PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

Tuesday, May 8, 2007

**ALTRA HOLDINGS, INC.
14 Hayward Street
Quincy, Massachusetts 02171**

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being mailed or otherwise sent to stockholders of Altra Holdings, Inc. (Altra or the Company) on or about April 18, 2007 in connection with the solicitation of proxies by Altra's Board of Directors (the Board of Directors or the Board) for the Annual Meeting of Stockholders of Altra to be held at 9:00 a.m. EDT on Tuesday, May 8, 2007 at the Ritz-Carlton, Boston Common, 10 Avery Street, Boston, Massachusetts 02111. Directors, officers and other Altra employees also may solicit proxies by telephone or otherwise, but will not receive compensation for such services. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed by Altra for their reasonable expenses.

Stockholders Entitled to Vote

Stockholders of record at the close of business on April 16, 2007 are entitled to notice of and to vote at the meeting. As of such date, there were 23,087,591 shares of Altra common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described below may cast their votes by proxy by:

- (1) signing, completing and returning the enclosed proxy card in the enclosed postage-paid envelope;
- (2) calling toll-free 1-800-PROXIES and following the instructions;
- (3) accessing www.voteproxy.com and following the instructions; or

(4) attending the Annual Meeting and voting in person.

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Corporate Secretary of Altra at the address set forth above, by delivering a proxy bearing a later date or by voting in person at the meeting.

Quorum; Required Vote

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. If you hold shares beneficially in street name and do not provide your broker with

voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions are considered votes cast and thus have the same effect as votes against the matter.

Table of Contents

In the election of directors, you may vote **FOR** all or some of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. Votes **WITHHELD** with respect to the election of directors will be counted for purposes of determining the presence or absence of a quorum at the Annual Meeting but will have no other legal effect upon election of directors. You may not cumulate your votes for the election of directors.

For the proposal to ratify the selection of the independent registered public accounting firm of Altra, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you elect to **ABSTAIN**, the abstention has the same effect as a vote **AGAINST**. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the board of directors.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

Additional Information

Additional information regarding the Company appears in our Annual Report on Form 10-K for the year ended December 31, 2006, which accompanies this Proxy Statement.

Compensation Committee Interlocks and Insider Participation.

During our last completed fiscal year, no member of the Compensation Committee was an employee, officer or former officer of Altra. None of our executive officers served on the board of directors or compensation committee of any entity in 2006 that had an executive officer serving as a member of our Board or Compensation Committee.

Mr. Richard Paterson, who was a member of the Compensation Committee during the year 2006, and Mr. Darren Gold, a current Compensation Committee member, are employees of Genstar Capital, our largest stockholder. Please see *Certain Relationships and Related Transactions* for a description of Genstar Capital's relationship with us.

Certain Relationships and Related Transactions

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics Compliance Program, all transactions involving a conflict of interest, including holding a financial interest in a significant supplier, customer or competitor of the Company, are generally prohibited. However, holding a financial interest less than 1% in a publicly held company and other limited circumstances are excluded transactions. Our directors and officers are prohibited from using his or her position to influence the Company's decision relating to a transaction with a significant supplier, customer or competitor to which he or she is affiliated. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve any transactions or courses of dealing with related parties that are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent parties.

CDPQ Subordinated Notes Investment

In connection with the acquisition of the Power Transmission Group of Colfax Corporation (the *PTH Acquisition*), Caisse de dépôt et placement du Québec (*CDPQ*) entered into a note purchase agreement with Altra, pursuant to which CDPQ purchased \$14.0 million of Altra's subordinated notes, to provide a portion of the funds necessary to complete the *PTH Acquisition*. During 2006, we repaid the outstanding principal and accrued interest and the CDPQ subordinated notes were cancelled.

Genstar Advisory Services Agreement

In connection with the *PTH Acquisition*, we entered into an advisory services agreement with Genstar Capital, L.P., an affiliate of Genstar Management LLC, for management, business strategy, consulting and financial advisory and acquisition related services to be provided to us and our subsidiaries. The agreement provided for the payment to Genstar Capital, L.P. of an annual fee of \$1 million (payable quarterly) for advisory and other consulting services. In addition, Genstar Capital, L.P. was entitled to receive an advisory fee of 2% of the aggregate consideration relating to any merger, acquisition, disposition or other strategic transactions, as approved by our board of directors, plus reimbursement of out-of-pocket expenses, including legal fees. Following the completion of the initial public offering of our common stock and payment of a \$3.0 million termination fee to Genstar Capital L.P., the advisory services agreement was terminated.

