PROXY STATEMENT

This proxy statement is solicited by the Board of Directors of Material Sciences Corporation (MSC, the Company, we, our, or us) and contains information related to the annual meeting of shareowners of the Company to be held on Thursday, June 24, 2010, beginning at 10:00 a.m. (CDT), at the Company's principal executive offices located at 2200 East Pratt Boulevard, Elk Grove Village, Illinois, 60007, and at any postponements or adjournments thereof. Directions to our facility may be obtained by telephoning (847) 718-8397. This proxy statement is being mailed on or about May 28, 2010, to all shareowners entitled to vote at the meeting.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, shareowners will act upon the matters outlined in the accompanying notice of annual meeting. In addition, management will report on our fiscal 2010 performance and respond to appropriate questions from shareowners.

Who is entitled to vote at the meeting?

Only shareowners of record at the close of business on May 7, 2010, the record date for the meeting, are entitled to receive notice of and to vote at the meeting. If you were a shareowner of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting or at any postponements or adjournments of the meeting.

What are the voting rights of the holders of our common stock?

Other than as described with respect to the election of directors, each outstanding share of our common stock will be entitled to one vote on each matter considered at the meeting. If one or more shareowners give notice before the voting at the meeting of their intention to cumulate their votes in the election of directors, all shareowners entitled to vote shall have the right to so cumulate their votes. We have not received such notice from a shareowner as of the date of this proxy statement but if such notice is given to us prior to the voting at the meeting, each holder of our common stock will be entitled, for each share held, to one vote for each director being elected and may cast all such votes for a single nominee (who has been nominated by the Board or in accordance with our By-Laws) or distribute such votes among two or more such nominees. If such notice is given, each executed proxy will grant the person or persons named therein discretionary authority to cumulate votes in connection with the election of directors, except no votes represented by such proxy may be voted for any nominee with respect to which authority to vote has been withheld on the proxy card or voting instruction card and except to the extent that specific instructions have been given on the proxy card or voting instruction card as to cumulative voting. In the event of cumulative voting, if voting authority is withheld from a particular nominee or nominees, votes will be cumulated in favor of the other nominees, and if different specific instructions are given, the

specific instructions will be followed.

Who can attend the meeting?

Shareowners as of the record date, or their duly appointed proxies, may attend the meeting. Registration will begin at 9:00 a.m., and seating will begin at 9:45 a.m. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and certain other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of your voting instruction card or brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

A majority of the outstanding shares of our common stock, represented in person or by proxy, shall constitute a quorum for the transaction of business at the meeting. The close of business on May 7, 2010, has been fixed as the record date for the determination of shareowners entitled to notice of and vote at the meeting. On that date, there were 12,905,229 shares of our common stock outstanding and entitled to vote.

Proxies received but marked as abstentions and broker non-votes will be counted for purposes of determining whether there is a quorum at the meeting. If there is not a quorum at the meeting, the shareowners entitled to vote at the meeting, whether present in person or by proxy, will only have the power to adjourn the meeting until such time as there is a quorum. The meeting may be reconvened without notice to shareowners, other than an announcement at the prior adjourned meeting, within 30 days after the record date and a quorum must be present at such reconvened meeting.

How do I vote?

If the shares of our common stock are held in your name, you can vote on matters to come before the meeting in two ways:

- by completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope; or
- by written ballot at the meeting.

Shareowners whose shares of our common stock are held in street name must either direct the record holder of their shares as to how to vote their shares of common stock or obtain a proxy from the record holder to vote at the meeting. Street name shareowners should check the voting instruction cards used by their brokers or nominees for specific instructions on methods of voting, including by telephone or using the Internet.

Your shares will be voted as you indicate. If you return the proxy card but you do not indicate your voting preferences, then the individuals named on the proxy card will vote your shares in accordance with the recommendations of the Board of Directors. The Board and management do not expect any additional matters to be presented at the annual meeting other than those outlined in the notice of the annual meeting. Should

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

any other matter presented for voting at the meeting, or at any adjournment or postponement thereof, requiring a vote of the shareowners arise, the proxy confers upon the person or persons named on the proxy card discretionary authority to vote the shares represented by such proxy on any such other matter in accordance with their best judgment. Such authority includes the discretionary authority of the person or persons named on the proxy card to cumulate votes so as to elect the maximum number of directors.

How can I change my vote?

