1. To elect two Class II Directors to hold office until the 2010 Annual Meeting and until their successors have been elected and qualified.

The Board of Directors has fixed the close of business on March 23, 2007, as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting.

Stockholders who do not expect to attend the meeting in person are urged to vote, sign and date the enclosed proxy and return it promptly in the envelope enclosed for that purpose. Returning the proxy card does not deprive you of your right to attend the Annual Meeting and to vote your shares in person for matters acted upon at the Annual Meeting.

PROXY STATEMENT
May 1, 2007

Date, Time and Place of Annual Meeting

This Proxy Statement and the accompanying form of proxy are being furnished in connection with the solicitation by the Board of Directors of Gibraltar Industries, Inc., a Delaware corporation (the Company), of proxies to be voted at the Annual Meeting of Stockholders to be held at the Albright-Knox Art Gallery, 1285 Elmwood Avenue, Buffalo, New York, on May 17, 2007 at 9:00 a.m., local time, and at any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Board of Directors has fixed the close of business on March 23, 2007, as the record date for the determination of stockholders entitled to receive notice of and to vote at the meeting. At the close of business on March 23, 2007 the Company had outstanding and entitled to vote at the Annual Meeting 29,841,195 shares of common stock, \$.01 par value per share (Common Stock). Each share is entitled to one vote on each matter properly brought before the Annual Meeting. This Proxy Statement and the accompanying form of proxy will first be sent or given to stockholders on or about May 1, 2007.

Record Date and Related Information

The cost of solicitation of proxies in the accompanying form will be borne by the Company, including expenses in connection with preparing and mailing this Proxy Statement. In addition to the use of the mail, proxies may be solicited by personal interviews and by telephone by directors, officers and employees of the Company. Arrangements will be made with brokerage houses, banks and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of Common Stock, and the Company will reimburse them for reasonable out-of-pocket expenses incurred in connection therewith.

If the enclosed proxy is properly executed, returned and received in time for the Annual Meeting, the shares represented thereby will be voted in accordance with the specifications, if any, made on the proxy card. If no specification is made, the proxies will be voted as recommended by the Board of Directors FOR the nominees for director named in this Proxy Statement and FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting will constitute a quorum. Each nominee for election as a director requires a plurality of the votes cast in order to be elected. A plurality

means that the nominees with the largest number of votes are elected as director up to the maximum number of directors to be elected at the Annual Meeting. Each other proposal submitted to the stockholders requires the affirmative vote of holders of a majority of the shares present at the meeting, in person or by proxy, entitled to vote. With respect to the election of directors, only shares that are voted in favor of a particular nominee will be counted towards achievement of a plurality and where a stockholder properly withholds authority to vote for a particular nominee, such shares will not be counted towards such nominee's or any other nominee's achievement of plurality. With respect to the other proposals to be voted upon: (i) if a stockholder specifies an abstention from voting on a proposal, such shares are considered present at the meeting for such proposal but, since they are not affirmative votes for the proposal, they will have the same effect as votes against the proposal and (ii) shares registered in the names of brokers or other street name nominees for which proxies are voted on some but not all matters will be considered to be voted only as to those matters actually voted, and will not have the effect of either an affirmative or negative vote as to the matters with respect to which a beneficial holder has not provided voting instructions.

Revocability of Proxy

The execution of a proxy will not affect a stockholder's right to attend the Annual Meeting and to vote in person. A stockholder who executes a proxy may revoke it at any time before it is exercised by giving written notice to the Secretary, by appearing at the Annual Meeting and so stating, or by submitting another duly executed proxy bearing a later date.

COMPENSATION OF DIRECTORS

Watson Wyatt, a nationally recognized compensation consultant, initially engaged by our Compensation Committee in 2004, provides survey information and advice to the Compensation Committee with respect to compensation related matters. In 2006, Watson Wyatt provided the Compensation Committee survey data and other publicly available information relating to non-employee director compensation for a peer group of companies. The peer group of companies used for this purpose by Watson Wyatt included Carpenter Technology, Simpson Manufacturing, Curtis Wright, Smith (A.O.), Gardner Denver, Steel Dynamics, Quanex, and Reliance Steel.

