**ITEM 2.02 Results of Operations and Financial Condition.**

Our press release dated May 2, 2007, concerning first quarter 2007 financial results, furnished as Exhibit 99.1 to this report, is incorporated by reference herein. The press release contains certain measures (discussed below) which may be deemed non-GAAP financial measures as defined in Item 10 of Regulation S-K of the Securities Exchange Act of 1934, as amended.

In the press release, we discuss field operating income for the three months ended December 31, 2006 and March 31, 2007. Management believes field operating income is a useful measure of operating results since the measure only deducts expenses directly related to operations from revenues. The most directly comparable GAAP financial measure, operating income before general and administrative expenses, and information reconciling the GAAP and non-GAAP measures are included in the press release.

**ITEM 7.01 Regulation FD Disclosure.**

On May 2, 2007, Transocean Inc. (the Company) is posting the slide presentation furnished as Exhibit 99.2 to this report on the Company's website at [www.deepwater.com](http://www.deepwater.com). Exhibit 99.2 is incorporated in this Item 7.01 by reference.

The statements made herein that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements include, but are not limited to, statements involving prospects for the Company, expected revenues, capital expenditures, costs and results of operations, market outlook, revenue backlog for the Company and other drillers, contract opportunities and commitments, operational performance, rig demand, rig capacity, dayrates, rig reactivations, rig upgrades including upgrade projects for the Sedco 700-series semisubmersible rigs, newbuild and acquisition opportunities, uses of excess cash including stock buybacks, debt reduction, fleet marketing efforts, rig mobilizations and planned shipyard programs. Such statements are subject to numerous risks, uncertainties and assumptions, including but not limited to, uncertainties relating to the level of activity in offshore oil and gas exploration and development, exploration success by producers, oil and gas prices, rig demand and capacity, drilling industry market conditions, possible delays or cancellation of drilling contracts, work stoppages, operational or other downtime, the Company's ability to enter into and the terms of future contracts, the availability of qualified personnel, labor relations, future financial results, operating hazards, political and other uncertainties inherent in non-U.S. operations (including exchange and currency fluctuations), war, terrorism, natural disaster and cancellation or unavailability of insurance coverage, the impact of governmental laws and regulations, the adequacy of sources of liquidity, the effect of litigation and contingencies and other factors discussed in the Company's Form 10-K for the year ended December 31, 2006 and in the Company's other filings with the Securities and Exchange Commission (SEC), which are available free of charge on the SEC's website at [www.sec.gov](http://www.sec.gov). Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated.