Bear Linear Acquisition

On May 18, 2006, Altra Industrial Motion, Inc., our wholly-owned subsidiary (*Altra Industrial*), entered into a purchase agreement with Bear Linear and certain of its members to purchase the business and substantially all of the

assets of Bear Linear for \$5.0 million. The value of Bear Linear was based on a multiple of the estimated future earnings of the business. Bear Linear was founded by its three members in 2001 and manufactured high value-added linear actuators for mobile off-highway and industrial applications. One of the three members of Bear Linear, Robert F. Bauchiero, is the son of one of our former directors, Frank E. Bauchiero. The Board of Directors of Altra Industrial unanimously approved the acquisition of Bear Linear which was conducted by arms length negotiations between the parties.

Indebtedness of Management

On January 10, 2006, Altra Industrial loaned David A. Wall, our Chief Financial Officer, \$100,000 at an interest rate of 4.05%, the Company's then current rate of funds. The loan was repaid in full and terminated on March 22, 2006.

Transition Agreements

We entered into transition agreements with four of our executive officers, Messrs. Ferris, McGowan, Novotny and Schuele. Each of the transition agreements provided that, subject to the executive's execution of a general release of claims and the executive's compliance with certain other restrictive covenants, if the executive was terminated during the first year of employment, after the sale of Altra or such executive's business unit, by us without cause or by the executive for good reason (each as defined in the transition agreement), we would pay the executive a severance benefit equal to the executive's annual base salary for a specified amount of time ranging from 9 months to 12 months. All transition agreements terminated as of April 1, 2007, pursuant to their terms, and no payments were made pursuant to such agreements.

TB Woods Acquisition

On February 17, 2007, we entered into an Agreement and Plan of Merger with Forest Acquisition Corporation, our wholly-owned subsidiary, and TB Woods Corporation, pursuant to which we agreed to acquire TB Woods Corporation for a purchase price of \$24.80 per share. On April 5, 2007, we completed the acquisition and TB Woods became a wholly-owned subsidiary of Altra Industrial. Prior to entering into this transaction, our Chief Executive Officer, Mr. Hurt, and one of our directors, Mr. Conte, disclosed to the Board holdings of 2,081 and 9,236 shares of TB Woods stock, respectively. After review, the Board determined that Messrs. Hurt and Conte's holdings were not material to the transaction as a whole and approved the transaction.

Joy Global Sales

One of our directors, Edmund M. Woodward, is an Executive Vice President and Chief Financial Officer of Joy Global Inc. The Company sold approximately \$4.5 million in goods to divisions of Joy Global Inc. in 2006, which represented less than five percent (5%) of the Company's consolidated gross revenues for the year. Other than his position as Executive Vice President and Chief Financial Officer of Joy Global Inc., Mr. Woodward has no interest in sales transactions between the Company and Joy Global Inc.

Registration Rights Agreement

We entered into a registration rights agreement pursuant to which we have agreed to register for sale under the Securities Act shares of our common stock in the circumstances described below. This agreement provides some stockholders with the right to require us to register Altra common stock owned by them.

Demand Rights

The holders of a majority of the shares of common stock issued to the Genstar Funds or any affiliate thereof, or the Genstar Holders, acting as a single group, have the right to require us to register all of the Genstar Holders' beneficial interests in our common stock, or the Genstar Securities, under the Securities Act. We call the right to require us to register the Genstar Securities a demand right, and the resulting registration a demand registration. The Genstar Holders may make an unlimited number of such demands for registration on Form S-1 or, if available to us, on

Form S-3. Holders of piggyback rights, described below, may include shares they own, subject to certain restrictions, in a demand registration.

Piggyback Rights

Our stockholders who are a party to the registration rights agreement, including the Genstar Funds, CDPQ and stockholders who are members of management, can request to participate in, or piggyback on,

registrations of any of our securities for sale by us. We call this right a piggyback right, and the resulting registration a piggyback registration. The piggyback right applies to any registration other than, among other things, a registration on Form S-4 or Form S-8.

