OUR COMPANY

We own and operate 48 restaurants under the "Fox and Hound" and "Bailey's" brand names that each provide a social gathering place offering high quality food, drinks and entertainment in an upscale, casual environment. Our restaurants offer a broad menu of mid-priced appetizers, entrees and desserts

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

served in generous portions. In addition, each location features a full-service bar and offers a wide selection of major domestic, imported and specialty beers. Each restaurant emphasizes a high energy environment with multiple billiard tables and satellite and cable coverage of a variety of sporting events and music videos. In addition to our food, we believe our customers are attracted to our elegant yet comfortable atmosphere of polished brass, embroidered chairs and booths, hunter green and burgundy walls and etched glass. Our Fox and Hound and Bailey's restaurants share identical design and operational principles and menus. As of June 11, 2002, we owned and operated 32 Fox and Hound restaurants and 16 Bailey's restaurants in 19 states.

We believe the design of our restaurants plays an essential role in our success. We strive to create a distinctive, highly entertaining and unique atmosphere at each of our restaurants by featuring warm lighting, high ceilings and rich wood-finished interiors. Our restaurants average approximately 9,500 square feet in size and are typically divided into three large rooms. The bar and primary dining room are centrally located while the two side rooms are partitioned from the bar and dining area by etched glass, and each hold approximately four to six billiard tables as well as numerous cocktail tables. This layout provides customers with an open view of the main dining room, bar and billiard areas. These side rooms are equipped with state-of-the-art audio and video technology for displaying various sporting events and music videos and can be readily configured into a comfortable "arena" for viewing national, regional and local sporting and other televised events. All locations also can be arranged to dedicate areas to accommodate business and social organizations for special events.

In January 1999, we hired Steven Johnson as our Chief Executive Officer. Shortly thereafter, we suspended new restaurant development in order to focus on developing our service-oriented culture and improving the operations and profitability of our existing restaurants. In addition, we implemented a number of initiatives, including recruiting a new Chief Operating Officer, increasing the number of district managers, restructuring our board of directors and closing three underperforming restaurants. As a result of these and other initiatives, we increased our annualized average weekly restaurant sales from \$1.6 million in fiscal year 1999 to \$1.8 million in fiscal year 2001 and expanded restaurant-level operating profit margins (before preopening costs and provision for asset impairment and restaurant closing) from 14.8% in fiscal year 1999 to 17.3% in fiscal year 2001. In addition, since early 1999 we have achieved 13 consecutive quarters of positive comparable restaurant sales growth. Beginning in mid-2000, we initiated a disciplined growth plan, opening three restaurants in fiscal year 2000, five restaurants in fiscal year 2001 and six restaurants during fiscal year 2002 to date.

OUR CONCEPT

We believe our restaurants offer customers a unique and exciting upscale destination for socializing, eating and drinking. We believe our restaurants are differentiated from our competitors by offering all of the following features in a single location:

- An Upscale, Neighborhood Social Gathering Place. Our restaurants provide a destination where friends and acquaintances can gather regularly for food, drinks and entertainment in an upscale yet casual environment. We strive to offer a unique setting with a broad appeal to both male and

1

female customers through an inviting, clean and comfortable atmosphere. In order to achieve the feeling of an upscale atmosphere for these customers, we emphasize decor, lighting and cleanliness.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

- High Quality Food and Beverage. Our restaurants offer a broad menu of mid-priced appetizers, salads, desserts and entrees featuring beef, chicken, fish and barbecue, all served in generous portions. Our menu features over 50 items, with entrees typically priced between \$5.99 and \$16.99, the majority of which are priced under \$10.00. Each location features a full service bar and most of our restaurants offer over 100 brands of ales, lagers, stouts and specialty beers from around the world, with an average of 30 beers on tap.
- State-of-the-Art Audio and Visual Technology. Our restaurants create an exciting, high-energy atmosphere through state-of-the-art audio and video systems for viewing sporting events and music videos from our customized playlist. Each location typically has more than 35 televisions (including several big-screen televisions) with satellite and cable coverage of concurrent national, regional and local sporting events. We believe the entertainment aspect of our restaurants encourages repeat visits, increases the average length of customer stay and attracts customers outside of peak hours.
- Late-Night Destination. Our restaurants are generally open from 11:00 a.m. to 2:00 a.m., seven days a week, depending upon local law. We provide customers with an upscale entertainment and dining alternative by offering our full menu during our increasingly popular late-night segment. We believe customers have difficulty finding comparable late-night destinations that offer a clean, upscale atmosphere and that serve high quality food after 10:00 p.m.

OUR GROWTH STRATEGIES

Our goal is to become the leading neighborhood destination for socializing, eating and drinking. We anticipate our primary source of revenue growth in the near term will be the addition of new restaurants and increased sales at existing locations.

New Unit Growth. We anticipate that the addition of new restaurants in both existing and new markets will be a major source of growth for us. We carefully select new locations based on a variety of factors including local market demographics, site visibility, traffic count, nature of the surrounding retail environment and accessibility and proximity to major retail centers, office complexes, hotels and entertainment centers (e.g., stadiums, arenas and theaters). We plan to open 10 to 12 locations in both fiscal year 2002 and fiscal year 2003.

Increase Sales at Existing Locations. We seek to increase sales at our existing restaurants by continuing to implement the following strategies:

- Best Practice Initiatives. We allow our restaurant-level managers significant latitude to test and implement restaurant-level initiatives intended to increase sales or efficiency or improve the overall customer experience. We actively monitor these initiatives at a corporate level and seek to implement successful single-restaurant initiatives as "best practice" initiatives company-wide.
- Promotional Events. We attempt to increase sales at our restaurants by building brand awareness through word-of-mouth and promotional events in our restaurants. These promotions are intended to increase both the frequency of existing customers and attract new customers to our restaurants.
- Corporate/Group Events. We believe that our restaurants provide an ideal gathering place for corporate and private groups. The multi-room design

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

of our restaurants allows groups of people to socialize without being interrupted by other customers. Most locations employ event coordinators responsible for marketing to groups and creating customized corporate and private events. In addition to contributing to revenue, these events facilitate the introduction of new customers to our restaurants.

- Menu Updates. We regularly update and introduce new menu segments and items in order to attract new customers and drive customer frequency, customer satisfaction and overall restaurant

2

sales. We continually review our menu based on feedback from our customers and our secret shopper program.

Many of these strategies were partially implemented in fiscal years 2001 and 2002 and contributed to our strong recent comparable restaurant sales growth. Because many of these strategies were implemented mid-year or were recently expanded company-wide, we expect these strategies to continue to positively impact our sales in fiscal years 2002 and 2003.

RECENT DEVELOPMENTS

Total sales for the second fiscal quarter of fiscal year 2002 were approximately \$21.4 million, which represents approximately a 45% increase over the same period the previous year. Comparable restaurant sales growth for the quarter was approximately 10.7%. We anticipate diluted EPS for the quarter to be in the range of \$0.10 to \$0.12, compared to \$0.04 for the same period in fiscal year 2001.

RISK FACTORS

This prospectus contains certain forward-looking statements within the meaning of the federal securities laws. Actual results and the timing of certain events could differ materially from those projected in any forward-looking statements due to the factors set forth below and elsewhere in this prospectus. See "Cautionary Note on Forward-Looking Statements." Investing in our common stock will provide you with an interest in us. You should carefully consider the following factors and other information in this prospectus before deciding to invest in shares of our common stock. We have included a discussion of each material risk that we have identified as of the date of this prospectus. If any of the following risks actually occur, our business, financial condition, operating results and cash flows could suffer. As a result, our common stock's trading price could decline, and you could lose all or part of the money you paid to buy our common stock.

WE MAY NOT BE ABLE TO MANAGE OUR PLANNED EXPANSION, WHICH MAY LEAD TO HIGHER COSTS OR A FAILURE TO REALIZE ANTICIPATED REVENUES OR OPERATING PROFITS.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

We face business risks commonly associated with rapidly growing companies, including the risk that existing management, information systems and financial controls may be inadequate to support our planned expansion. We experienced difficulty managing our rapid expansion following our initial public offering in 1997 and, as a result, temporarily suspended development of new restaurants in the second fiscal quarter of 1999. We cannot predict whether we will be able to respond on a timely basis to all of the changing demands that our planned expansion will impose on management and our systems and controls. If we fail to adapt management, information systems and financial controls or encounter unexpected difficulties during expansion, our business, financial condition, operating results or cash flows could be materially adversely affected. In addition, we anticipate entering new geographic markets in which we have no operating experience. These new markets may have different demographic characteristics, competitive conditions, consumer tastes and discretionary spending patterns than our existing markets, which may cause new restaurants to be less successful than restaurants in our existing markets.

IF WE ARE UNABLE TO OPEN NEW RESTAURANTS IN A TIMELY AND PROFITABLE MANNER, OUR BUSINESS COULD BE MATERIALLY ADVERSELY AFFECTED.

To continue to expand our business, we must open new restaurants on a timely and profitable basis. We have experienced occasional delays in opening restaurants and may experience delays in the future. Delays in opening, or failures to open, new restaurants could materially adversely affect our business, financial condition, operating results and cash flows. We expanded from 38 restaurants as of March 20, 2001 to 48 restaurants as of June 11, 2002. We expect to open a total of 10 to 12 new restaurants during fiscal year 2002 (of which six restaurants have been opened, four restaurants are currently under construction and an additional two leases for new restaurants have been executed), and an additional 10 to 12 restaurants in fiscal year 2003. Our ability to expand successfully may depend on a number of factors, some of which are beyond our control, including:

- Identification and availability of suitable restaurant sites;
 - Competition for restaurant sites;
 - Negotiation of favorable leases;
 - Timely development in certain cases of commercial, residential, street or highway construction near our restaurants;
 - Management of construction and development costs of new restaurants;
 - Securing of required governmental approvals and permits;
 - Availability, staffing, training and retention of qualified management and hourly personnel, particularly district, general and assistant managers;
- 5
- Competition in new markets; and
 - General economic conditions.

There can be no assurance that we will be able to complete our planned expansion or that new restaurants, if completed, will perform in a manner consistent with our most recently opened restaurants or make a positive contribution to our operating results. See "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

Resources."

THE PRICE OF OUR COMMON STOCK HAS BEEN HIGHLY VOLATILE AND MAY CONTINUE TO BE HIGHLY VOLATILE, WHICH MAY ADVERSELY AFFECT YOUR ABILITY TO SELL YOUR SHARES AND OUR ABILITY TO RAISE ADDITIONAL CAPITAL.

A public market for our common stock has existed since 1997. The price of our common stock has been highly volatile and may continue to be highly volatile. For instance, since January 1, 2001, our common stock has traded from a low of \$1.13 to a high of \$15.95 per share. The price of our common stock may experience significant volatility after this offering in response to many factors, some of which are beyond our control and may not even be directly related to us, including:

- Changes in financial estimates or recommendations by securities analysts regarding us or our common stock;
- Our performance and the performance of our competitors and other companies in the restaurant industry;
- Quarterly fluctuations in our operating results or the operating results of other companies in the restaurant industry;
- Additions or departures of key personnel;
- The trading volume of our common stock;
- General economic conditions and their effect on the casual dining industry in general; and
- Competition, natural disasters, acts of war or terrorism or other developments affecting us or our competitors.

In addition, in recent years the stock market has experienced extreme price and volume fluctuations, which have often been unrelated or disproportionate to the operating performance of particular companies. This volatility has significantly affected, and may continue to affect, the price of our common stock and may adversely affect your ability to sell your shares and our ability to raise additional capital. See "Price Range of Common Stock."

OUR OPERATING RESULTS COULD BE MATERIALLY ADVERSELY AFFECTED BY THE NEGATIVE PERFORMANCE OF A SMALL NUMBER OF RESTAURANTS BECAUSE OF OUR SMALL RESTAURANT BASE.

As of June 11, 2002, we operated only 48 restaurants, nine of which opened in the last 12 months. Due to the small number of restaurants, poor operating results at any one or more new or existing restaurants could materially adversely affect our profitability. Factors that could adversely affect the operating results of any new or existing restaurant include local competition, consumer preference, development of the area in which the restaurant is located and access to the restaurant, including construction of highways that provide, or in some cases prevent, access to the restaurant. The operating results of certain existing restaurants have been, and may continue to be, affected by any one or more of these factors. The business, financial condition, operating results and cash flows or the lack of success of one or more new or existing restaurants may have a more significant effect on our overall results of operations than would be the case in a larger company with a significantly larger restaurant base.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

WE MAY BE UNABLE TO FUND OUR SIGNIFICANT FUTURE CAPITAL NEEDS AND WE MAY REQUIRE ADDITIONAL FUNDING SOONER THAN ANTICIPATED.

We plan to expend \$14.0 million to \$18.0 million over the next 12 months in connection with new restaurant openings and expect that similar expenditures for planned expansion in fiscal year 2003 will equal or exceed these amounts. The capital resources required to develop each new restaurant are significant. Our restaurants opened during the last 12 months have required an average initial cash investment of \$1.3 million per restaurant including improvements and furniture, fixtures and equipment, but excluding preopening expenses. We believe that the net proceeds from this offering, funds anticipated to be available from our existing line of credit and anticipated cash flow from our operations will be sufficient to satisfy our working capital and capital expenditure requirements for at least the next 12 months. There can be no assurance, however, that changes in our operating plans, the acceleration or modification of our expansion plans, lower than anticipated revenues, increased expenses, potential acquisitions or other events will not cause us to seek additional financing, prevent us from achieving the goals of our expansion strategy or prevent any newly opened restaurants from operating profitably. See "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital Resources."

