Act.

COMPENSATION AND OPTION COMMITTEE REPORT

The compensation and option committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2008 with management, and based on such reviews and discussions, the compensation and option committee recommended to the board, and the board has approved, that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

The foregoing report is given by the following members of the compensation and option committee:

Jeffrey R. Harder

Nola Masterson

John C. Reed, M.D., Ph.D.

David Poorvin, Ph.D., Chairman

The report of the compensation and option committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

We have designed our compensation programs to attract and retain key employees, motivate all of our employees to be productive and reward our employees, officers and directors for exceptional performance. We have implemented different types of compensation programs to motivate performance both in the short-term and in the long-term, with the ultimate goal of long-term increased value for our stockholders.

We believe that our executive compensation programs are essential to our ultimate success and also impact the environment of compensation for all employees. Executive compensation programs set the general level of expectations for our company and also demonstrate the types of goals we expect all employees to reach.

In setting executive compensation, we first determine the goals that will ultimately make our company successful. Generally, for the past three years, our success has been dependent upon two key factors:

the successful continued clinical development of our two products, Proellex and Androxal; and

our ability to raise capital to allow us to continue such development.

Because these are goals that are best measured over the long term, we believe that the most effective means of motivating our executives is by providing compensation that will reward long-term success with competitive short-term compensation being used to retain our key executives. We have utilized traditional long-term compensation programs, namely, stock option programs, to effectuate these goals.

Overview of Compensation and Process

Our compensation programs consist of the following:

Base cash salary;

Cash bonuses;

Equity incentives;

General employee benefits (retirement, life and health insurance); and

Perquisites.

The compensation and option committee is responsible for evaluating the performance of senior management, determining the compensation for our senior executive officers (Messrs. Podolski and Ploth and Dr. Lammers) and for administering our incentive plans under which grants may be made to our employees. Base salaries for our senior executive officers are usually determined at the meeting of the compensation and option committee held following the end of a fiscal year. At this meeting, the committee usually determines how any potential bonuses will be paid and reviews the base salary compensation, bonus payments and level of equity compensation for all such senior officers. The committee also reviews on an annual basis the equity compensation levels of all of our other officers and employees.

In determining the level and composition of compensation of each of our senior executive officers, the compensation and option committee takes into account various qualitative and quantitative indicators of corporate and individual performance. In recent years, the committee has relied on the level of compensation at peer group companies to assist in determining the level of compensation for them. The committee considers its peer group to be companies in the biotechnology industries that are of a similar market capitalization and size, including number of employees, number of developmental products, stage of development of pipeline, commercial potential of pipeline products and geographic location. As determined by the committee, our peer group during 2008 consisted of the following companies: Adolor Corporation, Advanced Magnetics, Inc., Alexion Pharmaceuticals, Inc., Alexza Pharmaceuticals, Inc., Antigenics Inc., ARIAD Pharmaceuticals, Inc., BioMimetic Therapeutics, Inc., Cadence Pharmaceuticals, Inc., Cell Genesys, Inc., Cypress Bioscience, Inc., Discovery Laboratories, Inc., Dyax Corp., Encysive Pharmaceuticals Inc., EntreMed, Inc., Pharmacycics, Inc., Geron Corporation, Medivation, Inc.,

Table of Contents

Immunomedics, Inc., Penwest Pharmaceuticals, Pharmacopeia Drug Discovery, Inc., POZEN Inc., Telik, Inc., VIVUS, Inc. and Xenoport, Inc.

In addition to reviewing public information databases and publicly available information from peer companies, the compensation and option committee used two independent, private surveys of executive compensation in the biotech industry in formulating its recommendations for competitive executive compensation. As stated before, because we are developing technologies and have no current approved drugs, the use of certain traditional performance standards (e.g., profitability and return on equity) is not appropriate in evaluating the performance of our executive officers. In addition, the committee recognizes performance and achievements that are more difficult to quantify, such as the successful supervision of major corporate projects and demonstrated leadership ability. The chief executive officer usually establishes the level of compensation of Drs. van As and Wiehle, and the compensation and option committee meets with our senior executive officers concerning their compensation, and makes its final determination of the appropriate compensation amounts for each of them.

Section 162(m) of the Internal Revenue Code of 1986, or the Code, places a \$1 million annual cap on the deductible compensation that can be paid to certain executives of publicly-traded corporations. Amounts that qualify as performance based compensation under Section 162(m)(4)(c) of the Code are exempt from the cap and do not count toward the \$1 million limit. Generally, stock options will qualify as performance based compensation. The committee has discussed and considered and will continue to evaluate the potential impact of Section 162(m) on us in making compensation determinations, but has not established a set policy with respect to future compensation determinations.

Table of Contents**SUMMARY COMPENSATION TABLE**

The following table presents summary information regarding the compensation of each of Joseph S. Podolski, our Chief Executive Officer, Louis Ploth, Jr., our vice president, business development and chief financial officer, Andre van As, Ph.D., our senior vice president for clinical and regulatory and chief medical officer, and Ronald Wiehle, Ph.D., our vice president for research and development, for the year ended December 31, 2008. Our president, Paul Lammers, was appointed on February 18, 2009, and as such there is no compensation to report for the most recently completed fiscal year with respect to Dr. Lammers. We have entered into employment agreements with each of Messrs. Podolski and Ploth and Drs. Lammers and van As, and the material terms of those employment agreements are described below.

Based on the summary compensation information provided below, Salary accounted for approximately 64% and Bonus accounted for approximately 7% of the total compensation paid to the named executive officers for 2008.

