PROXY STATEMENT

The enclosed proxy is solicited on behalf of the Board of Directors of SunTrust Banks, Inc. in connection with the Annual Meeting of Shareholders of SunTrust to be held on Tuesday, April 16, 2002. This Proxy Statement and the

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

enclosed proxy are being first mailed to SunTrust's shareholders on or about March 8, 2002.

Voting your shares. The enclosed proxy is for use if you are unable to attend the Annual Meeting in person or wish to have your shares voted by proxy even if you attend the Annual Meeting. You may revoke the proxy at any time before it is exercised by notice to the Corporate Secretary of SunTrust, by submitting a proxy having a later date, or by appearing at the Annual Meeting and voting in person. All shares represented by valid proxies received pursuant to this solicitation and not revoked before they are exercised will be voted in the manner specified therein. If no specification is made, the proxies for the proposal described below will be voted as recommended by the Board of Directors.

Method of Voting. You can simplify your voting and reduce SunTrust's costs by voting your shares via telephone or the Internet. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, allow shareholders to vote their shares and to confirm that their instructions have been properly recorded. If your shares are held in the name of a bank or broker, the availability of telephone and Internet voting will depend on the voting processes of the applicable bank or broker. Therefore, we recommend that you follow the voting instructions on the form you receive. If you do not choose to vote by telephone or the Internet, please date, sign and return the proxy card.

ELECTION OF DIRECTORS

(ITEM 1)

NOMINEES FOR DIRECTORSHIP

The Board of Directors, under the terms of SunTrust's Bylaws, has determined that the number of directors constituting the Board of Directors shall be 15, with directors divided into 3 classes serving staggered 3-year terms. There are 4 directors, A. W. Dahlberg, Patricia C. Frist, L. Phillip Humann and M. Douglas Ivester, who have been nominated to stand for reelection as directors at the Annual Meeting in 2002 for a term expiring in 2005. A new candidate for election, Karen Hastie Williams, has been nominated to stand for election as a director for a term expiring in 2005. In addition to the 5 nominees, there are 10 other directors continuing to serve on the Board, whose terms expire in 2003 and 2004. THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ALL NOMINEES.

Joseph L. Lanier, Jr., who is currently serving as a director, is retiring from the Board after 18 years of service. His retirement will be effective the day of the Annual Meeting.

You may not vote your proxy for the election of a person to fill a directorship for which no nominee is named in this Proxy Statement. If, at the time of the Annual Meeting, any of the nominees named in the enclosed proxy should be unable or decline to serve as a director, the proxies are authorized to be voted for such substitute nominee or nominees as the Board recommends. The Board has no reason to believe that any nominee will be unable or decline to serve as a director.

The following table sets forth for each nominee and each director whose term continues after the meeting, his or her age, the number of shares of SunTrust common stock beneficially owned by such person on

December 31, 2001, a brief description of his or her principal occupation and business experience during the last 5 years, certain other directorships held and how long he or she has been a director of SunTrust.

ATTENDANCE AND COMPENSATION

Attendance. Regular meetings of the Board are held quarterly. During 2001, the Board held 6 meetings. All SunTrust directors attended at least 75% of the Board meetings and meetings of committees on which they served.

Compensation. Each director who is not also an employee of SunTrust or its subsidiaries received an annual retainer of \$45,000 in 2001 and was paid a fee of \$1,500 for each Board or committee meeting attended. Directors also received a grant of 2,000 non-qualified stock options which vested immediately and have a 10 year term. Directors serving as directors of SunTrust's subsidiaries only receive meeting attendance fees for service on those Boards. Directors may defer fees payable to them under SunTrust's Directors Deferred Compensation Plan. The return on such deferred amount is determined, at the election of the director, as if such funds had been invested in SunTrust common stock or at a floating interest rate equal to the prime interest rate in effect at SunTrust Bank computed on a quarterly basis.

Mr. Williams, SunTrust's former Chairman of the Board and Chief Executive Officer who retired on March 21, 1998, is serving as a non-employee director of SunTrust and Chairman of the Executive Committee. Mr. Williams has been provided with an office, office equipment and supplies, general secretarial support, a company car and parking space, reimbursement of country club fees and assessments, and use of SunTrust's airplane for travel to and from Board and committee meetings and when representing SunTrust at national, corporate, community and civic events. Tax and estate planning services and security system monitoring for his homes are also provided. Any tax liability as a result of this support, except for directors' fees, will be fully grossed-up by SunTrust.

Additional Information Regarding Former Crestar Financial Corporation Directors. Mr. Minor and Dr. Royal, both former Crestar directors, also participate in a Crestar directors' program providing deferred benefits based on 1996 director awards plus their prior elective deferrals of Crestar retainers. These benefits are calculated in common stock equivalents and paid, after their directorship ends, in whole shares of SunTrust common stock, with cash for any fractional share.