BECAUSE OUR BUSINESS IS FOCUSED ON A SINGLE CONCEPT AND LACKS DIVERSIFICATION, OUR CONTINUED SUCCESS COULD SUFFER IF CONSUMER PREFERENCES CHANGE.

Our restaurant concept features a combination of casual dining and entertainment, and our continued success depends, to a large degree, upon the popularity of casual dining and the types of entertainment offered in our restaurants. Changes in consumer tastes and preferences away from our concept, dining style or entertainment options may have a disproportionate and materially adverse impact on our business, financial condition, operating results, cash flows and prospects.

CHANGES IN DISCRETIONARY SPENDING COULD NEGATIVELY IMPACT OUR OPERATING RESULTS.

The success of our business and its operating results are dependent on discretionary spending by consumers, particularly by consumers living in the communities in which our restaurants are located. A decline in discretionary spending could adversely affect our business, financial condition, operating results and cash flows. Our business could also be adversely affected by general economic conditions, terrorist attacks and the resulting cancellation or delay of national sporting events, demographic trends, consumer confidence in the economy and changes in disposable consumer income.

BECAUSE WE ARE SIGNIFICANTLY SMALLER AND LESS ESTABLISHED THAN THE MAJORITY OF OUR NATIONAL COMPETITORS, WE MAY LACK THE FINANCIAL RESOURCES NEEDED TO COMPETE EFFECTIVELY AND SUSTAIN PROFITABILITY.

Due to the nature of our business, we compete with competitors in both the restaurant and entertainment industries. A great number of restaurants and entertainment businesses compete directly and indirectly with us. Many of these entities have a greater number of locations, are more established, and have significantly greater financial (based on total assets and annual revenues), marketing and other resources than us. Although there are only a few other competing companies presently combining restaurant and entertainment operations in a manner similar to us, we may encounter increased competition in the future. This increased competition may have an adverse effect on our business, financial condition, operating results and cash flows. See "Business -- Competition."

WE DEPEND ON THE EXPERTISE OF KEY PERSONNEL. IF ANY OF THESE INDIVIDUALS LEAVE OR CHANGE THEIR ROLE WITH US, OUR OPERATIONS MAY SUFFER.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

Our success and the results of operations are dependent to a large degree on the efforts and abilities of our existing management, including Steven M. Johnson, Chief Executive Officer; Gary M. Judd, President; Kenneth C. Syvarth, Chief Operating Officer; and James K. Zielke, Chief Financial Officer, Secretary and Treasurer. Messrs. Johnson, Judd, Syvarth and Zielke are employed by us pursuant to

7

employment agreements, each of which will expire as of June 30, 2004, and are also subject to non-competition, confidentiality and non-solicitation agreements with us. If any of Messrs. Johnson, Judd, Syvarth or Zielke were to leave us, our business, financial condition, results of operations, cash flows and growth could suffer. Our growth will also continue to depend, to a large degree, upon our ability to attract and retain additional skilled management personnel. See "Management."

QUARTERLY FLUCTUATIONS AND SEASONALITY IN OUR OPERATING RESULTS COULD CAUSE OUR STOCK PRICE TO FALL.

Our operating results may fluctuate significantly from period to period and the results for one period may not be indicative of results for other periods. Our operating results may also fluctuate significantly because of several factors, including the timing of new restaurant openings and related expenses, seasonality, profitability of new restaurants, increases or decreases in comparable restaurant sales, general economic conditions, consumer confidence in the economy, changes in consumer preferences, competitive factors and weather conditions.

The timing of new restaurant openings may result in significant fluctuations in quarterly results as a result of the revenues and expenses associated with each new restaurant location. We typically incur most preopening costs for a new restaurant within the two months immediately preceding, and the month of, the restaurant's opening. In addition, the labor and operating costs for a newly opened restaurant during the first three to six months of operation are materially greater than what can be expected after that time, both in aggregate dollars and as a percentage of restaurant sales. Our growth, operating results and profitability will depend to a large degree on our ability to increase the number of our restaurants.

We also expect seasonality to continue to be a factor in our results of operations. Historically, our revenues have been moderately higher in the first and fourth quarters due to weather conditions, major sporting events and the year-end holidays. Our revenues in most of our restaurants have been lower during the summer months of each year, and we expect lower second and third quarter revenues to continue in the future. In addition, for accounting purposes, the first, second and third quarters of each fiscal year consist of 12 weeks and the fourth quarter consists of 16 weeks. As a result, some of the variations in our operating results may be attributable to the different lengths of the fiscal quarters. These quarterly fluctuations and seasonality may cause our operating results to fall below the expectations of securities analysts and investors, which could cause our stock price to fall. See "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Quarterly Fluctuations, Seasonality and Inflation."

OUR OPERATIONS DEPEND ON GOVERNMENTAL LICENSES AND REGULATION.

We are subject to numerous federal, state and local laws affecting our business. Each restaurant location is subject to licensing and regulation by a number of governmental authorities, which may include alcoholic beverage control, amusement and state and municipality health and safety and fire

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

agencies. Our business depends, in particular, on obtaining and maintaining required food service and liquor licenses for each of its restaurants. If we fail to obtain and maintain all necessary licenses or if government regulation of our business changes, we may be forced to delay or cancel new restaurant openings and close or reduce operations at existing locations, which could materially adversely affect our operating results and profitability.

Our operations are particularly dependent on holding the proper governmental licenses concerning the sale of alcohol. In fiscal year 2001, 59.5% of our sales were derived from alcoholic beverages. Each restaurant is required to obtain, directly or indirectly, a license to sell alcoholic beverages on the premises from a state authority and, in certain locations, county and municipal authorities. Typically, licenses must be renewed annually and may be revoked or suspended for cause at any time. Alcoholic beverage control regulations govern numerous aspects of the daily operations of each restaurant location, including the minimum age of patrons and employees, hours of operation, advertising practices, wholesale purchasing, inventory control and handling, and storage and dispensing of alcoholic beverages. Although we have not encountered any material problems relating to alcoholic beverage licenses or alcoholic beverage control

8

regulations to date, the failure to receive or retain a liquor license in a particular location could adversely affect our ability to obtain such a license elsewhere and could materially adversely affect our operating results. See "Business -- Government Regulation."

WE MAY FACE LIABILITY UNDER "DRAM-SHOP" STATUTES.

The sale of alcoholic beverages subjects us to "dram-shop" statutes in 16 of the 19 states in which our restaurants are located. These statutes generally provide a person injured by an intoxicated person with the right to recover damages from an establishment that wrongfully served alcoholic beverages to the intoxicated individual. We carry liquor liability coverage as part of our existing comprehensive general liability insurance, which coverage we believe is consistent with that carried by other entities serving alcoholic beverages. Significant exposure to liquor liability claims may result in our experiencing higher costs than expected as a result of higher insurance premiums and deductible claims. If we sustain significant adverse liquor liability claims in the future, liquor liability insurance may become difficult or impossible to obtain. If we fail to maintain our insurance coverage or if a judgment against us is rendered under a dram-shop statute in excess of our liability coverage, we could suffer a material adverse effect on our business, financial condition, operating results and cash flows. See "Business -- Government Regulation."

FEDERAL AND STATE MINIMUM WAGE LAWS APPLY TO A NUMBER OF OUR EMPLOYEES AND MAY INCREASE OUR COSTS.

Various federal, state and local labor laws and license and permit requirements govern and affect our relationship with our employees, including such matters as minimum wage requirements, overtime and other working conditions. A significant number of hourly personnel at our restaurants are paid at rates related to the federal minimum wage and, accordingly, legislated increases in the minimum wage will increase labor costs at our restaurants. Significant additional government-imposed increases in minimum wages, paid leaves of absence, mandated health benefits or increased tax reporting and tax payment requirements for employees who receive gratuities could be detrimental to the economic viability of our operations. In addition, we are subject to extensive rules and regulations with respect to discriminatory practices and accommodation of persons with disabilities. See "Business -- Government Regulation."

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

ADVERSE PUBLICITY CONCERNING CUSTOMER COMPLAINTS OR LITIGATION MAY HARM OUR BUSINESS.

We may be from time to time the subject of complaints or litigation from customers alleging beverage and food-related illness, injuries suffered on our premises, or other quality, health or operational concerns. Adverse publicity resulting from these allegations may materially affect us, regardless of whether such allegations are true or whether we are ultimately held liable. These allegations may also divert financial and management resources that would otherwise be used to benefit the future performance of our operations.

INCREASED FOOD AND ALCOHOL COSTS COULD MATERIALLY ADVERSELY AFFECT OUR OPERATING RESULTS.

Among other factors, the success of our business and our operating results are dependent in part upon our ability to anticipate and react to changes in food and alcohol costs and the mix between our food and liquor revenues. Various factors beyond our control, such as adverse weather conditions; increases in federal, state or local taxes, or other governmental regulation; or war, may affect food and liquor costs. We may not be able to anticipate and react to changing food and liquor costs by adjusting purchasing practices and implementing menu changes and price adjustments, and a failure to do so could materially adversely affect our business, financial condition, operating results and cash flows. There can be no assurance that changes in our sales mix will not adversely affect our profitability.

IF WE ARE UNABLE TO SECURE THE EXCLUSIVE USE OF OUR TRADEMARKS, OUR BUSINESS MAY BE ADVERSELY AFFECTED.

We are aware of names and marks similar to our service marks that are used by other persons in certain geographic areas. We believe such uses will not have a material adverse effect on us, as either the

9

Bailey's or Fox and Hound tradenames may be used if the other name is unavailable, but there can be no assurance that such marks will be available for use by us in all locations or that we will be able to secure the exclusive use of such marks. If we are unable to secure and maintain the exclusive use of our trademarks and tradenames, our business may be adversely affected. See "Business -- Trademarks."

THERE MAY BE SALES OF SUBSTANTIAL AMOUNTS OF OUR COMMON STOCK IN THE NEAR FUTURE, WHICH COULD CAUSE OUR STOCK PRICE TO FALL AND COULD IMPAIR OUR ABILITY TO RAISE ADDITIONAL CAPITAL, EVEN IF OUR BUSINESS IS DOING WELL.

After this offering, we will have 10,319,493 shares of common stock outstanding. The 2,000,000 shares (or 19.4% of the total outstanding common stock) sold pursuant to this offering and all of our currently outstanding shares of common stock, other than those shares held by our "affiliates" as such term is defined in the Securities Act of 1933, will be freely tradeable without restriction or registration under the Securities Act. Sales of a substantial number of shares of our common stock, or the perception that these sales may occur, could cause our stock price to fall and could impair our ability to raise additional capital, even if our business is doing well.

As of June 11, 2002, we estimate that approximately 4,941,702 shares of our common stock are held by our affiliates (which generally include our directors and executive officers and persons owning 10% or more of our common stock). In connection with this offering, we and our directors and executive officers and

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

the selling stockholders have entered into lock-up agreements (covering 2,255,035 outstanding shares of our common stock) and have agreed, subject to certain exceptions, not to dispose of any shares of common stock without the consent of Thomas Weisel Partners LLC, on behalf of the underwriters, until the 90th day after the date of this prospectus. However, Thomas Weisel Partners LLC can waive this restriction and allow these stockholders to sell their shares at any time. Upon expiration of this 90-day lock-up period, substantially all of the shares of our common stock held by persons who entered into these lock-up agreements will be eligible for sale in the public market, subject to compliance with the volume limitations and other restrictions of Rule 144 under the Securities Act.

OUR DIRECTORS AND EXECUTIVE OFFICERS AND AN EXISTING STOCKHOLDER HAVE CONSIDERABLE CONTROL OVER OUR COMPANY, WHICH MAY LEAD TO CONFLICTS WITH OTHER STOCKHOLDERS OVER CORPORATE GOVERNANCE.

After this offering, our directors and executive officers and Mr. Jamie B. Coulter will beneficially own collectively approximately 44.6% of our outstanding common stock (or 43.3% if the underwriter's over-allotment option is exercised in full). As a result, these persons, acting alone or together, will be able to significantly influence all matters requiring stockholder approval, including the election of directors and the approval of mergers and other business combination transactions, and they may exercise this ability in a manner that advances their best interests and not necessarily those of other stockholders. See "Management" and "Principal and Selling Stockholders."

WE HAVE IMPLEMENTED ANTI-TAKEOVER PROVISIONS WHICH COULD DISCOURAGE OR PREVENT A TAKEOVER, EVEN IF AN ACQUISITION WOULD BE BENEFICIAL TO OUR STOCKHOLDERS.

Provisions of our certificate of incorporation, as amended, and bylaws, as well as provisions of Delaware law, could make it more difficult for a third party to acquire us, even if doing so would be beneficial to our stockholders. These provisions include provisions:

- Establishing a classified board of directors requiring that members of our board of directors be elected in different years;
 - Authorizing the issuance of "blank check" preferred stock that could be issued by our board of directors to increase the number of outstanding shares, facilitate implementation of a stockholder rights plan (or "poison pill") or change the balance of voting control and thwart a takeover attempt;
- 10
- Prohibiting cumulative voting in the election of directors, which would otherwise allow less than a majority of our stockholders to elect director candidates;
 - Limiting the ability of our stockholders to call special meetings of our stockholders; and
 - Establishing advance notice requirements for nominations for election to our board of directors and for proposing matters that can be acted upon by our stockholders at stockholder meetings.

