Management of Harris believes that these non-GAAP financial measures provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate positive or negative impact on results in any particular period. Management also believes that these non-GAAP measures enhance the ability of an investor to analyze trends in Harris' business and to better understand our performance. In addition, the Company may utilize non-GAAP financial measures to measure operating performance for some management compensation purposes. Any analysis of adjusted results should be used only in conjunction with, and not as a substitute for, results presented in accordance with GAAP.
