PROXY STATEMENT

General

This proxy statement is furnished in connection with the solicitation by our Board of Directors of proxies of shareholders for shares to be voted at the Annual Meeting of Shareholders to be held on Tuesday, May 20, 2003, and any and all adjournments thereof.

Any shareholder executing a proxy has the right to revoke it at any time prior to its exercise by giving notice to our Secretary.

This proxy statement and the accompanying proxy are being mailed or given to our shareholders on or about April 21, 2003.

VOTING SECURITIES

All shareholders of record as of the close of business on April 7, 2003, are entitled to vote at the Annual Meeting or any adjournment thereof upon the matters listed in the Notice of Annual Meeting. Each shareholder is entitled to one vote for each share held of record on that date. As of the close of business on April 7, 2003, a total of 140,121,504 shares of our common stock were outstanding.

Shares represented by a proxy will be voted according to the instructions, if any, given in the proxy. Unless otherwise instructed, the person or persons named in the proxy will vote:

FOR the election of the eight nominees for directors listed herein (or their substitutes in the event any of the nominees is unavailable for election);

FOR the adoption of a replacement 2003 Long-Term Incentive Plan and the reservation of 6,800,000 shares of common stock for issuance under the terms of the plan commencing in 2004; and

in their discretion with respect to such other business as properly may come before the Annual Meeting.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by us for the meeting. The number of shares represented at the meeting in person or by proxy will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote by the inspectors of election with respect to that matter.

We will bear the cost of soliciting proxies. Proxies may be solicited by directors, officers or regular employees in person or by telephone or telegram. We have retained Morrow & Company, Inc., New York, New York, to assist in the solicitation of proxies. Morrow & Company's charge will be \$8,000 plus out-of-pocket expenses.

COMPENSATION AND RELATED MATTERS

Proposed Replacement 2003 Long-Term Incentive Plan

The replacement 2003 Long-Term Incentive Plan is designed to update the long-term compensation practices of the Company, incorporate recent legislative requirements and keep the Company's compensation program competitive within the industry. The proposed replacement 2003 Long-Term Incentive Plan that shareholders will be voting on at this annual meeting is described below under Proposal No. 2. Hewitt Associates, a leading, independent executive compensation consulting firm, assisted us in the preparation of the proposed replacement plan and recommended it to the Board of Directors.

The discussion set forth below discusses our existing Executive Compensation Program, including the Long-Term Incentive Plan (the LTIP) pursuant to which we may annually grant long-term incentive performance shares and stock options to our executive officers. No long-term-incentive performance shares were awarded to any of our officers under the LTIP in 2001 or 2002. If such performance shares had been awarded in those years pursuant to the LTIP's provisions, their total values would have been approximately \$1.1 million in 2001 and \$1.2 million in 2002 for all of our officers as a group. Furthermore, other than a limited number of stock options granted in exchange for the cancellation of previously granted options as discussed below, no new stock options were granted to any of our officers under the LTIP in 2001 and only 75% of the maximum number of options to which the officers would have been entitled under the LTIP were granted in 2002. Consequently, our officers have not received significant long-term incentive opportunities that were originally intended to be afforded them. On March 11, 2003, the Board of Directors awarded a total of 1,240,000 restricted shares which will vest at the end of a three-year period after grant of such shares. Of such shares, 200,000 shares will be issued to our Chief Executive Officer, 125,000 shares will be issued to each of our three senior executive officers and between 70,000 to 85,000 shares will be issued to each of our five other executive officers. Previously authorized shares of common stock are available under the LTIP to effect such awards of restricted stock.

History and Objectives of the Company's Executive Compensation Program

Our existing Executive Compensation Program was designed to provide incentives to executive officers to meet short-term and long-term objectives and attract, retain and motivate key executives that significantly affect our performance. Officers of Coeur d'Alene Mines Corporation and its subsidiaries (currently totaling 13 persons) are eligible to participate in the program. Hewitt Associates, an independent consulting firm, has advised our Board of Directors, its Compensation Committee and our Chief Executive Officer regarding the program since 1989. Under the Executive Compensation Program, base salary and annual incentive are targeted at approximately the 50th percentile of that reported for other companies in the mining industry on a size-adjusted basis. The total compensation opportunity (including long-term incentive) is targeted at the 75th percentile, based on stated performance objectives. The program was originally approved by shareholders in 1989. Amendments to the program approved by shareholders in 1995 were designed to make us remain competitive with mining industry peer companies and to align even further the financial incentives of management with the shareholders' interests. We believe the Executive Compensation Program is structured to motivate the key executives to best serve the shareholders by conducting business in a manner that enhances shareholder value. The proposed changes in the replacement 2003 Long-Term Incentive Plan will further update and align executive compensation with shareholder value.

Compensation Committee

Our Executive Compensation Program is administered by the Compensation Committee of the Board of Directors, which is composed entirely of outside directors. The Committee works with Hewitt Associates and our Chief Executive Officer to assure that the program meets the objectives set forth above, and is consistent with other plans in the mining industry. In addition, the Compensation Committee meets annually to set executive compensation for the year, to review recommendations of the independent consultant and to recommend compensation changes to the Board of Directors. The selection of officers receiving grants of stock options and awards of stock under the program, and decisions concerning the timing, pricing and amount of

such grants and awards, are made by the Compensation Committee. The Board makes the final decision regarding all other elements of executive compensation, including executives' salaries.

Elements of the Program

The Executive Compensation Program consists of three basic elements: (i) base salary, (ii) annual incentive compensation, and (iii) long-term incentive compensation. The program is performance-based. For the year 2002, 50% of each executive's annual incentive compensation was determined by our company's overall financial performance relative to predetermined goals established by the Board of Directors, and the remaining 50% was determined by the executive's performance relative to their individual predetermined goals. Goals of the Chief Executive Officer are set and reviewed by the Compensation Committee, which makes recommendations to the Board of Directors. Goals of other executives are set by the Chief Executive Officer, reviewed by the Compensation Committee and approved by the Board of Directors. As stated above, other than certain options granted in exchange for the cancellation of previously granted options and the grant of 75% of the options to which officers would have been entitled under the LTIP, no long-term incentive compensation awards were made in 2002.

Compensation Program Summary

During 2002, Hewitt Associates reviewed executive compensation and the target levels. The compensation of our executive officers is also linked to our company's financial performance as well as the individual officer's performance. As more fully discussed below under Compensation Committee Report, annual incentive compensation awards under the Annual Incentive Plan (the "AIP") are based upon target award levels expressed as a percentage of base salaries, established at the beginning of each year for participating executives, and vary depending upon the individual's level of responsibility and impact on our company's overall performance. Commencing in 2001, 50% of the AIP target award value has been based on our financial performance as related to predetermined goals, and the remaining 50% by the individual executive's performance relative to individual predetermined goals.

The LTIP is based upon a four-year stock option performance period and a three-year performance share performance period. Long-term incentives include options granted under the LTIP and performance shares (payable in shares of common stock and cash after a three-year performance period) granted under our Long-Term Performance Share Plan (the "LTPSP"). Ordinarily, the exercise price of options granted under the LTIP is equal to the fair market value of the common stock on the date of grant of the options. The long-term compensation opportunities associated with options that vest at a rate of 25% a year and shares of common stock that are issued after a three-year period are directly related to the market value of our common stock. Long-term incentive awards paid under the LTPSP reward long-term shareholder value enhancement relative to industry competitors over a three-year performance period.

