Forward-Looking Statements

Certain statements in this Annual Report on Form 10-K/A constitute forward-looking statements within the meaning of the Federal Private Securities Litigation Reform Act of 1995. While forward-looking statements sometimes are presented with numerical specificity, they are based on various assumptions made by management regarding future events over which we have little or no control. Forward-looking statements may be identified by words including anticipate, believe, estimate, expect and similar expressions. We caution readers that forward-looking statements, including without limitation, those relating to future business prospects, revenues, working capital, liquidity, and income, are subject to certain risks and uncertainties that would cause actual results to differ materially from those indicated in the forward-looking statements. Factors that could cause actual results to differ from forward-looking statements include the concentration of our revenues, risks involved in contracting with our customers, including the difficulty to accurately estimate costs when bidding on a contract and the occurrence of start-up costs prior to receiving revenues and contracts with fixed price provisions, potential conflicts of interest, difficulties we may have in attracting and retaining management, professional and administrative staff, fluctuation in quarterly results, our ability to generate new business, our ability to maintain an effective system of internal controls, risks related to acquisitions and our acquisition strategy, continued favorable banking relationships, the availability of capital to finance operations and planned growth and ability to make payments on outstanding indebtedness, weakened economic conditions, reduced end-user purchases relative to expectations, pricing pressures, excess and obsolete inventory, acts of terrorism, energy prices, risks related to competition and our ability to continue to perform efficiently on contracts, and other risks and factors identified from time to time in the reports we file with the SEC. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected.

Forward-looking statements are intended to apply only at the time they are made. Moreover, whether or not stated in connection with a forward-looking statement, we undertake no obligation to correct or update a forward-looking statement should we later become aware that it is not likely to be achieved. If we were to update or correct a forward-looking statement, investors and others should not conclude that we will make additional updates or corrections thereafter.

PART III**Item 10. Directors, Executive Officers and Corporate Governance**

Our bylaws, as amended, provide that we shall be managed by a Board of Directors consisting of between three and seven members, the precise number of directors to be fixed from time to time by resolution of the Board of Directors. The number of directors is currently fixed at seven. Each director is elected to serve until the next annual meeting of shareholders or until the election and qualification of his respective successor.

In accordance with the merger agreement pursuant to which we acquired Microserv, Inc., referred to as the merger agreement in this document, we agreed that the former shareholders of Microserv, Inc. shall have the right to nominate a director to our Board of Directors so long as such former shareholders collectively own greater than 50% of the number of shares of common stock issued to them pursuant to the merger agreement, referred to as the Microserv nominee in this document. As of June 30, 2007, the former shareholders of Microserv, Inc. collectively owned greater than 50% of the number of shares of common stock issued to them pursuant to the merger agreement. Business of the Form 10-K filed with the Securities and Exchange Commission, referred to as the SEC in this document, on July 10, 2007 and is incorporated herein by reference.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. We believe that all of the filing requirements were complied with by our officers and directors and by the other beneficial owners of more than 10% of our common stock except that Douglas H. Scurlock, Daniel R. Young, John M. Toups, Charles L. McNew, Hugh M. Foley and Joseph Sciacca each reported the grant of stock options late on a Form 4 and Douglas H. Reece, John H. Grover, Thomas L. It is also available in print to any shareholder on request to the Corporate Secretary at Halifax Corporation, 5250 Cherokee Avenue, Alexandria, VA 22312. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to, or waivers from, any provision of our Code of Business Conduct and Ethics by posting that information on our website.

Audit Committee

The Board of Directors has established a standing Audit Committee. The Audit Committee assists our Board of Directors in maintaining the integrity of our financial statements and financial reporting processes and systems of internal audit controls, and our compliance with legal and regulatory requirements. The Audit Committee reviews the scope of independent audits and assesses the results. The Audit Committee meets with management to consider the adequacy of the internal controls and the objectivity of financial reporting. The Audit Committee also meets with the independent auditors and with appropriate financial personnel concerning these matters. The Audit Committee selects, compensates, appoints and oversees our independent auditors. The independent auditors periodically meet alone with the Audit Committee and always have unrestricted access to the Audit Committee. The Audit Committee also approves related party transactions. The Audit Committee, which currently consists of Messrs. Toups (Chairman), Young and Hewitt, met nine (9) times in the fiscal year 2007. Our Board of Directors has determined that each of Messrs. Toups, Young and Hewitt are independent as defined in the applicable rules of the American Stock Exchange

Company Guide, referred to as the AMEX Company Guide in this document, and Rule 10A-3 of the Exchange Act and that Messrs. Toups and Young qualify as audit committee financial experts as defined under Item 407 of Regulation S-K.