Corporate Governance

The Governance Committee's Role and Responsibilities

Primary responsibility for Altra's corporate governance practices rests with the Nominating and Corporate Governance Committee (the Governance Committee). The Governance Committee is responsible for, among other things, (i) overseeing the Company's policies and procedures for the Board's nomination to stockholders for election as a director and consideration of stockholder nomination for election as a director; (ii) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (iii) reviewing annually the composition and size of the Board for optimality thereof; (iv) aiding the Board and its committees in their annual self-evaluations; (v) developing, recommending and overseeing implementation of the Company's corporate governance guidelines and principles; (vi) reviewing, monitoring and addressing conflicts of interest of directors and executives officers; and (vii) reviewing on a regular basis the overall corporate governance of the Company and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by the Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee annually reviews the independence of all directors and reports its findings to the full Board. The Governance Committee has determined that the following directors are independent within the meaning of the NASDAQ Rules and relevant federal securities laws and regulations: Edmund M. Carpenter, Larry McPherson and James H. Woodward, Jr.

Board Evaluation

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement a year earlier, and develops recommendations to enhance the respective Board or committee effectiveness over the next year. The Governance Committee currently expects to conduct its 2007 review of the Board and its committees' performance in the second half of the year.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees for director to the full Board for approval. In addition the Governance Committee assesses the overall composition of the Board of Directors regarding factors such as size, composition, diversity, skills, significant experience and time commitment to Altra.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

Table of Contents

Candidates should possess a team-oriented ethic consistent with Altra's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

When considering director candidates, the Governance Committee will seek individuals with backgrounds and qualities that, when combined with those of Altra's other directors, provide a blend of skills and experience that will further enhance the Board's effectiveness.

To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Altra Holdings, Inc., 14 Hayward Street, Quincy, Massachusetts 02171.

Business Conduct and Compliance

Altra maintains a Code of Business Conduct and Ethics Compliance Program (the "Code of Ethics") that is applicable to all directors, officers and employees of the Company. Code of Ethics anonymously by contacting the Altra Code of Business Conduct and Ethics Compliance Hotline at (800) 826-6762.

Altra also maintains policies regarding insider trading and communications with the public (the "Insider Trading Policy") and procedures for the Audit Committee regarding complaints about accounting matters (the "Whistleblower Policy"). The Insider Trading Policy sets forth the Company's limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Altra and is designed to help ensure compliance with federal securities laws. The Whistleblower Policy was established to set forth the Audit Committee's procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters, including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Altra Holdings, Inc., 14 Hayward Street, Quincy, Massachusetts 02171. A copy of the Audit Committee's Whistleblower Policy and procedures may be requested from the Corporate Secretary, Altra Holdings, Inc., 14 Hayward Street, Quincy, Massachusetts 02171.

Communication with Directors

Stockholders or other interested parties wishing to communicate with the Board, the non-management directors or any individual director may do so by contacting the Chairman of the Board by mail, addressed to Chairman of the Board, c/o Altra Holdings, Inc., 14 Hayward Street, Quincy, Massachusetts 02171.

All communications to the Board will remain unopened and be promptly forwarded to the Chairman of the Board, who shall in turn forward them promptly to the appropriate director(s). Carl R. Christenson, President and Chief Operating Officer;

Compensation Committee

The Compensation Committee of the Board of Directors (the "Compensation Committee"), as further discussed in this Proxy Statement under the caption "Committees of the Board of Directors," has responsibility for establishing, implementing and monitoring adherence with the Company's compensation program. The role of the Compensation Committee is to oversee, on behalf of the Board and for the benefit of the Company and its shareholders, the Company's compensation and benefit plans and policies, review and approve equity grants to directors and executive officers and determine and approve annually all compensation relating to the CEO and the other executive officers of the Company. The Compensation Committee utilizes the Company's Human Resources Department and reviews data from market surveys and proxy statements to assess the Company's competitive position with respect to base salary, annual incentives and long-term incentive compensations. The Compensation Committee has the authority to engage the services of independent compensation consultants and has recently done so to perform an executive compensation study for purposes of assisting in the establishment of 2007 executive compensation. The Compensation Committee meets a minimum of four times annually to review executive compensation programs, determine compensation levels and performance targets, review management performance, and approve final executive bonus distributions.

The Compensation Committee operates in accordance with a charter which sets forth its rights and responsibilities. The Compensation Committee and the Board review the charter annually and it was recently updated in November 2006, prior to the Company's initial public offering.