Base Salary

The board of directors initially approves the hiring and promotion of any of our executive officers, including his compensation and option package. Compensation for Messrs. Podolski and Ploth is reviewed on an annual basis by the compensation and option committee. Dr. Lammers' compensation will also be reviewed

Table of Contents

annually by the compensation and option committee as well. The compensation for Drs. van As and Wiehle will be determined by our president, Dr. Lammers. We have employment agreements with Messrs. Podolski and Ploth and Drs. Lammers and van As which provide for current annual salaries of \$435,301, \$275,690, \$370,000 and \$287,100, respectively. The current annual salary for Dr. Wiehle has been set at \$165,000. The agreements for Messrs. Podolski and Ploth provide that we will pay an annual incentive bonus as may be approved by the board of directors (which has been delegated to the compensation and option committee) in an amount not in excess of 35% and 25% of base salary, respectively. Each of our executive officers is entitled to participate in all employee benefit plans that we sponsor. All of our employment agreements provide that base compensation is subject to review or reconsideration at least annually.

When establishing or reviewing base compensation levels for each of Mr. Podolski and Mr. Ploth, the compensation and option committee, in accordance with its general compensation policy, considers numerous factors, including:

the responsibilities relevant to the position;

the qualifications of the executive and the relevant experience of the particular individual;

strategic goals for which the executive has responsibility; and

compensation levels of peer group companies (as discussed under Compensation Discussion and Analysis Overview of Compensation and Process above) who compete with us for business, scientific and executive talents.

No pre-determined weights are given to any one of such factors.

Bonus

In addition to each of Mr. Podolski's and Ploth's base compensation, the committee may award cash bonuses and may grant awards under our incentive plans depending on the extent to which certain defined personal and corporate performance goals are achieved. Messrs. Podolski and Ploth, have a maximum bonus target percentage specified in their employment contracts (35% and 25%, respectively). Each year, the compensation and option committee meets with Messrs. Podolski and Ploth to establish suitable incentive milestones for each of them according to our needs and their particular job responsibilities. For calendar years 2007 and 2008, the compensation and option committee established applicable value weights or percentages for each particular milestone, for purposes of earning their bonus target. The compensation and option committee then meets promptly after the end of the calendar year to review the performance of the two executives and make a recommendation as to the achievement of such milestone targets.

For 2008, the compensation and option committee determined that Mr. Podolski earned a bonus of fifty six percent (56%) of the maximum 35% bonus amount, and that Mr. Ploth earned a bonus of fifty eight percent (58%) of his maximum 25% bonus amount, or \$84,087 and \$39,000 each, respectively. The bonuses paid to Mr. Podolski and Mr. Ploth represented 12.0% and 9.8%, respectively, of the total amount of compensation earned in 2008.

Perquisites

We generally do not grant perquisites as compensation to our officers or employees. However, we have traditionally provided \$6,000 per year to our chief executive officer as a car allowance, and we have continued this practice through 2008. We match employee contributions to a simple IRA on a dollar for dollar basis up to 3% of salary and bonus. These contributions are available to all employees. In addition, we provide health, dental, vision, life and disability insurance benefits to all of our employees.

Stock Option and Equity Compensation

All of our employees, including executive officers, are eligible to receive long-term stock-based incentive awards under our 2004 Stock Option Plan as a means of providing such individuals with a continuing proprietary interest. Such grants further the mutuality of interest between our employees and our stockholders by providing significant incentives for such employees to achieve and maintain high levels of performance. Our stock option plan enhances our ability to attract and retain the services of qualified individuals. We consider this plan to be the

Table of Contents

primary means of providing equity long-term compensation to our employees and officers. The compensation and option committee, which acts as administrator of this plan, considers several factors in determining whether such awards are granted to an executive officer, including the following:

the executive officer's position and his or her performance and responsibilities;

the amount of stock options, if any, currently held by the officer;

the vesting schedules of any such options;

the executive officer's other compensation; and

similar equity percentages of peer companies.

While the compensation and option committee does not adhere to any firmly established formulas or schedules for the issuance of awards such as options or restricted stock, the committee will generally tailor the terms of any such grant to achieve its goal as a long-term incentive award by providing for a vesting schedule encompassing several years or tying vesting to particular corporate or personal milestones, particularly milestones related to the two key factors mentioned under "Compensation Discussion and Analysis" Philosophy above: drug development and fund raising.

During 2008, we granted options to purchase 135,000 shares to all of our employees and officers, which represented 1% of our outstanding common stock and of such amount, we granted options to purchase 50,000 shares to our executive officers, representing 37% of the total number of shares granted to our employees and officers. On February 18, 2009, we granted Dr. Lammers an option to purchase 300,000 shares of our common stock at a purchase price of \$8.80 per share, the closing price of our common stock as reported by the Nasdaq Global Market on the date of grant and 151,326 of the shares issuable upon exercise of such option are currently reserved under our 2004 Stock Option Plan; therefore, we are submitting Proposal Number 2 for the purpose of increasing the number of shares reserved for issuance under such plan.

GRANTS OF PLAN-BASED AWARDS

Post-Employment Compensation

As a result of the employment of Dr. Lammers as our president, Mr. Podolski's employment agreement was amended to provide for a change in his duties and title along with a fixed term of employment until May 31, 2012, with the result that his compensation and benefits will be paid thru such date if he is terminated without cause prior thereto. Any unvested options held by Mr. Podolski will also become fully exercisable in the event he is terminated without cause, and he will be entitled to a 2 year period post termination of employment in which to exercise all options regardless of the reason from termination (unless due to cause).