During the eight-year period from 1995 through 2002, a total of 2,857,000 shares of common stock were authorized for issuance under the Executive Compensation Program. As of April 7, 2003, 114,650 shares remained available to underlie awards to be granted in the future under the program.

The total annual incentive awards paid to our Chief Executive Officer and the other four highest paid executive officers employed at the end of the year were \$543,679 in 2002 compared to \$450,695 in 2001 and \$202,025 in 2000, and their total annual compensation was \$1,379,826 in 2002 compared to \$1,353,851 in 2001, and \$1,282,139 in 2000.

The following Summary Compensation Table sets forth the annual base salary, annual bonus (including cash and stock) and long-term incentive compensation (including stock awards, options granted and long-term incentive cash payments) earned by our Chief Executive Officer and the other four highest paid executive officers employed at the end of the year for services rendered during each of the last three years.

- (1) Annual incentive payments under the AIP are paid in cash and based on target award levels established by the Compensation Committee at the beginning of each annual performance period and vary depending upon each participant's responsibilities and base salary. Awards under the AIP are paid after the annual performance period and vary from 0% to 200% of the targets based on actual performance. During 2000 and 2001, 75% of the award value was based on our Company's overall financial performance and 25% was based on the participant's individual performance. During 2002, 50% of the award value was based on our company's overall financial performance and 50% was based on the participant's individual performance. Financial objectives underlying the measurement of our company's performance include both total asset growth and cash flow return on total assets. The amounts reported above for 2000 and 2001 were paid in May 2001 and March 2002, respectively. The amounts reported above for 2002 were paid in March 2003.
- (2) Does not report perquisites amounting to less than the lesser of \$50,000 or 10% of total salary and bonus.
- (3) Shares of common stock awarded under the LTPSP are issued upon completion of a three-year performance period after the date of grant. As stated above, no performance shares were awarded under the LTPSP in 2001 or 2002. Prior to 1993, the Executive Compensation Program provided for annual awards of restricted stock that vested over a four-year period. Commencing in 1993, awards have been paid in shares of common stock and cash in amounts that are not determinable until completion of a four-year award cycle. The aggregate number and market value (based on the \$1.92 per share closing price of the shares on the New York Stock Exchange on December 31, 2002) of the restricted shares of common stock granted pursuant to the LTPSP prior to 1993 and held by the above executive officers at December 31, 2002, were as follows: Dennis E. Wheeler 27,774 shares (\$53,326.08) and Robert Martinez 4,173 shares (\$8,012.06).
- (4) Reports the number of shares underlying nonqualified options and incentive stock options granted under the LTIP with respect to each of the respective years. Other than the grant of 75% of the options to which officers would have been entitled under the LTIP for 2002 and a limited number of stock options granted in exchange for the cancellation of previously granted options as discussed under Option Exchange Program 2001 and 2002 below, no new stock options were granted to any of our officers under the LTIP in 2001 and 2002.
- (5) Reports cash payouts (not awards) under the LTPSP. Payments are made under the LTPSP after the end of the three-year performance period after award. The above reported payments relate to awards made in 1999 and are based on the performance period ended December 31, 2002. No long-term incentive plan awards have been made under the LTPSP with respect to services rendered in 2001 or 2002.

- (6) Includes contributions to the Defined Contribution and 401(k) Retirement Plan (the Retirement Plan) and amounts credited to our Supplemental Retirement Plan prior to its termination. All full-time employees participate in the Retirement Plan. The amount of our annual contribution is determined annually by the Board of Directors and may not exceed 15% of the participants' aggregate compensation. However, for the years 2000, 2001 and 2002, the contribution was 5%. In addition, the Retirement Plan provides for an Employee Savings Plan which allows each employee to contribute up to 16% of compensation, subject to a maximum contribution of \$11,000. We contribute an amount equal to 50% of the first 6% of any such contributed amount. Accrued benefits under the Retirement Plan are fully vested after five years of employment. Retirement benefits under the Retirement Plan are based on a participant's investment fund account upon retirement, and the form of benefit payment elected by the participant. On December 6, 2002, our Board of Directors approved the termination of our Supplemental Retirement and Deferred Compensation Plan pursuant to which officers were entitled to defer up to 50% of their salary and 100% of the cash portion of awards under the AIP and LTPSP, effective December 31, 2002. The plan was terminated as an employee cost reduction program. In accordance with the terms of the plan, the account balances accrued at the time of termination of the plan were distributed to plan participants. Under the Supplemental Retirement Plan, an amount was accrued that equals the portion of the contribution to the Retirement Plan that is restricted due to restrictions under ERISA. In 2002, each of Messrs. Wheeler, Martinez, Krewedl and Burns were credited with company contributions of \$10,000 under the Retirement Plan. In 2002, Messrs. Wheeler, Martinez, Krewedl and Burns were credited with \$25,645.80, \$8,952.50, \$1,955.60 and \$3,789.65, respectively, pursuant to the Supplemental Retirement Plan. The amounts of all other compensation reported in the above table also include above-market interest earnings on deferred compensation that is accrued under our Supplemental Retirement Plan. Above-market interest earnings on deferred compensation is the excess of such interest over 120% of the applicable federal long-term interest rate, with compounding, as prescribed under the Internal Revenue Code. In 2002, the amounts of above-market interest earnings accrued for the benefit of Messrs. Wheeler, Martinez, Krewedl, Duff and Burns, amounted to \$4,489.52, \$439.99, \$51.43, \$72.72 and \$84.76, respectively.
- (7) Mr. Burns terminated his employment with us on January 10, 2003. Our employment agreement with his successor, James A. Sabala, is described under Employment Agreements below.
- (8) Mr. Duff terminated his employment with us on November 2, 2002, and continues to serve as an independent contractor. He received severance in the amount of \$87,786.96.

As reported to shareholders in the proxy statement relating to last year's Annual Meeting of Shareholders, the following Option Grants Table sets forth, for each of the named executive officers, information regarding individual grants of options granted under the LTIP in 2002 and their potential realizable values. Information regarding individual option grants includes the number of options granted, the percentage of total grants to employees represented by each grant, the per-share exercise price and the expiration date. The potential realizable value of the options are based on assumed annual 0%, 5% and 10% rates of stock price appreciation over the term of the option. Also set forth is the amount of the increases in the value of all of our outstanding shares of common stock that would be realized in the event of such annual rates of stock price appreciation. The reported grants consisted of (i) options amounting to 75% of the options to which officers would have been entitled in 2002; and (ii) options granted in connection with an option exchange program which was approved by the Board of Directors and its Compensation Committee on March 19, 2002, and was extended to the nine persons employed by us that held options that had been granted to them during 1998 and 1999. (See 2002 Option Exchange Program below.)

- (1) The options include nonqualified and incentive stock options that were fully-vested upon the date of grant.
- (2) Based on options for a total of 871,465 shares granted to thirteen persons, including the above five officers.
- (3) The exercise price is equal to the closing sale price of the common stock reported on the New York Stock Exchange on the date of grant of the option.
- (4) The potential realizable values shown in the columns are net of the option exercise price. These amounts assume annual compounded rates of stock price appreciation of 0%, 5%, and 10% from the date of grant to the option expiration date, a term of ten years. These rates have been set by the U.S. Securities and Exchange Commission and are not intended to forecast future appreciation, if any, of our common stock. Actual gains, if any, on stock option exercises are dependent on several factors including the future performance of our common stock, overall stock market conditions, and the optionee's continued employment through the vesting period. The amounts reflected in this table may not actually be realized.
- (5) Total dollar gains based on assumed annual rates of appreciation shown and the 140,121,504 shares of common stock outstanding on April 7, 2003.

