PROSPECTUS SUPPLEMENT
(To Prospectus Dated November 8, 2006)

\$5,000,000,000

\$2,000,000,000 Floating Rate Notes due 2009

\$1,000,000,000 5.50% Notes due 2011

\$1,000,000,000 5.875% Notes due 2016

\$1,000,000,000 6.50% Debentures due 2036

The notes and the debentures will be issued by Time Warner Inc. The notes and the debentures will be guaranteed by TW AOL Holdings Inc. and Historic TW Inc. In addition, Time Warner Companies, Inc. and Turner Broadcasting System, Inc. will guarantee Historic TW Inc.'s guarantee of the securities. We use the terms "debt securities" and "securities" to refer to all three series of notes and the debentures.

The Floating Rate Notes due 2009 will mature on November 13, 2009, the 5.50% Notes due 2011 will mature on November 15, 2011, the 5.875% Notes due 2016 will mature on November 15, 2016 and the 6.50% Debentures due 2036 will mature on November 15, 2036. Interest on the Floating Rate Notes due 2009 will be payable quarterly in arrears on February 13, May 13, August 13, and November 13, beginning on February 13, 2007. Interest on the 5.50% Notes due 2011, the 5.875% Notes due 2016 and the 6.50% Debentures due 2036 will be payable semi-annually in arrears on May 15 and November 15 of each year, beginning on May 15, 2007.

We may redeem some or all of the 5.50% Notes due 2011, the 5.875% Notes due 2016 or the 6.50% Debentures due 2036 at any time or from time to time, as a whole or in part at our option. We describe the redemption prices under the heading "Description of the Notes and the Debentures - Optional Redemption" on page S-8.

The securities will not be listed on any securities exchange. Currently, there is no public market for the securities.

	Per Note due 2009	Total	Per Note due 2011	Total	Per Note due 2016	Total	Per Debenture due 2036	T
Offering Price	100.00%	\$ 2,000,000,000	99.922%	\$ 999,220,000	99.507%	\$ 995,070,000	99.921%	\$ 999,

Interest on the securities will accrue from November 13, 2006.

Neither the Securities and Exchange Commission nor any state or foreign securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Delivery of the securities in book-entry form only will be made through The Depository Trust Company, Clearstream Banking S.A. Luxembourg and the Euroclear System on or about November 13, 2006, against payment in immediately available funds.

ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first part is this prospectus supplement, which describes the terms of the securities that we are currently offering. The second part is the accompanying prospectus, which gives more general information, some of which may not apply to the securities that we are currently offering. Generally, the term prospectus refers to both parts combined.

If the information varies between this prospectus supplement and the accompanying prospectus, the information in this prospectus supplement supersedes the information in the accompanying prospectus.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus. No person is authorized to provide you with different information or to offer the securities in any state or other jurisdiction where the offer is not permitted. You should not assume that the information provided by this prospectus supplement or the accompanying prospectus is accurate as of any date other than the date on the front of this prospectus supplement.

References to Time Warner, our company, we, us and our in this prospectus supplement and in the accompanying prospectus are references to Time Warner Inc. TW AOL Holdings Inc. is referred to herein as TW AOL. Historic TW Inc. is referred to herein as Historic TW. Time Warner Companies, Inc. is referred to herein as TWCI. Turner Broadcasting System, Inc. is referred to herein as TBS, and together with TW AOL, Historic TW and TWCI, the Guarantors. Terms used in this prospectus supplement that are otherwise not defined will have the meanings given to them in the accompanying prospectus.

Offers and sales of the securities are subject to restrictions in relation to the European Union, the United Kingdom, Hong Kong, Japan and Singapore, details of which are set out in the section entitled Underwriting. The distribution of this prospectus supplement and the accompanying prospectus and the offering of the securities in certain other jurisdictions may also be restricted by law.

The securities are being offered only for sale in jurisdictions where it is lawful to make such offers. The distribution of this prospectus supplement and the accompanying prospectus and the offering of the securities in some jurisdictions may be restricted by law. Persons who receive this prospectus supplement and the accompanying prospectus should inform themselves about and observe any such restrictions. This prospectus supplement and the accompanying prospectus do not constitute, and may not be used in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation. See Underwriting beginning on page S-15 of this prospectus supplement.

