HARRIS PREFERRED CAPITAL CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION

Harris Preferred Capital Corporation (the "Company") is a Maryland corporation whose principal business objective is to acquire, hold, finance and manage qualifying real estate investment trust ("REIT") assets (the "Mortgage

## Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

Assets"), consisting of a limited recourse note or notes (the "Notes") issued by Harris Trust and Savings Bank (the "Bank") secured by real estate mortgage assets (the "Securing Mortgage Loans") and other obligations secured by real property, as well as certain other qualifying REIT assets, primarily U.S. Treasury securities and securities collateralized with real estate mortgages. The Company holds its assets through a Maryland real estate investment trust subsidiary, Harris Preferred Capital Trust. Harris Capital Holdings, Inc., a wholly-owned subsidiary of the Bank, owns 100% of the Company's common stock.

The accompanying consolidated financial statements have been prepared by management from the books and records of the Company. These statements reflect all adjustments and disclosures which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented and should be read in conjunction with the notes to financial statements included in the Company's 2003 Form 10-K. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America, have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission.

### 2. COMMITMENTS AND CONTINGENCIES

Legal proceedings in which the Company is a defendant may arise in the normal course of business. There is no pending litigation against the Company.

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### FORWARD-LOOKING INFORMATION

The statements contained in this Report on Form 10-Q that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, including statements regarding the Company's expectation, intentions, beliefs or strategies regarding the future. Forward-looking statements include the Company's statements regarding tax treatment as a real estate investment trust, liquidity, provision for loan losses, capital resources and investment activities. In addition, in those and other portions of this document, the words "anticipate," "believe," "estimate," "expect," "intend" and other similar expressions, as they relate to the Company or the Company's management, are intended to identify forward-looking statements. Such statements reflect the current views of the Company with respect to future events and are subject to certain risks, uncertainties and assumptions. It is important to note that the Company's actual results could differ materially from those described herein as anticipated, believed, estimated or expected. Among the factors that could cause the results to differ materially are the risks discussed in the "Risk Factors" section included in the Company's Registration Statement on Form S-11 (File No. 333-40257), with respect to the Preferred Shares declared effective by the Securities and Exchange Commission on February 5, 1998. The Company assumes no obligation to update any such forward-looking statement.

#### RESULTS OF OPERATIONS

##### FIRST QUARTER 2004 COMPARED WITH FIRST QUARTER 2003

The Company's net income for the first quarter of 2004 was \$3.6 million. This represented a \$4.0 million or 52% decrease from first quarter 2003 earnings of \$7.6 million. Earnings decreased primarily because of a \$2.5 million gain on sale of securities in 2003 compared to a \$398 thousand gain realized in 2004.

## Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

### HARRIS PREFERRED CAPITAL CORPORATION

First quarter 2004 interest income on the Notes totaled \$258 thousand and yielded 6.4% on \$16.1 million of average principal outstanding for the quarter compared to \$472 thousand and a 6.4% yield on \$29.7 million average principal outstanding for first quarter 2003. The decrease in income was attributable to a reduction in the Notes balance because of principal paydowns by customers in the Securing Mortgage Loans. The average outstanding balance of the Securing Mortgage Loans for first quarter 2004 and 2003 was \$20 million and \$36 million, respectively. Interest income on securities available-for-sale for the current quarter was \$2.7 million resulting in a yield of 4.4% on an average balance of \$243 million, compared to \$4.6 million with a yield of 5.0% on an average balance of \$368 million for the same period a year ago. The decrease in interest income is primarily attributable to the reduction in the investment portfolio of mortgage-backed securities.

There were no Company borrowings during first quarter 2004 or 2003.

First quarter 2004 operating expenses totaled \$137 thousand, an increase of \$7 thousand or 5% from the first quarter of 2003. Loan servicing expenses totaled \$12 thousand, a decrease of \$10 thousand or 45% from a year ago. This decrease is attributable to the reduction in the principal balance of the Notes, thereby reducing servicing fees payable to the Bank. Advisory fees for the first quarter 2004 were \$29 thousand compared to \$10 thousand a year earlier, due to increased costs for processing, recordkeeping and administration. General and administrative expenses totaled \$96 thousand, a decrease of \$2 thousand over the same period in 2003.