In addition, Mr. Podolski employment agreement continues to provide that he is entitled to the following severance payments in the event he is terminated without cause or resigns for good reason within 12 months following a change of control: a cash lump sum payment equal to the present value of the aggregate amount of payments set forth below, in which the present value is determined as of the closing date of the change of control transaction (as if he was terminated or had resigned on such date). Mr. Podolski has agreed to defer payment of such amount, and in lieu of such lump sum payment, he will receive the payments listed in the following table. All of the payments listed below, other than the first payment made at the closing of a change of control, would be made out of an irrevocable Rabbi Trust which would be funded by us immediately prior to the closing of a change of control transaction:

Amount of payment	Payment due date
Current annual base salary	On the closing of the change of control transaction
\$150,000	1st anniversary after closing
\$150,000	2nd anniversary after closing
\$150,000	3rd anniversary after closing
\$150,000	4th anniversary after closing
\$125,000	5th anniversary after closing
\$75,000	6th anniversary after closing

Dr. Lammers' employment agreement provides for automatic annual renewals each February unless terminated in writing by either party. Dr. Lammers is not entitled to a bonus except he was awarded relocation bonus of \$100,000 to be paid upon his relocation to The Woodlands, Texas area. If terminated for reasons other than cause or resigns for good reason within 1 year following a change of control, Dr. Lammers is entitled to receive his annual base salary and certain employment benefits for 12 months following termination. If terminated for reasons other than cause, Dr. Lammers agreed to accept, in full settlement of any and all claims, losses, damages and other demands that he may have arising out of such termination as liquidated damages and not as a penalty, the 12 month salary payments and continuation of certain employment benefits set forth above. Finally, Dr. Lammers is entitled to acceleration of all unvested options and an extension of the period of exercisability of his options for a 2 year period following the closing of a change of control transaction and is entitled to receive benefits coverage for a period of 12 months following his termination.

Mr. Ploth's employment agreement expires in December 2009 with automatic annual renewals unless otherwise terminated by either party. If terminated for reasons other than cause, Mr. Ploth is entitled to salary and certain employment benefits for 12 months following termination. In addition, he is entitled to the following severance payments in the event he is terminated without cause or resigns for good reason within 12 months following a change of control: a cash lump sum payment equal to the present value of the aggregate amount of payments set forth below, in which the present value is determined as of the closing date of the change of control transaction (as if he was terminated or had resigned on such date). Mr. Ploth has agreed to defer payment of such amount, and in lieu of such lump sum payment, he will receive the payments listed in the following table. All of the payments listed below, other than the first payment made at the closing of a change of control, would be made out of an irrevocable Rabbi Trust which would be funded by us immediately prior to the closing of a change of control transaction:

\$75,000	3rd anniversary after closing
\$75,000	4th anniversary after closing
\$62,500	5th anniversary after closing
\$37,500	6th anniversary after closing

Finally, Mr. Ploth is entitled to acceleration of all unvested options and an extension of the period of exercisability of his options for a 2 year period, following the closing of a change of control transaction and is entitled to receive benefits coverage for a period of 12 months following his termination.

Dr. van As' employment agreement expires in March 2010 with automatic annual renewals unless otherwise terminated by either party. If terminated for reasons other than cause, Dr. van As is entitled to salary and certain employment benefits for six months following termination. Dr. van As is also entitled to acceleration of all unvested options and an extension of the period of exercisability of his options for a 2 year period following the closing of a change of control transaction.

For purposes of the previous descriptions, the term "cause" means: (i) the conviction of such officer by a court of competent jurisdiction of a crime involving moral turpitude; (ii) the commission, or attempted commission, on us by such officer of an act of fraud; (iii) the misappropriation, or attempted misappropriation, by such officer of any of our funds or property; (iv) the continued and unreasonable failure by such officer to perform in any material respect his obligations under the terms of his employment agreement; (v) the knowing engagement by such officer, without the written approval of the board of directors, in any direct, material conflict of interest without compliance with our conflict of interest policy; (vi) the knowing engagement by such officer, without the written approval of the board of directors, in any activity which competes with our business or which would result in a material injury to us; or (vii) the knowing engagement by such officer in any activity that would constitute a material violation of the provisions of our insider trading policy or business ethics policy then in effect. The term "good reason" as used hereunder means a material diminution in the title, powers, duties, responsibilities or functions of such officer within one year following the occurrence of a change of control.

John C. Reed	\$ 4,500		\$191,600				\$196,100

(1) Except as otherwise indicated, all of the amounts in this column reflect cash fees paid to or earned by our non-employee directors for attending board or committee meetings during fiscal 2008.

(2) The amounts set forth in this column reflect the value attributed to the option awards granted to our

non-employee directors during 2008 as determined under FAS 123(R). On May 14, 2008 all of our then non-employee directors, which excludes Mr. Lappe and Dr. Reed, received an annual grant of an option to purchase 5,000 shares of our common stock at our annual meeting held on May 14, 2008 which was the only grant received by such directors during 2008. Mr. Lappe and Dr. Reed were appointed to our board of directors effective September 29, 2008 at which time they received an initial option to purchase 40,000 shares of our common stock. Of the option granted to Mr. Lappe, 25,582 shares are subject to approval of the amendment to the Company's 2000 Non-Employee Directors' Stock

Option Plan. Mr. Cain opted to be paid his Chairman's fee in cash instead of receiving an option to purchase 10,000 shares of our common stock. Mr. Lappe was appointed Chairman of the Board effective December 2008, at which time Mr. Cain ceased to serve as Chairman of the Board. The following table reflects the aggregate number of outstanding options (including unexercisable options) held by our non-employee directors as of December 31, 2008:

Director	Number of shares underlying outstanding options
Daniel F. Cain	65,000
Jean L. Fourcroy	65,000
Jeffrey R. Harder	55,000
Mark Lappe	40,000
Nola Masterson	60,000
David Poorvin	60,000
John C. Reed (3)	40,000

Includes a \$23,958 stipend paid to Mr. Cain for his service as Chairman in lieu of the option described in footnote 2 above.

Overview of Compensation and Procedures

We annually review the level of compensation paid to our non-employee directors. In determining the level of compensation for our non-employee directors, we have historically obtained data from a number of different sources, including:

Publicly available peer group information; and

Independent private surveys of non-executive director compensation in the biotechnology community.