Table of Contents

OFFERING SUMMARY

The summary below describes the principal terms of the securities offering and is not intended to be complete. You should carefully read the "Description of the Notes and the Debentures" section of this prospectus supplement and "Description of the Debt Securities and the Guarantees" in the accompanying prospectus for a more detailed description of the securities offered hereby.

Issuer	Time Warner Inc.
Securities	<p>\$2,000,000,000 principal amount of Floating Rate Notes due 2009</p> <p>\$1,000,000,000 principal amount of 5.50% Notes due 2011</p> <p>\$1,000,000,000 principal amount of 5.875% Notes due 2016</p> <p>\$1,000,000,000 principal amount of 6.50% Debentures due 2036</p>
Maturity Dates	<p>Floating Rate Notes: November 13, 2009</p> <p>5.50% Notes: November 15, 2011</p> <p>5.875% Notes: November 15, 2016</p> <p>6.50% Debentures: November 15, 2036</p>
Interest Payment Dates	<p>Floating Rate Notes: quarterly in arrears on February 13, May 13, August 13, and November 13 of each year, beginning on February 13, 2007.</p> <p>5.50% Notes due 2011, 5.875% Notes due 2016 and 6.50% Debentures due 2036: semi-annually in arrears on May 15 and November 15 of each year, beginning on May 15, 2007.</p>
Guarantors	TW AOL, Historic TW, TWCI and TBS.
Guarantees	The securities will be fully, irrevocably and unconditionally guaranteed by TW AOL and Historic TW. In addition, TWCI and TBS will fully, irrevocably and unconditionally guarantee Historic TW's guarantee of the securities.
Ranking	<p>The securities will be our unsecured senior obligations, and will rank equally with our other unsecured and unsubordinated obligations.</p> <p>The guarantees will be unsecured senior obligations of TW AOL, Historic TW, TWCI and TBS, as applicable, and will rank equally with other unsecured senior obligations of TW AOL, Historic TW, TWCI and TBS, respectively.</p>

Please read Description of the Notes and the Debentures Ranking in this prospectus supplement and Description of the Debt Securities and the Guarantees Ranking in the accompanying prospectus. Please also see The Company Guarantee Structure for Debt Securities in the accompanying prospectus for a discussion of the structural subordination of the securities with respect to the assets of certain of our subsidiaries.

Table of Contents

Optional Redemption	We may redeem some or all of the 5.50% Notes due 2011, the 5.875% Notes due 2016 or the 6.50% Debentures due 2036 at any time or from time to time, as a whole or in part, at our option, at the redemption prices described in this prospectus supplement. See Description of the Notes and the Debentures Optional Redemption.
Use of Proceeds	We intend to use the proceeds from this offering to refinance existing indebtedness and for general corporate purposes, including repurchases of our common stock. See Use of Proceeds.
No Listing	We do not intend to apply for the listing of the securities on any securities exchange or for the quotation of the securities in any dealer quotation system.
Trustee	The Bank of New York
Paying and Transfer Agent	The Bank of New York

Table of Contents

USE OF PROCEEDS

The net proceeds from this offering are estimated to be approximately \$4.969 billion, after deducting the underwriting discount and our estimated offering expenses. We intend to use a portion of the net proceeds (in an amount to be determined) to refinance indebtedness under our commercial paper program and to use any remaining net proceeds for general corporate purposes, including repurchases of our common stock. At September 30, 2006, our commercial paper program had outstanding borrowings of \$4.357 billion, with maturities of less than three months and an average interest rate of approximately 5.5% per annum. Such indebtedness was incurred to fund general corporate purposes, including repurchases of our common stock.

DESCRIPTION OF THE NOTES AND THE DEBENTURES

We will issue four separate series of securities under the indenture referred to in the accompanying prospectus. The following description of the particular terms of the securities offered hereby and the related guarantees supplements the description of the general terms and provisions of the securities set forth under Description of the Debt Securities and the Guarantees beginning on page 11 in the accompanying prospectus. This description replaces the description of the securities in the accompanying prospectus, to the extent of any inconsistency.

Fixed Rate Securities

The 5.50% Notes due 2011 will mature on November 15, 2011, the 5.875% Notes due 2016 will mature on November 15, 2016, and the 6.50% Debentures due 2036 will mature on November 15, 2036.