Information in the above Options Grant Table relates to options granted during the year ended December 31, 2002.

The following aggregate Option Exercises and Year-End Option Value Table sets forth, for each of the named executive officers, information regarding the number and value of unexercised options at December 31, 2002. No options were exercised during 2002 by such persons.

Compensation Committee Report

The following description of our executive compensation practices and policies is presented on behalf of the Compensation Committee of our Board of Directors. The present members of the Committee are Cecil D. Andrus, John H. Robinson and Robert E. Mellor. The fundamental philosophy of our Executive Compensation Program is to offer competitive compensation opportunities based on the Company's performance and to a lesser extent, individual performance. Our Company and the Committee, at least annually, utilize the services of Hewitt Associates, a leading, independent executive compensation consulting firm, in connection with the implementation of the Executive Compensation Program. In addition, the Committee also receives information from other mining company compensation studies.

Compensation of our executive officers is reviewed annually by the Committee, which is comprised entirely of outside directors, and is directly linked to our financial performance comparisons with other companies in the mining industry and shareholder interests. Total

compensation opportunities are competitive with those offered by other employers in the precious metals mining industry on a size-adjusted basis. Annual base salaries are targeted at approximately the 50th percentile of such companies on a size-adjusted basis.

Annual incentive compensation awards under the AIP are based on target award levels, expressed as a percentage of base salaries, established at the beginning of each annual performance period for participating executives and vary (from 50% for the Chairman and CEO to lower amounts for other executives) depending upon the individual's level of responsibility and impact on overall Company performance. Specific individual and group objectives, reflecting the executive's responsibilities, are developed for each participating executive prior to the beginning of the year. Objectives for participants other than the Chairman and CEO are established for each participant by the CEO, and reviewed by the Compensation Committee. Individual objectives for the Chairman and CEO are established by the Committee and, for 2002, included objectives relating to our operations, management and growth. Accordingly, the Compensation Committee reviews the executive's performance relative to the predetermined goals and reports to the Board of Directors. In addition, financial objectives are established for the Company based on growth of total assets and cash flow return on total assets. Actual awards paid after the end of each annual performance period vary from the target awards based on the actual versus targeted performance objectives. In 2002, 50% of the target award value was based on financial performance of the Company and 50% was based on the individual performance of the participant. Awards vary from zero percent to 200 percent of the target awards. The total annual incentive awards paid to our Chief Executive Officer and the other four highest paid executive officers employed at the end of 2002 were \$543,679 compared to \$450,695 in 2001, and \$202,025 in 2000.

Other than the grant of 75% of the options to which officers would have been entitled under the LTIP for 2002 and a limited number of stock options granted in exchange for the cancellation of previously granted options, we made no long-term incentive awards under the Executive Compensation Program during 2001 or 2002. Previously, those awards consisted of stock options granted under the LTIP and performance shares awarded under the LTPSP. Of each long-term incentive awarded, 25% was allocated to stock options granted under the LTIP and 75% was allocated to performance shares awarded under the LTPSP.

Awards of stock options have been based on established percentages of base salary and vest cumulatively at a rate of 25% per year. The options expire ten years after the date of grant. Option exercise prices are equal to the fair market value of the common stock on the date of grant. As of April 7, 2003, nonqualified stock options and incentive stock options to purchase a total of 1,260,945 shares of common stock at an average exercise price of \$1.69 per share were outstanding.

Performance shares awarded under the LTPSP have been designed to award key executives for overall company performance over a three-year time period and to align the interests of such executives with those of shareholders by rewarding increases in shareholder value. In August 2000, the vesting period for future LTPSP awards was reduced from four to three years. Before each performance period begins, target awards, expressed as a percentage of base salaries, are established for each executive, with a target award level (varying from 150% for our Chairman/ CEO to lower amounts for other executives) for each participant depending upon the individual's level of responsibility and impact on overall total return to shareholders.

Actual LTPSP awards paid at the end of the performance period vary from the initial award target based on our company's actual total shareholder return relative to the total shareholder returns of a group of other comparable companies in the precious metals mining industry. The comparable companies are Apex Silver Mines Ltd., Bema Gold Corp., Cambior Inc., Echo Bay Mines Corp., First Silver Reserve, Inc., Glamis Gold Ltd., Hecla Mining Co., Kinross Gold Corp., Meridian Gold, Inc., Pan American Silver Corporation, TVX Gold, Inc. and Viceroy Resources Corp. Total shareholder return is the price of the common stock at the end of the year plus dividends during the year, divided by the market value of the common stock at the beginning of the year. Actual award payments may vary from zero percent to 150% of the target awards. Final awards under the LTPSP, which are not determinable until completion of the three-year performance period, are paid 60% in shares of common stock and 40% in cash.

The replacement 2003 Long-Term Incentive Plan is designed to update the long-term compensation practices of the Company, incorporate recent legislative requirements and keep the Company's compensation program competitive within the industry. The Plan permits the grant of Nonqualified Stock Options, Incentive Stock Options, Stock Appreciation Rights (SARs), Restricted Stock Units, Performance Shares, Performance Units, Cash-Based Awards and Stock-Based Awards.

Payments made in March 2003 under the AIP were based on 2002 performance. As stated above, 50% of an AIP award is based on the prior year's growth of our total assets and cash flow return on investment and 50% is based on individual performance measured against predetermined individual or group objectives. With respect to the individual performance portion of the March 2003 AIP award to our Chairman and CEO, the award was based on 2002 performance and reflected the following Company performance accomplishments in 2002:

the production of approximately 14.8 million ounces of silver in 2002, a 36% increase over 2001, and approximately 117,000 ounces of gold in 2002, a 22% increase over 2001;

the reduction in the cash cost of silver production to \$2.89 per ounce in 2002, compared to \$3.71 per ounce in 2001;

the \$66 million, or 45%, reduction in our convertible indebtedness as a result of our ongoing debt restructuring program and conversions of convertible notes which increased shareholders' equity and decreased future cash interest payments;

the commencement of production at the Cerro Bayo high-grade gold and silver mine in southern Chile in April 2002 and an increase ore reserves at that property by 18% to 8.3 million ounces of silver and by 12% to 137,000 ounces of gold;

the commencement of production at the Martha Mine in June 2002 and discovery of ore reserves at this property totaling 5.0 million ounces of silver and 4,000 ounces of gold;

the securing of operating permits for the Nevada Packard property located near the Rochester Mine that will allow the commencement of mining operations on this property in the first quarter of 2003;

the introduction of trackless mining at the Galena mine at Coeur Silver Valley that reduced the cash cost of production by 8% and increased silver production by 17.6% compared to 2001; and

the establishment of a \$9 million working capital facility, which was expanded to \$12 million in January 2003, with the Standard Bank of New York.

It should be noted that the above discussion of Company performance accomplishments arises in the context of executive compensation relating to the year ending December 31, 2002, and, therefore, does not include any discussion of company performance accomplishments during the current year which ends on December 31, 2003. Company performance accomplishments during 2003 will be discussed in next year's proxy statement.