Using this information our Board of Directors approved a compensation program for non-employee directors consisting of an annual retainer of \$24,000 per year, meeting fees of \$2,000 for each meeting of the Board of Directors or committee meeting attended and an additional fee

to the Chairmen of the Compensation Committee and the Audit Committee receive fees of \$5,000 per year, respectively for serving as Chairman.

In addition, the Board, in consultation with the Compensation Committee approved annual grants of 1,000 shares of restricted stock to Directors and awards of 2,000 shares of restricted stock to new Directors upon their election to the Board. Restrictions of these shares of restricted stock will expire three years following the grant date. Pursuant to this approval, in May 2006, each non-employee director received awards of 1,000 shares of restricted stock.

(2) This column represents the dollar amount recognized for

financial statement reporting purposes with respect to the 2006 fiscal year for the fair value of restricted stock granted in 2006 as well as prior years. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. These amounts represent the Company's accounting expense for these awards and do not correspond to the actual value that will be recognized by the named directors.

In 2006, we amended our Management Stock Purchase Plan (see *Non-Qualified Deferred Compensation* discussion in the Compensation Discussion and Analysis below) to permit non-employee Directors to elect to defer their receipt of payment of their director fees for 2007 to an account established for the director and credited with restricted stock units equal in number to the number of shares of the Company's stock which could have been purchased using the amount of director fees deferred.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

We have designed our compensation program to attract, retain and motivate highly qualified individuals to serve as our executive officers and to align the financial interests of our executive officers with those of our shareholders. To achieve these objectives, the Compensation Committee of our Board of Directors engaged Watson Wyatt, a nationally recognized compensation consultant to provide survey information and assistance in the development of a compensation program for our executive officers which has a strong emphasis on performance and long term incentives and which is competitive within our industry in terms of base salaries, annual incentives and long term incentives.

Our Board, on the recommendation of the Compensation Committee, has established a compensation program which compensates our executive officers through a mix of base salary, annual incentive payments and long term equity based incentives. This program sets the targeted annual incentive compensation and long term equity based incentive compensation components of each executive officer's total compensation at the following percentages of each executive officer's base salary.

Position	Targeted Annual Incentive Compensation as a Percentage of Base Salary	Long Term Equity Based Incentive Compensation as a Percentage of Base Salary
Chief Executive Officer	90%	180%
Chief Operating Officer	75%	133%
Chief Financial Officer	60%	75%
Senior Vice President	35%	35%

The Compensation Committee developed and approved the above percentages and the resulting total compensation of the executive officers using information supplied by Watson Wyatt and comparative studies of compensation practices of peer companies. The group of companies used for comparative data in establishing compensation of our executive officers for 2006 included Carpenter Technology, Simpson Manufacturing, Curtis Wright, Smith (A.O.), Gardner Denver, Steel Dynamics, Quanex and Reliance Steel.

By structuring our compensation to provide that a substantial portion of each executive officer's total compensation is based on annual incentives and equity based long term incentives, we reward our executive officers for achieving clearly defined annually established financial goals and long term appreciation in the value of our stock.

Each year comparative information provided by the Compensation Committee's compensation consultant relating to total compensation and base salaries paid to executive officers of peer companies and industries is reviewed. This information together with our own evaluation of each executive officer's performance, length of service to the Company, experience, level of

responsibility and the degree to which their efforts have contributed to the implementation of the Company's strategies and goals is provided to the Compensation Committee.

Final authority for the establishment of annual base salaries of our executive officers resides with the Board of Directors' Compensation Committee. Once base salaries are established, the formula driven components of our compensation program are applied to determine the amount of the total compensation which our executive officers will be entitled to receive provided that the annual financial performance goals of the Company are achieved.

Elements of Our Compensation Program

Our compensation program for executive officers and senior management contains the following elements:

Base Salary

Annual Management Incentive Compensation (MICP)

Equity based incentive compensation (Omnibus Plan)

Non-qualified deferred compensation plan (MSPP)

Long Term Incentive Compensation Plan(LTIP)

Chairman's Discretionary Bonus

Tax qualified retirement savings plan (401(k) Plan)

Non-qualified retirement savings plan (401(k) Restoration Plan)

Change in control benefits

Prerequisites

Generally Available Benefit Programs

With the exception of our Chief Executive Officer, who has had an employment agreement with the Company since 1993, the Company has not entered into employment agreements with executive officers.