Table of Contents

Employee directors do not receive additional compensation for service on the board of directors or its committees. We reimburse each non-employee director for travel expenses incurred in connection with attendance at board meetings. Each non-employee director is paid a \$10,000 annual retainer for service on the board, payable quarterly in advance. For regular board and committee meetings attended in person or telephonically, non-employee directors currently receive \$2,000 per meeting in cash. Chairpersons of committees receive \$3,000 per meeting. Non-regular meetings are compensated at the rate of \$250 per hour with a minimum compensation of two hours per meeting. Employee directors are eligible to participate in the 2004 Stock Option Plan. Non-employee directors are entitled to participate in the 2000 Non-Employee Directors Stock Option Plan and the 2004 Stock Option Plan.

Under the director plan, (i) each non-employee director who is first elected to the board is entitled to receive an option to purchase 40,000 shares of common stock on the date on which he or she first becomes a non-employee director, vesting quarterly over three (3) years, and (ii) each non-employee director in office immediately after each subsequent annual meeting of stockholders will receive an option to purchase 5,000 shares of common stock, vesting over twelve (12) months, effective on such date. Additionally under the director plan, the Chairman of the Board (if a non-employee) who is first elected to the board is entitled to receive an option to purchase 10,000 shares of common stock on the date on which he or she first becomes Chairman, and the Chairman (if a non-employee) in office immediately after each subsequent annual meeting of stockholders will receive an option to purchase 10,000 shares of common stock effective on such date or, at the election of the Chairman, an annual \$25,000 stipend paid monthly. Mark Lappe currently serves as the Chairman of the Board. Under our director plan, directors may elect to receive \$2,000 of their cash fee for payment in shares of our common stock or an option to purchase shares of our common stock. Mr. Lappe has agreed to forego any compensation for serving as Chairman of the Board.

During 2008, we paid an aggregate of \$173,958 to our non-employee directors. We granted options to purchase an aggregate of 105,000 shares of common stock to non-employee directors during 2008 pursuant to automatic grants under the director plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Jeffrey R. Harder, a director, is a shareholder of Winstead PC, a law firm that has provided services to us since April 2004. Our fee arrangement with Winstead PC is negotiated on a similar basis as arrangements with other outside legal counsel and is subject to similar terms and conditions. The fees that we pay to Winstead PC are comparable to those that we pay to other law firms for similar services. Our board has reviewed this arrangement and determined that it is not material to Mr. Harder. We paid \$275,000 in legal fees to Winstead PC in 2008, which was less than 5% of the firm's gross revenues for 2008.

On September 29, 2008, we entered into common stock purchase agreements with Efficacy Capital, LTD (Efficacy), two investors affiliated with Vermillion Asset Management LLC (each, a Vermillion Affiliate, and collectively, the Vermillion Affiliates), and John C. Reed, M.D., Ph.D. Upon the closing of the transactions contemplated by these agreements, we issued and sold an aggregate of 2,400,000 shares of our common stock at a price per share of \$6.50 per share. Of this total, 1,846,154 shares were sold to Efficacy, an aggregate of 550,000 shares were sold to the Vermillion Affiliates, and 3,846 shares were sold to Mr. Reed. The shares of our common stock issued pursuant to such common stock purchase agreements were registered on registration statements on Form S-3 (File No. 333-137109) and Form S-3MEF (File No. 333-153727).

Pursuant to the terms of the common stock purchase agreement with Efficacy, we agreed (1) to amend our Rights Agreement with Computershare Trust Company, N.A., dated September 1, 1999, as amended (the Rights Agreement), to increase the percentage ownership interest permitted to be owned by Efficacy under the Rights Agreement from 33% to 40%, and (2) to amend that certain Standstill Agreement dated as of January 9, 2008, as amended (the Standstill Agreement), to (i) increase the percentage ownership that Efficacy may beneficially own without violating the Standstill Agreement from 33% to 40% and (ii) increase the number of individuals Efficacy may designate to be a member of our board of directors from one to two.

Under the common stock purchase agreements with Efficacy and the Vermillion Affiliates, we granted to such investors a right of first offer to purchase such investor's Pro Rata Percentage of future sales by us of shares of any class of our capital stock (or securities convertible into or exchangeable or exercisable for shares of any class of its capital stock), subject to certain exclusions. The term Pro Rata Percentage means the percentage of shares of any class of our capital stock (or securities convertible into or exchangeable or exercisable for shares of any class of

Table of Contents

its capital stock) which are beneficially owned by such investor on a fully diluted basis on the date of such investor's common stock purchase agreement. Each such investor may exercise such right of first offer at any time from September 29, 2008 through September 29, 2010. Our board of directors, in its sole discretion, may increase Efficacy's Pro Rata Percentage amount to up to 100% of such future sales.

The common stock purchase agreements with Efficacy and the Vermillion Affiliates further provide a right to such investors to purchase up to an aggregate of \$10,000,000 of additional shares of our common stock (the Purchase Option Shares) at a price per share equal to the greater of (i) the fair market value of a share of our common stock or (ii) 120% of the price per share paid under the common stock purchase agreements. Such right may be exercised by such investors from the time when we have less than \$10,000,000 in cash and cash equivalents until September 29, 2009. We have agreed to file an additional shelf registration statement on Form S-3 registering a sufficient number of shares to permit the sale and issuance of the Purchase Option Shares based on the then-current fair market value of our common stock, and shall use our best efforts to cause such registration statement to be declared effective as soon as possible.

As of September 29, 2008, pursuant to the common stock purchase agreement with Efficacy, our board of directors appointed two individuals designated by Efficacy, Mark Lappe and John C. Reed, as directors. Mark Lappe is a managing partner of Efficacy.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership (Forms 3, 4, and 5) of common stock with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all such forms that they file.

To our knowledge, based solely on our review of the copies of such reports received by us and on written representations by certain reporting persons that no reports on Form 5 were required, we believe that during the fiscal year ended December 31, 2008, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were complied with in a timely manner, except Efficacy Capital, Ltd. filed the Form 4 late with respect to its acquisitions between March 14, 2008 and March 27, 2008.