COMPENSATION COMMITTEE REPORT

INTRODUCTION

Decisions regarding the compensation of SunTrust's executives are made by the Compensation Committee of the Board, which we refer to in this report as the Committee. Each member of the Committee is a non-employee director. The Committee believes the actions of each executive officer have the potential to impact the short-term and long-term profitability of SunTrust. Consequently, the Committee places considerable importance on its oversight of the design and administration of an executive compensation program.

OBJECTIVES OF EXECUTIVE COMPENSATION

The objectives of SunTrust's executive compensation programs are to: (1)

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

increase shareholder value, (2) improve SunTrust's overall performance, (3) increase the success of the business unit directly impacted by the executive's leadership and performance, and (4) enhance the individual executive's performance.

COMPENSATION PHILOSOPHY

The general philosophy underlying SunTrust's executive compensation programs is designed to:

- Aid SunTrust in attracting, retaining and motivating high-performing executives.
- Provide competitive levels of compensation commensurate with the achievement of SunTrust's annual and long-term performance goals.
- Reward superior corporate and individual performance.

Executive compensation programs are reviewed and evaluated relative to those of SunTrust's peer group. However, SunTrust places greater emphasis on programs that provide incentive compensation rewards that are closely linked to SunTrust's performance. The peer group includes superregional banks such as Bank of America Corporation, Bank One Corp., Wachovia Corporation, FleetBoston Financial Corp., KeyCorp, Mellon Financial Corp., Northern Trust Corp., PNC Financial Services Group, Inc. and Wells Fargo & Company. For senior executives, base salaries are targeted toward the conservative end of the competitive range compared to the peer group. Variable compensation opportunity, closely aligned with strategic business objectives and linked to corporate performance, represents a significant part of the total compensation package. Thus, depending on SunTrust's performance in any particular year, an executive officer may receive compensation above or below the levels of pay for similarly situated executives within the peer group.

7

COMPONENTS OF EXECUTIVE COMPENSATION

The three primary components of executive compensation are:

- Base Salary
- Cash Incentive Plans
- Stock Incentive Plans

BASE SALARY

Base salary is designed to provide reasonable levels of compensation to executives while helping SunTrust manage fixed labor expense. Therefore, the Committee believes that executive officer base salaries should be at the conservative end of a market-competitive range. Salaries for top executives are reviewed annually and are based on:

- Job scope and responsibilities.
- Corporate, business unit, and individual performance (performance measures may include but are not limited to net income, earnings per share, return on assets, return on equity, growth, achievement of specific goals, etc.).
- Competitive salaries for similar positions.

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

- Length of service.
- Subjective factors.

CASH INCENTIVE PLANS

SunTrust maintains two cash incentive plans:

- The Management Incentive Plan, which focuses on annual performance goal attainment.
- The Performance Unit Plan, which focuses on performance over a 3 year period.

These variable compensation plans are designed so that: (1) the executive receives a bonus only if SunTrust achieves specified performance objectives, and (2) a significant portion of the executive's total compensation is at risk. Beginning in 2001 MIP incentive award opportunity levels were increased for certain executive officers, including named executive officers. PUP awards were reduced proportionately at an earlier time to help achieve a more favorable balance between short term and long term cash incentive awards.

Management Incentive Plan

The Management Incentive Plan, which we refer to as MIP, is a 1 year plan designed to support SunTrust's strategic business objectives, promote the attainment of profit plans and revenue goals, reward achievement of business unit and individual performance objectives and encourage teamwork. Financial and non-financial performance measures are established for each participant, except for the named executive officers, and assigned a weighting factor. MIP awards for the named executive officers are based exclusively on a quantifiable net income performance measure. For each performance measure target, threshold and maximum performance benchmarks are developed. These performance measures and performance benchmarks are set for a 1 year period and are aimed at increasing short-term performance results. Each participant is assigned a target incentive award opportunity expressed as a percentage of the participant's base wages. Achievement of target performance benchmarks for each performance measure produces a target incentive award payment. Performance results between the threshold performance benchmarks and target performance benchmarks produce an award less than the target award opportunity percentage. Performance results above the target performance benchmarks produce an award greater than the target award opportunity percentage. Maximum performance benchmarks are set at a level reflective of very ambitious earnings goals which can only be attained when business results are exceptional, thus justifying the higher award payments.

8

The net earnings performance benchmarks were adjusted in 2001 to exclude expenses related to SunTrust's proposal to acquire Wachovia Corporation, merger expenses relating to AMA Holdings, Inc. and total restructuring and one-time charges associated with the acquisition of the institutional business of The Robinson-Humphrey Company.

