Dear Stockholder:

This Information Statement is being distributed to notify the stockholders of record of TOUSA, INC., a Delaware corporation (we, us, our or the Company), that our Board of Directors has approved and recommended to our stockholders, and the stockholder holding a majority of the aggregate voting power of our common stock, par value \$.01 per share (the Common Stock), the adoption of an amendment to our Certificate of Incorporation, as amended (the Amendment). On June 29, 2007, Technical Olympic S.A. delivered to us a written consent in lieu of a special meeting of stockholders representing approximately 66.9% of the voting power of the Common Stock adopting the Amendment.

When effective, the Amendment will amend the first sentence of Article FOURTH of our Certificate of Incorporation to provide that 975 million shares common stock will be authorized.

This Information Statement is being mailed on or about July 9, 2007, to the holders of record of our Common Stock on June 29, 2007 (the Record Date), the record date set by our Board of Directors for determining the stockholders eligible to receive this Information Statement. This Information Statement is being distributed to you, our stockholders, in accordance with the requirements of Section 228(e) of the Delaware General Corporation Law and Section 14(c) of the Securities Exchange Act of 1934, as amended (the Exchange Act). This Information Statement describes in greater detail the changes to our Certificate of Incorporation. In addition, under the rules of the New York Stock Exchange, the approval of a majority of the outstanding shares of our voting stock is required prior to the issuance of securities convertible into more than 20% of our Common Stock or which would result in a change of control.

Pursuant to Rule 14c-2 promulgated by the Securities and Exchange Commission (the SEC) under the Exchange Act, the Amendment will not become effective until twenty calendar days following the date on which this Information Statement was sent to our stockholders.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

Very truly yours,

/s/ Konstantinos Stengos
Konstantinos Stengos

ACTION BY BOARD OF DIRECTORS AND CONSENTING STOCKHOLDERS

Description of Amendment

The Certificate of Incorporation will be amended to increase the number of shares of authorized common stock of the Company to 975 million shares by adopting an Amended and Restated Certificate of Incorporation.

The amendment is being adopted in order to authorize enough shares to be issued and delivered, assuming full exercise and conversion of warrants and preferred stock (the Convertible Securities), upon closing of our settlement agreements regarding our Transeastern Joint Venture. The closing is subject to numerous closing conditions. There is no assurance that the closing will occur.

Convertible PIK Preferred Stock

The preferred stock will rank senior to all of the Company's capital stock with respect to liquidation and dividends, will have an initial aggregate liquidation preference of \$117,500,000 and will accrue dividends semi-annually at 8% per annum as follows: (i) 1% will be payable in cash; (ii) the remaining 7% (the Election Dividend) will be payable, at the Company's option, in cash, additional preferred stock, or a combination thereof. The preferred stock is mandatorily redeemable on July 1, 2015 in, at the Company's option, cash, Common Stock or a combination thereof. The preferred stock is convertible into Common Stock, at a conversion price which shall initially equal the 20-trading day average Common Stock closing price commencing 60 days immediately after the closing of the settlement (the Measurement Period) multiplied by 1.40. The conversion price of the preferred stock will be adjusted for certain anti-dilution events including below market price or below the conversion price issuances of Common Stock, subject to certain exceptions. By way of example, if the average trading price of the Common Stock during the Measurement Period equals the closing price of the Common Stock on the New York Stock Exchange on June 27, 2007, which was \$4.00 per share, the conversion price of the Preferred Stock would be \$5.60 which would result in a maximum number of 36.9 million shares of Common Stock being deliverable upon conversion of the preferred stock (assuming, among other things, that (i) all Election Dividends are paid in additional shares of preferred stock, and (ii) that none of the shares of preferred stock issued is converted prior to 2015). The Company cannot predict what the trading price of the Common Stock will be during the Measurement Period or what the impact of closing a global settlement will be on the trading price of the Common Stock. The number of shares of Common Stock that would have to be issued upon conversion of the preferred stock is dependent on the ultimate conversion price determined at the end of the Measurement Period. The amount of authorized shares will be increased to 975 million (approximately 902.5 million will initially set aside for full exercise of the warrants and the preferred stock) to reflect, among other things the maximum amount of shares deliverable upon full exercise of the warrants and full conversion of shares of preferred stock. These amounts assume a per share floor price of \$0.25 per share (which assume a \$0.18 per share price) and that (i) all Election Dividends are paid in additional shares of preferred stock, (ii) the Company is required to pay increased dividends as a result on being unable to register the preferred stock and the underlying Common Stock, and (iii) that none of the shares of preferred stock issued is converted prior to 2015. The Company currently has approximately 60 million shares of Common Stock outstanding.