**PROPOSAL NUMBER 2:
AMENDMENT TO 2004 STOCK OPTION PLAN**

The board of directors has unanimously approved an amendment to our 2004 Stock Option Plan, as amended (the 2004 Plan), which, if approved, will increase the number of shares of common stock that may be issued under the 2004 Plan by 1,000,000. At our annual meeting, the stockholders of the Company will be asked to approve such amendment to the 2004 Plan.

The board of directors believes that the 2004 Stock Option Plan has contributed to strengthening the incentive of participating employees and directors to achieve the objectives of the Company and its stockholders by encouraging such persons to acquire a greater proprietary interest in the Company. The board of directors believes that additional shares must be reserved for use under such plan to enable the Company to attract and retain employees and directors through the granting of options under the 2004 Plan.

A copy of the 2004 Plan is filed as Exhibit 10.17 to our Form S-1 filed with the SEC with Registration No. 333-119861 and is incorporated by reference. The following description of the 2004 Plan is a summary and does not purport to be a complete description. All capitalized terms not defined herein have the meanings set forth in the 2004 Plan.

General

The purpose of the 2004 Plan is to promote the interests of the Company and its stockholders by encouraging employees, directors and key consultants of the Company, its subsidiaries and affiliated entities to acquire or increase their equity interest in the Company, and to relate compensation to performance goals of the Company, thereby giving them an added incentive to work toward the continued growth and success of the Company. In the opinion of the Company, the 2004 Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Types of Awards

The 2004 Plan permits the granting of stock options (Options) to purchase shares of Common Stock, which may be either incentive stock options (Incentive Stock Options) within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or options that do not constitute Incentive Stock Options (Nonqualified Options).

Eligibility for Participation

Incentive Stock Options may be granted only to individuals who are employees (whether or not they are directors) of the Company, any parent or subsidiary corporation (within the meaning of Section 424 of the Code) of the Company or any member of a controlled group with the Company (Affiliate). All other Options may be granted to employees, key consultants and non-employee directors of the Company. As of the date of this Proxy Statement, ten employees and seven non-employee directors are eligible to participate in the 2004 Plan, although we typically grant awards to our non-employee directors under our 2000 Non-Employee Directors Plan, which we are also amending to increase the number of shares available for issuance thereunder.

Administration

The 2004 Plan is administered by the compensation and option committee of the board of directors, consisting of two or more directors of the Company appointed by the board of directors. The current members of the compensation and option committee are Drs. Reed and Poorvin (who is not standing for re-election), Ms. Masterson and Mr. Harder (who is not standing for re-election). No person shall be eligible to serve on the compensation and option committee unless such person is a Non-Employee Director as defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), if and as such is then in effect, and also an outside director within the meaning of Section 162(m) of the Code.

Subject to the terms and conditions of the 2004 Plan, the compensation and option committee has authority to determine the employees and directors who are to be granted Options, the number of shares to be issued pursuant to such Options (within the limits of the 2004 Plan), to interpret the 2004 Plan and all Options and to administer the 2004 Plan.

Table of Contents

Amendment and Termination

The board of directors in its discretion may modify, revise or terminate the 2004 Plan. Any modification or revision would require the approval of the stockholders of the Company if required by applicable law or the rules of the Nasdaq Stock Market, and no modification, revision or termination of the 2004 Plan may, without approval by a majority of the stockholders, (i) change the aggregate number of shares of the Common Stock which may be issued under Options granted under the 2004 Plan, (ii) reduce the option price at which Options may be granted, or otherwise materially increase the benefits accruing to optionees under the 2004 Plan, (iii) change the class of persons eligible to receive Options or (iv) otherwise cause the 2004 Plan to fail to comply with the rules and regulations promulgated under Section 16(b) of the Exchange Act.

Term of the 2004 Plan

The 2004 Plan became effective as of February 24, 2004. No options will be exercisable or payable prior to approval of the proposed amendment to the plan by our stockholders for any shares over the 1,000,000 shares currently approved. Except with respect to options then outstanding, if not sooner terminated, the 2004 Plan will terminate on February 24, 2014, and no further options may be granted after such date.

Shares Subject to the 2004 Plan

The aggregate number of shares of Common Stock that may be issued under the 2004 Plan currently shall not exceed 1,000,000, subject to adjustment in the event of stock splits and certain other corporate events. See Adjustments to Shares below. If our stockholders approve the proposed amendment to the 2004 Plan, such number shall increase to 2,000,000 shares. To the extent shares cease to be issuable under an Option, such shares will be released from the Option and will be available under the 2004 Plan for the grant of additional Options. Such shares of Common Stock may be authorized but unissued shares or reacquired shares. Each share of Common Stock issued pursuant to the 2004 Plan will be fully paid and nonassessable.

Options

The compensation and option committee has the authority to grant Options that will be in such form as the compensation and option committee may from time to time approve subject to the terms of the 2004 Plan. The compensation and option committee also has the authority to determine whether Options granted to employees will be Incentive Stock Options or Nonqualified Options. The aggregate fair market value of Common Stock for which an optionee may be granted Incentive Stock Options during a calendar year is \$100,000. The compensation and option committee may, with the consent of the person or persons entitled to exercise an Option, amend an Option, except that no such amendment shall reduce the exercise price of any Option. The compensation and option committee may at any time or from time to time, in its discretion, extend the time during which an Option may be exercised after termination of employment or service as a director or accelerate the time or times at which such Option may be exercised to any earlier time or times.

To exercise an Option granted under the 2004 Plan, the person entitled to exercise the Option must deliver to the Company payment in full of the exercise price for the shares being purchased, together with any required withholding tax in the case of the exercise of a Nonqualified Option. The payment must either be in cash or check acceptable to the Company, through delivery to the Company of shares of Common Stock already owned by the person, by sale through a broker, or by any combination thereof. The value of each share of Common Stock delivered will be deemed to be equal to the per share closing price of the Common Stock on the Nasdaq Stock Market on the date of delivery of the notice requesting such exercise.