In addition, Section 203 of the General Corporation Law of the State of Delaware and the terms of our employment agreements and Option Plans may discourage, delay or prevent a change in control. See "Description of Capital Stock -- Preferred Stock," "Description of Capital Stock -- Certain Anti-Takeover Provisions," "Management" and "Principal and Selling

Stockholders."

CAUTIONARY NOTE ON FORWARD-LOOKING STATEMENTS

Some of the matters discussed under the captions "Prospectus Summary," "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations," "Business" and elsewhere in this prospectus include forward-looking statements within the meaning of Section 27A of the Securities Act. We have based these forward-looking statements on our current expectations and projections about future events, including, among other things:

- Implementing our business strategy;
- Attracting and retaining customers;
- Establishing and expanding our market presence in new geographic regions; and
- Competition in our market.

In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "predicts," "potential," "continue," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates" and similar expressions (or the negative of such expressions). These statements are based on our current beliefs, expectations and assumptions and are subject to a number of risks and uncertainties. Actual results, levels of activity, performance, achievements and events may vary significantly from those implied by the forward-looking statements. A description of risks that could cause our results to vary appears under the caption "Risk Factors" and elsewhere in this prospectus.

11

USE OF PROCEEDS

We estimate that we will receive net proceeds from the sale of shares of our common stock in this offering of approximately \$ million, or \$ million if the underwriter exercises its over-allotment option in full, based upon the public offering price of \$ per share and after deducting the underwriting discount and estimated offering expenses payable by us. We will not receive any proceeds from the sale of common stock offered by the selling stockholders. We expect to use the net proceeds from this offering:

- For the repayment of approximately \$12.8 million outstanding under our line of credit;
- For capital expenditures for the opening of an additional four to six new restaurants in the remainder of fiscal year 2002 and the opening of an additional 10 to 12 new restaurants in fiscal year 2003; and
- For working capital and other general corporate purposes.

Following the proposed repayment of our line of credit, we will have the ability to reborrow such monies in the future, subject to the provisions of our agreement with our lender. The interest rate on the line of credit is a floating rate equal to the prime rate as reported in The Wall Street Journal minus 0.5% per annum. This line of credit matures on October 1, 2007. We may use a portion of the net proceeds to acquire complementary businesses; however, we currently have no commitments or agreements relating to any acquisition. We will have significant discretion in the use of the net proceeds of this offering. Investors will be relying on the judgment of our management regarding the

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

application of the proceeds of this offering. Pending use of the net proceeds as discussed above, we intend to invest these funds in short-term, interest-bearing, investment-grade obligations.

PRICE RANGE OF COMMON STOCK

Our common stock has traded on the Nasdaq National Market under the symbol "TENT" since our initial public offering on July 17, 1997. The following table sets forth, for the periods indicated, the high and low closing prices per share for our common stock as reported by the Nasdaq National Market.

FISCAL YEAR ENDED DECEMBER 26, 2000 -----	HIGH -----	LOW -----

On June 13, 2002, the last reported sale price of our common stock as reported on the Nasdaq National Market was \$14.00 per share. As of June 11, 2002, there were approximately 60 holders of record of our common stock. Because many of our shares of common stock are held by brokers and other institutions on behalf of stockholders, we are unable to estimate the total number of stockholders represented by these record holders.

DIVIDEND POLICY AND STOCK REPURCHASES

We have not declared or paid any dividends on our capital stock. We expect to retain any future earnings to fund the development and expansion of our business. Therefore, we do not anticipate paying cash dividends on our common stock in the foreseeable future. Our current line of credit restricts our ability to pay dividends. See "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital Resources" for additional information concerning our line of credit.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

STOCK REPURCHASES

In October 1999, we announced the authorization of an open market stock repurchase program. This program resulted in our repurchasing approximately 1.7 million shares of our common stock for approximately \$3.5 million through February 21, 2001. We have not repurchased any shares under the program since February 21, 2001, and formally terminated this program as of June 12, 2002.

- (1) We were formed on February 7, 1997. On February 20, 1997, we completed an exchange with the stockholders of four corporations and certain limited partners of four limited partnerships, pursuant to which we acquired 11 restaurants in exchange for the issuance of 8 million shares of our common stock. For accounting purposes, FHRC, one of the participants in the exchange, is treated as our predecessor.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis in conjunction with our Consolidated Financial Statements and related Notes thereto included elsewhere in this prospectus. Except for historical information, the discussion in this prospectus contains certain forward-looking statements within the meaning of Section 27A of the Securities Act that involve risks and uncertainties. The principal factors that could cause or contribute to differences in our actual results are discussed under the caption "Risk Factors."

COMPANY OVERVIEW

We own and operate 48 restaurants under the "Fox and Hound" and "Bailey's" brand names that each provide a social gathering place offering high quality food, drinks and entertainment in an upscale, casual environment. Our restaurants offer a broad menu of mid-priced appetizers, entrees and desserts served in generous portions. In addition, each location features a full-service bar and offers a wide selection of major domestic, imported and specialty beers. Each restaurant emphasizes a high energy environment with multiple billiard tables and satellite and cable coverage of a variety of sporting events and music videos. In addition to our food, we believe our customers are attracted to our elegant yet comfortable atmosphere of polished brass, embroidered chairs and booths, hunter green and burgundy walls and etched glass. Our Fox and Hound and Bailey's restaurants share identical design and operational principles and menus. As of June 11, 2002, we owned and operated 32 Fox and Hound restaurants and 16 Bailey's restaurants in 19 states.

We began operations February 20, 1997 with three Fox and Hound and eight Bailey's restaurants. We have opened and closed restaurants since that date as follows:

-
- (1) From February 20, 1997 through December 30, 1997.
 - (2) From December 26, 2001 through June 11, 2002.

The components of our net sales are food and non-alcoholic beverages, alcoholic beverages, and entertainment and other (principally billiard table rental fees). For fiscal year 2001 and the twelve weeks ended March 20, 2001 and March 19, 2002, the components of net sales were as follows: (i) food and non-alcoholic beverages: 31.4%, 31.5% and 31.9%, respectively; (ii) alcoholic beverages: 59.5%, 59.6% and 59.1%, respectively; and (iii) entertainment and other: 9.1%, 9.3% and 9.0%, respectively.

The components of our cost of sales primarily include direct costs of food, non-alcoholic beverages and alcoholic beverages. These costs are generally variable and will fluctuate with changes in sales volume and sales mix.

Components of restaurant operating expenses include operating payroll and fringe benefits, and occupancy, maintenance and utilities. All but one of our locations are leased and provide for a minimum annual rent, with some leases calling for additional rent based on sales volume at the particular location in excess of specified minimum sales levels.

Depreciation and amortization costs primarily include depreciation and amortization of capital expenditures for restaurants.

17

Prior to December 30, 1998, preopening costs, which include labor costs, costs of hiring and training personnel and certain other costs relating to opening new restaurants, were capitalized and amortized over a 12 month period, beginning in the period that the restaurant opened. Effective December 30, 1998, preopening costs are expensed as incurred.

The provision for asset impairment reflects the charges made for the write down of certain underperforming restaurant assets. We periodically review our long lived assets that are held and used in our restaurant operations for indications of impairment (see Note 1 of Notes to Consolidated Financial Statements). The provision for restaurant closing primarily includes the remaining lease obligation for closed restaurants.

General and administrative expenses include all corporate and administrative functions that support existing operations and provide an infrastructure to support future growth. Management, supervisory and staff salaries, employee benefits, travel, information systems, training, rent and office supplies, as well as accounting services fees, are major items of costs in this category.

In calculating comparable restaurant sales, we include a restaurant in the comparable restaurant base after it has been in operation for 18 full months. As of June 11, 2002, there were 35 restaurants in the comparable restaurant base. Annualized average weekly sales are computed by dividing net sales during the period by the number of store operating weeks and multiplying the result by fifty-two.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

We consider determination of impairment of long-lived assets as a critical accounting policy because the determination as to whether the long-lived assets

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

of a restaurant are impaired and, if impaired, the fair value of such assets, requires the use of judgment, particularly as it relates to projecting whether the sum of expected undiscounted future cash flows for the restaurant over an extended period of time will equal or exceed the carrying value of such assets. We use the best information available to make the determination; however, actual future cash flows for a restaurant may vary significantly from the cash flows projected in conjunction with the impairment assessment. The potential impact on our financial statements of incorrect judgments regarding impairment of long-lived assets is that a provision for impairment could be needlessly recorded if projected future cash flows for a restaurant are significantly under-estimated or a provision for impairment could be deferred until later determined necessary in a future period if initial projected cash flows are over-estimated. See Note 1 of Notes to Consolidated Financial Statements for a description of our accounting policy for impairment of long-lived assets.

RESULTS OF OPERATIONS

The following discussion of results of operations should be read in conjunction with the information under the caption "Selected Consolidated Financial Data," our Consolidated Financial Statements and accompanying Notes and the other financial data included elsewhere in this prospectus. We operate on a 52 or 53 week fiscal year ending the last Tuesday in December. Fiscal years 1999, 2000 and 2001 each consisted of 52 weeks. Our fiscal quarters consist of three accounting periods of 12 weeks each and a final period of 16 or 17 weeks.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

TWELVE WEEKS ENDED MARCH 19, 2002 COMPARED TO TWELVE WEEKS ENDED MARCH 20, 2001

Net sales increased \$5.7 million (34.5%) for the twelve weeks ended March 19, 2002 to \$22.1 million from \$16.4 million for the twelve weeks ended March 20, 2001. This increase was due to an 18.3% increase in restaurant operating weeks (539 versus 456) as a result of nine restaurants opened since March 20, 2001 and a 13.7% increase in annualized average weekly sales. Comparable restaurant sales increased 9.3% for the quarter ended March 19, 2002.

Costs of sales increased \$1.3 million (30.4%) for the twelve weeks ended March 19, 2002 to \$5.8 million from \$4.5 million for the twelve weeks ended March 20, 2001, and decreased as a percentage of net sales to 26.3% from 27.1%. This decrease as a percentage of net sales was principally attributable to lower food costs associated with our new barbecue menu items and price increases on selected menu items implemented in the fourth quarter of fiscal year 2001.

Restaurant operating expenses increased \$2.6 million (31.5%) for the twelve weeks ended March 19, 2002 to \$10.6 million from \$8.0 million for the twelve weeks ended March 20, 2001, and decreased as a percentage of net sales to 47.8% from 48.8%. This decrease as a percentage of net sales was attributable to the leveraging of fixed costs against higher average unit volumes.

Depreciation and amortization increased \$0.2 million (23.7%) for the twelve weeks ended March 19, 2002 to \$1.0 million from \$0.8 million for the twelve weeks ended March 20, 2001. This increase was due to additional depreciation on nine restaurants opened since March 20, 2001.

Preopening costs increased \$0.4 million for the twelve weeks ended March 19, 2002 to \$0.5 million from \$71,000 for the twelve weeks ended March 20, 2001. This increase was attributable to the costs incurred for four restaurants that opened during the twelve weeks ended March 19, 2002 and partial preopening expenses for two restaurants which have yet to open. No new restaurants were opened in the twelve weeks ended March 20, 2001.

General and administrative expenses increased \$0.3 million (33.3%) for the twelve weeks ended March 19, 2002 to \$1.2 million from \$0.9 million for the twelve weeks ended March 20, 2001, due to an increase in corporate infrastructure to support our expansion. General and administrative expenses

19

decreased as a percentage of net sales to 5.2% from 5.3%, due to our ability to leverage our infrastructure expense against a higher sales volume.

Other expense decreased \$0.2 million (58.0%) for the twelve weeks ended March 19, 2002 to \$0.1 million from \$0.3 million for the twelve weeks ended March 20, 2001 primarily related to decreased interest expense. This decrease was due to both a lower interest rate and lower average balance applicable to our line of credit for the twelve weeks ended March 19, 2002 compared with the twelve weeks ended March 20, 2001.

Our effective income tax rate was 36.0% for the twelve weeks ended March 19, 2002 and 36.4% for the twelve weeks ended March 20, 2001.

FIFTY-TWO WEEKS ENDED DECEMBER 25, 2001 COMPARED TO FIFTY-TWO WEEKS ENDED DECEMBER 26, 2000

Net sales increased \$15.0 million (26.7%) for the fifty-two weeks ended December 25, 2001 to \$71.0 million from \$56.0 million for the fifty-two weeks

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

ended December 26, 2000, which was attributable to a 13.1% increase in restaurant operating weeks (2,071 versus 1,831) as a result of new restaurants opened and a 11.9% increase in annualized average weekly sales (\$1.8 million versus \$1.6 million). Comparable restaurant sales increased 7.4% for the fifty-two weeks ended December 25, 2001.

Costs of sales increased \$4.4 million (29.9%) for the fifty-two weeks ended December 25, 2001 to \$19.2 million from \$14.8 million for the fifty-two weeks ended December 26, 2000, and increased as a percentage of net sales to 27.1% from 26.4%. This increase as a percentage of net sales was principally attributable to higher food costs associated with a new menu implemented in the first quarter of fiscal year 2001 and an increase in pork and poultry costs.