Participation in MIP is limited to a group of key employees who have a material impact on SunTrust's performance. The participants are selected by the Committee and include the executive officers named in this Proxy Statement and approximately 625 other key employees at different levels of participation. Awards earned under MIP are contingent upon employment with SunTrust through the end of the year, except for payments made in the event of death, retirement, disability, or in the event of a change in control. These payouts are set forth

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

in the Summary Compensation Table under the heading "Bonus."

Performance Unit Plan

The purpose of the Performance Unit Plan, which we refer to as PUP, is to promote the long-term interests of SunTrust and its shareholders and to motivate, retain and reward those executives who contribute significantly to SunTrust's financial performance. Participation in this plan is limited to a select group of executive management who have significant impact upon the long-term growth and profitability of SunTrust. Approximately 200 executives were designated by the Committee for participation in the plan. Each participant is awarded a number of performance units, based upon the level of position held within SunTrust and individual performance, with an initial value of \$30.00 per unit. The final value of a unit is determined at the conclusion of the 3 year performance cycle. Two performance measurements are set for each 3 year performance cycle which correspond to a minimum, target, and maximum unit value. These performance measurements are: (1) a 3 year cumulative consolidated net income goal, and (2) a 3 year cumulative earnings per share goal. At the end of each performance cycle, the payout value is determined by actual net income and earnings per share for the 3 year period. The measurement which yields the highest unit value is the one that is used. This method was employed due to SunTrust's share purchase program and the desire not to penalize executives for this strategy. Straight line interpolation is used to calculate payout values between minimum, target, and maximum levels. In 2001, the targets were adjusted to exclude expenses related to SunTrust's proposal to acquire Wachovia Corporation, merger expenses relating to AMA Holdings, Inc., and total restructuring and one-time charges associated with the acquisition of the institutional business of The Robinson-Humphrey Company. These payouts are set forth in the Summary Compensation Table under the heading "LTIP Payouts."

STOCK INCENTIVE PLANS

One of the Committee's priorities is to encourage executives to be significant shareholders to better ensure that the interests of executives are closely aligned with the interests of shareholders. In keeping with this objective the Committee approved an increase in the number of shares made available for 2001 stock option grants and more liberalized stock option grant guidelines for use in formulating individual grant recommendations. SunTrust's executive officers have a significant equity stake in SunTrust, as reflected in the beneficial ownership information contained in this Proxy Statement.

2000 Stock Plan

The 2000 Stock Plan was adopted by the Board in February 2000, and approved by the shareholders at the 2000 Annual Meeting. The 2000 Stock Plan provides for grants of options to purchase SunTrust common stock, awards of restricted shares of SunTrust common stock (which may be subject to both grant and forfeiture conditions), and grants of stock appreciation rights, which we refer to as SARs. There are 14,000,000 shares of SunTrust common stock reserved for use under the 2000 Stock Plan, of which 4,000,000 may, but need not be, granted as restricted stock. The 2000 Stock Plan is administered by the Committee, which has the authority to grant options, SARs and restricted stock. The Committee has also delegated to the Chief Executive Officer the authority to grant options. The 2000 Stock Plan has been used by the Committee to make stock-based incentives important factors in attracting, retaining, and rewarding employees and to closely align employee interests with those of SunTrust's shareholders. Competitive grants of non-qualified

stock options and incentive stock options were made to key employees in 2001.

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

The grants to the 5 named executive officers are presented in the Option Grants During 2001 table.

1995 Stock Plan

The 1995 Executive Stock Plan, which we refer to as the 1995 Stock Plan, was designed to use stock-based incentives to focus executives and other eligible participants on SunTrust's long-term performance and to attract and retain qualified employees. No further grants will be made under the 1995 Stock Plan.

401(k) Plan Matching Contributions

SunTrust matches a percentage of eligible employee contributions to its qualified 401(k) Plan. The matching contributions are made in SunTrust common stock.

401(k) Excess Plan

SunTrust also maintains an unfunded non-qualified 401(k) Excess Plan to provide benefits for certain participants that would have otherwise been provided under the 401(k) Plan except for the imposition of certain statutory limits on qualified plan benefits. Under the 401(k) Excess Plan, SunTrust credits each participant's account with the participant's deferrals plus applicable matching contributions. Participants generally have investment choices with returns that mirror most of the investment options allowed under the 401(k) Plan. Participants may not, however, direct any portion of their account to an investment vehicle that is tied to the value of SunTrust common stock. Participants' interests in the 401(k) Excess Plan are accounted for in phantom units. SunTrust's matching contributions are accounted for in SunTrust common stock equivalents. The amounts of SunTrust's matching contributions under the 401(k) Plan and credited to the 401(k) Excess Plan on behalf of the 5 named executive officers are included in the amounts shown in the Summary Compensation Table under the heading "All Other Compensation."