Base Salaries. As noted above, we provide our executive officers with a base salary, approved by the Compensation Committee and recommended to our Board of Directors, which reflects the level of responsibility held by our executive officers, rewards them for the day to day performance of their duties and is competitive within our industry. Our competitive analysis includes a review of the base salaries and total compensation paid by our peer group companies to their executive officers. For our Chief Executive Officer, a base salary of \$560K was established for 2006.

Under our internal management structure, our CEO and COO work closely and collaboratively in the development of strategy, goals, objectives and execution tactics. We believe this fosters team unity and results in better strategic decision making. Due to this structure, we believe it is appropriate for the difference between the base salary of the CEO and the COO to be relatively small. As a result, the base salary for the COO for 2006 was established at \$460K. Both of these amounts are within industry targeted base salary ranges.

We establish the base salaries of our other executive officers using the same process of analyzing the level of their responsibility and contribution to the Company's overall objectives and taking into consideration the range of base salaries paid to these officers by our peer group companies.

Annual Management Incentive Compensation Plan. We developed our annual management incentive compensation plan (MICP) in conjunction with design recommendations made by the Compensation Committee's compensation consultant. Our MICP provides that our executive officers will receive the targeted annual incentive payment, as a percentage of base salary, if net sales growth and net income as a percentage of sales (net income margin) targets set by management have been achieved for the year. Our executive officers will not be entitled to any MICP payment if the threshold performance is not achieved by the Company.

For 2006, our targeted sales growth was 10% and our targeted net income margin was 3.5%. These targets were established using historical, peer group, and stretch performance criteria. The threshold performance levels for 2006 were 2% net income margin and prior year net sales.

Seventy percent (70%) of the actual annual payment which our executive officers are entitled to receive under MICP is based on our net income margin. Thirty percent (30%) of the actual annual payment which our executive officers will be entitled to receive under MICP is based on our sales growth.

MICP payments to executive officers are based on the degree to which the net income margin and sales growth targets set forth in the table above have been met or exceeded. There is no limit on the amount of annual incentive payment from net income margin. However, increases in sales in excess of 20% will not increase the annual incentive payment. Thus, while MICP rewards improvements in sales, improvements in net income margin are given greater weight.

Non-Qualified Deferred Compensation. In 2005 we adopted and our shareholders approved the Gibraltar Industries, Inc. 2005 Equity Incentive Plan (the Omnibus Plan). Our Omnibus Plan is an integral component of our overall compensation structure and provides the Company a vehicle through which we make awards of equity based compensation to our executive officers and other senior management employees. The forms of equity based compensation which the Company has the authority to grant under the terms of our Omnibus Plan are options, shares of restricted stock, restricted stock units (RSUs), performance shares, performance units and stock appreciation rights. One of the features of our Omnibus Plan is the Management Stock Purchase Plan (MSPP), a non-qualified deferred compensation arrangement. MSPP provides our executive officers the right to defer their receipt of up to 50% of the annual payment they are entitled to receive under MICP. Our non-employee directors are also entitled to defer their receipt of their director fees under MSPP.

If, and to the extent that an executive officer defers any portion of his MICP payment, an account is established for his benefit under MSPP and credited with RSUs equal in number to the number of shares of the Company's stock which could have been purchased using the amount of the MICP payment which was deferred. The price used to determine the number of RSUs credited to an executive officer's account is the 200 day moving average price of the Company's

stock determined as of the date annual incentive payments are made to our executive officers under MSPP.

Our use of a 200 day moving average price for valuing RSU s is intended to eliminate the effect of short term market fluctuations on RSU s awarded under our MSPP.

In addition to RSU s which are credited to the accounts of executive officers that elect to defer a portion of their MICP payment, the Company credits an additional number of RSU s (Matching RSU s) to the account of the executive officer. These Matching RSU s are forfeited if the executive officer s employment is terminated, for any reason, before the executive officer reaches age 60. The Company also credits the accounts of non-employee directors that defer their retainer fees with RSU s equal in number to the RSU s allocated to the director s account and attributable to their deferred retainer fees.

RSU s credited to the account of an executive officer to reflect amounts deferred by executive officers under MSPP are paid to the executive officer upon a termination of their employment. In addition, if the executive officer s employment is terminated after age 60, the executive officer will be entitled to receive payment for Matching RSU s.