Option Exchange Program 2001 and 2002

2002 Option Exchange Program. On March 19, 2002, the Compensation Committee and the Board of Directors approved an option exchange program that we extended to the nine persons employed by us that held options that had been granted to them during 1998 and 1999. The options entitled the holders to purchase an aggregate of 116,677 shares of our common stock at exercise prices ranging from \$4.8125 to \$6.1100 per share. The options were to expire ten years from the date of grant. The closing sale price of the common stock on the New York Stock Exchange on March 19, 2002, was \$1.23 per share. Pursuant to the option exchange program, on March 19, 2002, the nine persons were extended the right prior to March 31, 2002, to tender and have cancelled their options granted between 1998 and 1999 and have a new option granted in exchange therefore on October 2, 2002, (which is six months and one day after March 31, 2002). All of the nine persons exercised their right and new options exercisable for a ten-year period were granted to them on October 2, 2002, at an exercise price equal to \$1.63 per share, which was the market value of the common stock on that date. The option exchange program was instituted to provide incentives to optionees by making available options with more realistically priced exercise prices equal to the market value of the shares on the date of grant of the exchanged options. The Company was able to provide these incentives without increasing the

number of shares and potential dilution to shareholders under outstanding options. The following table sets forth information relating to the option exchange program for 2002.

2001 Option Exchange Program. On May 8, 2001, the Compensation Committee and the Board of Directors approved an option exchange program that the Company extended to the four persons employed by us that held fully-vested options that had been granted to them between 1992 and 1997. The options entitled the holders to purchase an aggregate of 268,861 shares of our common stock at exercise prices ranging from \$13.125 to \$20.875 per share. The options were to expire ten years from the date of grant. The closing sale price of the common stock on the New York Stock Exchange on May 8, 2001, was \$1.26 per share. Pursuant to the option exchange program, on May 15, 2001, the four persons were extended the right prior to June 15, 2001, to tender and have cancelled their options granted between 1992 and 1997 and have a new option

granted in exchange therefore on December 17, 2001, (which is six months and one day after June 15, 2001). Each of the four persons exercised their right and new, fully-vested options exercisable for a ten-year period were granted to them on December 17, 2001, at an exercise price equal of \$0.74 per share, which was the market value of the common stock on that date. The option exchange program was instituted to provide incentives to optionees by making available options with more realistically priced exercise prices equal to the market value of the shares on the date of grant of the repriced options. The Company was able to provide these incentives without increasing the number of shares and potential dilution to shareholders under outstanding options. The following option exchange table sets forth information relating to the option exchange program for 2001.

The plan was terminated as an employee cost reduction program. In accordance with the terms of the plan, the account balances accrued at the time of termination of the plan were distributed to plan participants. The following table sets forth the account balances of the officers named in the Summary Compensation Table and two other

Information relating to options granted to outside directors in January, 2002, was set forth in last year's proxy statement relating to the 2001 Annual Meeting of Shareholders. The following table sets forth information regarding options that were granted under the plan to non-employee directors on January 6, 2003:

Name of Outside Director	Amount of Foregone Director's Fees	Number of Shares Subject to Option*	Option Exercise Price Per Share**

* The number of shares is determined by dividing each outside director's foregone director's fee by the per-share value of an option using the Black-Scholes option valuation method.

** The option exercise price is equal to the average of the high and low prices of our common stock reported by the New York Stock Exchange on January 6, 2003, which was the date of grant.

Committee members receive no compensation for their services as Committee members.

Directors Retirement Plan

Pursuant to the Directors Retirement Plan, outside directors who have a minimum of five years of service are entitled to one year of retirement benefit for each year of service up to a maximum of ten years of retirement benefits. We have an employment agreement with Dennis E. Wheeler, Chairman of the Board and Chief Executive Officer, which provides for a three-year term of employment and which is automatically extended for one year on June 1 of each year unless terminated or modified by us by written notice. Mr. Wheeler's employment agreement, which calls for a base salary of \$500,000 each year plus annual incentive compensation, includes the same change in control provisions as those included in the executive change in control agreements described below, and in the event of his death, his employment agreement provides for the lump sum payment to his estate of an amount equal to his annual base salary at the time of his death.

We entered into an employment agreement on January 13, 2003, with James A. Sabala, pursuant to which he was employed as Executive Vice President and Chief Financial Officer for a two-year term commencing January 27, 2003, through January 27, 2005, in connection with the signing of which Mr. Sabala received \$100,000. The agreement is renewed from day to day so that the Company and Employee are at all times bound to this agreement for a period of two years. His agreement calls for a base salary of \$250,000 each year plus annual incentive compensation. Mr. Sabala's employment agreement includes the same change of control provisions as those included in the executive change in control agreements described below.

During 2002, and continuing from year-to-year thereafter unless terminated by us by written notice, the executive change in control agreements with a total of nine executive officers provide that certain benefits will be payable to the executives in the event of a change in control of us and the termination of the executive's employment within two years after such change in control for any reason other than for cause, disability, death, normal retirement or early retirement. The term "change in control" for purposes of the executive change in control agreements has the same meaning as that discussed above under "Change in Control Provisions."

The benefits payable to an executive in the event of a change in control and such termination of employment are:

the continued payment of the executive's full base salary at the rate in effect immediately prior to his or her termination of employment, as well as the short-term and long-term bonuses at 100% of the target

levels provided at the time of such termination under the AIP and LTPSP for the two years following such termination of employment;

the continued payment by us during that period of all medical, dental and long-term disability benefits under programs in which the executive was entitled to participate immediately prior to termination of employment;

acceleration of the exercisability and vesting of all outstanding stock options, restricted stock, performance plan awards and performance shares granted by us to the executive under the Executive Compensation Program; and

the granting to the executive of continued credit through the two-year period following termination of employment for purposes of determining the executive's retirement benefits under our Defined Contribution and 401(k) Retirement Plan.

Each executive change in control agreement provides that if the change in control payments provided thereunder would constitute a parachute payment, as defined in Section 280G of the Internal Revenue Code, the payment will be reduced to the largest amount that would result in no portion being subject to the excise tax imposed by, or the disallowance of a deduction under, certain provisions of the Code. Accordingly, the present value of such payment will generally be required to be less than three times the executive's average annual taxable compensation during the five-year period preceding the change in control.

PROPOSAL NO. 2

PROPOSED APPROVAL OF THE ADOPTION OF A REPLACEMENT 2003 LONG-TERM INCENTIVE PLAN AND THE RESERVATION OF 6,800,000 SHARES OF COMMON STOCK FOR ISSUANCE UNDER THE TERMS OF THIS PLAN.

Summary Description of the Replacement 2003 Long-Term Incentive Plan

Upon the recommendation of Hewitt Associates, one of the leading independent compensation consultants in the United States and Coeur's compensation consultant since 1989, a replacement 2003 Long-Term Incentive Plan has been recommended for approval and is designed to update the long-term compensation practices of the Company, incorporate recent legislative requirements and keep the Company's compensation program competitive within the industry.

The following summary of the terms of the 2003 Long-Term Incentive Plan (the Plan) is qualified in its entirety by reference to the text of the Plan, which is attached as Appendix A to this Proxy Statement. If approved by the Company's shareholders, the Plan will be effective as of the date of such approval.

Administration. The Plan will be administered by the Compensation Committee of the Board of Directors (the Committee).

Eligibility. Key employees of the Company and its subsidiaries are eligible to participate in the Plan.

Approximately 13 employees of the Company and its subsidiaries will currently be eligible to participate; however, because the Plan provides for broad discretion in selecting participants and in making awards, the total number of persons who will participate and the respective benefits to be accorded to them cannot be determined at this time.