If your shares are held in your name, you may revoke your proxy at any time before it is exercised by:

- filing with the Secretary of MSC a written notice of revocation;

- sending in another duly executed proxy bearing a later date; or
- attending the meeting and casting your vote in person.

If your shares are held in street name, you must contact your broker or nominee to revoke your proxy. In either case, your last vote will be the vote that is counted.

How do I vote my ESPP shares?

If you are one of our employees who participate in the MSC Employee Stock Purchase Plan (ESPP), your shares are registered in your name, and you should receive a proxy voting card for your ESPP shares. See *How do I vote?* section above.

What vote is required to approve each item?

Election of Directors. Directors will be elected by the vote of the holders of a majority of shares of common stock represented at the meeting in person or by proxy unless there is cumulative voting. If the vote is conducted by cumulative voting, then the seven nominees receiving the greatest number of votes shall be elected as directors. Shares of common stock as to which authority to vote for the election of one or more director nominees is withheld on the enclosed proxy or voting instruction card will not be counted in determining the number of shares necessary for approval if the vote is conducted by cumulative voting.

Other Items. For each other item, including the ratification of the appointment of Deloitte & Touche LLP, the affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy will be required for approval. Abstentions will be treated as being present and entitled to vote on the items and, therefore, will have the effect of votes against the proposal.

Effect of Broker Non-Votes. Brokers, banks or other nominees have discretionary authority to vote shares without instructions from beneficial owners on matters considered routine by the New York Stock Exchange, such as the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm; therefore, your shares may be voted on this matter if your shares are held in the name of a brokerage firm, even if you do not provide the brokerage firm with instructions. On non-routine matters, such as the election of directors, brokers, banks and nominees do not have discretion to vote shares without instructions from beneficial owners and thus are not entitled to vote on such proposals in the absence of such specific instructions, resulting in broker non-votes for those shares. Broker non-votes will not be counted for any purpose in determining whether a matter has been approved. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

The Board of Directors recommends a vote FOR the election of each of the director nominees listed above.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

How often did the Board meet in fiscal 2010?

The Board held 14 meetings, including 8 telephonic meetings, during fiscal 2010. Each current director attended at least 75% of the aggregate of total number of meetings of the Board and the total number of meetings of committees on which the director served that were held while the director was a member thereof during the last fiscal year.

What is the attendance policy for directors at our annual meeting?

All directors properly nominated for election at the meeting are expected to attend the annual meeting of shareowners. At the 2009 annual meeting of shareowners, all of the directors then nominated for election, were present either in person or telephonically.

Which of our directors are independent?

The Compensation, Organization and Corporate Governance Committee conducts an annual review of the independence of the members of the Board and its committees and reports its findings to the full Board. Six of MSC's seven current directors are non-employee directors. Only Mr. Nastas, our Chief Executive Officer, is not a non-employee director. Although the Board has not adopted categorical standards of materiality for independence purposes, information provided by the non-employee directors and MSC did not indicate any material transactions or relationships (e.g., commercial, industrial, banking, consulting, legal, accounting, charitable or familial) which would impair the independence of any of the non-employee directors. Based on the report of the Compensation, Organization and Corporate Governance Committee, the Board affirmatively determined that each of its non-employee directors nominated for election at the annual meeting are independent directors as that term is defined in the New York Stock Exchange rules (the NYSE Rules).

Which members of the Audit Committee meet the independence and financial literacy requirements for audit committee members?

All three current members of the Audit Committee meet the enhanced independence standards for audit committee members set forth in the NYSE Rules (which incorporate the standards set forth in the rules of the Securities and Exchange Commission). The Board has determined that Mr. McDonnell is an audit committee financial expert as that term is defined by Securities and Exchange Commission rules and has accounting and financial management expertise as required under NYSE Rules.

What committees has the Board established?