Item 11. Executive Compensation

Compensation Discussion and Analysis

The following discussion and analysis of the compensation arrangements of our Chief Executive Officer, Chief Financial Officer and each of our three other most highly compensated officers whose total compensation exceeded \$100,000 in the fiscal year ended March 31, 2007, referred to as the named executive officers in this document, should be read together with the compensation tables and related disclosures set forth elsewhere in this document. This discussion contains forward looking statements that are based on our current plans and expectations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview of our Compensation Philosophy. Our overall compensation philosophy is to provide executive compensation packages that enable us to attract, retain and motivate executive officers to achieve our short-term and long-term business goals. Consistent with this philosophy, the following elements provide a framework for our executive compensation program: (i) competitive salary; (ii) bonus and award programs designed to reinforce desired performance metrics; and (iii) use of non-cash compensation to align the interests of our executives with those of our shareholders. The payment of cash compensation serves to reward our executive officers for attaining short term corporate goals and grants of options to purchase our common stock provide executive officers with long term incentive to continue achieving value added results for our shareholders.

Role of our Compensation Committee. Our executive compensation program is approved and monitored by the Compensation Committee of our Board of Directors. The members of the Compensation Committee are John Grover (chairman), John Toups and Thomas Hewitt, each of whom is an independent, non-employee director. The Compensation Committee maintains a practice of meeting prior to each regular Board of Directors meeting and generally holds a session to discuss the compensation of executive officers (without management present) at each regular board meeting.

Under the terms of its charter, the Compensation Committee is responsible for reviewing and approving compensation granted to our named executive officers, including our Chief Executive Officer; however, the independent directors of the Board of Directors make the final determination as to the compensation paid to the Chief Executive Officer. In particular, the Compensation Committee reviews and approves the following components of compensation for the named executive officers:

annual base salary;

cash bonuses, including specific goals and amounts;

other equity compensation;

employment agreements, severance arrangements and change of control agreements/provisions, as applicable;

signing bonus or payment of relocation costs for new hires; and

any other material benefits or compensation or arrangements.

The Compensation Committee serves as the administrator for our 2005 Stock Option and Stock Incentive Plan. All option grants, including grants to named executive officers, are approved by the Compensation Committee.

In addition, the Compensation Committee has the authority to retain its own compensation consultant, review and assess the annual incentive plans for our executives, provide feedback regarding proposed employment agreements with our named executive officers and obtain advice and assistance from internal or external legal, accounting or other advisors, as needed.

Executive Compensation Program. Our performance-oriented compensation program consists of a base salary, annual cash bonuses, long-term equity incentives (including stock and option awards), benefits (including health and dental plans, life insurance, disability benefits and a 401(k) plan) and severance and termination protection. We believe that appropriately balancing the total compensation package and ensuring the viability of each component of the package is necessary in order to provide market-competitive compensation and to attract and retain talent. As a small public company, we also try to optimize the mix of components to make such compensation programs cost effective.

The Compensation Committee evaluates each executive officer annually, focusing on the individual's ability to meet performance objectives and his ability to achieve certain company goals. Following this analysis, the Compensation Committee establishes a basis for the pay levels of the executive officers for the new fiscal year. Our Chief Executive Officer assists in this process by offering salary recommendations to the Compensation Committee for executive officers, other than himself. Total compensation for our executive officers may vary significantly from year-to-year based on company and individual performance. Further, the value of equity-based awards to our executives will vary in value based on our stock price performance over time.

The following is a more detailed explanation of the primary components of our executive compensation program.

Base Salary. Base salary is primarily determined by competitive benchmarking and individual job performance. Base salaries for executive officers are reviewed at least annually. In each case, we take into account the results achieved by the executive, his or her future potential, scope of responsibilities, business experience and competitive salary practices. We do not apply specific formulas to determine annual pay increases, if any, and attempt to make decisions regarding changes in base salary in the context of other short-term and long-term compensation components. Approved increases in base salary are generally effective on the first of the month following our annual shareholders meeting each year.