Stock Available for Issuance Through the Plan. The Plan provides for a number of forms of stock-based compensation, as further described below. Up to 6,800,000 shares of the Company's common stock will be authorized for issuance through the Plan. The Plan permits 600,000 shares to be granted in the form of awards with an exercise price below fair market value of the underlying shares of common stock on the date of grant. The Plan permits the reuse or reissuance by the Plan of shares of common stock underlying cancelled, terminated, expired, forfeited, or lapsed awards of stock-based compensation.

Description of Awards Under the Plan. The Committee may award to eligible employees incentive and nonqualified stock options, stock appreciation rights, restricted stock, performance units, performance shares, cash-based awards, and stock-based awards. As separately described under Performance Measures, the Committee may also grant awards subject to satisfaction of specific performance goals. The forms of awards are described in greater detail below.

Stock Options. The Committee will have discretion to award incentive stock options (ISOs), which are intended to comply with Section 422 of the Internal Revenue Code (the Code), or nonqualified stock options (NQSOs), which are not intended to comply with Section 422 of the Code. Each option issued under the Plan must be exercised within a period of ten years from the date of grant. Subject to the specific terms of the Plan, the Committee will have discretion to set such additional limitations on option grants as it deems appropriate.

Options granted to participants under the Plan will expire at such times as the Committee determines at the time of the grant; provided, however, that no option will be exercisable later than ten years from the date of grant. Each option award agreement will set forth the extent to which the participant will have the right to exercise the option following termination of the participant's employment with the Company. The termination provisions will be determined within the discretion of the Committee, may not be uniform among all participants, and may reflect distinctions based on the reasons for termination of employment.

The Plan specifically states that options issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted option, without the prior approval of the Company's shareholders.

Upon the exercise of an option under the Plan, the option price is payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired shares having an aggregate fair market value at the time of exercise equal to the total option price (provided, however, if the Company is accounting for options using Accounting Principles Bulletin Opinion 25, the shares that are tendered must have been held by the participant for at least six months prior to their tender to satisfy the option price or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved by the Committee in its sole discretion at the time of grant and as set forth in the award agreement.

The Committee also may allow cashless exercises as permitted under the Federal Reserve Board's Regulation T, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

Stock Appreciation Rights (SARs). The Committee may grant SARs in tandem with stock options, freestanding and unrelated to options, or any combination of these vehicles. In any case, the form of payment of an SAR will be determined by the Committee at the time of grant, and may be in shares of common stock, cash, or a combination of the two. If granted other than in tandem, the Committee will determine the number of shares of common stock covered by and the exercise period for the SAR. Upon exercise of the SAR, the participant will receive an amount equal to the excess of the fair market value of one share of stock on the date of exercise over the exercise price, multiplied by the number of shares of stock covered by the SAR.

If an SAR is granted in tandem with an option, the exercise of the tandem SAR will require forfeiture of the related option (and when a share is purchased under the option, the tandem SAR shall similarly be cancelled). The Committee may limit the exercise period of a tandem SAR, except that the tandem SAR's exercise period may not exceed that of the related option.

The Plan specifically states that SARs issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted SAR, without the prior approval of the Company's shareholders.

Restricted Stock and Restricted Stock Units. The Committee will also be authorized to award shares of restricted common stock under the Plan upon such terms and conditions as it shall establish. The participants may be required to pay a purchase price for each share of restricted stock granted. The award agreement will

specify the period(s) of restriction, the number of shares of restricted common stock, and such other provisions as the Committee shall determine and/or restrictions under applicable federal or state securities laws. Although recipients may have the right to vote their restricted shares from the date of grant, they will not have the right to sell or otherwise transfer the shares during the applicable period of restriction or until earlier satisfaction of other conditions imposed by the Committee in its sole discretion. Participants holding restricted stock may also receive dividends on their shares of restricted stock and the Committee, in its discretion, will determine how such dividends on restricted shares are to be paid.

The Committee will also be authorized to award restricted stock units under the Plan upon such terms and conditions as it shall establish. Restricted stock units are similar to restricted stock and are subject to the same provisions listed above with respect to restricted stock, except that no shares are actually awarded to the participant on the date of grant, and participants holding restricted stock units will have no voting rights with respect to such units.

Each award agreement for restricted stock or restricted stock units will set forth the extent to which the participant will have the right to retain the restricted stock or restricted stock units following termination of the participant's employment with the Company. These provisions will be determined in the sole discretion of the Committee, need not be uniform among all shares of restricted stock issued or restricted stock units granted pursuant to the Plan, and may reflect distinctions based on reasons for termination of employment.

Performance Units and Performance Shares. The Committee will also have discretion to award performance units and performance shares under the Plan upon such terms and conditions as it shall establish. Performance units will have an initial value as determined by the Committee, while each performance share will have an initial value equal to the fair market value of one share of common stock of the Company on the date of grant. The payout on the number and value of the performance units and performance shares will be a function of the extent to which the corresponding performance goals are met.

Cash-Based Awards and Stock-Based Awards. The Committee will also have discretion to award cash-based and stock-based awards under the Plan upon such terms and conditions as it shall establish. Each cash-based or stock-based award shall have a value as may be determined by the Committee. The Committee may establish performance goals for such awards in its discretion and determine payout in its discretion.

Performance Measures. The Committee may grant awards under the Plan to eligible employees subject to the attainment of certain specified performance measures. The performance measures may include earnings per share (actual or targeted growth), economic value added (EVA), net income after capital costs, net income (before or after taxes), return measures (including, but not limited to, return on average assets, return on capital, return on equity, or cash-flow return measures), stock price (including, but not limited to, growth measures and total shareholder return), expense targets, margins, production levels, cash cost per ounce of production, EBITDA, capital budget targets, and budget target measures. The number of performance-based awards granted to any participant in any year is determined by the Committee in its sole discretion. Following the end of a performance period, the Committee shall determine the value of the performance-based awards granted for the period based on the attainment of the preestablished objective performance goals. The Committee shall also have discretion to reduce or increase the value of a performance-based award, except in the case of Covered Employees (defined below under Section 162(m)), in which case the Committee may only reduce such value.

Adjustment and Amendments. The Plan provides for appropriate adjustments in the number of shares of common stock subject to awards and available for future awards in the event of changes in outstanding common stock by reason of a merger, stock split, or certain other events.

Upon the occurrence of a change in control, unless otherwise specifically prohibited under applicable laws or by the rules and regulations of any governing governmental agencies or national securities exchanges, or unless the Committee determines otherwise in an award agreement:

All options and SARs will become immediately exercisable;

All restricted stock and restricted stock units granted will become fully vested;

The target payout opportunities attainable under all outstanding awards which are subject to achievement of any performance measures or other performance conditions will be deemed to have been earned as of the effective date of the change in control and paid out on a pro rata basis based on the length of time within the applicable performance period, if any, that has elapsed prior to the change in control. However, no such modification will adversely affect any outstanding awards without the affected holder's consent.

The Committee shall have the authority to make any modifications to awards as determined by the Committee to be appropriate before the effective date of a change in control.

A change in control of for the purposes of the Plan is deemed to occur in the event of:

an organization, group or person acquires beneficial ownership of our securities representing 35% or more of the combined voting power of our then outstanding securities;

a majority of the members of our Board of Directors during any two-year period is replaced by directors who are not nominated and approved by the Board;

a majority of the Board members is represented by, appointed by or affiliated with any organization, group or person whom the Board has determined is seeking to affect a change in control of the Company; or

we are combined with or acquired by another company and the Board determines, either before or after such event, that a change in control will or has occurred.

The Plan may be modified or amended by the Committee at any time and for any purpose which the Committee deems appropriate.