Warrants

The warrants are exercisable for a term of five years from the date of issuance. The warrants will be issued in two tranches with exercise prices based on the 20-trading day average Common Stock price commencing 60 days immediately after the effective date of the settlement agreement (the Calculated Price) multiplied by 1.25 or 1.50, respectively. The Calculated Price for the warrants is subject to a per share floor of \$4.25 and a per share ceiling of \$6.00. The warrants will have a value of \$16.25 million (based on the Black-Scholes option pricing model and certain assumed inputs) provided the Calculated Price is between \$4.25 and \$6.00. In connection with the warrants, the Company estimates that it will issue no more than 11.5 million shares of Common Stock. The exercise price of the warrants will be adjusted for certain anti-dilution events including below market price or below the exercise price issuances by the Company of its Common Stock, subject to certain exceptions. Upon exercise of the warrants by the holders thereof, the Company may, in its sole discretion, satisfy its obligations under any warrant being exercised by: (i) paying the holder the value of the Common Stock to be delivered in cash less the exercise price; (ii) paying such amount in Common Stock rather than cash; (iii) delivering shares of Common Stock upon receiving the cash exercise price therefore; or (iv) any combination of the foregoing.

Approval by our Board of Directors; Amendment is in the Best Interest of the Company and its Stockholders

In accordance with Section 141 of the Delaware General Corporation Law (the "DGCL"), on June 29, 2007, our Board of Directors, believing it to be in the best interests of the Company and its stockholders, approved the Amendment and recommended adoption of the Amendment to our stockholders.

Approval by Stockholders

Pursuant to Section 242 of the DGCL, the Amendment must be approved by the holders of a majority of the aggregate voting power of the Common Stock. In order to obtain the required approval of our stockholders, we could have either convened a special meeting of the stockholders of the Common Stock for the specific purpose of voting on the Amendment, or we could have sought written consent from the holders of a majority of the aggregate voting power of the Common Stock. In order to eliminate the costs and management time involved in holding a special meeting, we determined to utilize the written consent of the holders of a majority of the aggregate voting power of the Common Stock. The elimination of the need for a special meeting of stockholders to approve the Amendment is made possible by Section 228 of the DGCL, which provides that any action required or permitted to be taken at a meeting of the stockholders of a Delaware corporation may be taken without a meeting if stockholders holding at least a majority of the voting power of the corporation execute a written consent approving such action. The written consent also gave us the approval to issue the Convertible Securities, including the Common Stock they are convertible into, under applicable New York Stock Exchange Rules.

As of the Record Date, 59,604,169 shares of our common stock were issued and outstanding. As of the Record Date, Technical Olympic S.A. was the record owner of 39,899,975 shares of the issued and outstanding shares of our common stock. Therefore, as of the Record Date, Technical Olympic S.A. was the holder of approximately 66.9% of the voting power of our outstanding Common Stock. On June 29, 2007, Technical Olympic S.A. delivered to us a written consent in lieu of a special meeting of stockholders approving the Amendment and the issuance of common stock upon exercise, conversion, redemption, or other settlement of the Convertible Securities. No further vote of our stockholders is required for the Company to effect the Amendment.

The written consent was given in connection with the proposed issuance by us of warrants to purchase our common stock and preferred stock convertible into our common stock. The issuance of such securities would be in settlement of claims against us in connection with our Transeastern Joint Venture.

No Appraisal Rights

Stockholders are not entitled to appraisal rights under Section 262 of the DGCL.

Except as indicated by footnote, and subject to community property laws where applicable, the persons named in the table above have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. In addition, in determining the number and percentage of shares beneficially owned by each person, shares issuable pursuant to options exercisable within 60 days after the Record Date, are deemed outstanding for purposes of determining the total number outstanding for such person and are not deemed outstanding for such purpose for all other stockholders.