Restaurant operating expenses increased \$7.3 million (25.9%) for the fifty-two weeks ended December 25, 2001 to \$35.7 million from \$28.4 million for the fifty-two weeks ended December 26, 2000, and decreased as a percentage of net sales to 50.4% from 50.7%. This decrease as a percentage of net sales was principally attributable to the effect of leveraging fixed expenses against higher unit volumes.

Depreciation and amortization increased \$0.1 million (3.2%) for the fifty-two weeks ended December 25, 2001 to \$3.7 million from \$3.6 million. This net increase was due principally to depreciation incurred during fiscal year 2001 on eight restaurants opened since September 5, 2000 offset by the elimination of depreciation in fiscal year 2001 on (i) assets in two restaurants for which an impairment charge was taken in the fourth quarter of fiscal year 2000 and (ii) certain assets, principally capitalized smallwares, with a two-year life that were added in 1998.

Preopening costs increased \$0.7 million (142.9%) for the fifty-two weeks ended December 25, 2001 to \$1.2 million from \$0.5 million for the fifty-two weeks ended December 26, 2000. Preopening costs for fiscal year 2001 were related to the opening of five restaurants in fiscal year 2001 and partial preopening costs related to restaurants that opened in fiscal year 2002. Preopening costs for fiscal year 2000 were related to the opening of three restaurants in fiscal year 2000 and costs related to restaurants that opened in fiscal year 2001.

Provision for asset impairment and restaurant closing decreased \$1.8 million (75.7%) for the fifty-two weeks ended December 25, 2001 to \$0.6 million from \$2.4 million for the fifty-two weeks ended December 26, 2000.

General and administrative expenses increased \$0.2 million (5.9%) for the fifty-two weeks ended December 25, 2001 to \$4.0 million from \$3.8 million for the fifty-two weeks ended December 26, 2000, due to an increase in corporate infrastructure to support our expansion. General and administrative expenses decreased as a percentage of net sales to 5.6% from 6.7%, due to our ability to leverage our infrastructure against a higher sales volume.

Other expense decreased \$0.2 million (13.1%) for the fifty-two weeks ended December 25, 2001 to \$0.9 million from \$1.1 million for the fifty-two weeks ended December 26, 2000 primarily related to decreased interest expense. This decrease was due to a lower interest rate applicable to our line of credit offset by a higher average balance on the line of credit.

Our effective income tax rate was 36.8% for the fifty-two weeks ended December 25, 2001 as compared to 28.7% for the fifty-two weeks ended December 26, 2000. This increase was primarily due to the impact of the credit for social security taxes paid on tips in excess of minimum wage relative to the amount of

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

income before taxes.

FIFTY-TWO WEEKS ENDED DECEMBER 26, 2000 COMPARED TO FIFTY-TWO WEEKS ENDED DECEMBER 28, 1999

Net sales increased \$0.1 million (0.1%) for the fifty-two weeks ended December 26, 2000 to \$56.0 million from \$55.9 million for the fifty-two weeks ended December 28, 1999 which was attributable to a 0.8% increase in annualized average weekly sales offset by a 0.7% decrease in restaurant operating weeks (1,831 versus 1,843). Comparable restaurant sales increased 3.8% for the fifty-two weeks ended December 26, 2000.

Costs of sales, primarily food and beverages, decreased \$0.5 million (3.6%) for the fifty-two weeks ended December 26, 2000 to \$14.8 million from \$15.3 million for the fifty-two weeks ended December 28, 1999, and decreased as a percentage of net sales to 26.4% from 27.4%. This decrease was attributable to better food and beverage controls.

Restaurant operating expenses decreased \$0.2 million (0.8%) for the fifty-two weeks ended December 26, 2000 to \$28.4 million from \$28.6 million for the fifty-two weeks ended December 28, 1999, and decreased as a percentage of net sales to 50.7% from 51.2%. This decrease was primarily attributable to lower hourly labor costs resulting from better labor controls, offset by higher other operating expenses, including maintenance costs and live music costs.

Depreciation and amortization decreased \$0.1 million (2.8%) for the fifty-two weeks ended December 26, 2000 to \$3.6 million from \$3.7 million for the fifty-two weeks ended December 28, 1999. This decrease was due to the closing of two restaurants in 1999 offset by three new restaurants opened in the fourth quarter of fiscal year 2000.

Preopening costs were \$0.5 million for both the fifty-two weeks ended December 26, 2000 and the fifty-two weeks ended December 28, 1999. Preopening costs for fiscal year 2000 were related to the opening of three restaurants in fiscal year 2000 and costs related to restaurants that opened in fiscal year 2001. Preopening costs for fiscal year 1999 were related to the opening of five restaurants in fiscal year 1999.

Provision for asset impairment and restaurant closing increased \$1.3 million (117.3%) for the fifty-two weeks ended December 26, 2000 to \$2.4 million from \$1.1 million in the fifty-two weeks ended December 28, 1999. The provision in fiscal year 1999 represents the estimated costs associated with closing the restaurant in Davenport, Iowa. The provision included \$0.4 million of future lease costs, \$0.6 million in abandoned leasehold improvements and \$0.1 million in abandoned furniture, fixtures and equipment.

General and administrative expenses decreased \$0.1 million (3.4%) for the fifty-two weeks ended December 26, 2000 to \$3.8 million from \$3.9 million for the fifty-two weeks ended December 28, 1999, and decreased as a percentage of net sales to 6.7% from 7.0%. The decrease reflected the realignment of certain executive positions during fiscal year 2000.

Other expense decreased \$0.2 million (11.6%) for the fifty-two weeks ended December 26, 2000 to \$1.1 million from \$1.3 million primarily related to decreased interest expense. This decrease reflected a decrease in the average debt balance of our line of credit offset by an increase in the average interest rate applicable to our line of credit.

Our effective income tax rate was 28.7% for the fifty-two weeks ended December 26, 2000 as compared to 44.0% for the fifty-two weeks ended December 28, 1999. This decrease was primarily due to the impact of the credit for social security taxes paid on tips in excess of minimum wage relative to the amount of

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

income before taxes.

QUARTERLY FINANCIAL AND RESTAURANT OPERATING DATA

The following is a summary of certain unaudited quarterly results of operations data for each of the last two fiscal years and for the twelve weeks ended March 19, 2002. For accounting purposes, the first, second and third quarters of each fiscal year presented each consist of 12 weeks and the fourth quarter consists of 16 weeks. As a result, some of the variations reflected in the following table may be attributed to the different lengths of the fiscal quarters. The fourth quarter of fiscal year 2002 will consist of 17 weeks, because fiscal year 2002 is a 53-week year.

QUARTERLY FLUCTUATIONS, SEASONALITY AND INFLATION

Our operating results may fluctuate significantly from period to period and the results for one period may not be indicative of results for other periods. Our operating results may also fluctuate significantly because of several factors, including the timing of new restaurant openings and related expenses, seasonality, profitability of new restaurants, increases or decreases in comparable restaurant sales, general economic conditions, consumer confidence in the economy, changes in consumer preferences, competitive factors and weather conditions.

The timing of new restaurant openings may result in significant fluctuations in quarterly results as a result of the revenues and expenses associated with each new restaurant location. We typically incur most preopening costs for a new restaurant within the two months immediately preceding, and the month of, the restaurant's opening. In addition, the labor and operating costs for a newly opened restaurant during the first three to six months of operation are materially greater than what can be expected after that time, both in aggregate dollars and as a percentage of restaurant sales. Our growth, operating results and profitability will depend to a large degree on our ability to increase the number of our restaurants.

We also expect seasonality to continue to be a factor in our results of operations. Historically, our revenues have been moderately higher in the first and fourth quarters due to weather conditions, major sporting events and the year-end holidays. Our revenues in most of our restaurants have been lower during the summer months of each year, and we expect lower second and third quarter revenues to continue in the future. In addition, for accounting purposes, the first, second and third quarters of each fiscal year consist of 12 weeks and the fourth quarter consists of 16 or 17 weeks. As a result, some of the variations in our operating results may be attributable to the different lengths of the fiscal quarters. These quarterly fluctuations and seasonality may cause our operating results to fall below the expectations of securities analysts and investors, which could cause our stock price to fall.

22

LIQUIDITY AND CAPITAL RESOURCES

As is customary in the restaurant industry, we operate with negative working capital. Negative working capital decreased \$0.6 million to \$4.6 million as of March 19, 2002 from \$5.2 million as of December 25, 2001. This decrease is attributable primarily to an excess of working capital provided by operations and net proceeds from the line of credit in excess of the cost of purchases of property and equipment. Cash decreased \$0.4 million at March 19, 2002 compared to the balance at December 25, 2001. We do not have significant receivables or inventory, and we receive trade credit based upon negotiated terms in purchasing food and supplies. Because funds available from cash sales are not needed immediately to pay for food and supplies or to finance inventory, they may be considered as a source of financing for noncurrent capital expenditures.

On September 1, 1998, we entered into a loan agreement with Intrust Bank, N.A. that provides for a line of credit of \$20.0 million, subject to certain limitations based on earnings before interest, taxes, depreciation and

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

amortization of the past fifty-two weeks and the amount of capital lease obligations on personal property. The line of credit is secured by substantially all our assets. The line of credit requires monthly payments of interest only until October 1, 2003, at which time equal monthly installments of principal and interest are required as necessary to fully amortize the outstanding indebtedness plus future interest over a period of four years. Interest is accrued at 0.5% below the prime rate as reported in The Wall Street Journal. Proceeds from the line of credit are being used for restaurant development. As of March 19, 2002, we had borrowed approximately \$12.8 million under the line of credit. We are currently in compliance with all debt covenants under the line of credit.

Cash flows from operations were \$1.8 million for the twelve weeks ended March 19, 2002, compared to \$1.5 million for the twelve weeks ended March 20, 2001. Purchases of property and equipment were \$4.7 million for the twelve weeks ended March 19, 2002 compared to \$2.2 million for the twelve weeks ended March 20, 2001. Net advances under the line of credit were \$2.5 million for the twelve week period ending March 19, 2002 compared to \$1.6 million for the twelve week period ending March 20, 2001. At March 19, 2002, we had \$0.9 million in cash and cash equivalents.

We intend to open 10 to 12 new restaurants in both fiscal year 2002 and fiscal year 2003. Six restaurants have been opened in fiscal year 2002, four restaurants are currently under construction and an additional two leases have been executed. We are currently evaluating locations in markets familiar to our management team. However, the number of restaurants actually opened and the timing thereof may vary depending upon our ability to locate suitable sites and negotiate favorable leases. We expect to expend approximately \$14.0 to \$18.0 million to open new restaurants over the next twelve months.

We believe that the net proceeds from this offering, the funds available from our line of credit and cash flow from our operations will be sufficient to satisfy our working capital and capital expenditure requirements for at least the next 12 months. There can be no assurance, however, that changes in our operating plans, the acceleration or modification of our expansion plans, lower than anticipated revenues, increased expenses, potential acquisitions or other events will not cause us to seek additional financing sooner than anticipated, prevent us from achieving the goals of our expansion strategy or prevent any newly opened restaurants from operating profitably. There can be no assurance that additional financing will be available on terms acceptable to us or at all.

BUSINESS

OVERVIEW

We own and operate 48 restaurants under the "Fox and Hound" and "Bailey's" brand names that each provide a social gathering place offering high quality food, drinks and entertainment in an upscale, casual environment. Our restaurants offer a broad menu of mid-priced appetizers, entrees and desserts served in generous portions. In addition, each location features a full-service bar and offers a wide selection of major domestic, imported and specialty beers. Each restaurant emphasizes a high energy environment with multiple billiard tables and satellite and cable coverage of a variety of sporting events and music videos. In addition to our food, we believe our customers are attracted to our elegant yet comfortable atmosphere of polished brass, embroidered chairs and booths, hunter green and burgundy walls, and etched glass. Our Fox and Hound and Bailey's restaurants share identical design and operational principles and menus. As of June 11, 2002, we owned and operated 32 Fox and Hound restaurants and 16 Bailey's restaurants in 19 states.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

We believe the design of our restaurants plays an essential role in our success. We strive to create a distinctive, highly entertaining and unique atmosphere at each of our restaurants by featuring warm lighting, high ceilings and rich wood-finished interiors. Our restaurants average approximately 9,500 square feet in size and are typically divided into three large rooms. The bar and primary dining room are centrally located while the two side rooms are partitioned from the bar and dining area by etched glass, and each hold approximately four to six billiard tables as well as numerous cocktail tables. This layout provides customers with an open view of the main dining room, bar and billiard areas. These side rooms are equipped with state-of-the-art audio and video technology for displaying various sporting events and music videos and can be readily configured into a comfortable "arena" for viewing national, regional and local sporting and other televised events. All locations also can be arranged to dedicate areas to accommodate business and social organizations for special events.

OUR HISTORY

The first Fox and Hound restaurant opened in August 1994 and the first Bailey's restaurant opened in November 1989. In February 1997, the two companies were combined to form Total Entertainment Restaurant Corp. In July 1997 we completed our initial public offering. From July 1997 to March 1999, we expanded rapidly from 12 units to 37 units. In January 1999, we hired Steven Johnson as our Chief Executive Officer. Shortly thereafter, we suspended new restaurant development in order to focus on developing our service-oriented culture and improving the operations and profitability of our existing restaurants. In addition, we implemented a number of initiatives, including recruiting a new Chief Operating Officer, increasing the number of district managers, restructuring our board of directors and closing three underperforming restaurants.