The price at which shares of Common Stock may be purchased upon the exercise of an Option shall be equal to (i) in the case of an Incentive Stock Option, the fair market value per share of Common Stock at the time of the grant based on the closing price of Common Stock on the Nasdaq Stock Market on the date of grant of such Option (ii) but in the case of a Nonqualified Option, 85% of such price.

The exercise price for Options shall be subject to appropriate adjustments in the event that the outstanding shares of Common Stock are changed into or exchanged for a different number or kind of shares or other securities by reason of merger, consolidation, recapitalization, reclassification, stock split, stock dividend, combination of shares or the like. The compensation and option committee shall provide, in the Option grant, the time or times at which the Options will be exercisable.

Table of Contents

No Option may be exercised later than the date which is ten years after the date of grant. The compensation and option committee may, in its discretion, provide in an option agreement (other than an Incentive Stock Option agreement) that the option right granted to the individual may be transferred as provided in such option agreement.

Change of Control

Upon the occurrence of a change of control (defined generally as certain acquisitions by a person, entity or group of 50% or more of the Company's outstanding Common Stock or 50% of the combined voting power of the then outstanding voting securities of the Company, or certain reorganizations, mergers, consolidations or liquidations), each Option that is not then immediately exercisable in full shall be immediately exercisable in full.

Amendment of an Option

Subject to the restrictions set forth in the 2004 Plan, the committee may amend any outstanding Option and may waive, amend or accelerate any requirement or condition to payment or exercise with respect to any Option. The Committee may not amend any outstanding Option in a manner that would adversely affect the rights of a 2004 Plan participant without such participant's consent.

Adjustments to Shares

In the event the outstanding shares of Common Stock are changed into or exchanged for a different number or kind of shares of the Company or other securities by reason of merger, consolidation, recapitalization, reclassification, stock split, stock dividend, combination of shares or the like, the compensation and option committee will make an appropriate and equitable adjustment in the number and kind of shares of Common Stock subject to the 2004 Plan (including shares of Common Stock as to which all outstanding Options, or portions thereof then unexercised, are exercisable) so that after such event the shares of Common Stock subject to the 2004 Plan and the proportionate interest of each Option will be maintained as before the occurrence of such event. Any such adjustment made by the compensation and option committee will be final and binding upon the Company and all other interested persons.

Options Granted

On February 18, 2009, the compensation and option committee granted options to Dr. Lammers in connection with his appointment as our president to purchase an aggregate of 300,000 shares of Common Stock under the 2004 Plan, of which 148,674 were in excess of the 1,000,000 shares authorized in the 2004 Plan. Such approval was subject to approval of the amendment to the 2004 Plan by the board of directors and stockholders. Such options were granted to Dr. Lammers at the fair market value of the Common Stock on the date of such grant of \$8.80. In the event that the Company's stock price is higher than that on the date of stockholder approval of the 2004 Plan, the Company will incur a charge to its income statement in the amount of the difference.

Federal Income Tax Consequences of the 2004 Plan

Federal income tax consequences relating to options under the 2004 Plan are summarized in the following discussion. This summary is not intended to be exhaustive, and, among other considerations, does not describe the deferred compensation provisions of Section 409A of the Internal Revenue Code, nor does it describe state, local or international tax consequences.

Status of Options

Options granted under the 2004 Plan may be either Incentive Stock Options or Nonqualified Options. Under certain circumstances, an Incentive Stock Option may be treated as a Nonqualified Option. The tax consequences both to the Optionee and to the Company differ depending on whether an Option is an Incentive Stock Option or a Nonqualified Option.

Nonqualified Options

No federal income tax is imposed on the Optionee upon the grant of a Nonqualified Option. Upon the exercise of a Nonqualified Option, the Optionee will be treated as receiving compensation, taxable as ordinary income in the year of exercise. The amount recognized as ordinary income upon exercise is the excess of the fair

Table of Contents

market value of the shares of Common Stock at the time of exercise over the exercise price paid for such Common Stock. At the time Common Stock received upon exercise of a Nonqualified Option is disposed of, any difference between the fair market value of the shares of Common Stock at the time of exercise and the amount realized on the disposition would be treated as capital gain or loss. The gain, if any, realized upon such a disposition will be treated as long-term or short-term capital gain, depending on the holding period of the shares of Common Stock. Any loss realized upon such a disposition will be treated as a long-term or short-term capital loss, depending on the holding period of the shares of Common Stock.

Upon an Optionee's exercise of a Nonqualified Option, and subject to the application of Section 162(m) of the Code as discussed below, the Company may claim a deduction for the compensation paid at the same time and in the same amount as compensation is treated as being received by the Optionee, assuming the Company satisfies the federal income tax reporting requirements with respect to such compensation. The Company is not entitled to any tax deduction in connection with a subsequent disposition by the Optionee of the shares of Common Stock.

Incentive Stock Options

No federal income tax is imposed on the Optionee upon the grant of an Incentive Stock Option. The Optionee would recognize no taxable income upon exercise of an Incentive Stock Option if the Optionee (a) does not dispose of the shares of Common Stock acquired pursuant to the exercise of an Incentive Stock Option within the later of two years from the date the Option was granted or within one year after the shares of Common Stock were transferred to the Optionee (the Holding Period) and (b) is an employee of either (i) the company granting the Option, (ii) the parent company or a subsidiary of such corporation or (iii) a corporation which has assumed such Option of another corporation as a result of a corporate reorganization, merger or similar transaction. Such employment must continue for the entire time from the date the Option was granted until three months before the date of exercise, or 12 months before the date of exercise if employment ceases due to permanent and total disability. If Common Stock received upon exercise of an Incentive Stock Option is disposed of after completion of the Holding Period, any difference between the exercise price paid for such Common Stock and the amount realized on the disposition would be treated as a capital gain or loss. The gain, if any, realized upon such a disposition will be treated as long-term capital gain. Any loss realized upon such a disposition will be treated as a long-term capital loss. The Company would not be entitled to any deduction in connection with the grant or exercise of the Option or the disposition of the shares of Common Stock so acquired.