Relative to the fiscal year ended March 31, 2007, we anticipate an approximately 5% to 7% increase in the base salary of our named executive officers, excluding Mr. Reece, for the 2008 fiscal year. Mr. Reece will continue to receive previous base salary and other incentivized compensation based on our ability to reach established revenue targets.

Cash Bonuses. Our named executive officers are eligible for our Senior Management Cash Bonus Plan. In general, this plan provides cash bonuses to executive officers upon the attainment of objectives directly related to our performance against the budget, which are parallel with the interests of our shareholders.

At the start of each fiscal year, the Compensation Committee works directly with our Chief Executive Officer to define specific performance goals for each executive officer, which constitute the basis for each executive's performance objectives under the plan. This process is an integral part of our culture and is intended to reinforce our collaborative, team-oriented and performance-driven environment. In addition, the cash bonuses are designed to reward our executive officers for the attainment of short term corporate goals.

During our fiscal year ended March 31, 2007, we did not attain our budgeted goals and, as a result, the executive officers did not receive any cash bonus compensation. In fiscal year 2008, annual bonus opportunities for our named executive officers may range from 15% to 25% of base salary. In addition, the Compensation Committee may add qualitative components to the Senior Management Cash Bonus Plan. In such case, the weight given to each quantitative and qualitative component used to evaluate the named executive officers will be determined by the Compensation Committee. The Compensation Committee may also decide to make any qualitative performance-based bonus contingent on the achievement of certain quantitative goals. This measure would prevent executive's from receiving cash bonuses based on qualitative performance in the event that we did not achieve preestablished revenue and earnings targets.

Long Term Equity Incentives - Stock Options. Consistent with our compensation philosophy, a portion of our compensation program is based on our long-term performance and the price of our common stock. This component consists of options to purchase our common stock. Similar to base salary increases, stock options are also granted to address promotions and significant changes in responsibility. The Compensation Committee does not utilize a specific formula as the basis for granting awards under our stock incentive plans.

Stock options are granted at exercise prices equal to the fair market value (i.e., the closing price) of our stock on the date of grant. Accordingly, stock options will only result in compensation to the executive officer to the extent our stock price increases during the applicable term of the option. Employee stock options previously granted under our 2005 Stock Option and Stock Incentive Plan typically vested over five annual installments, 20% each year on the anniversary of the date of grant.

Although stock options are expensed on and negatively impact our net operating results, we believe that long-term equity-based compensation is a critical element of our overall compensation program because it helps focus our executives on our long-term financial goals and operational performance and also aligns the interests of our executives with those of our shareholders. The potential financial value offered through such options is also an important retention tool.

We attempt to award stock options in a manner that we believe is competitive in the industry and in relation to the particular job function of the executive officer. The Compensation Committee, however, has the ability to award a significantly greater number of stock options if it deems such award to be in the best interests of the Company and our shareholders.

The Compensation Committee seeks to avoid granting stock options under the 2005 Stock Option and Stock Incentive Plan when our directors and executive officers are aware of material non-public information that reasonably may be perceived to impact the market price of our common stock or around the time that such information is released. With that said, grants of stock options for employees and directors, including executive officers, are generally awarded at the first regular meeting of the Compensation Committee following the annual shareholder meeting. All other option awards are made at regularly scheduled Compensation Committee meetings. The Compensation Committee's meetings are scheduled to coincide with established Board of Director meetings. Thus, the proximity of any stock option issuance to an earnings announcement or other market event is coincidental.

Benefits. In general, our practice is to provide commensurate benefits to employees at all levels of our organization. Consistent with this practice, the following is a list of the primary benefits provided to our employees, including our executive officers:

- Health and dental plans, including, at the employee's option, Flexible Spending Accounts and/or a Health Savings Account. In the event that an employee elects to participate in a Health Savings Account, we contribute up to \$2,500 to the employee's Health Savings Account annually;

- Term life insurance and optional supplemental life insurance;

- Optional supplemental health coverage;

- Short and long-term disability benefits;

- 401(k) plan, including a company match of 50% of employee contributions up to 1% of the employee's total cash compensation; and

- Paid time off and holidays.