The amount to be paid to an executive officer upon termination of his employment is equal to the number of RSU s credited to his account (including Matching RSU s, if applicable) multiplied by the 200 day moving average price per share of the Company s stock, determined as of the day immediately preceding the executive officer s termination.

Payment of the amount determined above is made to the executive officer in five (5) substantially equal annual installments beginning six months following the termination of the executive officer s employment. During the period of the installment payments, the undistributed value of the executive officer s account will earn interest at a rate of the average annualized rate of interest payable on ten (10) year US Treasury Notes plus two percent (2%).

We believe MSPP furthers our compensation objectives by providing our executive officers an opportunity to increase their equity in the Company and provide stronger alignment to shareholders.

Long Term Equity Incentive Plan. Our Omnibus Plan (described above) provides us with a vehicle to grant our executive officers equity based compensation. In 2004 our Board approved a plan to grant annual equity based incentive compensation awards to our executive officers (LTIP) each year for a period of five (5) years. These long term equity based awards have a value, at the time the award is made, equal to the percentage of the executive officer s base salary as identified in the table above.

In 2006, our executive officers received awards of RSU s having a fair market value equal to the percentages of their base salaries identified in the table above. The fair market value of the RSU s is determined using a 200 day rolling average. Under the terms of these 2006 awards, vesting occurs at a rate of 25% per year, with issuance of shares at vesting.

Chief Executive Officer s Discretionary Bonus. The Company has in the past, approved bonuses over and above those provided for by established Company incentive programs upon a review

and approval by the Compensation Committee of recommendations made by the Company's Chief Executive Officer. Those discretionary bonuses have only been approved on a limited basis and are based on the determination by Chief Executive Officer that bonus recipients had made outstanding contributions to the Company. No discretionary bonuses were awarded for services performed by our executive officers in 2006.

Retirement Plans. All of our executive officers are entitled to participate in our Gibraltar Steel Corporation 401(k) Plan. In addition, our executive officers are entitled to participate in our Gibraltar 401(k) Restoration Plan (the Restoration Plan). The purpose of the Restoration Plan is to allow those employees who are considered highly compensated under IRS regulations to defer up to the IRS limit for 401(k) contributions allowed to non-highly compensated employees, with the Company providing a match on up to 6% of compensation deferred both in the Gibraltar Steel Corporation 401(k) Plan and the Restoration Plan.

Our Restoration Plan is an unfunded plan of deferred compensation. As a result, all amounts deferred by our executive officers under the Restoration Plan are allocated to unfunded accounts for the executive officers. The amounts deferred by our executive officers under our Restoration Plan are paid in one lump sum. However, if the value of the amounts deferred by any of our executive officers under the Restoration Plan exceeds \$25,000, payment of amounts credited to their account in the Restoration Plan may be made in substantially equal annual installments over a period of not less than 5 and nor more than 10 years if the officer makes an election to receive payment in installments. All amounts allocated to the account of our executive officers in the Restoration Plan are credited with interest annually at a rate equal to the rate of the average of the rate payable on ten (10) year U.S. Treasury Notes for the first week in January, April, July and October, plus 1.5%.

When we review the targeted overall compensation of our executive officers, we factor in benefits to be received under the Gibraltar Steel Corporation 401(k) Plan.

In 2004, our compensation consultant reported to our Compensation Committee that the retirement benefits provided for our Chief Executive Officer and our Chief Operating Officer were not competitive with our peers. As a result, in 2004 our Board approved a recommendation of our Compensation Committee to make a one time award of 150,000 RSUs to our Chief Executive Officer and 45,000 RSUs to our Chief Operating Officer to make the amount of the benefits they are entitled to receive at retirement more comparable to the retirement benefits provided to these executives by our peer group companies. These retirement-based RSUs were awarded in April 2005 and are reflected in the Outstanding Equity Awards at Fiscal Year End Table below. Payment under the terms of these awards is made in shares of Company stock equal in number to the RSUs contained in the Award. However, no shares of Company stock will be issued to our Chief Executive Officer pursuant to this award if he terminates his employment with the Company prior to age 60 or if his employment is terminated for cause. Similarly, no shares of Company stock will be issued to our Chief Operating Officer pursuant to this award if his employment is terminated for cause.