However, no such modification will adversely affect any outstanding awards without the affected holder's consent. No amendment of the Plan will occur without shareholder approval if such approval is required under Internal Revenue Service or Securities and Exchange Commission regulation, the rules of the New York Stock Exchange, or any applicable law.

Nontransferability. No derivative security (including, without limitation, options) granted pursuant to, and no right to payment under, the Plan shall be assignable or transferable by a participant except by will or by the laws of descent and distribution, and any option or similar right shall be exercisable during a participant's lifetime only by the participant or by the participant's guardian or legal representative. These limitations may be waived by the Committee, subject to restrictions imposed under the Securities and Exchange Commission's short-swing trading rules and federal tax requirements relating to incentive stock options.

Duration of the Plan. The Plan will remain in effect, subject to the right of the Committee or the Company's Board of Directors to amend or terminate the Plan at any time, until all shares subject to the Plan have been purchased or acquired according to the Plan's provisions.

Federal Income Tax Consequences

Options. With respect to options which qualify as ISOs, a Plan participant will not recognize income for federal income tax purposes at the time options are granted or exercised. If the participant disposes of shares acquired by exercise of an ISO either before the expiration of two years from the date the options are granted or within one year after the issuance of shares upon exercise of the ISO (the "holding periods"), the participant will recognize in the year of disposition: (a) ordinary income, to the extent that lesser of either (i) the fair market value of the shares on the date of option exercise, or (ii) the amount realized on disposition, exceeds the option price; and (b) capital gain, to the extent the amount realized on disposition exceeds the fair market value of the shares on the date of option exercise. If the shares are sold after expiration of the holding periods, the participant generally will recognize capital gain or loss equal to the difference between the amount realized on disposition and the option price.

With respect to NQSOs, the participant will recognize no income upon grant of the option and, upon exercise, will recognize ordinary income to the extent of the excess of the fair market value of the shares on the date of option exercise over the amount paid by the participant for the shares. Upon a subsequent

disposition of the shares received under the option, the participant generally will recognize capital gain or loss to the extent of the difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition.

SARs. The recipient of a grant of SARs will not realize taxable income and the Company will not be entitled to deduction with respect to such grant on the date of such grant. Upon the exercise of an SAR, the recipient will realize ordinary income, and the Company will be entitled to a corresponding deduction, equal to the amount of cash received.

Restricted Stock and Restricted Stock Units. A participant holding restricted stock will, at the time the shares vest, realize ordinary income in an amount equal to the fair market value of the shares and any cash received at the time of vesting, and the Company will be entitled to a corresponding deduction for federal income tax purposes. Dividends paid to the participant on the restricted stock during the restriction period will generally be ordinary income to the participant and deductible as such by the Company.

In general, the Company will receive an income tax deduction at the same time and in the same amount which is taxable to the employee as compensation, except as provided below under Section 162(m). To the extent a participant realizes capital gains, as described above, the Company will not be entitled to any deduction for federal income tax purposes.

A participant holding restricted stock units will not be taxed until those units are actually paid out (whether in the form of shares or cash), at which time, the participant will realize ordinary income in an amount equal to the fair market value of the units and any cash received at the time of payout, and the Company will be entitled to a corresponding deduction for federal income tax purposes. Dividends paid to the participant on the restricted stock units during the restriction period will generally be ordinary income to the participant and deductible as such by the Company.

In general, the Company will receive an income tax deduction at the same time and in the same amount which is taxable to the employee as compensation, except as provided below under Section 162(m).

Performance Units and Performance Shares. The recipient of a grant of performance units and/or performance shares will not realize taxable income and the Company will not be entitled to a deduction with respect to such grant on the date of such grant. Upon the payout of such award, the recipient will realize ordinary income and the Company will be entitled to a corresponding deduction, equal to the amount of cash received or the value of any stock received.

Cash-Based and Stock-Based Awards. The recipient of a grant of cash-based or stock-based awards will not realize taxable income and the Company will not be entitled to a deduction with respect to such grant on the date of such grant. Upon the payout of such award, the recipient will realize ordinary income and the Company will be entitled to a corresponding deduction, equal to the amount of cash received or the value of any stock received.

Section 162(m). Under Section 162(m) of the Code, compensation paid to executives in excess of \$1 million for any taxable year is not deductible unless an exemption from such rule exists. Compensation paid by the Company in excess of \$1 million for any taxable year to Covered Employees will generally be deductible by the Company or its affiliates for federal income tax purposes if it is based on the performance of the Company, is paid pursuant to a plan approved by shareholders of the Company, and meets certain other requirements. Generally, a Covered Employee under Section 162(m) means the chief executive officer and the four other highest-paid executive officers of the Company as of the last day of the taxable year.

It is presently anticipated that the Committee will at all times consist of outside directors as required for purposes of Section 162(m), and that the Committee will take the effect of Section 162(m) into consideration in structuring Plan awards.

New Plan Benefits

The benefits that will be received under the Plan by particular individuals or groups are not determinable at this time.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE IN FAVOR OF THE PROPOSED APPROVAL OF THE ADOPTION OF THE REPLACEMENT 2003 LONG-TERM INCENTIVE PLAN AND THE RESERVATION OF 6,800,000 SHARES OF COMMON STOCK FOR ISSUANCE UNDER THE TERMS OF THIS PLAN.

INDEPENDENT ACCOUNTANTS

On July 22, 2002, we advised the firm of Arthur Andersen LLP (AA) that it would no longer serve as our independent accounting firm. AA had served in that capacity since October 1999. Our determination reflected the fact that on June 15, 2002, the Securities and Exchange Commission announced that AA had informed the Commission that it will cease practicing before the Commission by August 31, 2002.

During the years ended December 31, 2000 and 2001, there were no disagreements between the Company and AA on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of AA, would have been referred to in their reports. AA's reports on the Company's financial statements for the years ended December 31, 2000 and 2001, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles, except that AA's report dated February 15, 2002, stated that the financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001, had been prepared assuming that the Company will continue as a going concern.

On July 22, 2002, we engaged the independent accounting firm of KPMG LLP (KPMG) to serve as our new auditing firm. The decision to engage KPMG was approved by the Audit Committee of our Board of Directors and the full Board. Shareholders are not being asked to ratify the selection by the Board of Directors and its Audit Committee of KPMG as our independent accountants for the current year because there is no requirement that such ratification be sought. We expect a representative of KPMG will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions concerning our financial statements.

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors, which currently consists of James J. Curran, James A. McClure and J. Kenneth Thompson, is governed by its charter. All the members of the Audit Committee are independent as defined in the listing standards of the New York Stock Exchange, which means that they have no relationship to the Company that may interfere with the exercise of their independence from our management. The Board of Directors believes that James J. Curran, Chairman of the Audit Committee, is an audit committee financial expert within the meaning of rules recently adopted by the Securities and Exchange Commission.

In March 2003, the Audit Committee revised its charter to reflect certain provisions included in the Sarbanes-Oxley Act that was enacted in July 2002 as well as certain rules adopted and proposed by the SEC thereunder, as well as certain proposed listing standards approved by the Board of Governors of the New York Stock Exchange and currently being reviewed by the SEC. A copy of the revised Audit Committee Charter is attached as Appendix B to this proxy statement.