The Board's Audit Committee and Compensation, Organization and Corporate Governance Committee are each comprised of independent directors as that term is defined under NYSE Rules applicable to such committees' members. The Audit Committee is a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The following is a description of the members, responsibilities and the number of meetings of each of the Audit Committee and the Compensation, Organization and Corporate Governance Committee held in fiscal 2010:

Committee	Members	Primary Responsibilities	# of Meetings in Fiscal Year 2010
Audit	McDonnell (Chairperson) Reilly Schiano	- Assists the Board in its oversight of the Company's accounting, auditing and reporting practices. - Monitors the integrity of the Company's consolidated financial statements, the Company's compliance with legal and regulatory requirements and the effectiveness of the Company's system of internal controls. - Selects, evaluates, and, when appropriate, replaces the independent auditor, and pre-approves audit, internal control-related and permitted non-audit services. - Monitors the qualifications, independence and performance of the Company's internal and independent auditors.	9, including 4 telephonic
Compensation, Organization and Corporate Governance	Hohmann (Chairperson) Bernander Licavoli	- Determines the compensation of our executive officers and key employees. - Reviews and approves cash incentive compensation paid to key employees. - Reviews and makes recommendations to the Board regarding the Company's compensation and benefit plans and policies. - Reviews corporate practices relating to succession planning. - Identifies and recommends candidates for election to the Board. - Oversees the evaluation of the Board and management. - Approves our corporate governance principles and our Code of Business Ethics.	5, including 1 telephonic

The Compensation, Organization and Corporate Governance Committee has the power and authority to act as MSC's nominating committee. To the extent permitted by law, it may delegate its authority to perform functions related to compensation matters, although it has not elected to do so.

The Board has adopted written charters for each of the Audit and the Compensation, Organization and Corporate Governance Committees which set forth the roles and responsibilities of each committee. Those written charters are available on our website at www.matsci.com and are available to any shareowner in print upon request.

Does the Board have a lead director and does it hold executive sessions?

The Board of Directors approved the Corporate Governance Guidelines which designates the chairperson of the Compensation, Organization and Corporate Governance Committee as the lead director of the Board when our Chief Executive Officer also holds the position of Chairman of the Board. The lead director's primary responsibility is to preside over periodic executive sessions of the Board in which management directors and other members of management do not participate. The position of Chief Executive Officer and Chairman are not held by the same person. The Board established this leadership structure as a best practice in corporate governance. Accordingly, Mr. Reilly, as Non-Executive Chairman of the Board, presides over the executive sessions of the Board. Mr. Reilly was appointed as Non-Executive Chairman of the Board to serve a term ending on June 24, 2010, or until his earlier death, resignation or removal.

How can I communicate with the Board?

Interested parties, including shareowners, may communicate with the Board, Mr. Reilly, the lead director, the Chairman of the Audit Committee or the non-employee directors individually or as a group by writing to those individuals or the group at the following address: Material Sciences Corporation, 2200 East Pratt Boulevard, Elk Grove Village, Illinois 60007.

The Compensation, Organization and Corporate Governance Committee approved a process for handling letters received by MSC and addressed to the Board, the lead director, the Chairman of the Audit Committee or the non-employee directors as a group. Under that process, MSC's Secretary reviews all such correspondence and regularly forwards to the directors a summary of all such correspondence, together with copies of all such correspondence that, in the opinion of the Secretary, deals with the functions of the Board or committees thereof or that he otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by MSC that is addressed to members of the Board and request copies of such correspondence. There was no such correspondence received during fiscal 2010.

When reporting a concern, please supply sufficient information so that the matter may be addressed properly. Although you are encouraged to identify yourself to assist MSC in effectively addressing your concern, you may choose to remain anonymous, and MSC will use its reasonable efforts to protect your identity to the extent appropriate or permitted by law. Concerns relating to accounting, internal controls or auditing matters are promptly brought to the attention of the Audit Committee and handled in accordance with the procedures established by the Audit Committee with respect to such matters.

What is the Board's Role in Risk Oversight?

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

The Board is actively involved in overseeing the Company's risk management. Operational and strategic presentations by management to the Board include consideration of the challenges and risks to our business, and the Board and management actively engage in discussion on these topics. At least annually, the Board reviews management's short term business plans and long term strategic plans and the risks associated with carrying out those plans. The report for these reviews is compiled by senior management and approved by the Chief Executive Officer.