As a result of these and other initiatives, we increased our annualized average weekly restaurant sales from \$1.6 million in fiscal year 1999 to \$1.8 million in fiscal year 2001 and expanded restaurant-level operating profit margins (before preopening costs and provision for asset impairment and restaurant closing) from 14.8% in fiscal year 1999 to 17.3% in fiscal year 2001. In addition, since early 1999 we have achieved 13 consecutive quarters of positive comparable restaurant sales growth. Beginning in mid-2000, we initiated a disciplined growth plan, opening three restaurants in fiscal year 2000, five restaurants in fiscal year 2001 and six restaurants during fiscal year 2002. We intend to open four to six additional restaurants during the remainder of fiscal year 2002 and 10 to 12 restaurants in fiscal year 2003.

24

THE FOX AND HOUND/BAILEY'S CONCEPT

We believe our restaurants offer customers a unique and exciting upscale destination for socializing, eating and drinking. We believe our restaurants are differentiated from our competitors by offering all of the following features in a single location:

- An Upscale, Neighborhood Social Gathering Place. Our restaurants provide a destination where friends and acquaintances can gather regularly for food, drinks and entertainment in an upscale yet casual environment. We strive to offer a unique setting with a broad appeal to both male and female customers through an inviting, clean and comfortable atmosphere. In order to achieve the feeling of an upscale atmosphere for these customers, we emphasize decor, lighting and cleanliness. For example, we recycle fresh filtered air throughout our restaurants several times an

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

hour and place fresh-cut flowers in our restrooms. Each of our locations feature dedicated areas for viewing sporting events or music videos. To maximize the broad appeal of the atmosphere in our restaurants, the sound in each room is carefully monitored to balance the desire among our customers for lively entertainment versus quieter socializing. In addition, our locations generally offer multiple tournament-quality billiard tables and darts and popular interactive games to further enhance our appeal as a social destination.

- High Quality Food and Beverage. Our restaurants offer a broad menu of mid-priced appetizers, salads, desserts and entrees featuring beef, chicken, fish and barbecue, all served in generous portions. Our menu features over 50 items, with entrees typically priced between \$5.99 and \$16.99, the majority of which are priced under \$10.00. A strong emphasis is placed on the presentation of each of these menu items, increasing the quality and satisfaction of our customers' overall dining experience. Each location features a full service bar and most of our restaurants offer over 100 brands of ales, lagers, stouts and specialty beers from around the world, with an average of 30 beers on tap. To maximize the appeal of each area of our restaurants, sit-down food and beverage service is available in every room.
- State-of-the-Art Audio and Visual Technology. Our restaurants create an exciting, high-energy atmosphere through state-of-the-art audio and video systems for viewing sporting events and music videos from our customized playlist. Each location typically has more than 35 televisions (including several big-screen televisions) with satellite and cable coverage of concurrent national, regional and local sporting events. This broad sports coverage further reinforces our positioning as a social gathering place by attracting to our destination alumni groups and others interested in specific teams or sporting events. We believe the entertainment aspect of our restaurants encourages repeat visits, increases the average length of customer stay and attracts customers outside of peak hours.
- Late-Night Destination. Our restaurants are generally open from 11:00 a.m. to 2:00 a.m., seven days a week, depending upon local law. We provide customers with an upscale entertainment and dining alternative by offering our full menu during our increasingly popular late-night segment. We believe customers have difficulty finding comparable late-night destinations that offer a clean, upscale atmosphere and that serve high quality food after 10:00 p.m., especially Sunday through Thursday. A significant portion of our average daily revenue is recognized after 10:00 p.m.

GROWTH STRATEGIES

Our goal is to become the leading neighborhood destination for socializing, eating and drinking. We anticipate our primary source of revenue growth in the near term will be the addition of new restaurants and increased sales at existing locations.

New Unit Growth. We intend to develop new restaurants both in our existing and in new markets. We plan to open 10 to 12 locations in both fiscal year 2002 and fiscal year 2003. We have opened six restaurants during fiscal year 2002, currently have four restaurants under construction and have executed leases for two additional proposed restaurant locations. We continually evaluate locations in various markets and negotiate proposed additional leases at desired sites.

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

Increase Sales at Existing Locations. We seek to increase sales at our existing restaurants by continuing to implement the following strategies:

- Best Practice Initiatives. We allow our restaurant-level managers significant latitude to test and implement restaurant-level initiatives intended to increase sales or efficiency or improve the overall customer experience. We encourage the exchange of ideas through weekly management meetings. We actively monitor these initiatives at a corporate level and seek to implement successful single-restaurant initiatives as "best practice" initiatives company-wide.
- Promotional Events. We attempt to increase sales at our restaurants by building brand awareness through word-of-mouth and promotional events in our restaurants. These promotions are intended to increase both the frequency of existing customers and attract new customers to our restaurants. For example, one of our restaurants initiated a branded promotion targeting professional women. After success at a single restaurant, we introduced this promotion to an additional 35 restaurants. We have also initiated promotions targeting hospitality industry professionals in all of our restaurants during fiscal year 2002. We believe both of these promotions have contributed to our strong recent comparable store revenue growth.
- Corporate/Group Events. We believe that our restaurants provide an ideal gathering place for corporate and private groups. The multi-room design of our restaurants allows groups of people to socialize without being interrupted by other customers. Most locations employ event coordinators responsible for marketing to groups and creating customized corporate and private events. In addition to contributing to revenue, these events facilitate the introduction of new customers to our restaurants.
- Menu Updates. We regularly update and introduce new menu segments and items in order to attract new customers and drive customer frequency, customer satisfaction and overall restaurant sales. We continually review our menu based on feedback from our customers and our secret shopper program. For example, beginning in August 2001, we successfully expanded our menu to include a broad selection of barbecue sandwiches and entrees.

Many of these strategies were partially implemented in fiscal years 2001 and 2002 and contributed to our strong recent comparable restaurant sales growth. Because many of these strategies were implemented mid-year or were recently expanded company-wide, we expect these strategies to continue to positively impact our sales in fiscal years 2002 and 2003.

26

RESTAURANT LOCATIONS

Our restaurants range in size from 6,500 square feet to 15,300 square feet with an average restaurant size of approximately 9,500 square feet. The following table sets forth as of June 11, 2002 the location, opening date and approximate square footage of our existing restaurant locations:

Our restaurants operate under the complete names of "Fox and Hound English Pub & Grille," "Fox and Hound Smokehouse & Tavern," "Bailey's Sports Grille" and "Bailey's Pub & Grille" and "Bailey's Smokehouse & Tavern." While the majority of our future development is planned using the "Fox and Hound" brand name, we will continue to occasionally use the "Bailey's" brand name in certain markets where Bailey's restaurants are already located or where we are unable to use the Fox and Hound brand

name due to conflicting pre-existing local use. We have one licensee which operates a Fox and Hound restaurant in Lincoln, Nebraska.

SITE SELECTION CRITERIA AND RESTAURANT DEVELOPMENT

We believe the site selection process is critical in determining the potential success of each restaurant location. Senior management devotes significant time and resources in analyzing each prospective site and inspects and approves each location prior to final lease execution. A variety of factors are considered in the site selection process, including local market demographics (e.g., average income levels and age), site visibility, traffic count, nature of the surrounding retail environment and accessibility and proximity to major retail centers, office complexes, hotels and entertainment centers (e.g., stadiums, arenas and theaters).

We lease all locations, with the exception of one Bailey's restaurant in Columbia, South Carolina, which is owned by us. Most of the restaurants are located in shopping centers. Leases are generally negotiated with initial terms of five to 10 years, with multiple renewal options. We are generally required to complete construction and open a new location approximately 90 to 120 days after the later of signing of a lease and obtaining required permits. Additional time is sometimes required to obtain certain government approvals and licenses, such as liquor licenses. In the future, we anticipate leasing our locations, although we may consider purchasing free-standing sites where it is cost-effective to do so.

The cost to construct a typical new restaurant upon leased real estate is approximately \$1.0 to \$1.5 million (excluding preopening costs). The 47 leased restaurants open at June 11, 2002 had an average cash investment of approximately \$1.2 million (excluding preopening costs). Preopening expenses typically range from \$125,000 to \$175,000 for each new restaurant. Preopening expenses include costs incurred prior to the date of opening for management salaries, staff wages during training and costs incurred during training.

MENU

Our restaurants offer a single menu for lunch, dinner and late-night dining. The menu features a broad selection of appealing appetizers (including quesadillas, chicken wings and nachos) and soups and salads (including caesar salads, chili and soups of the day), typically ranging in price from \$3.49 to \$6.99. The menu includes over 25 entrees typically priced between \$5.99 to \$16.99 such as sandwiches, pizzas, ribs, burgers and a selection of grilled and smoked barbecued entrees. Most entrees are priced under \$10.00. A strong emphasis is placed on the presentation of each of these menu items, increasing the quality and satisfaction of our customer's overall dining experience. Each location features a full service bar and most restaurants offer over 100 brands of ales, lagers, stouts and specialty beers from around the world, with an average of 30 beers on tap.

MARKETING

We believe our restaurant concept attracts a loyal clientele and we rely primarily on word-of-mouth and group events to attract new business. We do, however, advertise on a limited basis through traditional marketing and advertising media in selected markets, including billboard signage, radio and print advertising and local restaurant marketing. We have engaged a national marketing firm to assist us with our in-store advertising and food and beverage promotion. In addition, we seek to increase both customer awareness and frequency with promotions, such as those targeting professional working women and hospitality industry professionals. Our marketing efforts also seek to focus on national, regional and local sporting events, such as the Super Bowl and the NCAA basketball tournament, which attract locally active groups of fans, supporters or alumni.

We aggressively market our restaurant concept to local businesses and other

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

groups for social events. With a range of entertainment offerings, our restaurants offer a place where companies can take their employees for parties and encourage relaxed, casual social interaction with each other in an informal, comfortable setting. We market our group business by employing an events coordinator at most

28

restaurants. These events coordinators are incentivized through a combination of base pay and sales commissions. In addition, we employ a national events coordinator who oversees the training of, and monitors the performance of, each of our local event coordinators.

OPERATIONS AND MANAGEMENT

Our operations and management systems are based upon systems and controls that were developed by our senior management and have been successfully used to manage a large number of restaurants located in numerous states. We strive to maintain quality and consistency in our restaurant locations through the careful training and supervision of personnel and the establishment of standards relating to food and beverage preparation, maintenance of locations and conduct of personnel.

We staff our restaurants with management that has experience in the restaurant industry. We believe our strong team-oriented culture helps us attract highly motivated employees who provide customers with a superior level of service. We train our kitchen employees and wait staff to take great pride in preparing and serving food in accordance with our high standards. Restaurant managers and staff are trained to be courteous and attentive to customer needs, and our managers, in particular, are instructed to visit each table. Senior corporate management hosts weekly meetings with district managers to discuss staffing, marketing, individual restaurant performance and customer comments. Moreover, we require our general managers to hold daily shift meetings at their individual restaurants. Senior management regularly visits the Fox and Hound and Bailey's locations and meets with the respective management teams to ensure compliance with our strategies and standards of quality.

Management. The management of a typical restaurant consists of one general manager and three or four assistant managers depending upon restaurant revenue and hours of operation. The assistant managers are responsible for their own operational units, including a kitchen manager, bar manager and service manager, but all have been trained to support and manage each operational unit of the restaurant. Each general manager is responsible for the restaurant's day-to-day operations and is required to follow our established operating procedures and standards. Each location also employs a staff of hourly employees, many of whom are part-time personnel. We currently employ nine district managers, each of which oversees between four and seven restaurants. Our district managers, general managers and assistant managers participate in incentive cash bonus programs. These employees typically earn between 10% and 30% of their total cash compensation under this program. Awards under the incentive plans are tied to achievement of specified operating targets, including achievement of specific unit objectives and control of operating expense budgets. In addition, the district managers and general managers participate in our Employee Stock Option Plan.

Financial Controls. We maintain financial and accounting controls for each of our restaurants through the use of centralized accounting and management information systems. Sales and labor information are collected daily from each restaurant, and general managers are provided with operating statements for their restaurants. Cash is controlled through daily deposits of sales proceeds in local operating accounts, the balances of which are wire-transferred daily or weekly to our principal operating account. We utilize a comprehensive peer

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

review reporting system for our general managers. Within 10 days after the close of each 28-day accounting period, profit and loss statements are produced and, subsequently, the general managers of each restaurant meet in person with their respective district managers to review the profit and loss statements. The participants offer each other feedback on their respective performances and suggest ways of improving profitability. The district managers also meet in person with the senior management team to review the performance for the past accounting period as well as set the operating agenda for the next period. We believe the peer review system enables each general manager and district manager to benefit from the collective experience of all of our management.

Customer Service. We believe customer service and satisfaction are keys to the success of our operations. In addition to customer evaluations, we use secret shopper visits to independently evaluate customer satisfaction. A national restaurant evaluation firm performs these visits, three times per month, to test our food and beverage service in a discrete manner without the knowledge of the restaurant personnel.