SECTION 162(M)

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1 million paid for any year to a corporation's chief executive officer and the 4 other highest paid executive officers at the end of such year, which executives we refer to as covered employees, will not be deductible for federal income tax purposes unless certain conditions are met. One such condition is that the compensation qualify as "performance-based compensation." In addition to other requirements for qualification as performance-based compensation, shareholders must be advised of and must approve the material terms of the performance goals under which compensation is to be paid, and under certain conditions, must reapprove the material terms of the performance goals every 5 years. SunTrust intends that awards to covered employees under the 2000 Stock Plan, MIP and PUP qualify as performance-based compensation within the meaning of Section 162(m). On February 8, 2000, the Board of Directors approved the 2000 Stock Plan and certain amendments to MIP and PUP which were designed to ensure that, to the extent possible, awards payable under the 2000 Stock Plan, MIP and PUP would be fully deductible by SunTrust for purposes of Section 162(m). At the 2000 Annual Meeting, SunTrust's shareholders approved the material terms of the performance goals under which compensation is paid under the 2000 Stock Plan, MIP and PUP.

CHIEF EXECUTIVE OFFICER COMPENSATION

The executive compensation policy described above is applied in setting Mr. Humann's compensation. Mr. Humann participates in the same executive compensation plans available to other executive officers. His 2001 cash

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

compensation was \$2,217,874. Sixty three percent of this amount was earned in performance-driven incentives. Mr. Humann had a base salary of \$815,000. In keeping with the Committee's desire for the Chief Executive Officer to maintain a long-term focus for SunTrust, much of Mr. Humann's variable compensation is provided through PUP. Mr. Humann earned a PUP award of \$551,280 for the 1999-01 PUP cycle. This represented a payout of \$45.94 per unit and is the result of SunTrust exceeding the cumulative earnings per

10

share target that the Committee set prior to the start of the 1999-01 cycle. In addition, Mr. Humann was granted a non-qualified stock option for 150,000 shares of SunTrust common stock.

SUMMARY

The Committee believes this mix of conservative market-based salaries, potentially significant variable cash incentives for both long-term and short-term performance and the potential for equity ownership in SunTrust represents a balance that will motivate the management team to continue to produce strong returns. The Committee further believes this program strikes an appropriate balance between the interests and needs of SunTrust in operating its business and appropriate rewards based on shareholder value creation.

(1) Performance-based restricted stock, which we refer to as performance stock, is held by certain of the executive officers listed above, under the 1986 Stock Plan and the 1995 Stock Plan. Three events must occur with respect to the performance stock before the executive takes full title to the performance stock. Shares generally are granted, awarded, become vested and finally are distributed. After performance stock is granted by the Compensation Committee, 20% increments are awarded if and when there are comparable 20% increases in the average price of SunTrust's common stock from the initial price at the time of grant. Most of the awarded shares vest and are distributed on the earliest of the following dates: (i) 15 years after the date shares are awarded to participants; (ii) at attaining age 64; (iii) in the event of the death or disability of a participant; or (iv) in the event of a change in control of SunTrust as defined in the 1986 Stock Plan or the 1995 Stock Plan. Eighty percent of the performance based restricted stock granted in 1996 has been awarded, and the time period for awarding the remaining shares granted has expired. Approximately 40% of the granted shares became fully vested as of February 10, 2000 and are no longer subject to service and forfeiture conditions. The individuals set forth in the table above were awarded, subject to the terms and conditions of the 1986 Stock Plan or the 1995 Stock Plan, the number of shares of restricted stock, including performance stock, with a value as of December 31, 2001, as follows: Messrs. Humann 320,000 shares, \$20,064,000; Clay 78,000 shares, \$4,890,600; Hoepner 142,000 shares, \$8,903,400; and Spiegel 194,000 shares, \$12,163,800. As described above, all such shares have been awarded and about 40% of the shares held by most of the individuals named in this footnote have vested. Dividends were paid in 2001 on shares of awarded restricted stock as follows: Messrs. Humann \$512,000; Clay \$124,800; Hoepner \$227,200; and Spiegel \$310,400.

- (2) Amounts contributed by SunTrust to the 401(k) Plan and credited under the 401(k) Excess Plan. Also includes SunTrust premiums paid on term life insurance. For Mr. Wells, includes the actuarial equivalent of benefits from SunTrust premiums on a split-dollar life insurance policy and above market interest earned on deferred compensation.
- (3) In accordance with his employment agreement with SunTrust entered into in connection with the acquisition of Crestar.

STOCK OPTIONS

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

The following table contains information concerning the grant of stock options to SunTrust's named executive officers as of the end of the last fiscal year. SunTrust did not award any stock appreciation rights during the last fiscal year.