Each of our Board committees considers risk within its area of responsibility. Matters reviewed for risk include the following:

- The Compensation, Organization and Corporate Governance Committee oversees our compensation programs from the perspective of whether they encourage individuals to take unreasonable risks that could result in having a materially adverse affect on the Company. The Compensation, Organization and Corporate Governance Committee has reviewed and discussed with management the issues of risk as it relates to our compensation program and practices. Management and the Board have determined that the risks arising from these compensation programs are not reasonably likely to have a material adverse effect on the Company.
- We establish caps for our cash bonus at target which we believe also mitigates excessive risk taking. Even if the Company dramatically exceeds its operating targets, bonus payouts are limited. Conversely, our plan design has a floor on the bonus target so that profitability below a certain level does not permit bonus payouts.
- We have strict internal controls over the measurement and calculation of earnings and overall financial results designed to keep them from being susceptible to manipulation by any employee, including our executives.
- The Audit Committee oversees risks related to our financial statements, the financial reporting process, accounting and legal matters and oversees the internal audit function.
- The Audit Committee oversees financial risk and reviews at least annually the risk factors enunciated in our periodic reports that are filed with the SEC.
- The Committees discuss legal and compliance matters, and assess the adequacy of our risk-related internal controls. The Audit Committee also periodically requires management to address specific risk issues at its meetings. The Compensation, Organization and Corporate Governance Committee considers risk and structures our executive compensation programs with an eye to providing incentives to appropriately reward executives for growth without undue risk taking.
- The Company has established and communicated to its employees a Code of Business Conduct and has established an ethics hotline where employees can confidently and anonymously express any related concerns, including any internal financial reporting irregularities, they may have through a dedicated website or through a toll free number.

While the Board oversees risk management, Company management is charged with managing risk. Management is responsible for establishing and maintaining an adequate system of internal control over financial reporting and establishing controls to prevent or detect any unauthorized acquisition, use, or disposition of the Company's assets.

The Company has an Internal Audit Function that reports to the Audit Committee on a regular basis. The Internal Audit Function evaluates and tests the Company's network of risk management programs and reports the results to the Audit Committee. Corrective actions are taken as required. As part of the audit function, a formalized enterprise risk management program is incorporated into various risk assessment activities.

In addition to Board and other committee fees noted above, the Non-Executive Chairman of the Board receives an annual fee of \$75,000.

The Board adopted the 2006 Long-Term Incentive Plan for Non-Employee Directors effective March 1, 2005. The plan provides for phantom stock units (payable only in cash) to be granted to each non-employee director on March 1, June 1, September 1 and December 1 of each fiscal year. Each unit represents the number of shares of our common stock equal to the quotient of \$8,500 divided by the closing sale price of our common stock on the day preceding the grant date. Upon redemption, the director receives a cash amount equal to the number of shares of common stock represented by the unit multiplied by the average of the closing sales price of one share of our common stock for the 30 preceding trading days plus the amount of dividends declared on one share of our common stock since the date of grant.

Do we have Corporate Governance Guidelines?

We are committed to the highest standards of corporate governance. The Board has adopted a set of Corporate Governance Guidelines, which, among other things, sets forth the qualifications and other criteria for director nominees, as established by the Compensation, Organization and Corporate Governance Committee, and provides guidelines regarding the role of the Board and Board committees. The desired skills and experience for prospective Board members is described in more detail below under the caption Director Nominations to be Considered by the Board. Our Corporate Governance Guidelines are available on our website at www.matsci.com and are available in print to any shareowner who requests them.

Pursuant to our Corporate Governance Guidelines and to better align the interests of our shareowners with our directors and executive officers, we require each director and executive officer to hold a specified amount of our common stock (or options to acquire such common stock) pursuant to a directors and officers stock ownership program. Our Compensation, Organization and Corporate Governance Committee oversees this program and approves appropriate levels of required ownership.

Do we have a Code of Business Ethics?

All of our directors and employees, including our Chief Executive Officer and Chief Financial Officer, are required to abide by our Code of Business Ethics, which is in compliance with the requirements of the New York Stock Exchange and the Securities and Exchange Commission, to ensure that our business is conducted in a consistently legal and ethical manner. The Code of Business Ethics covers all areas of professional conduct, including employment policies, conflicts of interest, fair dealing, and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business. Our Code of Business Ethics is available on our website at www.matsci.com and is available in print to any shareholder who requests it.

RATIFICATION OF APPOINTMENT OF DELOITTE & TOUCHE LLP**(Item No. 2 On Proxy Or Voting Instruction Card)**

The Audit Committee has appointed Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 28, 2011, and has further directed that the Board submit the selection of the independent registered public accounting firm for ratification by the shareowners at the annual meeting.

Shareowner ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board is submitting the appointment of Deloitte & Touche LLP to the shareowners for ratification as a matter of good corporate practice. If the shareowners fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain the firm. If the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such an appointment would be in the best interests of MSC and its shareowners.