Objectives of Our Compensation Programs

We believe that compensation paid to executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation should assist the

Table of Contents

Company in attracting and retaining key executives critical to the Company's success. To this end, our compensation program for executive officers is structured to achieve the following objectives:

Recruiting and Retention of Talented Professionals

We believe that it is primarily the dedication, creativity, competence and experience of our workforce that enables us to compete, given the realities of the industry in which we operate. We aim to compensate our executives at competitive levels in order to attract and retain highly qualified professionals critical to our success. There are many important factors in attracting and retaining qualified individuals. Compensation is one of them but not the only one.

Alignment of Individual and Short-Term and Long-Term Organizational Goals

We attempt to link compensation to executive short-term performance by structuring a significant portion of executive compensation as a performance-based bonus. In particular, the level of cash incentive compensation is determined by the use of annual performance targets, which we believe encourages superior short-term performance.

We strive to align the long-term interests of our executives with those of our stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive programs. Our equity compensation program for executives is designed to link the long-term compensation levels of our executives to the creation of lasting shareholder value.

Rewarding Meaningful Results

We believe that compensation should be structured to encourage and reward performance that leads to meaningful results for the Company. Both our cash and equity incentive compensation programs are tied primarily to each executive's contribution to earnings growth and working capital management of Altra. Our strategy is to compensate our executives at competitive levels, with the opportunity to earn above-median compensation for above-market performance as compared to our peer group, through programs that emphasize performance-based incentive compensation in the form of annual cash payments and equity-based awards. We believe that the total compensation paid or awarded to our named executive officers during 2006 was consistent with our financial performance and the individual performance of each of the named executive officers. Based on the Company's and Compensation Committee's analysis, we believe that the 2006 compensation was reasonable in its totality and is consistent with the compensation philosophies as described above.

Elements of Compensation

Total compensation for our executive officers consists of the following elements of pay:

Base salary;

Annual cash incentive bonus dependent on our financial performance and achievement of individual objectives;

Long-term incentive compensation through grants of equity-based awards. Past equity awards have been in the form of restricted stock;

Participation in retirement benefits through a 401(k) Savings Plan;

Severance benefits payable upon termination under specified circumstances to certain of our key executive officers;

Table of Contents

Medical and dental benefits that are available to substantially all our employees. We share the expense of such health benefits with our employees, the cost depending on the level of benefits coverage an employee elects to receive. Our health plan offerings are the same for our executive officers and its other non-executive employees; and

The named executive officers are provided with the same life, short-term and long-term disability insurance benefits as our other salaried employees. Additionally, the named executive officers are provided with supplemental long-term disability benefits that are not available to all salaried employees.

What We Reward, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

We compensate our executives through programs that emphasize performance-based incentive compensation. We have structured annual cash and long-term non-cash compensation to motivate executives to achieve the business goals set by us and reward the executives for achieving such goals.

Base salary is intended to provide a level of income commensurate with the executive's position, responsibilities and contributions to the Company. We believe the combined value of base salary plus annual cash incentives is competitive with the salary and bonus provided to similarly situated executives in the industry.

Through our annual cash bonus program, we attempt to tailor performance goals to each individual executive officer and to our current priorities and needs. Through our long-term non-cash incentive compensation, we attempt to align the interests of our executive officers with those of our stockholders by rewarding our executives based on increases in our stock price over time through awards of restricted stock.

How We Determine the Amounts We Pay

Prior to December 2006, the Company was a private company and established its executive compensation structure in accordance with such status. Since the Company's initial public offering, the Compensation Committee has found it advisable to conduct a review of its executive compensation structure and practices. As permitted in its charter, the Compensation Committee has retained the services of the Hay Group, an independent compensation consultant to assist in this review. The Hay Group is assisting the Compensation Committee in assessing the current compensation and benefit programs and helping to develop future compensation and benefit programs. This includes benchmarking the Company's current programs against industry peers and other public companies of similar size and providing insight into the structuring of compensation programs to achieve various short-term and long-term objectives while retaining key executives. The Compensation Committee expects to receive the Hay Group's report later this year and will make a recommendation to the Board of Directors regarding the appropriate compensation structure for the Company's executives going forward.

Base Salary

Base salaries for executives are determined based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions, as well as internal comparisons of the relative compensation paid to the members of our executive team.