If, however, an Optionee disposes of shares of Common Stock acquired pursuant to exercise of an Incentive Stock Option before the Holding Period has expired (a Disqualifying Disposition), the Optionee would generally be treated as having received, at the time of disposition, as ordinary taxable income equal to the difference between the exercise price and the fair market value of the underlying Common Stock at the time of exercise. Such ordinary income would generally be added to the stock's basis to determine the capital gain or loss that must be recognized on the Disqualifying Disposition.

Alternative Minimum Tax

Although the exercise of an Incentive Stock Option does not result in current taxable income, there are implications with regard to the Alternative Minimum Tax (AMT). The excess of the fair market value of shares of Common Stock acquired upon exercise of an Incentive Stock Option over the exercise price paid for such shares of Common Stock is an adjustment to AMT income for the Optionee's taxable year in which such exercise occurs (unless the shares of Common Stock are disposed of in the same taxable year and the amount realized is less than the fair market value of the shares on the date of exercise, in which event the amount included in AMT income will not exceed the amount realized on the disposition over the adjusted basis of the shares).

Withholding for Taxes

No issuance of Common Stock under the 2004 Plan shall be made until arrangements satisfactory to the Company have been made for the withholding of taxes.

The board of directors recommends that stockholders vote FOR approval of amending the 2004 Stock Option Plan, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

PROPOSAL NUMBER 3:

AMENDMENT TO 2000 NON-EMPLOYEE DIRECTORS STOCK OPTION PLAN

The board of directors has unanimously approved an amendment to our 2000 Non-Employee Directors Stock Option Plan, as amended (the 2000 Director Plan), which, if approved, will increase the number of shares of common stock that may be issued under the 2000 Director Plan by 500,000 shares and will extend the term of the 2000 Director Plan by nine years from its current expiration date of April 17, 2010 (the tenth anniversary of its adoption by the board) to April 17, 2019. At our annual meeting, the stockholders of the Company will be asked to approve such amendment to the 2000 Directors Plan.

The board of directors believes that the 2000 Director Plan has contributed to strengthening the incentive of participating directors to achieve the objectives of the Company and its stockholders by encouraging such persons to acquire a greater proprietary interest in the Company. The board of directors believes that additional shares must be reserved for use under such plan to enable the Company to attract and retain directors through the granting of options under the 2000 Director Plan.

A copy of the 2000 Director Plan is filed as Appendix B to our Definitive Proxy Statement filed on April, 26, 2000, a copy of the First Amendment thereto is filed as Exhibit 10.21 to our Form 10-K for the year ended December 31, 2000 and a copy of the Second Amendment thereto is filed as Exhibit 10.6 to our Form 10-K for the year ended December 31, 2002, and each is incorporated by reference. The following description of such plan is a summary and does not purport to be a complete description. All capitalized terms not defined herein have the meanings set forth in the 2000 Director Plan.

General

The purpose of the 2000 Director Plan is to promote the interests of the Company by providing our directors with a proprietary interest in the Company. The board of directors administers the plan, unless it delegates administration to a committee.

Shares Subject to 2000 Director Plan

The Company has reserved a total of 500,000 shares of Common Stock for issuance under the 2000 Director Plan. If our stockholders approve the proposed amendment to the 2000 Director Plan, such number shall increase to 1,000,000 shares. If an option holder does not purchase the shares under the option before the option expires or otherwise terminates, the shares that are not purchased again become available for issuance under the 2000 Director Plan.

Initial Grants

Each person who is either first elected or appointed as a non-employee director after adoption of the 2000 Director Plan, will automatically receive an option for 40,000 shares, effective on either the date the director first becomes a member of the board of directors.

Annual Grants

In addition, immediately after each subsequent annual meeting of stockholders, which began with the annual meeting in 2001, each non-employee director will automatically be granted an option to purchase 5,000 shares of Common Stock.

Chairman Grants

Any person who is subsequently elected or appointed as Chairman of the Board for the first time following adoption of the 2000 Director Plan will automatically be granted an option to purchase 10,000 shares of Common Stock. In addition, immediately after of each subsequent annual meeting of stockholders, which began with the annual meeting in 2001, the person who is the then Chairman of the Board will automatically be granted an option to purchase 10,000 shares of Common Stock. These grants to the Chairman of the Board will be in addition to initial

Table of Contents

and annual grants that the Chairman of the Board receives under the 2000 Director Plan in his capacity as a member of the board.

Director Fees

We will pay each non-employee director a certain fee payable in cash for each meeting of the board of directors or any committee of the board of directors at which he or she attends in person or telephonically. In lieu of accepting such fee in cash, such directors have the option to either (i) accept their fee in shares of our Common Stock valued at the closing price on the date of the meeting or (ii) accept an option to purchase shares of our Common Stock in an amount equal to two times the amount of such fee divided by such value of our Common Stock, for each meeting of the board of directors that they attend.

Vesting and Exercise Terms

Initial option grants under the 2000 Director Plan vest and become exercisable as to one-twelfth of the shares underlying such option on each quarter following the date of such grant over a period of three (3) years. Annual option grants, including the annual grant to the Chairman of the Board, vest and become exercisable as to one-twelfth of the shares underlying such option on each month following the grant. All options granted under the 2000 Director Plan have an exercise price equal to the fair market value of the Common Stock on the date of grant. All vested options granted under the 2000 Director Plan are exercisable for a two year period following a director's termination of service as a director, but not beyond the term thereof (ten years).

Effect of a Merger on Options

If the Company dissolves or liquidates, outstanding options will terminate immediately prior to the event. If the Company sells, leases or disposes of all or substantially all of its assets, or is acquired pursuant to a merger or consolidation, all outstanding options held by such option holder immediately will vest and become exercisable in full.