The Board of Directors recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

Fees Paid to Independent Auditors

The following table sets forth the amount of fees billed by Deloitte & Touche LLP, our independent registered public accounting firm, for the fiscal years ended February 28, 2010, and February 28, 2009.

	2010	2009
Audit	\$ 780,600	\$ 1,444,000
Tax	2,915	4,650
Total Fees	\$ 783,515	\$ 1,448,650

Audit Fees. This category includes the fees for professional services performed by Deloitte & Touche LLP for the audit of the Company's annual financial statements, reviews of the Company's interim financial statements included in the Company's Quarterly Reports on Form 10-Q, audit of internal controls over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002 (for fiscal 2009) and services that are normally provided by Deloitte & Touche LLP in connection with statutory and regulatory filings or engagements for both fiscal 2010 and fiscal 2009.

Tax Fees. Tax fees for fiscal 2010 and fiscal 2009 were for support for various tax compliance matters.

Pre-Approval of Services by Independent Registered Public Accounting Firm

The Audit Committee has adopted a pre-approval policy for the provision of audit, non-audit and internal control-related services by our independent registered public accounting firm. Pursuant to this policy, the Audit Committee approves on an annual basis all audit, non-audit and internal control-related services provided by our independent registered public accounting firm and all related fees. The Audit Committee chairperson or any other member of the Audit Committee can approve audit, non-audit and internal control-related services required in the absence of a quorum of the Audit Committee. The chairperson or members who approve such services must report, for informational purposes only, any such approved decisions to the Audit Committee at its next scheduled meeting. In limited and exceptional circumstances, MSC may engage our independent registered public accounting firm to perform non-audit services without pre-approval, so long as the aggregate amount of such services do not exceed \$10,000 (our threshold for the de minimis exception to the Securities and Exchange

Commission's pre-approval requirements applicable to audit-related, tax and all other permitted non-audit services), the services were not recognized as audit services at the time of the engagement and the services and fees are promptly brought to the attention of the Audit Committee and approved by either the Audit Committee, the Audit Committee Chairperson or any other members of the Audit Committee before completion of the non-audit services.

All fees paid to Deloitte & Touche LLP for services performed in fiscal 2010 were pre-approved in accordance with our pre-approval policy. In pre-approving the services generating fees in fiscal 2010, the Audit Committee did not rely on the de minimis exception. In making its recommendation to appoint Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending February 28, 2011, the Audit Committee determined that the non-audit services provided by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP.

Attendance of Independent Auditors at Annual Meeting

Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting, will have the opportunity to make a statement if they wish to do so and are expected to be available to respond to appropriate questions.

REPORT OF AUDIT COMMITTEE

Management is responsible for MSC's financial reporting process, including its internal accounting and financial controls, its disclosure controls and procedures, the internal audit function, and compliance with MSC's legal and ethics programs, as well as the preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States. MSC's independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of MSC's consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. The Audit Committee has relied on management's representation that the financial statements have been prepared with objectivity and in conformity with accounting principles generally accepted in the U.S. It has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. It is not the duty or responsibility of the Audit Committee to conduct auditing or accounting reviews or procedures. The Audit Committee's responsibility is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by MSC to shareowners, the Securities and Exchange Commission and others, monitoring MSC's financial reporting processes and internal control systems and retaining and overseeing MSC's independent auditor and internal auditors. A more complete description of the duties and responsibilities of the Audit Committee is set forth in its written charter adopted by the Board of Directors.

In overseeing the preparation of the financial statements of MSC, the Audit Committee met with management and Deloitte & Touche LLP and reviewed and discussed MSC's audited financial statements prior to their issuance and discussed significant accounting policies applied by MSC in its financial statements, as well as alternative treatments, if any.

The Audit Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the audit committee concerning independence, and has discussed with Deloitte & Touche LLP their independence. The Audit Committee has also reviewed the non-audit services provided by Deloitte & Touche LLP, and considered whether the provision of those services was compatible with maintaining the independence of Deloitte & Touche LLP.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements of MSC be included in its Annual Report on Form 10-K for the fiscal year ended February 28, 2010, and be filed with the Securities and Exchange Commission.

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

death or disability, or if the executive terminates his employment in the event of a constructive discharge, the executive will be entitled to receive severance in the amount of 1.0 times the sum of such executive's base salary and the amount awarded to the executive under the management incentive plan for the most recently completed fiscal year (the "Compensation Amount").

