and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The management of the Company expects to report reduced revenue and reduced losses for the six-month period ended April 30, 2002, as compared to the same period during the Registrant's prior fiscal year. The changes in the results of operations result from a reduction in sales volume and the Registrant's continued restructuring efforts. A reasonable estimate cannot be made until management has fully reviewed all necessary areas associated with the restructured operations and completed its investigation into the activities of its former senior sales employee.