Our CEO, Mr. Hurt, makes recommendations to the Compensation Committee with respect to the base compensation of our executives other than himself. In the case of the CEO, the Compensation Committee evaluates his performance and makes a recommendation of base compensation to the Board. These recommendations are then evaluated,

discussed, modified as appropriate and ultimately approved by the Compensation Committee or the Board as appropriate. Pursuant to the employment agreements the Company has entered into with Messrs. Hurt, Christenson and Wall, the Board may not reduce, but may increase, their base salaries so long as their employment agreements are in effect. For further discussion of the employment agreements, please see the section entitled "Employment Agreements" in the Proxy Statement.

Table of Contents

Base salaries of our named executive officers for the year 2006 are disclosed in the Summary Compensation Table in this Proxy Statement and in the table below. For the year 2007, certain of our named executive officers will receive base salaries as set forth below. Base salaries for Messrs. Hurt, Christenson and Wall are currently being reviewed as part of the Compensation Committee's review of executive compensation. Until such review is complete, Messrs. Hurt, Christenson and Wall will receive base salary equal to that received in 2006.

Officer	2006 Base	2007 Base	Percentage Increase
Michael L. Hurt	\$ 373,190	TBD(1)	
Carl R. Christenson	\$ 273,542	TBD(1)	
David A. Wall	\$ 228,750	TBD(1)	
Edward L. Novotny	\$ 187,600	\$ 191,350	2.0%
Gerald Ferris	\$ 184,037	\$ 190,575	3.6%

- (1) Officers continue to be paid at 2006 base salary rate; however, the 2007 base salary may be adjusted upon completion of the executive compensation review being conducted by the Compensation Committee with the assistance of outside consultants.

Annual Cash Incentives

The executive officers of the Company are eligible to participate in the Management Incentive Compensation Program (MICP). The Compensation Committee annually establishes a target bonus opportunity. Under the MICP, the Compensation Committee approves an annual incentive cash bonus calculation for the executive officers. Our financial performance targets in 2006 were based on adjusted EBITDA and working capital management. Adjusted EBITDA is established by the Compensation Committee and consists of earnings before interest, income taxes, depreciation and amortization and is adjusted further for certain non-recurring costs, including, but not limited to, inventory fair value adjustments recorded in connection with acquisitions. The working capital management target was based on the prior year's ending working capital. For fiscal year 2006, Messrs. Hurt, Christenson, Wall, Novotny and Ferris had target bonus percentage amounts of 60%, 50%, 40%, 35% and 40% of base salary, respectively. These percentages are then adjusted upwards or downwards based on the Company's financial performance in relation to the Company's targeted EBITDA and working capital numbers. Based on the approved MICP, the named executives would earn no bonus if they did not achieve at least 80% of their respective targets. Based on the Company's performance in 2006, it achieved levels substantially in excess of the targets established by the Compensation Committee. Therefore, the Compensation Committee approved bonuses equal to 220% of the target bonus for Messrs. Hurt, Christenson, Wall and Ferris. Mr. Novotny's award was 190% of his target bonus. The bonuses earned are fully paid in cash following the end of the year earned and after the completion of the consolidated financial statement audit.

Long-Term Incentive Compensation

We believe that equity-based compensation ensures that our executives have a continuing stake in the long-term success of the Company. We issue equity-based compensation in the form of restricted stock, which generally vests ratably over five years. The purpose of these equity incentives is to encourage stock ownership, offer long-term performance incentive and to more closely align the executive's compensation with the return received by the Company's shareholders.

Prior to 2006, when the Company operated as a privately-owned company, the Company made grants of an aggregate of 1,267,500 shares of restricted stock to its named executive officers.

During 2006 and prior to the Company's initial public offering, the Company granted an additional 203,899 and 103,857 shares of restricted common stock to its CEO and President and COO, respectively.

Table of Contents

As part of its review of executive compensation following its initial public offering, the Compensation Committee is reviewing the long-term incentive compensation structure of its executive officers. Any future grants of equity-based compensation to our executive officers, if any, will be based upon the findings of such review.

Other Benefits

We have a 401(k) plan in which the named executive officers currently participate. The Company also has a frozen defined benefit plan from which Mr. Ferris is eligible to receive benefits. We also provide life, disability, medical and dental insurance as part of our compensation package. The Compensation Committee considers all of these plans and benefits when reviewing the total compensation of our executive officers.