In the event that the Company terminates the executive's employment for any reason other than for cause, death or disability, or if the executive terminates his employment in the event of a termination by constructive discharge within 15 months of a change in control (CIC), then under the Severance Agreement, the executive will

be entitled to receive severance in the amount of 1.5 times such executive's Compensation Amount. In addition, all stock options or shares of restricted stock which are unvested immediately prior to a termination following a change in control shall become fully vested and remain exercisable for at least ninety days after change in control. The executives are also entitled to outplacement and other benefits under the Severance Agreements, and are subject to non-competition and non-solicitation covenants following termination for a period of two years.

The definitions of cause, change in control, constructive discharge and disability under the Severance Agreements are as follows:

Cause means, with respect to the Executive, one or more of the following: (i) the Executive's commission of a felony or other crime involving moral turpitude or the commission of any other act or omission involving dishonesty, disloyalty or fraud with respect to the Company or any of its Affiliates or any of their customers or suppliers, (ii) the Executive's reporting to work under the influence of alcohol or illegal drugs, the use of illegal drugs (whether or not at the workplace) or other conduct causing the Company or any of its Affiliates public disgrace or disrepute or economic harm, (iii) failure by the Executive to perform duties as reasonably directed by the Company officer or other employee to whom the Executive primarily reports (or, with respect to the Chief Executive Officer, the Board), (iv) any act or omission aiding or abetting a competitor, supplier or customer of the Company or any of its subsidiaries to the disadvantage or detriment of the Company and its Affiliates, (v) breach of fiduciary duty, negligence or misconduct with respect to the Company or any of its Affiliates, (vi) if the Executive is covered by an employment agreement with the Company or an Affiliate, any breach of such agreement which is not cured to the Company's Chief Executive Officer (or, with respect to such Chief Executive Officer, the Board) reasonable satisfaction within fifteen (15) days after written notice thereof to the Executive.

Change in Control means: (i) the acquisition by any Person or Persons acting in concert, of beneficial ownership (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than fifty percent (50%) of the outstanding stock of the Company (calculated as provided in paragraph (d) of Rule 13d-3 under the Exchange Act in the case of rights to acquire stock); or (ii) the consummation of (a) any consolidation or merger of the Company, other than a consolidation or merger of the Company in which holders of its stock immediately prior to the consolidation or merger hold proportionately at least a majority of the outstanding common stock of the continuing or surviving corporation; or (b) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all the assets of the Company (*Transfer Transaction*), except where (1) the Company owns all of the outstanding stock of the transferee entity or (2) the holders of the Company's common stock immediately prior to the Transfer Transaction own proportionately at least a majority of the outstanding stock of the transferee entity, immediately after the Transfer Transaction; or (c) any consolidation or merger of the Company where, after the consolidation or merger, one Person owns one hundred percent (100%) of the shares of stock of the Company (except where the holders of the Company's common stock immediately prior to such merger or consolidation own proportionately at least a majority of the outstanding stock of such Person immediately after such consolidation or merger).

Constructive Discharge means the occurrence, without the express written consent of the Executive, of any one of the following events: (i) the assignment to the Executive of any duties significantly inconsistent with the Executive's position and status with the Company or a substantial adverse alteration in the nature or status of the Executive's employment responsibilities from those in existence on the date hereof; (ii) the relocation of the Executive's office or job location to a location not within seventy-five miles (75) of the Executive's present office or job location, except for required travel on the Company's business to an extent substantially consistent with the Executive's present business travel obligations; (iii) the liquidation, dissolution, consolidation or merger of the Company, or transfer of all or substantially all of its assets, other than a transaction or series of transactions in which the resulting or surviving transferee entity assumes this Agreement and all obligations and undertakings hereunder by operation of law or otherwise, or (iv) a substantial reduction in the Executive's Compensation, other than a reduction that is part of an overall reduction in the Compensation of all officers of the Company. [For purposes of this Agreement, a substantial reduction in the Executive's Compensation shall be deemed to have occurred if, at any time during the term hereof, the Executive's Compensation is reduced below eighty-five percent (85%) of his Compensation as of the Effective Date]

An event shall not be considered a Constructive Discharge unless the Executive provides written notice to the Company specifying the event relied upon for Constructive Discharge within sixty (60) days after the occurrence of such event. Within thirty (30) days of receiving such written notice from the Executive, the Company may cure or cause to be cured the event upon which the Executive claims a Constructive Discharge and no Constructive Discharge shall have been considered to have occurred with respect to such event. The Company and the Executive, upon mutual written agreement, may waive any of the foregoing provisions which would otherwise constitute a Constructive Discharge.