At March 31, 2004 and 2003, there were no Securing Mortgage Loans on nonaccrual status.

#### LIQUIDITY RISK MANAGEMENT

The objective of liquidity management is to ensure the availability of sufficient cash flows to meet all of the Company's financial commitments. In managing liquidity, the Company takes into account various legal limitations placed on a REIT.

The Company's principal asset management requirements are to maintain the current earning asset portfolio size through the acquisition of additional Notes or other qualifying assets in order to pay dividends to its stockholders after satisfying obligations to creditors. The acquisition of additional Notes or other qualifying assets is funded with the proceeds obtained as a result of repayment of principal balances of individual Securing Mortgage Loans or maturities or sales of securities. The payment of dividends on the Preferred Shares is made from legally available funds, arising from operating activities of the Company. The Company's cash flows from operating activities principally consist of the collection of interest on the Notes, mortgage-backed securities and other earning assets. The Company does not have and does not anticipate having any material capital expenditures.

In order to remain qualified as a REIT, the Company must distribute annually at least 90% of its adjusted REIT ordinary taxable income, as provided for under the Internal Revenue Code, to its common and preferred stockholders. The Company currently expects to distribute dividends annually equal to 90% or more of its adjusted REIT ordinary taxable income.

The Company anticipates that cash and cash equivalents on hand and the cash flow from the Notes and mortgage-backed securities will provide adequate liquidity for its operating, investing and financing needs including the capacity to continue preferred dividend payments on an uninterrupted basis.

## Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

As presented in the accompanying Consolidated Statements of Cash Flows, the primary sources of funds in addition to \$3.4 million provided from operations during the three months ended March 31, 2004 were \$1.4 million provided by principal repayments on the Notes and \$253.2 million from the maturities and sales of securities available-for-sale. In the prior period ended March 31, 2003, the primary sources of funds other than \$5.5 million from operations were \$3.8 million provided by principal repayments on the Notes and \$144.8 million from the maturities and sales of securities available-for-sale. The primary uses of funds for the three months ended March 31, 2004 were \$250 million for purchases of securities available-for-sale and \$4.6 million in preferred stock dividends paid. For the prior year's quarter ended March 31, 2003, the primary

7

uses of funds were \$149.9 million for purchases of securities available-for-sale and \$4.6 million in preferred stock dividends paid.

#### MARKET RISK MANAGEMENT

The Company's market risk is composed primarily of interest rate risk. There have been no material changes in market risk or the manner in which the Company manages market risk since December 31, 2003.

#### OTHER MATTERS

As of March 31, 2004, the Company believes that it is in full compliance with the REIT tax rules, and expects to qualify as a REIT under the provisions of the Internal Revenue Code. The Company expects to meet all REIT requirements regarding the ownership of its stock and anticipates meeting the annual distribution requirements.

### HARRIS TRUST AND SAVINGS BANK AND SUBSIDIARIES

#### NOTES TO THE FINANCIAL STATEMENTS

##### 1. BASIS OF PRESENTATION

Harris Trust and Savings Bank (the "Bank") is a wholly-owned subsidiary of Harris Bankcorp, Inc. ("Bankcorp"), a wholly-owned subsidiary of Harris Financial Corp. (formerly known as Bankmont Financial Corp.), (a wholly-owned subsidiary of Bank of Montreal). The consolidated financial statements of the Bank include the accounts of the Bank and its wholly-owned subsidiaries. Significant intercompany accounts and transactions have been eliminated. Certain reclassifications were made to conform prior year's financial statements to the current year's presentation.

The consolidated financial statements have been prepared by management from the books and records of the Bank, without audit by independent certified public accountants. However, these statements reflect all adjustments and disclosures which are, in the opinion of management, necessary for a fair presentation of the results for the interim periods presented.

Because the results of operations are so closely related to and responsive to changes in economic conditions, the results for any interim period are not necessarily indicative of the results that can be expected for the entire year.