We believe that these benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

Additionally, we provide our Chief Executive Officer with an automobile and compensate him for related operating expenses.

Termination and Severance Benefits. We have entered into termination/separation agreements with all of our named executive officers other than our Chief Executive Officer, Mr. McNew. The agreements are intended to provide the executives with compensation when their jobs are eliminated for business or economic reasons. For a more detailed discussion of the agreements, see Potential Payments Upon Termination or Change-in-Control Termination/Separation Agreements with Mr. Sciacca, Mr. Foley and Mr. Reece.

We have agreed to provide Mr. McNew with severance benefits upon certain separations of his employment in accordance with an Executive Severance Agreement. Mr. McNew is entitled to severance benefits if (i) his employment is terminated by us for any reason other than cause or in connection with his death, disability,

resignation or retirement, or (ii), under certain circumstances, his employment is terminated in connection with a change of control disposition. For a further discussion regarding the termination situations entitling Mr. McNew to severance benefits, see Potential Payments Upon Termination or Change-in-Control Severance Agreement with Mr. McNew.

With regard to the change of control provision, the benefits that may be paid in case of a change of control disposition are based on a double trigger, that is, a defined change of control plus a termination of the executive's employment. We believe that the double trigger is appropriate because it limits the ability of the executive to receive a payment upon a change of control to those situations involving a hostile change of control event that results in the termination of the executive's employment.

In all, the severance benefits were designed to provide Mr. McNew with a certain measure of job security and protection against termination without cause and termination or loss of employment through no fault of Mr. McNew. For more details on these benefits, see Potential Payments Upon Termination or Change-in-Control Severance Agreement with Mr. McNew.

Competitive Market Review and Future Trends. We attempt to align our overall executive compensation with other publicly-traded peer companies who share similar characteristics. Due to our product and service offerings, our peer group includes a broad range of technology and growth companies with whom we compete for executive talent. In general, we consider peer companies based on industry focus, market capitalization, revenue, net income/loss and geographic proximity. Data on compensation practices at such companies has historically been gathered through searches of publicly-available information, including subscription databases and Securities and Exchange Commission filings. We use such information primarily to help guide decisions on base salary, target bonuses and equity-based awards.

In general, we believe that base salary should be targeted at the median (or 50th percentile) of base salary of comparable positions at comparable companies in our peer group. We attempt to set total cash compensation at approximately the 60th percentile of total cash compensation of comparable positions at comparable companies in our peer group. Nevertheless, in determining base salary and total cash compensation we also consider other factors such as job performance, skill set, prior experience, seniority, pay levels of similarly situated positions within the company, retention and market conditions generally.

We intend to continue our strategy of paying competitive short-term cash compensation and offering long-term incentives through equity-based compensation programs that align individual compensation with corporate financial performance. We believe that our total compensation package is consistent with the market in the aggregate. We also believe that, in light of our compensation philosophy, total compensation for our executives should continue to consist of base salary, annual cash bonus awards, long-term equity based compensation and certain other benefits.

We anticipate that the competitive posture of our total compensation will vary year-to-year as a result of our performance, as well as the performance of our peer group companies and the market as a whole. Accordingly, the magnitude and weighting of different compensation components will likely evolve as we grow and continue closer to achieving profitability. As of the date of this document, we do not intend to enter into additional employment agreements.

Accounting and Tax Considerations. Our issuance of stock options is impacted by the implementation of Statement of Financial Accounting Standard No. 123R, Share-Based Payment, referred to as SFAS No. 123R in this document, which we adopted April 1, 2006. Under this accounting standard, we are required to value unvested stock options, from both prior and current years, under the fair value method and expense those amounts in the income statement over the stock option's remaining vesting period. During fiscal year 2007, we recorded \$30,000 in stock compensation expense under SFAS No. 123R.

We have structured our compensation program to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended. Under Section 162(m), our tax deduction for compensation paid to certain executive officers is limited to \$1.0 million in any tax year, unless the compensation is performance based. We do not have any executive officers who earned non-performance based compensation that would limit our tax deduction under Section 162(m).