Disability means a mental or physical illness that entitles the Executive to receive benefits under the long-term disability plan of the Company, or, if there is no such plan or the Executive is not covered by such a plan or the Executive is not an employee of the Company, a mental or physical illness that renders the Executive totally and permanently incapable of performing the Executive's duties for the Company, as determined by the Committee. Notwithstanding the foregoing, a Disability shall not qualify under this Plan if it is the result of (i) a willfully self-inflicted injury or willfully self-induced sickness; or (ii) an injury or disease contracted, suffered or incurred while participating in a criminal offence. The determination of Disability for purposes of this Plan shall not be construed to be an admission of disability for any other purpose.

Compensation Committee Interlocks and Insider Participation

None of Messrs. Hohmann, Bernander or Licavoli, the persons who served as members of the Compensation, Organization and Corporate Governance Committee during the last fiscal year, has ever been an officer or employee of ours or any of our subsidiaries or had any other relationship requiring disclosure herein.

Transactions with Related Persons

The Audit Committee is responsible for review of related person transactions between MSC and related persons and making a recommendation with respect to such related person transactions to the Board. A related person transaction is any transaction or series of transactions in which the Company or one of its subsidiaries is a participant, the amount involved exceeds the lesser of \$120,000 or 1% of the average of the Company's assets as of August 31, 2009 and August 31, 2008 and a related person has a direct or indirect material interest. Under Securities and Exchange Commission rules, a related person is a director, officer, nominee for director, or 5% stockholder of the company since the beginning of the last fiscal year and their immediate family members.

Our Code of Business Ethics, which contains certain provisions governing conflicts of interest and transactions between the Company and related parties, applies to each of our executive officers and directors. A related party under the Code is defined as an individual (or a business entity which that individual owns or is employed by) who is: (1) a current or former employee of MSC; (2) related by blood, marriage or cohabitation to a current or former employee of MSC; or (3) serves or has served as a director of MSC.

Our Corporate Governance Guidelines provide that it is the responsibility of each of our directors to advise the Chairperson of the Board of any affiliation with public or privately held businesses or enterprises that may create a potential conflict of interest, potential embarrassment to us or possible inconsistency with our policies or values. In addition, we annually solicit information from our directors and executive officers in order to monitor potential conflicts of interest and related party transactions. A nominee for director is also requested to provide us the forgoing information. It is the policy of the Board and of the Audit Committee to apply the standards set forth in our Code of Business Ethics and under applicable Securities and Exchange Commission rules and the NYSE Rules in reviewing related person transactions and determining whether or not such transactions are reasonable and fair to us.

Annually, MSC surveys our directors and executive officers for all potential conflicts of interest. The results of the survey are reported to the Audit Committee. The Audit Committee and the Company take such corrective action as is deemed necessary on a case-by-case basis.

In addition, please see the descriptions of our severance and change in control agreements under *Potential Payments Upon Termination or Change-In-Control* above.

OTHER MATTERS

Shareowner Proposals and Director Nominations for 2011 Annual Meeting of Shareowners

Proposals of shareowners intended to be presented at the 2011 Annual Meeting of Shareowners must be received by us no later than January 28, 2011, to be considered for inclusion in our proxy statement and form of proxy relating to that meeting. Such proposals should be addressed to Secretary, Material Sciences Corporation, 2200 East Pratt Boulevard, Elk Grove Village, Illinois 60007.

Under our By-Laws, shareowners may nominate directors or bring other business before our 2011 Annual Meeting of Shareowners by delivering notice to us (containing certain information specified in the By-Laws) no earlier than March 27, 2011, or later than April 26, 2011. Please note that these requirements are separate and apart from, and in addition to, the Securities and Exchange Commission's requirements that a shareowner must meet to have a shareowner proposal included in our proxy statement as discussed above. A copy of the full text of the provisions of the By-Laws discussed above may be obtained from our public filings with the Securities and Exchange Commission or by submitting a written request to the Secretary of MSC.

We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal or nomination that does not comply with these or other applicable requirements.