## Edgar Filing: HARRIS PREFERRED CAPITAL CORP - Form 10-Q

### 2. LEGAL PROCEEDINGS

The Bank and certain of its subsidiaries are defendants in various legal proceedings arising in the normal course of business. In the opinion of management, based on the advice of legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the Bank's consolidated financial position.

### 3. CASH FLOWS

For purposes of the Bank's Consolidated Statements of Cash Flows, cash and cash equivalents is defined to include cash and demand balances due from banks. Cash interest payments for the three months ended March 31 totaled \$56.3 million and \$48.0 million in 2004 and 2003, respectively. Cash income tax payments over the same periods totaled \$0.5 million and \$0.1 million, respectively.

### 4. GOODWILL AND OTHER INTANGIBLE ASSETS

The Bank records goodwill and other intangible assets in connection with the acquisition of assets from unrelated parties or the acquisition of new subsidiaries. Goodwill and other intangible assets that have indefinite useful lives are not subject to amortization while intangible assets with finite lives are amortized. Goodwill is periodically assessed for impairment, at least annually. Intangible assets with finite lives are amortized on either an accelerated or straight-line basis depending on the character of the acquired asset. Intangible assets with finite lives are reviewed for impairment when events or future assessments of profitability indicate that the carrying value may not be recoverable.

The carrying value of the Bank's goodwill as of March 31, 2004 was \$89.3 million. No impairment was recorded during the quarter ended March 31, 2004.

The Bank did not have any intangible assets not subject to amortization as of March 31, 2004.

FIRST QUARTER 2004 COMPARED WITH FIRST QUARTER 2003

### SUMMARY

The Bank had first quarter 2004 net income of \$34.8 million, an increase of \$1.4 million or 4 percent from first quarter 2003.

Cash ROE was 10.13 percent in the current quarter and 10.38 percent in first quarter 2003. Excluding unrealized gains and losses on the securities portfolio recorded directly to equity, cash ROE was 10.34 percent for the current year's first quarter, compared to 10.71 percent a year ago.

First quarter net interest income on a fully taxable equivalent basis was \$108.0 million, down \$5.6 million or 5 percent from \$113.6 million in 2003's first quarter. Average earning assets increased 9 percent to \$17.23 billion from \$15.85 billion in 2003. Average securities available-for-sale increased \$813 million. Net interest margin decreased to 2.52 percent from 2.90 percent in the same quarter last year.

The first quarter 2004 provision for loan losses of \$17.3 million was down slightly from \$17.6 million in the first quarter of 2003. Net charge-offs were \$9.3 million compared to \$16.3 million in the prior year's quarter. The decrease is attributable to lower charge-offs and greater recoveries in the commercial loan portfolio.

First quarter 2004 noninterest income of \$132.1 million increased \$10.8 million from the same quarter last year. Most of the increase was the result of an \$8.8 million increase in net gains from securities sales compared to a year ago quarter. Trust revenue and foreign exchange income increased from first quarter 2003. The Bank also experienced a \$7.1 million gain on the sale of assets received in an earlier troubled debt restructuring and a gain on the termination of a swap.

First quarter 2004 noninterest expenses of \$171.7 million increased \$3.5 million or 2 percent from the year-ago quarter.

Nonperforming assets at March 31, 2004 were \$159 million or 1.56 percent of total loans, compared to \$172 million or 1.79 percent at December 31, 2003 and \$175 million or 1.79 percent a year ago. At March 31, 2004, the allowance for possible loan losses was \$243 million, equal to 2.38 percent of loans outstanding, compared to \$208 million or 2.13 percent at the end of first quarter 2003. As a result, the ratio of the allowance for possible loan losses to nonperforming assets was 152 percent at March 31, 2004 compared to 119 percent at March 31, 2003.

At March 31, 2004, Tier 1 capital of the Bank amounted to \$1.68 billion, up from \$1.59 billion one year earlier. The regulatory leverage capital ratio was 8.51 percent for the first quarter of 2004 compared to 8.70 percent in the same quarter of 2003. The Bank's capital ratio exceeds the prescribed regulatory minimum for banks. The Bank's March 31, 2004 Tier 1 and total risk-based capital ratios were 9.86 percent and 11.81 percent compared to respective ratios of 9.92 percent and 12.12 percent at March 31, 2003.