The Audit Committee reviewed and discussed our audited financial statements for the year ended December 31, 2002, with management and our independent auditing firm, KPMG. In that connection, the Audit Committee discussed with KPMG the matters required to be discussed by Statement of Accounting Standards No. 61. SAS 61 requires an auditor to communicate certain matters relating to the conduct of an audit to the Audit Committee including:

methods used to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates;

any disagreements with management regarding the application of accounting principles, the basis for management's accounting estimates, the disclosures in the financial statements and the wording of the auditor's report;

the auditor's judgments about the quality, and not just the acceptability, of our accounting principles as applied in its financial reporting; and

the consistency of application of the accounting principles and underlying estimates and the clarity, consistency and completeness of the accounting information contained in the financial statements, including items that have a significant impact on the representational faithfulness, verifiability and neutrality of the accounting information.

KPMG reported to the Audit Committee that:

there were no disagreements with management,

it was not aware of any consultations about significant matters that management discussed with other auditors,

no major issues were discussed with management prior to its retention,

it received full cooperation and complete access to our books and records,

there was no fraud or likely illegal acts,

there were no significant internal control deficiencies, and

there were no known probable material misstatements in our interim reports.

In addition, the Audit Committee received from KPMG the written disclosures and the letter required by Independence Standards Board Statement No. 1 and discussed KPMG's independence with KPMG. Pursuant to ISB 1, KPMG:

disclosed to the Audit Committee all relationships between KPMG and its related entities that in KPMG's professional judgment may reasonably be thought to bear on independence, and

confirmed in the letter that, in its professional judgment, it is independent of the Company.

Based on the above-referenced review and discussions, the Audit Committee recommended to the Board of Directors that the financial statements be included in our Annual Report on Form 10-K for filing with the Securities and Exchange Commission. Reference is made to the Audit Committee's charter for additional information as to the responsibilities and activities of the Audit Committee.

ARTICLE 3.

ADMINISTRATION

3.1 *General.* The Committee shall be responsible for administering the Plan. The Committee may employ attorneys, consultants, accountants, and other persons, and the Committee, the Company, and its officers and Directors shall be entitled to rely upon the advice, opinions, or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee shall be final, conclusive, and binding upon the Participants, the Company, and all other interested parties.

3.2 *Authority of the Committee.* The Committee shall have full and exclusive discretionary power to interpret the terms and the intent of the Plan and to determine eligibility for Awards and to adopt such rules, regulations, and guidelines for administering the Plan as the Committee may deem necessary or proper. Such authority shall include, but not be limited to, selecting Award recipients, establishing all Award terms and conditions and, subject to Article 16, adopting modifications and amendments, or subplans to the Plan or any Award Agreement, including without limitation, any that are necessary to comply with the laws of the countries in which the Company, its Affiliates, and/or its Subsidiaries operate.

3.3 *Delegation.* The Committee may delegate to one or more of its members or to one or more officers of the Company, its Affiliates and/or its Subsidiaries, or to one or more agents or advisors such administrative duties as it may deem advisable, and the Committee or any person to whom it has delegated duties as aforesaid may employ one or more persons to render advice with respect to any responsibility the Committee or such person may have under the Plan. Except with respect to Awards to Insiders, the Committee may, by resolution, authorize one or more officers of the Company to do one or both of the following: (a) designate officers or Employees of the Company, its Affiliates, and/or its Subsidiaries to be recipients of Awards; and (b) determine the size of the Award; provided, however, that the resolution providing such authorization sets forth the total number of Awards such officer or officers may grant.

ARTICLE 4.

SHARES SUBJECT TO THE PLAN AND MAXIMUM AWARDS

4.1 *Number of Shares Available for Awards.* Subject to adjustment as provided in Section 4.2 herein, the number of Shares hereby reserved for issuance to Participants under the Plan shall be six million eight hundred thousand (6,800,000). The number of Shares that may be issued under the Plan for Awards other than Options granted with an Option Price equal to at least the FMV of a Share on the date of grant or Stock Appreciation Rights with a Grant Price equal to at least the FMV of a Share on the date of grant shall not exceed six hundred thousand (600,000) Shares. All of the reserved Shares may be used as ISOs. Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such Shares, are settled in cash in lieu of Shares, or are exchanged with the Committee's permission for Awards not involving Shares, shall be available again for grant under the Plan. Moreover, if the Option Price of any Option granted under the Plan or the tax withholding requirements with respect to any Award granted under the Plan are satisfied by tendering Shares to the Company (by either actual delivery or by attestation), or if an SAR is exercised, only the number of Shares issued, net of the Shares tendered, if any, will be deemed

delivered for purposes of determining the maximum number of Shares available for delivery under the Plan. The maximum number of Shares available for issuance under the Plan shall not be reduced to reflect any dividends or dividend equivalents that are reinvested into additional Shares or credited as additional Restricted Stock, Restricted Stock Units, Performance Shares, or Stock-Based Awards. In addition, the Committee, in its discretion, may establish any other appropriate methodology for calculating the number of Shares issued pursuant to the Plan. The Shares available for issuance under the Plan may be authorized and unissued Shares or treasury Shares.

Unless and until the Committee determines that an Award to a Covered Employee shall not be designed to qualify as Performance-Based Compensation, the following limits (Award Limits) shall apply to grants of such Awards under the Plan:

(a) *Options*. The maximum aggregate number of Shares that may be granted in the form of Options, pursuant to any Award granted in any one Fiscal Year to any one Participant shall be six hundred thousand (600,000).

(b) *SARs*. The maximum aggregate number of Shares that may be granted in the form of Stock Appreciation Rights, pursuant to any Award granted in any one Fiscal Year to any one Participant shall be six hundred thousand (600,000).

(c) *Restricted Stock/ Restricted Stock Units*. The maximum aggregate grant with respect to Awards of Restricted Stock/ Restricted Stock Units granted in any one Fiscal Year to any one Participant shall be six hundred thousand (600,000) Shares.

(d) *Performance Shares/ Performance Units*. The maximum aggregate Award of Performance Shares or Performance Units that a Participant may receive in any one Fiscal Year shall be six hundred thousand (600,000) Shares, or equal to the value of six hundred thousand (600,000) Shares determined as of the date of vesting or payout, as applicable.

(e) *Cash-Based Awards*. The maximum aggregate amount awarded or credited with respect to Cash-Based Awards to any one Participant in any one Fiscal Year may not exceed one million two hundred thousand dollars (\$1,200,000) determined as of the date of vesting or payout, as applicable.

(f) *Stock Awards*. The maximum aggregate grant with respect to Awards of Stock-Based Awards in any one Fiscal Year to any one Participant shall be six hundred thousand (600,000) Shares.

4.2 *Adjustments in Authorized Shares*. In the event of any corporate event or transaction (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, reverse stock split, split up, spin-off, or other distribution of stock or property of the Company, combination of securities, exchange of securities, dividend in kind, or other like change in capital structure or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in its sole discretion, in order to prevent dilution or enlargement of Participants' rights under the Plan, may substitute or adjust, in an equitable manner, as applicable, the number and kind of Shares that may be issued under the Plan, the number and kind of Shares subject to outstanding Awards, the Option Price or Grant Price applicable to outstanding Awards, the Award Limits, the limit on issuing Awards other than Options granted with an Option Price equal to at least the FMV of a Share on the date of grant or Stock Appreciation Rights with a Grant Price equal to at least the FMV of a Share on the date of grant, and other value determinations applicable to outstanding Awards.

Appropriate adjustments may also be made by the Committee in the terms of any Awards under the Plan to reflect such changes or distributions and to modify any other terms of outstanding Awards on an equitable basis, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan.