We will pay interest on the 5.50% Notes due 2011 at the rate of 5.50% per year, on the 5.875% Notes due 2016 at the rate of 5.875% per year and on the 6.50% Debentures due 2036 at the rate of 6.50% per year semi-annually in arrears on May 15 of each year to holders of record on the preceding May 1, and on November 15 of each year to holders of record on the preceding November 1. If interest or principal on the 5.50% Notes due 2011, the 5.875% Notes due 2016 and the 6.50% Debentures due 2036 is payable on a Saturday, Sunday or any other day when banks are not open for business in The City of New York, we will make the payment on the next business day, and no interest will accrue as a result of the delay in payment. The first interest payment date on the 5.50% Notes due 2011, the 5.875% Notes due 2016 and the 6.50% Debentures due 2036 is May 15, 2007. Interest on the 5.50% Notes due 2011, the 5.875% Notes due 2016 and the 6.50% Debentures due 2036 will accrue from November 13, 2006, and will accrue on the basis of a 360-day year consisting of twelve 30-day months.

Floating Rate Securities

The Floating Rate Notes due 2009 will mature on November 13, 2009.

We will pay interest on the Floating Rate Notes due 2009 at a rate per year equal to LIBOR plus 0.23%. We will pay interest on the Floating Rate Notes due 2009 quarterly in arrears on each February 13, May 13, August 13, and November 13, beginning February 13, 2007, each an interest payment date.

If any of the quarterly interest payment dates listed above falls on a day that is not a business day, we will postpone the interest payment date to the next succeeding business day unless that business day is in the next succeeding calendar month, in which case the interest payment date will be the immediately preceding business day. Interest on the Floating Rate Notes due 2009 will be computed on the basis of a 360-day year and the actual number of days elapsed.

Interest on the Floating Rate Notes due 2009 will accrue from, and including, November 13, 2006, to, but excluding, the first interest payment date and then from, and including, the immediately preceding interest payment date to which interest has been paid or duly provided for to, but excluding, the next interest payment date or the maturity date, as the case may be. We will refer to each of these periods as an interest period. The amount of accrued interest that we will pay for any interest period can be calculated by multiplying the outstanding principal amount of the Floating Rate Notes due 2009 by an accrued interest factor. This accrued

S-3

Table of Contents

interest factor is computed by adding the interest factor calculated for each day from November 13, 2006, or from the last date we paid interest, to the date for which accrued interest is being calculated. The interest factor for each day is computed by dividing the interest rate applicable to that day by 360. If the maturity date of the Floating Rate Notes due 2009 falls on a day that is not a business day, we will pay principal and interest on the next succeeding business day, but we will consider that payment as being made on the date that the payment was due. Accordingly, no interest will accrue on the payment for the period from and after the maturity date to the date we make the payment on the next succeeding business day. The interest payable by us on a Floating Rate Note due 2009 on any interest payment date, subject to certain exceptions, will be paid to the person in whose name the Floating Rate Note due 2009 is registered at the close of business on February 1, May 1, August 1, and November 1 preceding such interest payment date, whether or not a business day. However, interest that we pay on the maturity date will be payable to the person to whom the principal will be payable.

When we use the term *business day* we mean any day except a Saturday, a Sunday or a legal holiday in The City of New York on which banking institutions are authorized or required by law, regulation or executive order to close, provided that the day is also a London business day. *London business day* means any day on which dealings in United States dollars are transacted in the London interbank market.

The interest rate on the Floating Rate Notes due 2009 will be calculated by the calculation agent appointed by us, which initially will be the Trustee, and will be equal to LIBOR plus 0.23%, except that the interest rate in effect for the period from November 13, 2006 to but excluding February 15, 2007, the initial reset date, will be established by us as the rate for deposits in United States dollars having a maturity of three months commencing November 13, 2006 that appears on Telerate Page 3750 as of 11:00 a.m., London Time, on November 13, 2006, plus 0.23%. The calculation agent will reset the interest rate on each interest payment date, each of which we will refer to as an *interest reset date*. The second business day preceding an interest reset date will be the *interest determination date* for that interest reset date. The interest rate in effect on each day that is not an interest reset date will be the interest rate determined as of the interest determination date pertaining to the immediately preceding interest reset date. The interest rate in effect on any day that is an interest reset date will be the interest rate determined as of the interest determination date pertaining to that interest reset date, except that the interest rate in effect for the period from and including November 13, 2006 to the initial interest reset date will be the initial interest rate.