OPTION GRANTS DURING 2001

John W. Clay, Jr.....	100,000	3.04%	64.57	11/13/11

- (1) Under the 1995 Stock Plan and the 2000 Stock Plan, the exercise price must not be less than 100% of the fair market value of SunTrust's common stock on the date the option is granted. Options may be exercised using cash, SunTrust common stock or a combination of both.
- (2) These values were established using the Black-Scholes stock option valuation model. For all grants, the Black-Scholes value, an estimate based on assumptions about future stock price volatility and dividend yield, was 12.39% of the stock price on the date of grant. The estimated volatility of 10.05% and dividend yield of 2.48% were based on historical data from the prior 3 years. The estimated value also reflects a risk-free rate of return of 4.41% and a 10-year option term. Use of this model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The real value of the options in this table depends upon the actual changes in the market price of SunTrust common stock during the applicable period.

The following table sets forth information with respect to the named executives concerning the exercise of options during 2001 and unexercised options held as of December 31, 2001.

LONG-TERM INCENTIVE PLAN

The following table provides information concerning SunTrust's Performance Unit Plan, which we refer to as PUP. PUP provides for the award of performance units, each with a target grant value, to key employees of SunTrust and its subsidiaries by the Compensation Committee. The grant value and number of units awarded to a participant for each performance measurement cycle is determined by the Compensation Committee as of the grant date. The final value of the units granted under each award may range from zero to 200% of the grant value and is determined by the Compensation Committee at the end of each performance measurement cycle based on the achievement of either consolidated net income goals or earnings per share goals established by the Compensation Committee for that cycle. Payment of an award earned under PUP is contingent upon continuous employment with SunTrust until the end of the award cycle, except for payments made in the event of retirement, death, disability or a change in control.

SunTrust's Retirement Plan is a noncontributory pension plan for the benefit of eligible employees of SunTrust and its subsidiaries. SunTrust has also established the ERISA Excess Retirement Plan to pay benefits to certain Retirement Plan participants that exceed the benefits payable to such Plan participants under the Retirement Plan as a result of federal tax restrictions. In addition, the SERP provides benefits to certain key employees of SunTrust and its subsidiaries as designated by the Compensation Committee. There are 2 tiers to the SERP. Both tiers provide benefits to certain key employees of SunTrust and its subsidiaries. All 5 named executive officers are eligible for the tier 1 benefit. The maximum annual benefit payable under the tier 1 SERP will equal 60% of the executive's covered compensation. For tier 1 SERP participants, covered compensation is defined as the average of the sum of the 3 full calendar years of base salary, Management Incentive Plan and Performance Unit Plan awards earned out of the 5 full calendar years immediately preceding the executive's retirement that will produce the highest average. The maximum annual benefit payable under the tier 2 SERP will equal 50% of the executive's covered compensation. For tier 2 SERP participants, covered compensation is defined as the average of the sum of the 3 full calendar years of base salary plus annual bonus earned out of the 5 full calendar years immediately preceding the executive's retirement that will produce the highest average. The SERP benefit is reduced by annual benefits payable at retirement under the Retirement Plan, the ERISA Excess Retirement Plan, Social Security benefits at age 65, and certain other nonqualified, unfunded retirement arrangements maintained by SunTrust. Upon retirement, the SERP benefit will be paid in the form of a lump sum that is actuarially equivalent to a life annuity if the participant is unmarried or that is actuarially equivalent to a 50% joint and survivor annuity if the participant is married. Certain SERP participants are grandfathered at the 100% joint and survivor level. Retirement benefits under the SERP vested for all tier 1 participants on February 10, 2000.

The compensation earned in 2001 for the individuals named in the Summary Compensation Table included for the computation of benefits payable under the SERP and credited years of service are as follows: Messrs. Humann, \$2,217,874, 32 years of service; Clay, \$1,101,795, 34 years of service; Hoepner, \$1,101,795, 33 years of service; Spiegel, \$1,211,992, 36 years of service; and Wells, \$1,331,240, 33 years of service.

The SERP provides that in the event of a change in control of SunTrust (as defined in the SERP), for tier 1 participants who are involuntarily terminated or who terminate for good reason within 3 years after a change in control, benefits would be calculated using the highest compensation for any 12 consecutive month period during the 60 consecutive month period which ends immediately before the termination of employment. Furthermore, credited service will be increased by the lesser of 36 full months or the number of months between the normal retirement date and the date of termination. Termination for

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

good reason means a termination made primarily because of a failure to elect or reelect a participant to a position held with SunTrust prior to the change in control or a substantial change or reduction in responsibilities or compensation. The SERP further provides that in the event of a termination as described above, participants in the SERP will continue to receive health, life and disability benefit coverage for up to 2 years after such termination.