The 401(k) plan offers a company match of \$0.50 for every dollar contributed by a named executive officer to the plan, up to 6% of pre-tax pay. Additionally, the Company contributes an amount equal to 3% of a named executive's pre-tax pay to their account regardless of the amount of the contributions made by the named executive officer.

Mr. Ferris previously participated in the Colfax PT Pension Plan, however on December 31, 1998 participation in and benefits accrued under such plan were frozen. Under the provisions of the plan, upon reaching the normal retirement age of sixty-five, Mr. Ferris will receive annual payments of approximately \$38,700. As part of its acquisition of Power Transmission Holding LLC from Colfax Corporation, the Company assumed certain liabilities of the Colfax PT Pension Plan, including such future payments to Mr. Ferris.

The named executive officers are provided with the same short-term and long-term disability benefits as our other salaried employees. Additionally, the named executive officers are provided with supplemental long-term disability benefits that are not available to all salaried employees.

Perquisites

We do not provide the named executive officers with perquisites or other personal benefits such as company vehicles, club memberships, financial planning assistance, tax preparation or other such benefits.

Change of Control Matters and Employment Contracts

Employment Agreements

Three of our named executives, Messrs. Hurt, Christenson and Wall, entered into employment agreements with us and Altra Industrial in early January 2005. Mr. Hurt's employment agreement was subsequently amended on December 5, 2006. Under the terms of his employment agreement, Mr. Hurt has a three-year employment term, following which the agreement will automatically renew for successive one-year terms unless either Mr. Hurt or Altra terminates the agreement upon 6 months prior notice to such renewal date. Under the terms of their respective employment agreements, Messrs. Christenson and Wall have five-year employment terms. The employment agreements contain usual and customary restrictive covenants, including 12 month non-competition provisions and non-solicitation/no hire of employees or customers provisions, non-disclosure of proprietary information provisions and non-disparagement provisions. In the event of a termination without cause or departure for good reason, the terminated senior executives are entitled to severance equal to 12 months salary, continuation of medical and dental benefits for the 12-month period following the date of termination, and an amount equal to their pro-rated bonus for the year of termination. In addition, upon such termination, all of Mr. Hurt's unvested restricted stock received from our Incentive Plan shall automatically vest.

Under the agreements, each of Messrs. Hurt, Christenson and Wall is also eligible to participate in all compensation or employee benefit plans or programs and to receive all benefits and perquisites for which salaried employees of Altra Industrial generally are eligible under any current or future plan or program on the same basis as other senior executives of Altra Industrial.

Table of Contents

As part of the annual review process, the Compensation Committee is currently reviewing the 2007 compensation levels and terms for Messrs. Hurt, Christenson and Wall with the assistance of outside consultants.

Change of Control Provisions

Pursuant to the terms of the employment agreements discussed above under the caption Employment Agreements, we provide benefits to Messrs. Hurt, Christenson and Wall upon terminations of employment from the Company under certain circumstances. The benefits described under the caption Employment Agreements are in addition to the benefits to which the executives would be entitled upon a termination of employment generally (i.e. vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

Amounts payable to our named executive officers due to termination of employment or a change of control under any employment agreements or otherwise are disclosed in further detail in the table entitled Potential Post-Employment Payments to Named Executive Officers contained in this Proxy Statement.

COMPENSATION COMMITTEE REPORT

The Compensation Committee administers Altra's compensation program for executive officers. The Compensation Committee's role is to oversee Altra's compensation plans and policies, annually review and approve all such executive officers' compensation, approve annual bonus awards, and administer Altra's equity incentive plan (including reviewing and approving grants to Altra's executive officers).

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee and the Board of Directors periodically review and revise the charter. The Board of Directors determines the Compensation Committee's membership, which currently consists of three non-employee directors. The majority of the Compensation Committee's members are independent under the NASDAQ Rules. The Compensation Committee currently complies with NASDAQ Rules regarding independence requirements pursuant to an exemption from the requirement that all Compensation Committee members must be independent provided by Rule 4350(a)(5) of the NASDAQ Rules. The Compensation Committee expects that all of its members will be independent within one year from the effectiveness of the Company's registration statement for its recent initial public offering. The Compensation Committee meets at scheduled times during the year and it also considers and takes action by written consent. The Compensation Committee Chairman, Edmund M. Carpenter, reports any Compensation Committee actions or recommendations to the full Board of Directors.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on that review and those discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

The Compensation Committee is pleased to submit this report to Altra's stockholders.

