Item 1.01. Entry into a Material Definitive Agreement.

On May 3, 2006, the Board of Directors of CancerVax Corporation (the *Company*) approved a Third Amendment to Amended and Restated Employment Agreement with the Company (the *Amendment*) with David F. Hale, President and Chief Executive Officer of the Company. Pursuant to the Amendment, Mr. Hale's employment with the Company was terminated effective as of May 5, 2006, immediately following the consummation of the Company's merger with Micromet AG and, under the terms of the Amendment, such termination constituted a termination of employment without Cause following a Change in Control (as defined in the Amendment). Effective as of the date of termination, the vesting and/or exercisability of any outstanding unvested portion of Mr. Hale's stock awards, other than Mr. Hale's stock awards granted to him on March 20, 2006, was automatically accelerated on the date of termination. In addition, Mr. Hale received severance payments as follows: (1) on the date of termination, Mr. Hale received cash severance in an amount equal to \$227,200 and a number of fully-vested shares of the Company's common stock equal to (i) \$227,200, divided by (ii) the closing price of the Company's common stock on The Nasdaq National Market on the immediately preceding trading date (which was \$2.21), and (2) on January 1, 2007, Mr. Hale will receive cash severance in an amount equal to \$317,800 and a number of fully-vested shares of the Company's common stock equal to (i) \$250,200, divided by (ii) the closing price of the Company's common stock on The Nasdaq National Market on the immediately preceding trading date. Mr. Hale is also entitled to continued health benefits and life insurance coverage at the Company's expense for up to eighteen months and up to \$15,000 in outplacement services. The foregoing description of the Amendment does not purport to be complete and is qualified in its entirety by reference to the full text of the Amendment. A copy of the Amendment is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