Mr. Wells' employment agreement with SunTrust, as more fully described below, provides that on termination of employment and at his election, he may choose to receive either the benefit calculated under SunTrust's SERP or the benefit calculated under Crestar's SERP. Under Crestar's SERP, Mr. Wells has completed the 20 years of service required for an annual benefit from the SERP and other qualified and nonqualified pension plans, beginning at age 60 and payable for his lifetime, equal to 50% of the average of his 3 highest years of compensation (calculated using base salary plus bonus). This annual benefit is projected to be approximately \$465,522 beginning at age 60, based on Mr. Wells' eligible compensation through 2001.

EMPLOYMENT AGREEMENT AND CHANGE IN CONTROL AGREEMENTS

Mr. Wells' Employment Agreement. In connection with the agreement to acquire Crestar entered into in July 1998, SunTrust and James M. Wells III entered into an employment agreement providing for the employment of Mr. Wells from December 31, 1998 until December 31, 2001. Under the terms of the agreement, Mr. Wells received a base salary of \$505,759 in 1999, \$570,833 in 2000, and \$600,000 in 2001, plus he received an annual bonus of \$300,000 for 1999, \$315,000 for 2000, and \$501,540 for 2001. Mr. Wells also received on December 31, 1998 a grant of 30,000 shares of restricted SunTrust common stock and a 10 year option to acquire an aggregate of 90,000 shares of SunTrust common stock with an exercise price per share of \$76.50 (subject to anti-dilution provisions). Mr. Wells was granted options to acquire 15,000 shares of SunTrust common stock in 1999, 90,000 shares of SunTrust common stock in 2000, and 75,000 shares of SunTrust common stock in 2001. Options to acquire 45,000 shares of SunTrust common stock vested on December 31, 2001. The remainder will vest on the third anniversary of the date of grant. When his employment with SunTrust ends, Mr. Wells is also entitled to elect a supplemental retirement benefit under either the SunTrust SERP or the Crestar SERP (as each such plan was in effect on July 20, 1998). In addition, if any payments received by Mr. Wells are subject to an excise tax under Section 4999 of the Internal Revenue Code, Mr. Wells will be entitled to receive an additional amount necessary to make him whole with respect to such excise tax.

Change in Control Agreements. SunTrust has entered into change in control agreements with each of the executive officers named in the Summary Compensation Table, and certain other officers. During a period of up to 3 years following a change in control of SunTrust, if the executive officer's employment is terminated by SunTrust without cause, or by the executive officer for good reason within a certain period of time following a change in control, the executive officer will receive severance benefits. These benefits will include: (i) a lump sum payment of up to 3 years (2 years for certain other officers) of the executive officer's base salary and bonus; (ii) a portion of the full bonus which would have been payable to the executive if such executive had remained employed through the end of such year; (iii) up to 3 years (2 years for certain other officers) of additional benefits under certain SunTrust benefit plans; and (iv) a payment to reimburse the executive officer for any excise taxes on severance benefits that are considered excess parachute payments under the Internal Revenue Code of 1986, as amended. Each agreement requires the executive officer not to use or disclose any of SunTrust's confidential business information and, with respect to certain officers, not to compete with SunTrust. The change in control agreements confer no benefits upon termination of the officer's employment prior to a change in control.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2001 with management and the independent auditors for 2001, Arthur Andersen LLP. Management represented to the Audit Committee that SunTrust's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The discussions with Arthur Andersen LLP also included the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Arthur Andersen LLP provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). This information was discussed with Arthur Andersen LLP.

Based on the discussions with management and Arthur Andersen LLP, the Audit Committee's review of the representations of management and the report of Arthur Andersen LLP, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in SunTrust's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission for the year ended December 31, 2001.

Submitted by the Audit Committee of SunTrust's Board of Directors.

AUDIT FEES

GENERAL

Arthur Andersen LLP billed SunTrust an aggregate of \$1,505,000 for professional services rendered for the audit of SunTrust's annual financial statements for the year ended December 31, 2001 and for the review of the financial statements included in SunTrust's Forms 10-Q for 2001.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

No fees were earned by Arthur Andersen LLP for any information technology services (of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X) during 2001.

ALL OTHER FEES

Arthur Andersen LLP billed SunTrust an aggregate of \$4,197,143 for all services rendered by Arthur Andersen LLP to SunTrust during 2001 other than the audit and information technology services described above.

The Audit Committee has considered whether the provision of the information technology services and other services covered in the two previous paragraphs are compatible with maintaining Arthur Andersen LLP's independence.

No executive officer owns 1% or more of the outstanding shares of SunTrust common stock.

