The Compensation Committee approved annual cash bonus awards earned during 2005 and paid in 2006 for the named executive officers under The Sherwin-Williams Company Management Incentive Plan. A copy of the Management Compensation Program previously was filed as Exhibit 10 to Sherwin-Williams Current Report on Form 8-K, dated October 21, 2005, and is incorporated herein by reference. The bonus awards were earned based upon the achievement of performance goals established early in 2005, which were reviewed and approved by the Compensation Committee. The amounts of the bonus awards are as follows: Mr. Connor (\$1,505,000); Mr. Hennessy (\$519,000); Mr. Morikis (\$388,000); Mr. Stellato (\$345,000); and Mr. Ivy (\$305,000).

Annual Incentive Compensation to Be Earned in 2006. The Compensation Committee approved the following minimum, target and maximum cash bonus award levels, as a percent of salary, for the named executive officers for 2006 under the Management Incentive Plan based upon each such executive officer achieving 75%, 100% and 125%, respectively, of their individual performance goals.

Named Executive Officer	Incentive Award as a Percentage of Base Salary

Individual performance goals for Messrs. Connor and Hennessy relate to consolidated net sales, diluted earnings per share, after tax return on shareholders' equity, free cash flow, working capital as a percent of sales and earnings before interest, taxes, depreciation and amortization. Mr.

Morikis has individual performance goals related to sales, profit, return on sales, return on net assets employed, and new store openings. Mr. Stellato's individual performance goals relate to consolidated net sales, diluted earnings per share, budget achievement and various legal matters. Mr. Ivy's individual performance goals relate to consolidated net sales, diluted earnings per share, business development transition matters and acquisition analysis and planning.

The shares of restricted stock vest over a four-year period. The number of shares of restricted stock that will actually vest at the end of the four-year period will range from 0% to 100% based upon Sherwin-Williams' achievement of specified performance goals relating to average return on average equity and cumulative earnings before interest, taxes, depreciation and amortization over the four-year period.