LIBOR will be determined by the calculation agent in accordance with the following provisions:

(1) With respect to any interest determination date, LIBOR will be the rate for deposits in United States dollars having a maturity of three months commencing on the first day of the applicable interest period that appears on Telerate Page 3750 as of 11:00 a.m., London time, on that interest determination date. If no rate appears, then LIBOR, in respect to that interest determination date, will be determined in accordance with the provisions described in (2) below.

(2) With respect to an interest determination date on which no rate appears on Telerate Page 3750, as specified in (1) above, the calculation agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the calculation agent, to provide the calculation agent with its offered quotation for deposits in United States dollars for the period of three months, commencing on the first day of the applicable interest period, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that interest determination date and in a principal amount that is representative for a single transaction in United States dollars in that market at that time. If at least two quotations are provided, then LIBOR on that interest determination date will be the arithmetic mean of those quotations. If fewer than two quotations are provided, then LIBOR on the interest determination date will be the arithmetic mean of the rates quoted at approximately 11:00 a.m., in The City of New York, on the interest determination date by three major banks in The City of New York selected by the calculation agent for loans in United States dollars to leading European banks, having a three-month maturity

and in a principal amount that is representative for a single transaction in United States dollars in that market at that time; provided, however, that if the banks selected by the calculation agent are not providing quotations in the manner

S-4

Table of Contents

described by this sentence, LIBOR determined as of that interest determination date will be LIBOR in effect on that interest determination date.

Telerate Page 3750 means the display designated as Page 3750 on the Telerate Service (or such other page as may replace Page 3750 on that service).

All percentages resulting from any of the above calculations will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point being rounded upwards (e.g., 9.876545% (or 0.09876545) being rounded to 9.87655% (or 0.0987655) and all dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one-half cent being rounded upwards).

The interest rate on the Floating Rate Notes due 2009 will in no event be higher than the maximum rate permitted by New York law as the same may be modified by United States law of general application.

The calculation agent will, upon the request of any holder of Floating Rate Notes due 2009, provide the interest rate then in effect with respect to the Floating Rate Notes due 2009. All calculations made by the calculation agent in the absence of manifest error will be conclusive for all purposes and binding on the issuer, any guarantor and the holders of the Floating Rate Notes due 2009.

Additional Information

See Description of the Debt Securities and the Guarantees in the accompanying prospectus for additional important information about the securities. That information includes:

- additional information about the terms of the securities;
- general information about the indenture and the trustee;
- a description of certain covenants under the indenture; and
- a description of events of default under the indenture.

Guarantees

Each of TW AOL and Historic TW, as primary obligor and not merely as surety, will fully, irrevocably and unconditionally guarantee to each holder of the securities and to the Trustee and its successors and assigns, (1) the full and punctual payment of principal and interest on the securities when due, whether at maturity, by acceleration, by redemption or otherwise, and all other monetary obligations of ours under the indenture (including obligations to the Trustee) and the securities and (2) the full and punctual performance within applicable grace periods of all other obligations of ours under the indenture and the securities. Such guarantees will constitute guarantees of payment, performance and compliance and not merely of collection. Additionally, TWCI and TBS will fully, irrevocably and unconditionally guarantee Historic TW's guarantee of the securities under substantially the same terms as the guarantees of TW AOL and Historic TW of the securities.

Table of Contents

The following chart shows the corporate organization of Time Warner and its direct or indirect ownership interest in its principal subsidiaries. This chart does not show all subsidiaries, including certain intermediate subsidiaries. It is included in order to illustrate the guarantee structure of the securities and to show the principal amount of public debt and the size of the bank credit facility and commercial paper program of Time Warner and the Guarantors, as of September 30, 2006, as discussed below. This chart does not show all indebtedness of the respective entities; it also does not show indebtedness of subsidiaries that are not guarantors, which is discussed further below.

We describe the terms of the guarantees in more detail under the heading *Description of the Debt Securities and the Guarantees* *Guarantees* in the accompanying prospectus.