OTHER DIRECTOR AND EXECUTIVE OFFICER INFORMATION

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Lanier, Correll, Dahlberg and Minor, all of whom are independent, outside directors of SunTrust, served as members of the Compensation Committee during all or part of 2001. Mr. Theodore J. Hoepner is a member of the Compensation Committee of the Board of Directors of Brown & Brown, Inc., of which Mr. J. Hyatt Brown is Chairman, President and Chief Executive Officer.

During 2001, SunTrust's bank subsidiary engaged in customary banking transactions and had outstanding loans to certain of SunTrust's directors, executive officers, their associates and members of the immediate families of certain directors and executive officers. These loans were made in the ordinary course of business and were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others. In the opinion of management, except for one relationship described below, these loans do not involve more than the normal risk of collectibility or present other unfavorable features.

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

SunTrust has a credit relationship with Dan River, Inc., of which more than 10% of the stock is beneficially owned by Joseph L. Lanier, Jr., a director of SunTrust. Dan River, a leading textile producer and supplier of home fashions, has, along with its peers, experienced a decline in revenues resulting from the

19

economic slowdown. SunTrust's primary credit relationship with Dan River is in the form of a minority participation in a \$150 million secured revolving credit facility and a \$94.9 million secured term loan facility agented by another bank and originally established to fund an acquisition. The largest aggregate indebtedness outstanding to SunTrust during 2001 was approximately \$32.7 million, and the aggregate indebtedness outstanding to SunTrust at December 31, 2001 was approximately \$26 million. The interest rate on SunTrust's credit facilities at December 31, 2001 was 6.82%. All of SunTrust's loans to Dan River are currently performing according to the terms of the credit agreements.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires SunTrust's directors, executive officers and any persons who own more than 10% of SunTrust's common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. SunTrust believes that all filing requirements under Section 16(a) were complied with during 2001, except for the following: Carl Mentzer inadvertently failed to timely report the exercise of stock options by his spouse; Donald Downing inadvertently failed to report 1,041 shares of SunTrust common stock held in a brokerage account; and James Wells inadvertently failed to report 2,971 shares of SunTrust common stock held in a brokerage account. Corrective filings have been made for each of the above-described transactions.

ADDITIONAL INFORMATION

SHAREHOLDER NOMINATIONS FOR THIS YEAR'S MEETING

Any shareholder entitled to vote for the election of directors may make nominations for election to the Board. In accordance with the Bylaws, nominations must specify the class (term) of directors to which each person is nominated, must be made in writing and must be delivered or mailed to SunTrust's Chairman of the Board not later than March 18, 2002. You must include the following information: (i) the name and address of the proposed nominee; (ii) the principal occupation of the proposed nominee; (iii) the total number of shares of SunTrust common stock that, to your knowledge, will be voted for the proposed nominee; (iv) your name and residence address; (v) the number of shares of SunTrust common stock owned by you; (vi) the total number of shares of SunTrust common stock that, to your knowledge, are owned by the proposed nominee; and (vii) the signed consent of the proposed nominee to serve, if elected.

SHAREHOLDER PROPOSALS FOR NEXT YEAR'S MEETING

Shareholders who intend to submit proposals to SunTrust's shareholders for action at the 2003 Annual Meeting and inclusion in SunTrust's Proxy Statement with respect to such meeting must submit such proposals so they are received by SunTrust no later than October 31, 2002 in order to be considered for inclusion in SunTrust's 2002 proxy materials. Shareholder proposals should be submitted to SunTrust Banks, Inc., Post Office Box 4418, Center 643, Atlanta, Georgia 30302, Attention: Corporate Secretary. All proposals must meet the requirements set forth in the Securities and Exchange Commission's rules and regulations in order to be eligible for inclusion in the Proxy Statement.

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

If a shareholder notifies SunTrust after January 15, 2003 of an intent to present a proposal at SunTrust's 2003 Annual Meeting, SunTrust will have the right to exercise its discretionary voting authority with respect to such proposal, if presented at the meeting, without including information regarding such proposal in its proxy materials.

RECORD DATE; SHARES OUTSTANDING

Each shareholder of record at the close of business on February 15, 2002 is entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. Each share of SunTrust common stock entitles the holder to one vote on any matter coming before a meeting of SunTrust shareholders. On February 15, 2002, the record date for the Annual Meeting, there were 286,613,289 shares of SunTrust common stock outstanding.