CEO Employment Agreement. Our Chief Executive Officer has an employment agreement which provides that the Chief Executive Officer (or his spouse if his employment is terminated due to his death) will be entitled to receive certain benefits and payments upon a termination of his

employment. The Chief Executive Officer also has a salary continuation agreement which provides for payment of certain amounts upon his retirement at or after age 60 or upon his death prior to retirement.

Change in Control. Our executive officers have been a key ingredient in building our Company into the successful enterprise that it is today. We believe that it is important to protect our executive officers in the context of a change in control transaction to allow them to focus on the transaction. Further, it is our belief that the interests of our shareholders will be best served if the interests of our executive management are aligned with them. We believe that change in control benefits should eliminate, or at least reduce, the reluctance of our executive officers to pursue potential change in control transactions that may be in the best interest of our shareholders.

Our Change in Control benefits provide for the protection of previously granted equity based incentive compensation and, in the case of our Chairman and Chief Executive Officer, our President and Chief Operating Officer and our Executive Vice President and Chief Financial Officer, provide for a cash payment upon the consummation of the Change in Control transaction. The cash components of any change in control benefits are paid lump sum.

For more information concerning amounts our executive officers would be entitled to receive upon a termination of employment or change in control, see Potential Payments Upon Termination or Change in Control below.

Perquisites and Other Benefits. We annually review the perquisites that executive management receives. The Chief Executive Officer and Chief Operating Officer receive a tax gross up for income attributable to vesting of restricted stock issued prior to 2005, in accordance with Company's policy in effect when the restricted stock was issued. The Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer receive country club memberships and the Chief Executive Officer and Chief Operating Officer also receive business club memberships. Since our compensation plan provides for equity compensation to our executives which could lead to complicated tax issues, and because we believe that good financial planning by experts reduces the amount of time and attention that senior management must spend on this topic, all of the executive officers receive a payment for financial planning. All of the executives also are eligible to receive tax gross up payments for any of the following types of perquisites that they may receive: personal use of Company auto, spousal travel and entertainment at the Company's annual strategic meeting, the taxable portion of business travel accident insurance, and the cost of executive physical examinations. The Chief Executive Officer also receives a tax gross payment for the taxable portion of life insurance premiums. The Chief Executive Officer used the Company's jet for personal use once during 2006. The executive reimbursed the Company for the cost of such trip, under the U.S. Department of Transportation's Standard Industry Fare Level (SIFL) rules pertaining to such use of company aircraft. We calculate the incremental cost to the Company of personal use of Company aircraft by adding the variable costs associated with the personal use of the aircraft on a per flight basis, including flight crew costs, fuel costs, excise taxes, landing fees and other miscellaneous incremental costs and deducting from this amount the amount paid by the executive officers for personal use of the aircraft under the SIFL rules. The incremental costs do not include depreciation or management fees. The cost to the Company of these benefits aggregated \$13,594 in 2006 for the Chief Executive Officer.

Executive and senior management also participate in Gibraltar's other generally available benefit plans on the same terms as other employees. These plans include medical and dental insurance, life insurance and a supplemental salary continuation plan providing supplemental short term disability benefits. Relocation benefits also are reimbursed but are individually negotiated when they occur.

Tax Considerations. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1,000,000 paid to a company's chief executive officer and any one of the four other most highly paid executive officers during its taxable year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. Based upon the compensation paid to Mr. Lipke and the Company's other executive officers in 2006, the Section 162(m) limitation resulted in a disallowance of approximately \$548,472 in compensation expense in 2006. The Compensation Committee plans to monitor this matter periodically and to take such actions as are appropriate to minimize the impact of this statute, to the extent that there is no adverse effect on the Company's ability to provide incentive compensation based on Company financial performance. Section 409A of the Internal Revenue Code generally imposes a tax on non-qualified deferred compensation arrangements which do not meet guidelines established by regulations under the Internal Revenue Code. The Company will modify the structure of its non-qualified deferred compensation arrangements to comply with Section 409A to the extent that final regulations as promulgated by the Internal Revenue Service require such modification to avoid the taxes imposed by Section 409A.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the above Compensation Discussion and Analysis section of this Proxy Statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K filed March 1, 2007 and in this proxy statement.