Mr. Ferris's participation in and benefits accrued under such plan were frozen since December 31, 1998. Altra Industrial Motion, Inc. Retirement Plan manages the assumed liabilities

under the Colfax Plan. Under the provisions of the Colfax Plan, upon reaching the normal retirement age of 65, Mr. Ferris will receive annual payments of approximately \$38,700. Mr. Ferris is eligible to receive a reduced annual payment in the event of his early retirement. For further discussion, please see the section of this Proxy Statement entitled Retirement.

2004 Equity Incentive Plan

Our 2004 Equity Incentive Plan, or Incentive Plan, permits the grant of restricted stock, stock units, stock appreciation rights, cash, non-qualified stock options and incentive stock options to purchase shares of our common stock, par value \$0.001 per share. Currently, the maximum number of shares of our common stock that may be issued under the terms of the Incentive Plan is 3,004,256 and the maximum number of shares that may be subject to incentive stock options (within the meaning of Section 422 of the Code) is 1,750,000 shares. The Compensation Committee of our Board of Directors administers the Incentive Plan and has discretion to establish the specific terms and conditions for each award. Our employees, consultants and directors are eligible to receive awards under our Incentive Plan. Stock options, stock appreciation rights, restricted stock, stock units and cash awards may constitute performance-based awards in accordance with

Table of Contents

Section 162(m) of the Code at the discretion of the Compensation Committee. Any grant of restricted stock under the Incentive Plan may be subject to vesting requirements, as provided in its applicable award agreement, and will generally vest in five equal annual installments. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant's service. All awards shall be subject to the terms of any agreement effecting a change of control. Other than Mr. Hurt's grants, upon a participant's termination of employment (other than for cause), unless the Board or committee provides otherwise: (i) any outstanding stock options or stock appreciation rights may be exercised 90 days after termination, to the extent vested, (ii) unvested restricted stock awards and stock units shall expire and (iii) cash awards and performance-based awards shall be forfeited. Under the terms of his restricted stock agreements, in the event Mr. Hurt's employment is terminated by us other than for cause, or terminates for good reason, death or disability all of his unvested restricted stock awards shall vest automatically.

Potential Payments Upon Termination or Change-In-Control

Severance Policy

Employment Agreements

Three of our named executives, Messrs. Hurt, Christenson and Wall, entered into employment agreements with us and Altra Industrial in early January 2005. Mr. Hurt's employment agreement was subsequently amended on December 5, 2006. Under the terms of his employment agreement, Mr. Hurt has a three-year employment term, following which the agreement will automatically renew for successive one-year terms unless either Mr. Hurt or Altra terminates the agreement upon 6 months prior notice to such renewal date. Under the terms of their respective employment agreements, Messrs. Christenson and Wall have five-year employment terms. The employment agreements contain usual and customary restrictive covenants, including 12 month non-competition provisions and non-solicitation/no hire of employees or customers provisions, non-disclosure of proprietary information provisions and non-disparagement provisions. In the event of a termination without cause or departure for good reason, the terminated senior executives are entitled to severance equal to 12 months salary, continuation of medical and dental benefits for the 12-month period following the date of termination, and an amount equal to their pro-rated bonus for the year of termination. In addition, upon such termination, all of Mr. Hurt's unvested restricted stock received from our Incentive Plan shall automatically vest.

Under the agreements, each of Messrs. Hurt, Christenson and Wall is also eligible to participate in all compensation or employee benefit plans or programs and to receive all benefits and perquisites for which salaried employees of Altra Industrial generally are eligible under any current or future plan or program on the same basis as other senior executives of Altra Industrial.

As part of the compensation review process, the Compensation Committee is currently reviewing the 2007 compensation levels and terms for Messrs. Hurt, Christenson and Wall with the assistance of outside consultants.