29

In addition, we encourage frequent visits by restaurant management to customers' tables, active involvement of management in responding to customer comments and assigning wait persons so as to ensure customer satisfaction.

Training. Management strives to instill enthusiasm and dedication in its employees and to create a stimulating and rewarding working environment where employees know what is expected of them in measurable terms. Each of our new restaurant employees participates in a training program during which the employee works under the close supervision of a manager. Restaurant management personnel participate in an eight-week training program that focuses on various aspects of the restaurant's operations and customer service. Management continuously solicits employee feedback concerning restaurant operations and strives to be responsive to the employees' concerns.

We promote a safe drinking environment through the use of certain internal procedures in addition to extensive alcohol awareness training. It is mandatory for all service employees and managers, regardless of a lack of state regulation, to complete a third-party alcohol awareness-training program. We have also established internal measures to promote a safe drinking environment, such as a four-drink log (which is reviewed by the restaurant's district manager).

PURCHASING

We strive to obtain consistent, quality items at competitive prices from reliable sources. We continually search for and test various products in order to serve the highest quality products possible and to be responsive to changing customer tastes. We engage a purchasing consultant to assist in the negotiation of purchasing agreements with suppliers. Food and supplies are shipped directly to the restaurant locations, although invoices for purchases are forwarded to a central location for payment. Due to the experience of our senior management in the restaurant business, we have been and expect to continue to be able to purchase most of our restaurant equipment directly from equipment manufacturers. We have not experienced any significant delays in receiving supplies or equipment.

MANAGEMENT INFORMATION SYSTEMS

We utilize a computer-based management support system which is designed to improve labor scheduling and food and beverage cost management, provide corporate management quick access to financial data and reduce the general

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

manager's administrative time. Each general manager uses the system for production planning, labor scheduling and food and beverage cost variance analysis. The system generates daily reports on sales, bank deposits and variance data. We generate weekly consolidated sales reports and food, beverage and labor-cost variance reports, as well as detailed profit and loss statements for each restaurant location every four weeks. Additionally, we monitor sales growth, labor variances and other sales trends on a daily basis.

COMPETITION

The entertainment and restaurant industries are highly competitive. There are a large number of restaurants and entertainment businesses that compete directly and indirectly with us. We compete with restaurants primarily on the basis of quality of food and service, ambiance and location and compete with sports bars and entertainment complexes on the basis of entertainment quality, ambiance and location. Competition for sales in the entertainment and restaurant industries is intense. Many of our existing and potential competitors are well established and have significantly greater financial, marketing and other resources than we do. In addition to other entertainment and restaurant companies, we compete with numerous businesses for suitable locations for our restaurants.

GOVERNMENT REGULATION

Our restaurants are subject to numerous federal, state and local laws affecting health, sanitation, safety and Americans with Disabilities Act accessibility standards, as well as to state and local regulation of the sale of alcoholic beverages. Each restaurant has appropriate licenses from regulatory authorities

30

allowing it to sell liquor, beer and wine, and each restaurant has food service licenses from local health authorities. Our licenses to sell alcoholic beverages must be renewed annually and may be suspended or revoked at any time for cause, including violation by us or our employees of any law or regulation pertaining to alcoholic beverage control, such as those regulating the minimum age of patrons or employees, advertising, wholesale purchasing and inventory control. The failure of a restaurant to obtain or retain liquor or food service licenses would have a material adverse effect on our operations. In order to reduce this risk, each restaurant is operated in accordance with standardized procedures designed to ensure compliance with all applicable laws and regulations.

The development and construction of additional restaurants are subject to compliance with applicable zoning, land use and environmental regulations. Our operations are also subject to federal and state minimum wage laws governing such matters as working conditions, overtime and tip credits and other employee matters. Significant numbers of our personnel are paid at rates related to the federal minimum wage, which is currently \$5.15 per hour. Accordingly, increases in the minimum wage will increase our labor costs.

TRADEMARKS

We have federally registered our "Fox & Hound(R)", "Bailey's Sports Grille(R)" and "Quality Is Our Passion(R)" service marks. Our "7 Bailey's Sports Grille(R)" and "Serious Fun 7 Bailey's Sports Grille(R)" design marks are also federally registered. We regard our service and design marks as having significant value and as being an important factor in the marketing of our restaurant concept. We are aware of names and marks similar to our service marks that are used by other persons in certain geographic areas. We believe such uses will not have a material adverse effect on us, as either the Bailey's or Fox and Hound tradenames may be used if the other name is unavailable. Our policy is to

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

pursue registration of our marks whenever possible and to oppose vigorously any infringement of our marks.

EMPLOYEES AND ACCOUNTING AND ADMINISTRATIVE SERVICES

As of June 11, 2001, we employed approximately 2,500 people, 268 of whom are executive officers, district managers and restaurant management personnel and the remainder of whom are hourly restaurant personnel and corporate support staff. None of our employees is covered by a collective bargaining agreement. We believe our employee relations are satisfactory.

On March 1, 2002, we renewed our services agreement with the Franchise Services Company for certain accounting and administrative services for an additional three-year period. We pay a per restaurant per 28-day fixed fee with no annual charge.

LITIGATION

Occasionally, we are a defendant in litigation arising in the ordinary course of our business, including claims resulting from "slip and fall" accidents, employment-related claims and claims from customers or employees alleging illness, injury or other food quality, health or operational concerns. In addition, we are subjected in certain states to claims under "dram-shop" statutes, which generally provide a person injured by an intoxicated person the right to recover damages from an establishment that wrongfully served alcoholic beverages to the intoxicated person. To date, none of these types of litigation has had a material effect on us. We have and continue to insure against these types of claims.

On February 28, 2001, Patrick O'Shea, David W. Faber, Ann Swanson, Stacy Gregory, Wes L. Patterson, Dale Sproat, Mark Thagard and Patrick Wilson filed a complaint on their own behalf and on behalf of other similarly situated persons against us; Fox & Hound of Indiana, Inc., our subsidiary; Gary Judd, our President; Steven M. Johnson, our Chief Executive Officer; J.C. Weinberg, our former Chief Operating Officer; and Kenneth Syvarth, our former Vice President -- Operations and current Chief Operating Officer, in the United States District Court for the Southern District of Indiana.

31

The plaintiffs allege that they were employed by the defendants with the titles of manager-in-training, assistant manager and/or general manager, and that we and the other defendants willfully and in bad faith failed to pay the defendants overtime pay for hours worked in excess of forty hours per week in violation of the provisions of the Fair Labor Standards Act. The plaintiffs' complaint seeks (1) a declaratory judgment that we and other defendants violated the plaintiffs' legal rights; (2) an accounting of compensation to which the defendants are owed; (3) monetary damages in the form of back pay compensation and benefits, unpaid entitlements, liquidated damages and pre-judgment and post-judgment interest; and (4) attorneys' fees and costs. We and other defendants have filed answers to the plaintiffs' complaint.

On June 4, 2002, the court entered an order allowing the plaintiffs to send a notice to all persons who have worked for us under the above employee-manager titles since February 29, 1998, so that such persons may decide whether to opt-in to the collective action. The court specifically excluded from the collective action those employees who have arbitration agreements with us (which we estimate to be approximately 40% of the persons alleged by the plaintiffs to be similarly situated) and those employees whose claims are barred by the statute of limitations. Persons receiving notice will have a period of 120 days after the notice is sent to opt into the action. The trial of the case is

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

currently scheduled for March 2003.

On October 2, 2000, R&A Bailey & Company of Dublin, Ireland, filed a notice of opposition with the Trademark Trial and Appeal Board of the U.S. Patent and Trademark Office to our U.S. service mark applications for "BAILEY'S PUB & GRILLE" (color), "BAILEY'S PUB & GRILLE" (stylized), and "BAILEY'S PUB & GRILLE." Additionally, on November 14, 2000, R&A Bailey & Company filed a petition with the Trademark Trial and Appeal Board of the U.S. Patent and Trademark Office to cancel our U.S. service mark registrations for "7 BAILEY'S SPORTS GRILLE" (+ Design), "SERIOUS FUN 7 BAILEY'S SPORTS GRILLE" (+ Design), and "BAILEY'S SPORTS GRILLE."

R&A Bailey & Company claims to be the owner of several U.S. trademark registrations, including "BAILEYS ORIGINAL IRISH CREAM" (+ Design), "BAILEYS," "BAILEYS THE ORIGINAL LIGHT CREAM," "BAILEYS" (+ Design), and "BAILEYS YUM," that are claimed to be used in association with liqueurs, distilled spirits, ice cream, coffee cups and other ceramic accessories. R&A Bailey & Company has alleged that our cited registrations and applications cause it damage, are likely to create a likelihood of confusion, mistake or deception, and would likely dilute and lessen its "famous" marks in violation of the Lanham Act. R&A Bailey & Company seeks cancellation of our registrations and opposes the registration of our applications for registration of the above-listed marks.

On December 29, 2000, we filed an answer to R&A Bailey & Company's notice of opposition, denying its allegations. One February 16, 2001, we filed a Stipulated Motion to Extend Answer to Petition in response to the petition to cancel by R&A Bailey & Company. The actions have been suspended by the Trademark Trial and Appeal Board to allow the parties time to negotiate for possible settlement of these pending actions. We are actively pursuing settlement, and we are of the opinion that any resulting liability should not have a material adverse effect on our financial performance.

Mr. Street was also the founder of Good Eats restaurants and served as chairman and chief executive officer of Good Eats Holding Company, Inc. from 1986 until its sale to Consolidated Restaurant Companies, Inc. in 1998.

John D. Harkey, Jr. has been a director since January 1999. Since 1998, Mr. Harkey has served as chairman of Consolidated Restaurant Companies, Inc. and has been a principal in Cracken, Harkey, Street & Hartnett since 1997. Since 1992, Mr. Harkey has also been a partner with the law firm Cracken & Harkey, LLP. Mr. Harkey was founder and managing director of Capstone Capital Corporation and Capstone Partners, Inc. from 1989 until 1992.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We lease two of our restaurants, the College Station and Dallas (Midway) locations, from limited partnerships controlled by Stephen P. Hartnett, a Co-Chairman of our board of directors. The annual rent and maintenance expense paid to the limited partnerships for the College Station, Texas location was \$226,000, \$232,000 and \$254,000 in fiscal years 1999, 2000 and 2001, respectively. The annual rent and maintenance expense paid to the limited partnerships for the Dallas (Midway), Texas location was \$69,000, \$69,000 and \$69,000 in fiscal years 1999, 2000 and 2001, respectively.

Our restaurant in Littleton, Colorado, scheduled to open in the third quarter of fiscal year 2002, is owned 40% by us and 30% each by Gary Judd and James Zielke, our officers and directors. This ownership structure was adopted in response to local liquor license regulations in Jefferson County, Colorado. Because of such arrangement and significant restrictions upon the transferability of the shares in the Littleton restaurant, Messrs. Judd and Zielke will be unable to derive any financial benefit from this agreement. We will manage the restaurant under contract terms giving us the financial benefits and risks of operating the restaurant.

In February 2002, we purchased the assets of a seafood restaurant in Richmond, Virginia, from BMR Restaurants, LLC, which has been converted to a Bailey's restaurant. Our Co-Chairman, Dennis Thompson, is the manager and 70.1% owner of BMR, which had owned the restaurant assets for more

than two years. We paid a total of \$300,000 for these assets, which included a real estate lease, leasehold improvements, furniture and equipment. The price was based on the parties' estimates of market rates for leasehold rents and equivalent property and is believed to be equivalent to the price that would

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

have been paid in an arm's length transaction with an unaffiliated party.

In April 2000 and February 2001, we invested an aggregate of \$200,000 for limited partnership interests in limited partnerships formed to develop and operate Cool River Restaurants. John D. Harkey, Jr. and E. Gene Street, two of our directors, and Steven P. Hartnett, our Co-Chairman, are the majority owners of the managing general partner of these partnerships, Cracken, Harkey, Street & Hartnett, L.L.C.

During the first three months of fiscal year 1999, we had a contract with Lone Star Steakhouse & Saloon, Inc. to provide us with accounting and administrative services. We paid approximately \$60,000 to Lone Star for these services. Jamie B. Coulter, a substantial stockholder and our former Chairman, was then chairman, chief executive officer and a substantial stockholder of Lone Star. See "Principal and Selling Stockholders."

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 20,000,000 shares of common stock, \$0.01 par value, and 2,000,000 shares of preferred stock, \$0.10 par value. The following summary of certain terms of the common stock and preferred stock does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of our certificate of incorporation and bylaws, which are included as exhibits to the registration statement of which this prospectus is a part, and the provisions of applicable law.

COMMON STOCK

As of June 11, 2002, there were 8,869,493 shares of common stock outstanding held by 60 stockholders of record. Immediately following this offering, there will be 10,319,493 shares of common stock outstanding. Holders of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of the stockholders. Subject to preferences that may be applicable to any then outstanding preferred stock, holders of common stock are entitled to receive ratably such dividends as may be declared by the board of directors out of funds legally available therefor. See "Dividend Policy." If we are subject to a liquidation, dissolution, or winding up, holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preference of any then outstanding preferred stock. Holders of common stock have no right to convert their common stock into any other securities. The common stock has no preemptive or other subscription right. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are, and the shares of common stock to be issued in this offering will be, fully paid and nonassessable.

