**Item 7.01. Regulation FD Disclosure**

Arbitron Inc. (the Company) is scheduled to present at the C.L. King Best Ideas Conference to be held at the Omni Berkshire Place Hotel in New York City, New York, on Tuesday, September 18, 2007 and Wednesday, September 19, 2007. A copy of the slide show presentation to be made at the conference is attached hereto as Exhibit 99.1.

Steve Morris, the Company's chairman, president and chief executive officer, and Sean Creamer, the Company's chief financial officer, will provide an overview of the Company's business and financial highlights on September 18th at 10:00 a.m. ET.

This event will be available as a live, listen-only webcast. To access the live webcast of the event, visit the Company's website at [www.arbitron.com](http://www.arbitron.com) and click on investors. The presentation will also be archived for 90 days in the investor relations section of the Company's website: [www.arbitron.com](http://www.arbitron.com).

The information in this Form 8-K (including Exhibit 99.1) shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference in such a filing.

**Forward-Looking Statements**

This Form 8-K (including Exhibit 99.1) contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The statements regarding Arbitron Inc. and its subsidiaries (we, our, Arbitron or the Company) in this document that are not historical in nature, particularly those that utilize terminology such as may, will, should, likely, expects, anticipates, estimates, believes, or plans or comparable terms are forward-looking statements based on current expectations about future events, which Arbitron has derived from information currently available to it. These forward-looking statements involve known and unknown risks and uncertainties that may cause our results to be materially different from results implied in such forward-looking statements. These risks and uncertainties include, in no particular order, whether we will be able to:

successfully implement the rollout of our Portable People Meter™ service;

renew contracts with large customers as they expire;

successfully execute our business strategies, including entering into potential acquisition, joint-venture or other material third-party agreements;

effectively manage the impact of any further ownership shifts in the radio and advertising agency industries;

---

respond to rapidly changing technological needs of our customer base, including creating new proprietary software systems and new customer products and services that meet these needs in a timely manner;

successfully manage the impact on our business of any economic downturn generally and in the advertising market in particular;

successfully manage the impact on costs of data collection due to lower respondent cooperation in surveys, privacy concerns, consumer trends, technology changes and/or government regulations;

successfully develop and implement technology solutions to measure multi-media and advertising in an increasingly competitive environment; and

successfully obtain and/or maintain Media Rating Council® accreditation for our audience measurement services.

Additional important factors known to Arbitron that could cause actual results to differ materially from our forward-looking statements are identified and discussed from time to time in Arbitron's filings with the Securities and Exchange Commission, including in particular the risk factors discussed under the caption ITEM 1A. RISK FACTORS in Arbitron's Annual Report on Form 10-K for the year ended December 31, 2006.

The forward-looking statements contained in this document speak only as of the date hereof, and Arbitron undertakes no obligation to correct or update any forward-looking statements, whether as a result of new information, future events or otherwise.

---