Retirement

As part of the PTH Acquisition, we agreed to assume active pension plan liabilities of PTH, including certain liabilities under its Colfax PT Pension Plan. Mr. Ferris previously participated in the Colfax PT Pension Plan; however, on December 31, 1998, his participation in and benefits accrued under such plan were frozen. Under the provisions of the plan, upon reaching the normal retirement age of 65, Mr. Ferris will receive annual payments of

approximately \$38,700. This amount was determined from a formula set forth in the plan and is based upon (i) a participant's years of service, (ii) a participant's compensation at the time the plan was frozen, and (iii) a standard set of benefit percentage multipliers. The assumed liabilities of the Colfax PT Pension Plan,

Table of Contents

including the retirement benefits payable to Mr. Ferris, will be managed under the Altra Industrial Motion, Inc. Retirement Plan, which has been frozen at identical levels to the Colfax PT Pension Plan.

Change of Control

As more fully discussed in the caption 2004 Equity Incentive Plan herein, the Compensation Committee has the authority to effect immediate vesting of various employee incentive awards upon a change of control of Altra. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant's service.

As more fully discussed under the caption Severance Policy, Messrs. Hurt, Christenson and Wall may be eligible to receive certain severance benefits pursuant to their respective employment agreements.

Potential Post-Employment Payments to Named Executive Officers

The table below sets forth potential payments that could be received by our named executive officers upon termination from employment with Altra, assuming such event took place on December 31, 2006 for the purposes of quantifying the amounts below. Messrs. Novotny and Ferris are not entitled to any potential post-employment payments.*

- (1) Cash severance, health insurance and performance bonus amounts payable upon termination as reflected herein were determined by the terms of each of the executive's employment agreement, which are further discussed in this Proxy Statement under the caption Severance Policy.
- (2) The restricted stock values were determined using the number of shares that will immediately vest upon termination per each of the executive's stock agreement multiplied by Altra's stock price at December 29, 2006.
- (3) Pursuant to his restricted stock grant agreement, 83,085 shares of Mr. Christenson's restricted stock would vest if he was terminated before January 6, 2007. As of January 6, 2007 such shares vested and the vesting upon

termination indicated in the table is no longer applicable.

* Mr. Ferris will be entitled to receive certain annual pension payments upon reaching the normal retirement age of 65 or a reduced benefit if earlier than normal retirement age, as further described in this Proxy Statement under the caption Retirement. In addition, Messrs. Ferris and Novotny were both parties to transition agreements that provided for certain severance benefits upon the sale of Altra, but such transition agreements terminated on April 1, 2007 and neither Mr. Ferris nor Novotny received any payments from Altra in connection with such agreements.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Altra's financial reporting process on behalf of the Board of Directors and reports to the Board on audit, financial and related matters. Altra's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Ernst & Young LLP (the independent external auditor for fiscal year ended December 31, 2006) was responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing principles and to issue a report thereon. The Audit Committee oversees these processes.

In this context, the Audit Committee has met and held discussions with Altra's management and the independent auditor. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380), as amended.

In addition, the Audit Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Audit Committee the written disclosures and letter required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

The Audit Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Altra's internal controls, and the overall quality of Altra's financial reporting.

Based on the reviews and discussions with management and the independent auditor referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Altra's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, and filed with the SEC.

Pre-Approval of Audit and Non-Audit Services

Altra's Audit Committee is responsible for appointing Altra's independent auditor and approving the terms of the independent auditor's services. The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent auditor, as described below and must pre-approve any internal control related service, including any changes in the nature, scope or extent of such services.

Audit Services

Under the policy, the Audit Committee is to approve the engagement of Altra's independent auditor each fiscal year and pre-approve each audit and audit-related services to be performed by such independent auditor, including, but not limited to, the audit of Altra's financial statements and the provision of an attestation report on management's evaluation of Altra's internal controls over financial reporting. As noted above, the Audit Committee must specifically approve, in advance, any proposed change in the nature, scope or extent of any internal control related service.

Table of Contents

Non-Audit Services

In accordance with the pre-approval policy, the Audit Committee must pre-approve non-audit services that may be performed by the independent auditor during the fiscal year. The Audit Committee will approve the provision of only those non-audit services deemed permissible under the federal securities laws and regulations. The Audit Committee may delegate to the Chair of the Audit Committee the authority to approve additional permissible non-audit services to be performed by the independent auditor, provided that the full Audit Committee shall be informed of such approval at its next scheduled meeting.

All services performed by E&Y in fiscal 2006 were pre-approved by the Audit Committee pursuant to the foregoing pre-approval policy.