Existing Indebtedness

The following is a summary of the existing public debt and committed bank credit facility at Time Warner and the Guarantors. Please see the information incorporated herein by reference for a further description of this indebtedness as well as our and our subsidiaries' other indebtedness.

Time Warner

At September 30, 2006, the aggregate principal amount outstanding of public debt securities that have been issued by Time Warner (the *Old Parent Debt Securities*) was \$8.0 billion and the aggregate committed amount under the bank credit facility, including amounts reserved from time to time to support commercial paper borrowings and letters of credit, was \$7.0 billion. At September 30, 2006, there was \$4.357 billion commercial paper outstanding and \$80 million of letters of credit supported by the \$7.0 billion bank credit facility.

Historic TW

At September 30, 2006, the aggregate principal amount outstanding of public debt securities of Historic TW was \$1.6 billion.

TWCI

At September 30, 2006, the aggregate principal amount outstanding of public debt securities of TWCI was \$4.1 billion.

Table of Contents

TBS

At September 30, 2006, the aggregate principal amount outstanding of public debt securities of TBS was \$300 million.

TW AOL/AOL LLC

As of September 30, 2006, neither TW AOL nor AOL LLC had outstanding public debt or bank debt. As of that same date, AOL LLC was a guarantor of the Old Parent Debt Securities and the obligations of Time Warner under its bank credit facility and commercial paper program as well as the other public debt of Historic TW, TWCI and TBS.

Other

In addition, the aggregate principal amount of existing indebtedness for borrowed money, exclusive of intercompany obligations, incurred by subsidiaries other than the Guarantors (exclusive of AOL LLC's guarantees of the Old Parent Debt Securities and public debt of Historic TW, TWCI and TBS) was \$14.715 billion at September 30, 2006. Such indebtedness was primarily attributable to Time Warner Cable Inc.'s \$9.875 billion of bank debt and \$1.454 billion of commercial paper and Time Warner Entertainment Company, L.P.'s \$3.2 billion principal amount of public bonds.

Release of Guarantors

The indenture for the securities provides that any Guarantor may be automatically released from its obligations if such Guarantor has no outstanding Indebtedness For Borrowed Money (as defined in the accompanying prospectus), other than any other guarantee of Indebtedness For Borrowed Money that will be released concurrently with the release of such guarantee. However, there is no covenant in the indenture that would prohibit any such Guarantor from incurring Indebtedness For Borrowed Money after the date such Guarantor is released from its guarantee. In addition, although the indenture for the securities limits the overall amount of secured Indebtedness For Borrowed Money that can be incurred by Time Warner and its subsidiaries, it does not limit the amount of unsecured indebtedness that can be incurred by Time Warner and its subsidiaries. Thus, there is no limitation on the amount of indebtedness that could be structurally senior to the securities. See The Company Guarantee Structure for Debt Securities and Description of the Debt Securities and the Guarantees Guarantees in the accompanying prospectus.

Ranking

The securities offered hereby will be unsecured and senior obligations of ours, and will rank equally with other unsecured and unsubordinated obligations of ours. The guarantees of the securities will be unsecured and senior obligations of TW AOL, Historic TW, TWCI and TBS, as applicable, and will rank equally with all other unsecured and unsubordinated obligations of TW AOL, Historic TW, TWCI and TBS, respectively.

The guarantee structure of the securities is the same as the guarantee structure for the Old Parent Debt Securities, except that TW AOL will guarantee the securities, whereas TW AOL's subsidiary, AOL LLC, guaranteed the Old Parent Debt Securities. This change is a consequence of the Google Investment (as defined in the accompanying prospectus). In connection with the Google Investment, AOL LLC became an indirect, 95%-owned subsidiary of Time Warner and TW AOL. As a result, Time Warner intends to have TW AOL, a 100% directly owned subsidiary, rather than AOL LLC, guarantee the securities.

The securities will be structurally pari passu with the Old Parent Debt Securities as to the assets of Historic TW, TWCI and TBS. However, the securities will be structurally subordinated to the Old Parent Debt Securities and any other indebtedness of AOL LLC with respect to the assets of AOL LLC. Such other indebtedness of AOL LLC

includes current guarantees of the obligations of Time Warner under its bank credit agreement and commercial paper program. Time Warner intends to amend its commercial paper program so that the guarantee structure of such indebtedness is the same as that of the securities. Although Time Warner does not intend to make similar amendments to the bank credit agreement at the present time, it currently expects, subject to market conditions, that it would do so if and when it refinances such facility. The securities,

S-7

Table of Contents

like the Old Parent Debt Securities, will also be structurally subordinated to indebtedness incurred by subsidiaries of Time Warner that are not guarantors of such securities, as discussed below.