(2)

Represents the amount of salary deferred under the Gibraltar Industries 401(k) Restoration Plan during 2006, the Company contribution to this plan, and the associated earnings on the balance of each participating executive officer's account.

- (3) Amounts reported are included as compensation in the Summary Compensation Table above.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

Our Chief Executive Officer has an employment agreement which provides that he will receive a lump sum severance payment equal to 2.5 times the sum of his base salary and an amount of all bonuses he has received in the twelve (12) months preceding his termination. This employment agreement further provides that if the Company terminates his employment without cause or due to his disability, the Company will provide medical and life insurance benefits to our Chief Executive Officer for life, medical insurance benefits to his spouse for life and medical insurance benefits to his dependents until they reach age 21. Our Chief Executive Officer also has a salary continuation agreement with the Company, funded by insurance which provides for payment to the Chief Executive Officer of \$100,000 per year for a period of 10 years upon his retirement at or after age 60. This salary continuation agreement was made in 1996. The awards of restricted stock units (RSU's) which the Company has made to its executive officers under the Long Term Equity Incentive Plan (see Compensation Discussion and Analysis above) provide that the RSU's will be paid in shares of the Company's stock if the employment of the executive officer is terminated by the Company without cause. Similarly, the RSU's awarded to the Chairman and Chief Executive Officer and the President and Chief Operating Officer to make their retirement benefits more competitive (see Compensation Discussion and

Analysis above) provide that their RSUs will be paid in shares of the Company's stock if their employment is terminated by the Company without cause. In each case, a termination without cause will be considered to have occurred if the executive officer is terminated for any reason other than a determination by the Compensation Committee that the executive officer has engaged in egregious acts or omissions which have resulted in material injury to the Company and its business.

The Company has also entered into change in control agreements (the "Change in Control Agreements") with the Chairman and Chief Executive Officer, the President and Chief Operating Officer, and the Executive Vice President, Chief Financial Officer and Treasurer. Upon the occurrence of a change in control, the Chairman and Chief Executive Officer is entitled to receive a lump sum severance payment equal to 350% of his annual cash compensation, the President and Chief Operating Officer is entitled to receive a payment equal to 300% of his annual cash compensation and the Chief Financial Officer is entitled to receive 100% of his annual cash compensation. The change in control payments to these executives are made whether or not their employment is terminated as a result of the change in control.

All of the Change in Control Agreements define annual cash compensation as the sum of (i) the executive's annual base salary, including any deferred cash compensation, during the calendar year preceding the year when the change of control occurred and (ii) the highest annual bonus paid to him during the three years immediately preceding the year in which the change in control occurs. The payments and benefits payable in the event of a change in control are not subject to any limitations that would prevent them from being considered "excess parachute payments" subject to excise or tax corporate deduction disallowance under the Internal Revenue Code. Therefore, the lump sum payments could require excise tax payments on the part of the executive, and result in a deduction disallowance on the part of our Company. In the case of the Chief Executive Officer, Chief Operating Officer and the Chief Financial Officer, we will reimburse the excise tax payments made by the executive, including taxes the executive would incur on the reimbursement itself.

In all of the Change in Control Agreements, a change in control will be deemed to occur under the agreements if: (i) any person or group, other than members of the Lipke family, acquires 35% or more of a common stock of our Company without approval of the Board of Directors; (ii) there is a change in a majority of the members of the Board of Directors in any twelve-month period and the new directors were not endorsed by the majority of the old directors; (iii) we enter into certain merger or consolidation transactions; or (iv) we enter into a contract in which we agree to merge or consolidate, and the executive's employment is terminated without cause or the executive resigns for good reason prior to closing.

The following table sets forth the amount of compensation which would be payable to the executive officers upon a termination of their employment under the circumstances described. Except for retirement, the amounts payable have been determined as if the employment of the executive officer was terminated on December 31, 2006, on which date, the closing price per share of the Company's stock was \$23.51. With respect to amounts payable at retirement, we have assumed that the executive officer retired on December 31, 2006 and that, at the time of such retirement, he satisfied the applicable age and service requirements for payment of a retirement benefit under the applicable benefit program.