PREFERRED STOCK

The board of directors has the authority, without further action by our stockholders, to issue up to 2,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences and the number of shares constituting any series or the designation of such series. The issuance of preferred stock could adversely affect the voting power of holders of common stock and could have the effect of delaying or preventing a change in our control. We have no present plan to issue any shares of preferred stock.

CERTAIN ANTI-TAKEOVER PROVISIONS

Our bylaws provide that the number of directors that constitutes the board of directors shall be fixed by resolution of the board of directors but in no

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

event shall the number be greater than 10. The board of

35

directors may change the numbers of directors by a majority vote. The certificate of incorporation provides that the board of directors shall be divided into three classes, with the classes to be as nearly equal in number as possible, and that one class shall be elected each year and serve for a three-year term. Our certificate of incorporation does not provide for cumulative voting in the election of directors. The certificate of incorporation provides that a director may be removed only for "cause" by the affirmative vote of a majority of the outstanding shares of our common stock.

The classification of directors and the provisions of the certificate of incorporation that limit the ability of stockholders to change the size of the board of directors will have the effect of making it more difficult for stockholders to change the composition of the board of directors. As a result, at least two annual meetings of our stockholders may be required for our stockholders to change a majority of the directors, whether or not a change in the board of directors would be beneficial to us and our stockholders and whether or not a majority of our stockholders believes that such change would be desirable.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar for our common stock is First Union National Bank.

SHARES ELIGIBLE FOR FUTURE SALE

Upon completion of this offering, we will have outstanding 10,319,493 shares of common stock. The 2,000,000 shares of common stock being sold hereby and all of our currently outstanding shares of common stock, other than those shares held by our "affiliates," as such term is defined in the Securities Act, will be freely tradeable without restriction or registration under the Securities Act.

Shares held by our affiliates (which generally include our directors and executive officers and persons owning 10% or more of our common stock) are subject to restrictions on resale in accordance with Rule 144 under the Securities Act. As of June 11, 2002, we estimate that approximately 4,941,702 shares of our common stock were held by our affiliates of which 550,000 shares are being sold in this offering. In general, under Rule 144 as currently in effect, an affiliate would be entitled to sell within any three-month period a number of shares that does not exceed the greater of one percent of the then outstanding shares of common stock or the average weekly trading volume of the common stock in the over-the-counter market during the four calendar weeks preceding the date on which notice of the sale is filed with the Securities and Exchange Commission. Sales under Rule 144 are subject to certain manner of sale provisions, notice requirements and the availability of current public information about us.

Our executive officers, directors and selling stockholders who hold an aggregate of 2,255,035 shares of common stock, have agreed that they will not sell or otherwise transfer any common stock owned by them without the prior written consent of Thomas Weisel Partners LLC for a period of 90 days from the date of this prospectus (the "Lockup Period"). However, Thomas Weisel Partners LLC can waive this restriction and allow these stockholders to sell their shares at any time. Upon expiration of the Lockup Period, substantially all of the shares of our common stock will be eligible for sale into the public market, subject to compliance by our affiliates with the volume limitations and other

restrictions of Rule 144.

PRINCIPAL AND SELLING STOCKHOLDERS

The following table indicates information as of June 11, 2002 regarding the beneficial ownership of our common stock by:

- The selling stockholders;
- Each of our officers and directors;
- All of our directors and executive officers as a group; and
- Each person known to us to own beneficially 5% or more of our common stock.

36

The information has been adjusted to reflect the sale of our common stock in this offering. The information assumes no exercise of the underwriter's over-allotment option. All of the selling stockholders have been our directors during the past three years.

Information with respect to beneficial ownership has been furnished by each director, officer or 5% or more stockholder, as the case may be. Except as otherwise noted below, the address for each person listed in the table is c/o Total Entertainment Restaurant Corp., 9300 E. Central Ave., Suite 100, Wichita, KS 67206.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission, which generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities and includes shares of common stock issuable pursuant to the exercise of stock options or warrants that are immediately exercisable or exercisable within 60 days of June 11, 2002. These shares are deemed to be outstanding and to be beneficially owned by the person holding those options or warrants for the purpose of computing the percentage ownership of that person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

UNDERWRITING

GENERAL

Subject to the terms and conditions set forth in an underwriting agreement, the underwriter named below has agreed to purchase from us and the selling stockholders the aggregate number of shares of common stock set forth opposite its name below:

UNDERWRITER -----	NUMBER OF SHARES -----
Thomas Weisel Partners LLC.....	
Total.....	----- 2,000,000 =====

Of the 2,000,000 shares to be purchased by the underwriter, 1,450,000 shares will be purchased from us and 550,000 will be purchased from the selling stockholders.

The underwriting agreement provides that the obligations of the underwriter are subject to various conditions, including approval of legal matters by counsel. The nature of the underwriter's obligations commits it to purchase and pay for all of the shares of common stock listed above if any are purchased.

The underwriting agreement provides that we and the selling stockholders will indemnify the underwriter against liabilities specified in the underwriting agreement under the Securities Act of 1933, as amended, or will contribute to payments that the underwriter may be required to make relating to these liabilities.

Thomas Weisel Partners LLC expects to deliver the shares of common stock to purchasers on or about _____, 2002.

OVER-ALLOTMENT OPTION

We have granted a 30-day over-allotment option to the underwriter to

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

purchase up to a total of 300,000 additional shares of our common stock from us at the public offering price, less the underwriting discount payable by us, as set forth on the cover page of this prospectus.

COMMISSIONS AND DISCOUNTS

The underwriter proposes to offer the shares of common stock directly to the public at the public offering price set forth on the cover page of this prospectus, and at this price less a concession not in excess of \$ per share of common stock to other dealers specified in a master agreement among underwriters who are members of the National Association of Securities Dealers, Inc. The underwriter may allow, and the other dealers specified may reallow, concessions not in excess of \$ per share of common stock to these other dealers. After this offering, the offering price, concessions and other selling terms may be changed by the underwriter. Our common stock is offered subject to receipt and acceptance by the underwriter and to the other conditions, including the right to reject orders in whole or in part.

39

The following table summarizes the compensation to be paid to the underwriter by us and the proceeds, before expenses, payable to us and the selling stockholders:

	PER SHARE	TOTAL	
	-----	-----	-----
		WITHOUT OVER-ALLOTMENT	WITH OVER-ALL
		-----	-----
Public offering price.....	\$	\$	\$
Underwriting discount.....			
Proceeds, before expenses, to us.....			
Proceeds, before expenses, to selling stockholders.....			

INDEMNIFICATION OF UNDERWRITER

We and the selling stockholders will indemnify the underwriter against some civil liabilities, including liabilities under the Securities Act, as amended, and liabilities arising from breaches of our representations and warranties contained in the underwriting agreement. If we or the selling stockholders are unable to provide this indemnification, we and the selling stockholders will contribute to payments the underwriter may be required to make in respect of those liabilities.

NO SALES OF SIMILAR SECURITIES

The underwriter will require all of our directors and officers and the selling stockholders to agree not to offer, sell, agree to sell, directly or indirectly, or otherwise dispose of any shares of common stock or any securities convertible into or exchangeable for shares of common stock except for the shares of common stock offered in this offering without the prior written consent of Thomas Weisel Partners LLC for a period of 90 days after the date of this prospectus.

We have agreed that for a period of 90 days after the date of this prospectus, we will not, without the prior written consent of Thomas Weisel Partners LLC, offer, sell or otherwise dispose of any shares of common stock,

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

except for the shares of common stock offered in this offering, the shares of common stock issuable upon exercise of outstanding options on the date of this prospectus and the shares of our common stock that are issued under the Option Plans.

NASDAQ NATIONAL MARKET LISTING

Our common stock is quoted on the Nasdaq National Market under the symbol "TENT."

SHORT SALES, STABILIZING TRANSACTIONS AND PENALTY BIDS

In order to facilitate this offering, persons participating in this offering may engage in transactions that stabilize, maintain or otherwise affect the price of our common stock during and after this offering. Specifically, the underwriter may engage in the following activities in accordance with the rules of the Securities and Exchange Commission.

Short sales. Short sales involve the sales by the underwriter of a greater number of shares than it is required to purchase in the offering. Covered short sales are short sales made in an amount not greater than the underwriter's over-allotment option to purchase additional shares from us in this offering. The underwriter may close out any covered short position by either exercising its over-allotment option to purchase shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriter will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Naked short sales are any short sales in excess of such over-allotment option. The underwriter must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in this offering.

40

Stabilizing transactions. The underwriter may make bids for or purchases of the shares for the purpose of pegging, fixing or maintaining the price of the shares, so long as stabilizing bids do not exceed a specified maximum.

Penalty bids. If the underwriter purchases shares in the open market in a stabilizing transaction or syndicate covering transaction, they may reclaim a selling concession from the underwriter and selling group members who sold those shares as part of this offering. Stabilization and syndicate covering transactions may cause the price of the shares to be higher than it would be in the absence of these transactions. The imposition of a penalty bid might also have an effect on the price of the shares if it discourages presales of the shares.

The transactions above may occur on the Nasdaq National Market or otherwise. Neither we nor the underwriter make any representation or prediction as to the effect that the transactions described above may have on the price of the shares. If these transactions are commenced, they may be discontinued without notice at any time.

LEGAL MATTERS

Foulston Siefkin LLP, Wichita, Kansas, will pass upon the validity of the shares of common stock being offered hereby for us. Haynes and Boone, LLP, Dallas, Texas, will pass upon certain legal matters in connection with this

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

offering for the underwriter.

EXPERTS

The Consolidated Financial Statements of Total Entertainment Restaurant Corp. and subsidiaries as of December 25, 2001 and December 26, 2000, and for each of the two years in the period ended December 25, 2001, have been included and incorporated by reference herein in reliance upon the report of KPMG LLP appearing elsewhere in this prospectus and incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

The consolidated statement of income, stockholders' equity and cash flows of Total Entertainment Restaurant Corp. and subsidiaries for the year ended December 28, 1999 have been included and incorporated by reference herein in reliance upon the report of Grant Thornton LLP appearing elsewhere in this prospectus and incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS

We changed certifying accountants from Grant Thornton LLP to KPMG LLP effective December 18, 2000. The following sets forth the information required by Item 304(a) of Regulation S-K: (i) On November 9, 2000, Grant Thornton LLP was dismissed as our principal accountant; (ii) Grant Thornton LLP's reports on the financial statements for the past fiscal year did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles; (iii) the decision to change accountants was approved by our board of directors; (iv) during our most recent fiscal year and subsequent interim periods prior to such change in accountants, there were no disagreements with Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosures or auditing scope or procedure; (v) during our two most recent fiscal years and subsequent interim periods prior to such change in accountants, there have occurred none of the "reportable events" listed in Item 304(a)(1)(v)(A-D) of Regulation S-K; and (vi) we have requested and received from Grant Thornton LLP the letter required by Item 304(a)(3) of Regulation S-K (and filed the same as Exhibit 16.1 to our report on Form 8-K filed on November 14, 2000), and we state that Grant Thornton LLP agrees with the statements made by us in this prospectus in response to Item 304(a)(1) of Regulation S-K.

INDEPENDENT AUDITORS' REPORT

The Stockholders

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

Total Entertainment Restaurant Corp.

We have audited the accompanying consolidated balance sheets of Total Entertainment Restaurant Corp. and subsidiaries as of December 26, 2000 and December 25, 2001 and the related consolidated statements of income, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Total Entertainment Restaurant Corp. and subsidiaries as of December 26, 2000 and December 25, 2001, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

TOTAL ENTERTAINMENT RESTAURANT CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. BACKGROUND AND SIGNIFICANT ACCOUNTING POLICIES

BACKGROUND

Total Entertainment Restaurant Corp. (the Company) owns and operates a chain of restaurant locations under the Fox and Hound English Pub & Grille and Fox and Hound Smokehouse & Tavern (Fox and Hound), Bailey's Sports Grille, Bailey's Pub & Grille, and Bailey's Smokehouse & Tavern (Bailey's) brand names. As of December 25, 2001, the Company owned and operated 29 Fox & Hounds and 14 Bailey's in Alabama, Arkansas, Georgia, Illinois, Indiana, Kansas, Louisiana, Michigan, Missouri, Nebraska, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee and Texas. The Company operates in one business segment.

The Company has a 52/53 week fiscal year ending on the last Tuesday in December.

PRINCIPLES OF CONSOLIDATION

The accompanying financial statements include the accounts of Total Entertainment Restaurant Corp. and its wholly-owned subsidiaries. All significant intercompany accounts have been eliminated.

CASH AND CASH EQUIVALENTS

The Company considers cash and cash equivalents to include currency on hand, demand deposits with banks or financial institutions, and short-term investments with maturities of three months or less when purchased. Cash and cash equivalents are carried at cost, which approximates fair value.

CONCENTRATION OF CREDIT RISK

The Company's financial instruments exposed to credit risk consist primarily of cash. The Company places its cash with high credit financial institutions and, at times, such cash may be in excess of the Federal Depository

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

insurance limit.

INVENTORIES

Inventories consist of food and beverages and are stated at the lower of cost (first-in, first-out) or market.