Potential Payments Upon Termination or Change-in-Control

Severance Agreement with Mr. McNew

On March 31, 2003, we entered into an amended and restated Executive Severance Agreement with Mr. McNew, our President and Chief Executive Officer. This agreement provides severance benefits to Mr. McNew under certain circumstances and remains in effect so long as we continue to employ Mr. McNew. The agreement confirms that Mr. McNew's employment is at will and provides for termination without additional compensation in the event of death, disability, resignation, retirement or termination for cause, referred to as the excluded circumstances in this document. Cause is defined as gross negligence, willful misconduct, fraud, willful disregard of the Board of Directors direction or breach of a published Company policy.

Termination for any Reason other than in connection with an Excluded Circumstance

Under the terms of the agreement, except in connection with a change of control disposition, in the event that Mr. McNew's employment is terminated other than in connection with an excluded circumstance, Mr. McNew would be entitled to receive his then current salary for a period of twelve months. Based on the foregoing, if Mr. McNew's employment was terminated on March 31, 2007, Mr. McNew would be entitled to receive a severance payment of \$263,390.

Termination in connection with a Change of Control Disposition

Under the terms of the agreement, a change of control disposition is generally deemed to occur if (i) 25% or more of the voting power of our stock is acquired by another entity or (ii) there is a sale of substantially all of our assets to another entity. In the event that Mr. McNew's employment is terminated within one year of a change of control disposition, other than in connection with an excluded circumstance, Mr. McNew would be entitled to receive his then current salary for a period of twenty-four months. In the event that Mr. McNew's employment is terminated for any reason within ninety days following a change of control disposition, Mr. McNew would be entitled to receive an amount equal to two times his then current salary. Based on either of the foregoing, if Mr. McNew's employment was terminated on March 31, 2007, Mr. McNew would be entitled to receive a severance payment of \$526,780.

The agreement provides that Mr. McNew may elect to receive his severance payments in a lump sum or in equal payments at intervals of no more often than semimonthly over a period of his choice that is not to exceed the number of months of compensation due to him.

General Requirements

Pursuant to the terms of the agreement, Mr. McNew may not disclose, publish or use, or permit anyone else to disclose, publish or use, any of our proprietary or confidential information or trade secrets for any purpose unrelated to his employment at any time during or after his employment. Mr. McNew must also return to us all proprietary material that he possesses on the date his employment is terminated. In addition, should Mr. McNew's employment be terminated for any reason other than Cause, Mr. McNew may not (i) directly or indirectly, sell, market, or otherwise provide any client or previously identified prospective client, products or services similar to or in competition with those sold or distributed by us, in any geographic area in which we offer any such products or services, or (ii) participate directly or indirectly in the hiring or soliciting for employment of any person we employ.

Termination/Separation Agreements with Mr. Sciacca, Mr. Foley and Mr. Reece

We entered into a termination/separation agreement with Mr. Sciacca on May 10, 2000, Mr. Foley on January 17, 2003 and Mr. Reece on April 19, 2006. Mr. Sciacca's termination/separation agreement was subsequently modified on March 20, 2003.

As per Mr. Sciacca's modified termination/separation agreement, in the event that Mr. Sciacca's employment is terminated without cause, Mr. Sciacca would be entitled to receive his then current salary for a period of nine months. As per their respective termination/separation agreements, in the event that the employment of Mr. Foley or Mr. Reece is terminated without cause, each individual would be entitled to receive their then current salary for a period of six months. In each of the aforementioned termination/separation agreements, Cause is defined to mean: A good faith finding by the Company of your failure to perform the duties reasonably assigned to you; dishonesty, gross negligence or misconduct, or your conviction, or your entry of a pleading of guilty or nolo contendere, to any crime involving more turpitude or any felony.

If the employment of Mr. Sciacca was terminated without cause on March 31, 2007, Mr. Sciacca would be entitled to receive a payment of \$128,586 over a nine month period. If the employment of Mr. Foley or Mr. Reece was terminated without cause on March 31, 2007, each would be entitled to receive a payment of \$80,598 and \$78,542.50, respectively, over a six month period.

2005 Stock Option and Stock Incentive Plan

Under our 2005 Stock Option and Stock Incentive Plan, in the event of a change of control, all unvested option awards will become fully vested immediately upon the occurrence of a change of control and may be exercised for up to 100% of the total number of shares then subject to the option minus the number of shares previously purchased upon exercise of the option. Notwithstanding the above, in the event of a sale or a proposed sale of the majority of our stock or assets or a proposed change of control, the Compensation and Employee Benefits Committee has the right to terminate any unvested option award upon thirty days written notice, subject to the holder's right to exercise such option to the extent vested prior to such termination.