Options Granted

On September 29, 2008, the compensation and option committee granted options to purchase an aggregate of 25,582 shares of Common Stock under the 2000 Director Plan in excess of the original 500,000 shares, subject to approval of the amendment to the 2000 Director Plan by the board of directors and stockholders. The exercise price of such option granted to Mr. Lappe was \$6.08, the fair market value of the Common Stock on the date of such grant. In the event that the Company's stock price is higher than that on the date of stockholder approval of the 2000 Director Plan, the Company will incur a charge to its income statement in the amount of the difference.

The following table sets forth such grant to Mr. Lappe and additional amounts that will be received by or allocated to each of the following if such amendment to the 2000 Director Plan is approved by the stockholders:

Federal Income Tax Consequences of the 2000 Director Plan

General

A non-employee director will not recognize any taxable income at the time an option is granted. Ordinary income will be recognized by a non-employee director at the time of exercise in an amount equal to the excess of the fair market value of the shares of Common Stock received over the option price for such shares. The non-employee director will generally recognize a capital gain or loss upon a subsequent sale of the shares of Common Stock.

Deductibility

Upon a non-employee director's exercise of an option granted under the 2000 Director Plan, the Company may claim a deduction for compensation paid at the same time and in the same amount as ordinary income is recognized by the non-employee director.

The board of directors recommends that stockholders vote FOR approval of the amendment and restatement of the 2000 Non-Employee Directors Stock Option Plan, and proxies executed and returned will be so voted unless contrary instructing are indicted thereon.

Table of Contents**PROPOSAL NUMBER 4:****RATIFICATION AND APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The board of directors has appointed the firm of PricewaterhouseCoopers LLP as our independent registered public accounting firm to perform an integrated audit of our financial statements for the fiscal year ending December 31, 2009 and the effectiveness of our internal control over financial reporting as of December 31, 2009, subject to ratification by our stockholders. We anticipate that representatives of PricewaterhouseCoopers LLP will not be present at the annual meeting. However, we anticipate that representatives of PricewaterhouseCoopers LLP will be available telephonically and will have an opportunity to make a statement, if they desire to do so, and will also be available to respond to appropriate questions from stockholders attending the annual meeting.

Fees Paid to Registered Independent Public Accounting Firm

The following table sets forth the aggregate fees billed to us by our registered independent public accounting firm, PricewaterhouseCoopers LLP, for fiscal years ended December 31, 2008 and 2007 respectively:

	2008	2007
Audit Fees	\$224,000	\$278,000
Audit Related Fees		
Tax Fees	44,000	6,000
All Other Fees		
Total Fees	\$268,000	\$284,000

Audit fees for 2008 included \$48,000 for services related to our filing of a shelf registration statement and a public offering in October 2008. Audit fees for 2007 included \$111,000 for services related to our public offering completed in February 2007. The services provided under the caption **Tax Fees** for 2008 and 2007 relate to certain compliance related services and tax advice to us. The audit committee considered whether the provision of the services related to the shelf registration statement and those reflected under **Tax Fees** above might have affected PricewaterhouseCoopers independence with respect to their audit of our financial statements, and the audit committee believes that such services did not affect, and were compatible with, PricewaterhouseCoopers independence.

Audit Committee Pre-Approval Policies and Procedures

The audit committee's policy provides that our independent registered public accounting firm, or the Audit Firm, may provide only those services pre-approved by the audit committee or its designated subcommittee. The audit committee annually reviews and pre-approves the audit, review, attest and permitted non-audit services to be provided during the next audit cycle by the Audit Firm. To the extent practicable, at the same meeting the audit committee also reviews and approves a budget for each of such services. The term of any such pre-approval is for the period of the annual audit cycle, unless the audit committee specifically provides for a different period.

Services proposed to be provided by the Audit Firm that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the audit committee or its designated representative. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be pre-approved by the audit committee or its designated representative.

All requests or applications for the Audit Firm to provide services to us must be submitted to the audit committee or its designated representative by the Audit Firm and the chief financial officer. It is our policy that if any of our employees or any representative of the Audit Firm becomes aware that any services are being, or have been, provided by the Audit Firm to us without the requisite pre-approval, such individual must immediately notify the chief financial officer, who must promptly notify the chairman of the audit committee and appropriate members of senior management so that prompt action may be taken to the extent deemed necessary or advisable.

The audit committee may form and delegate to a subcommittee composed of one or more of its members, the authority to grant specific pre-approvals under its policy with respect to audit, review, attest and permitted non-audit

services, provided that any such grant of pre-approval shall be reported to the full audit committee no later

Table of Contents

than its next scheduled meeting. The audit committee may not delegate to management its responsibilities to pre-approve services performed by the Audit Firm.

The board of directors recommends that stockholders vote FOR ratification and approval of the appointment of PricewaterhouseCoopers LLP as our registered independent public accounting firm for the fiscal year ended December 31, 2009, and proxies executed and returned will be so voted unless contrary instructions are indicated thereon.

PROPOSALS OF STOCKHOLDERS

Proposals of stockholders to be presented at the annual meeting of stockholders to be held in 2010 must be received at the office of our Secretary no later than December 14, 2009 in order to be included in our proxy statement and form of proxy relating to that meeting.

Pursuant to our bylaws, a stockholder that intends to present business at the 2010 annual meeting and has not submitted such proposal by the date set forth above must notify our Secretary by March 31, 2010. If such notice is received after March 31, 2010, then the notice will be considered untimely, and we will not be required to present such business at the 2010 annual meeting.

All proposals must comply with applicable SEC regulations and our Restated Bylaws as amended from time to time.

FINANCIAL INFORMATION

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 is being furnished with this proxy statement to stockholders of record on the record date. The Form 10-K does not constitute a part of this proxy statement or the proxy solicitation material.