Each of our company, TW AOL, Historic TW, TWCI and TBS is a holding company for other non-guarantor subsidiaries, and therefore the securities and the guarantees of the securities will be effectively subordinated to all existing and future liabilities, including indebtedness, of such non-guarantor subsidiaries. Such non-guarantor subsidiaries, in addition to AOL LLC, include Warner Bros. Entertainment Inc., New Line Cinema Corporation, Home Box Office, Inc., Time Inc., Time Warner Cable Inc. and Time Warner Entertainment Company, L.P. See *The Company Guarantee Structure for Debt Securities* in the accompanying prospectus for a discussion of the structural subordination of the securities to certain other indebtedness of Time Warner and its subsidiaries. Furthermore, the ability of each of our company, TW AOL, Historic TW, TWCI and, to a certain extent, TBS, to service its indebtedness and other obligations is dependent primarily upon the earnings and cash flow of their respective subsidiaries and the distribution or other payment to them of such earnings or cash flow.

Optional Redemption

We may redeem some or all of the 5.50% Notes due 2011, the 5.875% Notes due 2016 or the 6.50% Debentures due 2036 at any time or from time to time, as a whole or in part, at our option, on at least 30 days, but not more than 60 days, prior notice mailed to each holder of such securities to be redeemed, at respective redemption prices equal to the greater of:

100% of the principal amount of the securities to be redeemed, and

the sum of the present values of the Remaining Scheduled Payments, as defined in the accompanying prospectus, discounted to the redemption date, on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, as defined in the accompanying prospectus, plus 20 basis points for the 5.50% Notes due 2011, 30 basis points for the 5.875% Notes due 2016 and 35 basis points for the 6.50% Debentures due 2036;

plus, in each case, accrued interest to the date of redemption that has not been paid.

Book-Entry Delivery and Settlement

Global Notes

We will issue the notes of each series in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of The Depository Trust Company (DTC) and registered in the name of Cede & Co., as nominee of DTC, or will remain in the custody of the Trustee in accordance with the FAST Balance Certificate Agreement between DTC and the Trustee.

DTC, Clearstream and Euroclear

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold interests in the global notes through either DTC (in the United States), Clearstream Banking, *société anonyme*, Luxembourg (Clearstream), or Euroclear Bank S.A./N.V., as operator of the Euroclear System (Euroclear) in Europe, either directly if they are participants of such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and

Euroclear's names on the books of their U.S. depositaries, which in turn will hold such interests in customers' securities accounts in the U.S. depositaries' names on the books of DTC. The Bank of New York will act as the U.S. depositary for Clearstream and Euroclear.

DTC has advised us as follows:

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a

S-8

Table of Contents

clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations.

DTC is owned by a number of its direct participants and by The New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc.

Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly.

The rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator) under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the Cooperative). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear Operator has advised us that it is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and

Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of our company, TW AOL, Historic TW, TWCI, TBS, the underwriters or the Trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

Table of Contents

We expect that under procedures established by DTC:

upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants designated by the underwriters with portions of the principal amounts of the global notes; and

ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the notes represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in notes represented by a global note to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture and under the notes. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the indenture or under the notes for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the indenture or a global note.

None of our company, TW AOL, Historic TW, TWCI, TBS or the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the notes.

Payments on the notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions on the notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific

certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Table of Contents

Distributions on the notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositories.

Because of time-zone differences, credits of the notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Certificated Notes

We will issue certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by the global notes upon surrender by DTC of the global notes if:

DTC notifies us that it is no longer willing or able to act as a depository for the global notes or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and we have not appointed a successor depository within 90 days of that notice or becoming aware that DTC is no longer so registered;

an event of default has occurred and is continuing, and DTC requests the issuance of certificated notes; or

we determine not to have the notes represented by a global note.

Neither we nor the Trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related notes. We and the Trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the certificated notes to be issued.