A change of control is generally deemed to occur if (i) there is a change within a twelve-month period in the holders of more than 50% of our outstanding voting stock; or (ii) the Compensation and Employee Benefits Committee deems any other event to constitute a change of control.

The table below provides an estimate of the value of the potential benefit that each executive might be entitled to receive upon a change of control under this plan as if the change of control had occurred on March 31, 2007.

Potential Benefit	Estimated Value of Potential Benefit under the 2005 Stock Option and Stock Incentive Plan Upon Change of Control to:			
	Charles L. McNew	Joseph Sciacca	Hugh M. Foley	Douglas H. Reece
Vesting in full of unvested stock option awards(1)	\$ 600	\$ 300	\$ 200	\$ 200

(1) This amount represents the unrealized value of the unvested portion, or options to purchase 12,000, 6,000, 4,000 and 4,000 shares of common stock granted to Mr. McNew, Mr. Sciacca, Mr. Foley and

Mr. Reece, respectively, under the plan as of March 31, 2007. The unrealized value of unvested options was calculated by multiplying (a) the number of shares underlying the unvested options by (b) the difference between 3.05, the closing price of our common stock on March 30, 2007, the last trading day before March 31, 2007, and the applicable per share exercise price of the options.

Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters of the Form 10-K filed with the SEC on July 10, 2007 and is incorporated herein by reference.

Item 13. Certain Relationships and Related Transactions and Director Independence

On June 29, 2005, we amended our 8% promissory notes dated October 8, 1998, October 13, 1998, November 2, 1998 and November 5, 1998 and 7% convertible subordinated debentures dated January 27, 1998, as amended on August 7, 2003 and September 30, 2003, to extend the maturity date to July 1, 2007, which date is the next day immediately succeeding the expiration of our second amended and restated loan and security agreement with Provident Bank. The holders of the 8% promissory notes and 7% convertible subordinated debentures are The Arch C. Scurlock Children's Trust, referred to as the Children's Trust in this document, and Nancy M. Scurlock. Each holder owns more than 10% of our common stock. Arch C. Scurlock, Jr., a beneficiary and trustee of the Children's Trust, and John H. Gover, a trustee of the Children's Trust, are members of our Board of Directors. Subject to the prior approval of Provident Bank, which was obtained, we agreed to make principal and accrued interest payments on the 8% promissory notes and 7% convertible subordinated debentures aggregating \$1.5 million. We used a portion of the proceeds from the sale of our secure network services business to repay certain 8% promissory notes and the 7% convertible subordinated debentures. As a result of this transaction, the 7% convertible subordinated debentures in the aggregate principal amount of \$400,000 were repaid, the 8% promissory notes dated October 8, 1998 in the aggregate principal amount of \$500,000 were repaid and the 8% promissory notes dated October 13, 1998 in the aggregate principal amount of \$500,000 were repaid. Also, accrued interest in the aggregate amount of \$100,000 was paid to the holders of the 7% convertible subordinated debentures and 8% promissory notes dated October 8, 1998, October 13, 1998, November 2, 1998 and November 5, 1998. At March 31, 2007, the aggregate balance of the 8% promissory notes owed to the Children's Trust and Nancy M. Scurlock was \$142,000.

On May 24, 2007, the Audit Committee adopted written policies and procedures regarding related party transactions. Our related party transactions policy covers any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships in which we or any of our subsidiaries was, is or will be a participant and the amount involved exceeds \$1,000, and in which any related party had, has or will have a direct or indirect interest. Under this policy, the Audit Committee must approve all related party transactions between us or one of our subsidiaries and a director, nominee for director, executive officer, five percent shareholder, certain related entities or immediate family members of a director, executive officer or five percent shareholder that would be required to be disclosed in our proxy statements. The policy also authorizes the Chairperson of the Audit Committee to approve, or reject, proposed related party transactions in those instances in which it is not practicable or desirable for us to wait until the next Audit Committee meeting.

All interested parties who wish to communicate with our Audit Committee may do so by addressing their written correspondence to the Audit Committee at Halifax Corporation, 5250 Cherokee Avenue, Alexandria, VA 22312.