20

QUORUM AND VOTING

A majority of the shares entitled to vote constitutes a quorum at a meeting of the shareholders. If a quorum is present, the vote of a plurality of the votes cast by the shares entitled to vote is necessary for the election of directors. The presence of a quorum, either in person or by proxy, and the affirmative vote of the holders of a majority of the shares represented and entitled to vote at the Annual Meeting is required to take most other actions. Shares beneficially held in street name are counted for quorum purposes if such shares are voted on at least one matter to be considered at the meeting. Broker non-votes are neither counted for purposes of determining the number of affirmative votes required for approval of proposals nor voted for or against matters presented for shareholder consideration. Consequently, so long as a quorum is present, such non-votes have no effect on the outcome of any vote. Abstentions with respect to a proposal are counted for purposes of establishing a quorum. Abstentions also are counted for purposes of determining the minimum number of affirmative votes required for approval of proposals and, accordingly, have the effect of a vote against those proposals. If a quorum is present, abstentions have no effect on the outcome of voting for directors.

PROXY SOLICITATION

SunTrust will bear the cost of soliciting proxies. SunTrust has retained Corporate Investors Communications to assist in the solicitation of proxies for a fee of \$8,500 plus expenses. Proxies may also be solicited by SunTrust employees.

INDEPENDENT ACCOUNTANT

PricewaterhouseCoopers LLP has been selected as SunTrust's independent accountants for 2002. Arthur Andersen LLP served as SunTrust's independent accountants for 2001. On February 12, 2002 SunTrust determined not to renew the engagement of Arthur Andersen and appointed PricewaterhouseCoopers as its new independent accountants, effective on such date. This determination followed SunTrust's decision to seek proposals from independent accountants to audit SunTrust's financial statements for the fiscal year ending December 31, 2002. The decision not to renew the engagement of Arthur Andersen and to retain PricewaterhouseCoopers was approved by SunTrust's Board of Directors upon the recommendation of its Audit Committee. SunTrust's Chief Financial Officer had made this recommendation to the Audit Committee. The decision was based on proposals from large accounting firms and reflected the Chief Financial Officer's and Audit Committee's judgment as to which firm was best suited to deliver external audits to SunTrust in light of relevant factors such as the firm's depth of experience, breadth of resources, commitment to provide

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

exceptional service, ability to handle transition issues and location of key personnel. Arthur Andersen's report on SunTrust's 2001 financial statements has not yet been issued, but is expected to be issued in March, 2002, in conjunction with the filing of SunTrust's Annual Report on Form 10-K for the year ended December 31, 2001. At such time, Arthur Andersen will be dismissed.

Representatives of both PricewaterhouseCoopers and Arthur Andersen will be present at the Annual Meeting and will be given the opportunity to make a statement, if they desire, and to respond to questions.

During SunTrust's two most recent fiscal years ended December 31, 2001, and the subsequent interim period through February 12, 2002, there were no disagreements between SunTrust and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to Arthur Andersen's satisfaction would have caused them to make reference to the subject matter of the disagreement in connection with their reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within SunTrust's two most recent fiscal years and the subsequent interim period through February 12, 2002.

The audit reports of Arthur Andersen on the consolidated financial statements of SunTrust and subsidiaries as of and for the fiscal years ended December 31, 2001 and 2000 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

21

During SunTrust's two most recent fiscal years ended December 31, 2001, and the subsequent interim period through February 12, 2002, SunTrust did not consult with PricewaterhouseCoopers regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

OTHER MATTERS

The Board of Directors knows of no other matters which will be brought before this Annual Meeting. If other matters are properly introduced, the persons named in the enclosed proxy will vote on such matters as the Board recommends.

March 1, 2002

To our employee shareholders:

We are particularly proud that 2001 represented SunTrust's 26th consecutive year of growth in operating earnings. Our track record of consistency in earnings growth is matched by only a handful of well-known U.S. banking organizations.

Much has changed at SunTrust in recent years. Yet one thing remains the same: our employees work extraordinarily hard, every day, to deliver customer service and financial results that positively differentiate us from the competition. I therefore salute you, as SunTrust employees and shareholders, for your accomplishments in 2001.

With this letter, we are sending you three items:

- The 2001 SunTrust Banks, Inc. Annual Report that details our continuing momentum within a weak economy
- The Proxy Statement describing the business of the 2002 Annual Meeting scheduled for Tuesday, April 16
- The Instructions to the Plan Trustee card, which gives you the guidelines you need to vote your shares according to the instructions provided

Thank you for your investment in SunTrust and the contribution you make toward ensuring that this Company remains a premier financial institution.

Sincerely,

Edgar Filing: SUNTRUST BANKS INC - Form DEF 14A

VOTE BY MAIL

Please mark, sign and date your proxy card and return it in the postage-paid envelope provided or return it to: SunTrust Bank, P.O. Box 4625, Atlanta, GA 30302.

TO CHANGE YOUR VOTE

Any subsequent vote by any means will change your prior vote. For example, if you voted by telephone, a subsequent Internet vote will change your vote. The last vote received before 11:59 p.m. Eastern Time, April 15, 2002, will be the one counted. You may also revoke your proxy by voting in person at the Annual Meeting.