PREOPENING COSTS

In April 1998, the American Institute of Certified Public Accountants issued Statement of Position (SOP) 98-5, Reporting on the Costs of Start-Up Activities, which requires costs related to preopening activities be expensed as incurred. Prior to fiscal year 1999, the Company capitalized substantially all costs incurred prior to the opening of new restaurants, excluding those costs capitalized as property and equipment, and amortized such pre-opening costs over a one-year period. The Company adopted the provisions of SOP 98-5 effective December 30, 1998. The effect of adoption of SOP 98-5 was to increase income from continuing operations in 1999 by \$1,064,401 (\$0.10 per share), net of tax expense of \$625,125, and to record a charge for the cumulative effect of an accounting change of \$1,127,536, net of tax benefits of \$662,204, to expense costs that had been capitalized prior to 1999.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Maintenance repairs and renewals which do not enhance the value of or increase the life of the assets are expensed as incurred.

F-8

TOTAL ENTERTAINMENT RESTAURANT CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

Buildings and leasehold improvements are amortized on the straight-line method over the lesser of the life of the lease, including renewal options, or the estimated useful lives of the assets, which range from 5 to 30 years. Equipment and furniture and fixtures are depreciated using the straight-line method over the estimated useful lives of the assets, which range from two to seven years.

GOODWILL

Goodwill represents the excess of the cost of companies acquired over the fair value of the net assets at the date of acquisition and was being amortized over 20 years until December 25, 2001 (see note 12).

IMPAIRMENT OF LONG-LIVED ASSETS

Long-lived assets and certain intangibles, including goodwill, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company reviews applicable intangible assets and long-lived assets related to each restaurant on a periodic basis. When events or changes in circumstances indicate an asset may not be recoverable, the Company estimates the future cash flows expected to result from the use of the asset. If the sum of the expected undiscounted cash flows is less than the carrying value of the asset, an impairment loss is recognized. The impairment loss is recognized by measuring the difference between the carrying value of the asset and the fair value of the asset. The Company's estimates of fair values are based on the best information available and require the use of estimates, judgments and projections as considered necessary. The actual results may vary significantly. A provision for impairment

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

amounting to \$2,361,840 and \$575,098 has been recorded for the years ended December 26, 2000 and December 25, 2001, respectively.

INCOME TAXES

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Valuation allowances are established when necessary to reduce deferred tax assets to the amounts expected to be realized. Deferred tax assets and liabilities are measured using enacted tax rates. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

ADVERTISING COSTS

Advertising costs are expensed as incurred. Advertising expense for the years ended December 28, 1999, December 26, 2000, and December 25, 2001 were \$622,555, \$696,364 and \$536,342, respectively.

ACCOUNTING FOR STOCK-BASED COMPENSATION

In accordance with Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, the Company uses the intrinsic value-based method for measuring stock-based compensation cost which measures compensation cost as the excess, if any, of the quoted market price of Company's common stock at the grant date over the amount the employee must pay for the stock. The Company's policy is to grant stock options with grant prices equal to the fair value of the Company's common stock at the date of grant. Proceeds from the exercise of common stock options issued to officers, directors and key employees under the Company's stock option plans are credited to common stock to the extent of par value and to additional paid-in capital for the excess. Required pro forma disclosures of compensation expense determined under the fair value method of Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation, are presented in Note 4.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from estimates.

EARNINGS PER SHARE

Basic earnings per common share is calculated by dividing net income by the average number of common shares outstanding during the year. Diluted earnings per common share is calculated by adjusting outstanding shares, assuming conversion of all potentially dilutive stock options.

INTERIM FINANCIAL DATA (UNAUDITED)

The accompanying balance sheet as of March 19, 2002 and the accompanying statements of income, stockholders' equity, and cash flows for the twelve weeks ended March 20, 2001 and March 19, 2002 have been prepared by the Company

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

without an audit. In the opinion of management, all adjustments, consisting only of normal recurring adjustments, considered necessary for a fair presentation for such periods have been made. Results for interim periods should not be considered as indicative of results for a full year.

Footnote disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted herein with respect to the interim financial data. The interim information herein should be read in conjunction with the annual financial information presented herein.

2. PREFERRED STOCK

The Company's board of directors has the authority to issue up to 2,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preference and the number of shares constituting any series or the designation of such series.

3. NOTE PAYABLE

On September 1, 1998 the Company entered into a line of credit agreement with Intrust Bank, N.A. (the line of credit) which provides for a line of credit of \$20,000,000 subject to certain limitations based on earnings before interest, income taxes, depreciation and amortization of the past fifty-two weeks. The line of credit is secured by substantially all assets of the Company. The line of credit restricts the ability of the Company to pay dividends. The line of credit requires monthly payments of interest only until October 1, 2003, at which time equal monthly installments of principal and interest are required as necessary to fully amortize the outstanding indebtedness plus future interest over a period of four years. Interest is accrued at a rate of 0.5% below the prime rate as published in The Wall Street Journal (9.00% and 4.50% at December 26, 2000 and December 25, 2001, respectively). Proceeds from the line of credit were used for restaurant development and acquisition of treasury stock. As of December 26, 2000 and December 25, 2001, the Company had borrowed \$11,980,000 and \$10,350,000, respectively, under the line of credit. The Company had additional borrowings available at December 25, 2001 under the line of credit of \$9,650,000.

4. STOCK OPTIONS

The Company has elected to follow APB Opinion No. 25, Accounting for Stock Issued to Employees and related interpretations in accounting for its employee stock options because, as described below, the alternative fair value accounting provided for under SFAS No. 123, Accounting for Stock-Based Compensation, requires the use of option valuation models that were not developed for use in valuing employee stock options. Under APB Opinion No. 25, because the exercise price of the Company's employee stock options equals the market price of the underlying stock on the date of grant, no compensation expense is recognized.

The Company's stock option plans are as follows:

1997 INCENTIVE AND NONQUALIFIED STOCK OPTION PLAN

In March 1997, the Board of Directors adopted a stock option plan providing for incentive and nonqualified stock options pursuant to which up to 1,500,000 shares of common stock will be available for issuance. The Plan was amended in May 1999 to increase the number of authorized shares reserved for issuance to 1,600,000 shares from 1,500,000 shares. The Plan covers the former Chairman of the Board, certain officers and key employees. Options granted have a vesting period of three to five years and a life of ten years.

DIRECTORS' STOCK OPTION PLAN

In March 1997, the Board of Directors adopted a stock option plan providing for nondiscretionary grants to nonemployee directors pursuant to which up to 150,000 shares of common stock will be available for issuance.

Pro forma information regarding net income and earnings per share is required by SFAS No. 123, which also requires the information be determined as if the Company has accounted for its employee stock options granted under the fair value of that Statement. The fair value method for these options were estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions: risk-free interest rate ranging from 4.1% to 5.3%; no dividend yields; volatility factor ranging from 0.281 to 0.800; and a weighted-average expected life of the option of 5 years.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions, including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

F-11

TOTAL ENTERTAINMENT RESTAURANT CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the option's vesting period. The Company's pro forma information is as follows:

5. RELATED PARTY TRANSACTIONS

The Company utilized an affiliate to provide certain accounting, computer, and administrative services during 1999. The Company incurred fees of \$60,563 related to these services for the year ended December 28, 1999.

6. LEASES

The Company leases many of its facilities under noncancelable operating leases having terms expiring between 2002 and 2017. The leases have renewal clauses of 3 to 5 years, exercisable at the option of the lessee. In addition, certain leases contain escalation clauses based on a fixed percentage increase and provisions for contingent rentals based on a percentage of gross revenues, as defined by the lease. Total rental expense for the years ended December 28, 1999, December 26, 2000, and December 25, 2001 was \$3,196,886, \$3,246,774, and \$3,898,642, respectively, of which \$241,892, \$243,409, and \$267,686, respectively, was paid to a related party. There were no contingent rentals during 1999 or 2000. Contingent rentals for the year ended December 25, 2001 were \$10,107.

The following presents the future minimum lease payments under noncancelable operating leases with initial terms in excess of one year for each of the next five years and thereafter as of December 25, 2001:

11. LEGAL PROCEEDINGS

On February 28, 2001, eight former employees filed a complaint on their own behalf and on behalf of other similarly situated persons against the Company, Fox & Hound of Indiana, Inc., a subsidiary of the Company, and several Company officers, in the United States District Court for the Southern District of Indiana.

The plaintiffs alleged that the Company and the other defendants willfully and in bad faith failed to pay the defendants overtime pay for hours worked in excess of forty hours per week in violation of the provisions of the Fair Labor Standards Act. The plaintiffs' complaint seeks (1) a declaratory judgment that the Company and other defendants violated the plaintiffs' legal rights, (2) an accounting of compensation to which the defendants are owed, (3) monetary damages in the form of back pay compensation and benefits, unpaid entitlements, liquidated damages, and pre-judgment and post-judgment interest, and (4) attorneys' fees and costs. Defendants including the Company have filed their answer to the plaintiffs' complaint. On June 4, 2002, the court entered an order allowing the plaintiffs to send a notice to all persons who have worked for the Company under certain employee-manager titles since February 29, 1998, so that such persons may decide whether to opt-in to the collective action. The court specifically excluded from the collective action those employees who have arbitration agreements with the Company (which the Company estimates to be approximately 40% of the persons alleged by the plaintiffs to be similarly situated) and those employees whose claims are barred by the statute of limitations. Persons receiving notice will have a period of 120 days after the notice is sent to opt into the action. The trial of the case is currently scheduled for March 2003.

It is not possible at this time for the Company to evaluate the merits of this claim, the Company's likelihood of success or the range of potential loss.

On October 2, 2000, R&A Bailey & Company of Dublin, Ireland, filed a notice of opposition in the Trademark Trial and Appeal Board of the U.S. Patent and

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

Trademark Office to certain of the Company's U.S. service mark applications. Additionally, on November 14, 2000, R&A Bailey & Company filed a petition in the Trademark Trial and Appeal Board of the U.S. Patent and Trademark Office to cancel certain of the Company's U.S. service mark registrations. In both instances, the service marks involved in the actions included the word "Bailey's".

On December 29, 2000, the Company through its trademark counsel filed an answer to R&A Bailey & Company's notice of opposition, denying its allegations. On February 16, 2001, the Company filed a Stipulated Motion to Extend Answer to Petition in response to the petition to cancel by R&A Bailey & Company. The actions have been suspended by the Trademark Trial & Appeal Board to allow the parties time to negotiate for possible settlement of these pending actions. The Company is actively pursuing settlement, and is of the opinion that any resulting liability should not have a material adverse effect on the Company's financial statements.

12. NEW ACCOUNTING STANDARDS

The Company adopted the provisions of SFAS No. 142, Goodwill and Other Intangible Assets, effective December 26, 2001. SFAS No. 142 requires that goodwill no longer be amortized, but instead tested for impairment annually, or more frequently if circumstances indicate potential impairment through a comparison of fair value to its carrying value. No impairment losses were recorded upon the initial adoption of SFAS No. 142.

The effect of the adoption of SFAS No. 142 on net income and earnings per share is as follows:

In August 2001, the FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. SFAS No. 144 addresses significant issues relating to the implementation of SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of, and develops a single accounting method under which long-lived assets that are to be disposed of by sale are measured at the lower of book value or fair value less cost to sell. Additionally, SFAS No. 144 expands the scope of discontinued operations to

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

include all components of an entity with operations that (1) can be distinguished from the rest of the entity and (2) will be eliminated from the ongoing operations of the entity in a disposal transaction. SFAS No. 144 is effective for financial statements issued for fiscal years beginning after December 15, 2001 and its provisions are to be applied prospectively. Management believes that the adoption of SFAS No. 144 will not have a significant impact on the financial statements.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Our certificate of incorporation provides that we shall indemnify to the extent permitted by Delaware law any person whom we may indemnify thereunder, including our directors, officers, employees and agents. Our bylaws provide such indemnification (other than an order by a court) shall be made by us only upon a determination that indemnification is proper in the circumstances because the individual met the applicable standard of conduct. Advances for such indemnification may be made pending such determination. Such determination shall be made by a majority vote of a quorum consisting of disinterested directors, by independent legal counsel or by the stockholders. In addition, our certificate of incorporation eliminates, to the extent permitted by Delaware law, personal liability of directors to us and our stockholders for monetary damages for breach of fiduciary duty as directors.

Our authority to indemnify our directors and officers is governed by the provisions of Section 145 of the Delaware General Corporation Law, as follows:

(a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

II-1

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former directors and officers or other employees and agents may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.

(h) For purposes of this section, references to "the corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of

II-2

another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

(i) For purposes of this section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the corporation" as referred to in this section.

(j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Pursuant to the Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement, we have agreed to indemnify the underwriters and the underwriters have agreed to indemnify us and our directors, officers and

Edgar Filing: TOTAL ENTERTAINMENT RESTAURANT CORP - Form S-2

controlling persons against certain civil liabilities that may be incurred in connection with the Offering, including certain liabilities under the Securities Act of 1933, as amended (the "Securities Act").

We have entered into Indemnification Agreements with four of our current and certain of our former directors and officers whereby we have agreed to indemnify them from and against any and all expenses, losses, claims, damages and liability incurred by such director or officer for or as a result of action taken or not taken while such director or officer was acting in his capacity as our director, officer, employee or agent. We have also agreed to use our best efforts to obtain officers and directors' liability insurance for such officers and directors.

ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this Registration Statement shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant undertakes to provide to the underwriters at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the Underwriters to permit prompt delivery to each purchaser.