Subject to the provisions of Article 15 and any applicable law or regulatory requirement, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance,

assumption, substitution, or conversion of Awards under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization, upon such terms and conditions as it may deem appropriate. Additionally, the Committee may amend the Plan, or adopt supplements to the Plan, in such manner as it deems appropriate to provide for such issuance, assumption, substitution, or conversion, all without further action by the Company's shareholders.

ARTICLE 5.

ELIGIBILITY AND PARTICIPATION

5.1 *Eligibility.* Individuals eligible to participate in the Plan include all Employees.

5.2 *Actual Participation.* Subject to the provisions of the Plan, the Committee may from time to time, select from all eligible Employees, those to whom Awards shall be granted and shall determine the nature and amount of each Award.

ARTICLE 6.

STOCK OPTIONS

6.1 *Grant of Options.* Subject to the terms and provisions of the Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee. In addition, ISOs may not be granted following the ten (10) year anniversary of the Board's adoption of the Plan, which is May 20, 2003.

6.2 *Award Agreement.* Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of the Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or a NQSO.

6.3 *Option Price.* The Option Price for each grant of an Option under this Plan shall be determined by the Committee and shall be specified in the Award Agreement. The Option Price may include (but not be limited to) an Option Price based on one hundred percent (100%) of the FMV of the Shares on the date of grant, an Option Price that is either set at a discount or premium to the FMV of the Shares on the date of grant, or is indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion, however, if the Option is an ISO the Option Price must be at least equal to one hundred percent (100%) of the FMV of the Shares on the date of grant.

6.4 *Duration of Options.* Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for Options granted to Participants outside the United States, the Committee has the authority to grant Options that have a term greater than ten (10) years.

6.5 *Exercise of Options.* Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

6.6 *Payment.* Options granted under this Article 6 shall be exercised by the delivery of a written notice of exercise to the Company, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

The Option Price upon exercise of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate FMV at the time of exercise equal to the total Option Price (provided, however, if the Company is accounting for the Options using APB Opinion 25, the Shares that are tendered must have been held by the

Participant for at least six (6) months prior to their tender to satisfy the Option Price or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved by the Committee in its sole discretion at the time of grant and as set forth in the Award Agreement.

The Committee also may allow cashless exercise as permitted under the Federal Reserve Board's Regulation T, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

Subject to Section 6.7 and any governing rules or regulations, as soon as practicable after receipt of a written notification of exercise and full payment, the Company shall deliver to the Participant, Share certificates or evidence of book entry Shares, in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, requiring the Participant to hold the Shares acquired pursuant to exercise for a specified period of time, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Transferability of Options.

(a) *Incentive Stock Options.* No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

(b) *Nonqualified Stock Options.* Except as otherwise provided in a Participant's Award Agreement, no NQSO granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

6.10 Notification of Disqualifying Disposition. The Participant will notify the Company upon the disposition of Shares issued pursuant to the exercise of an ISO. The Company will use such information to determine whether a disqualifying disposition as described in Section 421(b) of the Code has occurred.

6.11 Prohibition on Repricing Without Shareholder Approval. Notwithstanding any provision in this Plan to the contrary, without the prior approval of the Company's shareholders, Options issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted Option.

ARTICLE 7.

STOCK APPRECIATION RIGHTS

7.1 Grant of SARs. Subject to the terms and conditions of the Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of the Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of the Plan, in determining the terms and conditions pertaining to such SARs.

The SAR Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement. The SAR Grant Price may include (but not be limited to) a Grant Price based on one hundred percent (100%) of the FMV of the Shares on the date of grant, a Grant Price that is either set at a discount or premium to the FMV of the Shares on the date of grant, or is indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

7.2 SAR Agreement. Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

7.3 Term of SAR. The term of an SAR granted under the Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for SARs granted to Participants outside the United States, the Committee has the authority to grant SARs that have a term greater than ten (10) years.

7.4 Exercise of Freestanding SARs. Freestanding SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon them.

7.5 Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the difference between the Option Price of the underlying ISO and the FMV of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised; and (c) the Tandem SAR may be exercised only when the FMV of the Shares subject to the ISO exceeds the Option Price of the ISO.

7.6 Payment of SAR Amount. Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (a) The difference between the FMV of a Share on the date of exercise over the Grant Price; by
- (b) The number of Shares with respect to which the SAR is exercised.

At the discretion of the Committee, the payment upon SAR exercise may be in cash, in Shares of equivalent value, in some combination thereof, or in any other manner approved by the Committee at its sole discretion. The Committee's determination regarding the form of SAR payout shall be set forth in the Award Agreement pertaining to the grant of the SAR.

7.7 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need

not be uniform among all SARs issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

7.8 Nontransferability of SARs. Except as otherwise provided in a Participant's Award Agreement, no SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, all SARs granted to a Participant under the Plan shall be exercisable during his or her lifetime only by such Participant.

7.9 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of an SAR granted pursuant to the Plan as it may deem advisable. This includes, but is not limited to, requiring the Participant to hold the Shares received upon exercise of an SAR for a specified period of time.

7.10 Substituting SARs. In the event the Company no longer uses APB Opinion 25 to account for equity compensation and is required to or elects to expense the cost of stock options pursuant to FAS 123 (or a successor standard), the Committee shall have the ability to substitute, without receiving Participant permission, SARs paid only in stock for outstanding Options; provided, the terms of the substituted stock SARs are the same as the terms for the stock options and the difference between the Fair Market Value of the underlying Shares and the Grant Price of the SARs is equivalent to the difference between the Fair Market Value of the underlying Shares and the Option Price of the Options. If this provision creates adverse accounting consequences for the Company as determined in the sole discretion of the Committee, it shall be considered null and void.

7.11 Prohibition on Repricing SARs Without Shareholder Approval. Notwithstanding any provision in this Plan to the contrary, without the prior approval of the Company's shareholders, SARs issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted SAR.

ARTICLE 8.

RESTRICTED STOCK AND RESTRICTED STOCK UNITS

8.1 Grant of Restricted Stock or Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock and/or Restricted Stock Units to Participants in such amounts, as the Committee shall determine. Restricted Stock Units shall be similar to Restricted Stock except that no Shares are actually awarded to the Participant on the date of grant.

8.2 Restricted Stock or Restricted Stock Unit Agreement. Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

8.3 Transferability. Except as provided in this Article 8, the Shares of Restricted Stock and/or Restricted Stock Units granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction established by the Committee and specified in the Award Agreement (and in the case of Restricted Stock Units until the date of delivery or other payment), or upon earlier satisfaction of any other conditions, as specified by the Committee, in its sole discretion, and set forth in the Award Agreement. All rights with respect to the Restricted Stock and/or Restricted Stock Units granted to a Participant under the Plan shall be available during his or her lifetime only to such Participant.

8.4 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock or each Restricted Stock Unit, restrictions based upon the achievement of specific

performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, restrictions under applicable federal or state securities laws, or any holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse, and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion shall determine.

8.5 Certificate Legend. In addition to any legends placed on certificates pursuant to Section 8.4 herein, each certificate representing Shares of Restricted Stock granted pursuant to the Plan may bear a legend such as the following:

The sale or other transfer of the shares of stock represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the Coeur d'Alene Mines Corporation 2003 Long-Term Incentive Plan, and in the associated Restricted Stock Award Agreement. A copy of the Plan and such Restricted Stock Award Agreement may be obtained from the Coeur d'Alene Mines Corporation.

8.6 Voting Rights. To the extent permitted or required by law, as determined by the Committee, Participants holding Shares of Restricted Stock granted hereunder may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.