Director Nominations to be Considered by the Board

Nominations for the election of directors may be made at times other than at the annual meeting by the Board of Directors or by a shareowner entitled to vote generally in the election of directors. The Compensation, Organization and Corporate Governance Committee has the authority to retain a third party search firm to assist it in identifying potential director nominees who meet the criteria and priorities established from time to time and to facilitate the screening and nomination process for such nominees. For a nomination to be properly made by any shareowner and to be considered for recommendation by the Board to the shareowners and included in our proxy statement for the 2011 annual meeting, written notice of such shareowner's nomination must be given, either by personal delivery or by registered or certified United States mail, postage prepaid, to the Secretary of MSC (and must be received by the Secretary) no later than January 28, 2011. Such notice shall set forth: (1) the name and address of the shareowner making the nomination and of the person to be nominated; (2) the number of shares of common stock beneficially owned by that shareowner; (3) the name, age, business address and residence of the nominee; (4) the principal occupation or employment of the nominee; (5) the number of shares of common stock of MSC beneficially owned by the nominee; and (6) the written consent of the nominee to having such nominee's name placed in nomination at the meeting and to serve as a director if elected. In order for a shareowner nomination to be included in the proxy statement, the nominee must meet the selection criteria as determined from time to time by the Compensation, Organization and Corporate Governance Committee.

MSC evaluates director nominees recommended by shareowners in the same manner in which it evaluates other director nominees. The Compensation, Organization and Corporate Governance Committee has established selection criteria that identify desirable skills and experience for prospective Board members, including those properly nominated by shareowners, and address the issues of experience and personal attributes. In identifying candidates for positions on the Board, the Compensation, Organization and Corporate Governance Committee generally relies on suggestions and recommendations from members of the Board, management and stockholders. In 2008, the Company did not use any search firm or pay any fees to other third parties in connection with seeking or evaluating Board nominee candidates. The Board, with the assistance of the Compensation, Organization and Corporate Governance Committee, selects potential new Board members using the criteria and priorities established from time to time. Desired personal attributes for potential director nominees include: unquestioned personal integrity, loyalty to MSC and concern for its success and welfare, courage to criticize, application of sound business ethics and independent judgment, awareness of a directors' vital part in MSC's good corporate citizenship and the corporate image, time available for meetings and

consultation on MSC matters, independence and the absence of conflict of interests, wide contacts with business and political leaders, and willingness to assume responsibility on behalf of all shareowners to oversee the management of the enterprise.

Desired experience for potential director nominees include: high-level leadership experience in business or administrative activities with public companies, relevant ongoing business, governance or administrative activities, specialized expertise in relevant industries, breadth of knowledge about issues affecting MSC, and ability and willingness to contribute special competencies to Board activities.

When evaluating re-nomination of existing directors, the Compensation, Organization and Corporate Governance Committee also considers the nominees' past and ongoing effectiveness on the Board and, with the exception of Mr. Nastas, who is employed by the Company, their independence. The Compensation, Organization and Corporate Governance Committee believes that each of the director nominees for the 2010 Annual Meeting possesses these personal attributes and experiences.

As reflected in MSC's Corporate Governance Guidelines, the Board seeks a diverse group of candidates who possess the background, skills and expertise to make a significant contribution to the Board, to MSC and its shareowners. The Compensation, Organization and Corporate Governance Committee considers the diversity of candidates to ensure that the Board is comprised of individuals with a broad range of experiences and backgrounds who can contribute to the Board's overall effectiveness in carrying out its responsibilities.

The composition, skills and needs of the Board change over time and will be considered by the Board in establishing the desirable profile of candidates for any specific opening on the Board of Directors.

Solicitation of Proxies

We will bear the cost of this proxy solicitation. In addition to solicitation by mail, we will request banks, brokers, and other custodian nominees and fiduciaries to supply proxy material to the beneficial owners of our common stock of whom they have knowledge, and will reimburse them for their expenses in so doing. Some of our officers and other employees may solicit proxies personally, by telephone, by mail, facsimile transmission or other forms of electronic communication. Our officers and employees will not receive any additional compensation for such activities.

Additional Information

We will provide, without charge to each shareowner upon written request, a copy of our Annual Report on Form 10-K, including the financial statement schedules, for our most recent fiscal year and will provide copies of the exhibits to such Form 10-K upon payment of a reasonable fee which shall not exceed MSC's reasonable expenses in connection therewith.