AUDIT COMMITTEE REPORT

The Audit Committee currently consists of three directors who are independent as defined in the listing standards of the National Association of Securities Dealers, Inc. applicable to members of audit committees. A brief description of the responsibilities of the Audit Committee is set forth above under the caption "The Board of Directors and its Committees."

The Audit Committee has reviewed and discussed the Company's audited financial statements for the year ended December 31, 2006 with management of the Company and Ernst & Young LLP, the Company's independent registered public accounting firm. During 2006, management evaluated the Company's internal control over financial reporting in response to the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and based on the framework in *Internal Control- Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Throughout the year, management kept the Committee apprised of the progress of its evaluation of internal controls and the Committee provided oversight of the evaluation process. At the end of the year, management issued a report on the effectiveness of the Company's internal control over financial reporting. The Committee reviewed this report and discussed with management and Ernst & Young LLP the adequacy of the Company's internal control over financial reporting and disclosure controls. The Committee also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended *Communication with Audit Committees*, which relates to the conduct of the audit, including the auditor's judgment about the quality of the accounting principles applied in the Company's 2006 audited financial statements. The Committee also has reviewed the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board No. 1 *Independence Discussions with Audit Committees*, and has discussed with Ernst & Young LLP its independence.

Based on the review and the discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the Securities and Exchange Commission.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE REPORT

The Purpose of the Committee is to identify and nominate individuals qualified to become Board and committee members, to establish and implement policies and procedures relating to the nominations of qualified candidates to develop and recommend to the Board a set of corporate governance guidelines for the Company, and to oversee, review and make periodic recommendations to the Board concerning the Company's corporate governance guidelines and policies. Prior to April 1, 2006, the members of Nominating and Corporate Governance Committee were Messrs. Sadler and Colombo, and Mr. Russ who served on the Committee pursuant to an exemption from the independence requirements contained in the listing standards of the National Association of Securities Dealers, Inc. The Nominating and Corporate Governance Committee held three meetings in 2006. The current nominees for director were recommended for election to the Board Meeting of the Nominating and Corporate Governance Committee held on March 2, 2007. Mr. Colombo did not participate in his recommendation for election to the Board. No communications from shareholders regarding nominations were received by the Committee. The Committee recommended that the existing Class II Directors be nominated for a three year term as Class II Directors.

In evaluating potential nominees, the Nominating Committee considers a nominee's experience as a senior executive at a publicly traded corporation, or as a management consultant, investment banker, partner at a law firm or registered public accounting firm, professor at an accredited law or business school, experience in the management or leadership of a substantial private business enterprise, educational, religious or not-for-profit organization, or such other professional experience as the Committee determines shall qualify an individual for Board service; whether such person is independent within the meaning of such term in accordance with the applicable listing standards of the National Association of Securities Dealers, Inc. and the rules promulgated by the Securities and Exchange Commission; financial expertise of a potential nominee; and particular or unique needs of the Company at the time a nominee is being considered.

PROPOSAL 2
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

The Audit Committee of the Company's Board has selected the firm of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007 and recommends that the shareholders vote for the ratification of that selection. Ernst & Young LLP audited the Company's consolidated

financial statements for Fiscal Year 2006 and 2005. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The selection of the Company's independent registered public accounting firm is made annually by the Audit Committee. Before selecting Ernst & Young LLP, the Audit Committee carefully considered that firm's qualifications as the independent registered public accounting firm for the Company and the audit scope. Shareholder ratification of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise. The Company's Board of Directors is submitting the selection of Ernst & Young LLP to the shareholders for ratification and will reconsider whether to retain Ernst & Young LLP if the shareholders fail to ratify the Audit Committee's selection. In addition, even if the shareholders ratify the selection of Ernst & Young LLP, the Audit Committee may in its discretion appoint a different independent accounting firm at any time during the year if the Audit Committee determines that a change is in the best interests of the Company.

Vote Required.

The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the meeting is required to ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2007.

**INFORMATION ABOUT OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Ernst & Young LLP (E&Y) as the Company's independent registered public accounting firm for the 2007 fiscal year. E&Y served as our independent registered public accounting firm and audited our consolidated financial statements for the fiscal year ended December 31, 2006 and 2005, audited management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2006 and 2005, and expressed an opinion as to whether the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2006 and 2005. E&Y also performed audit-related services and consultation in connection with various accounting and financial reporting matters. Additionally, E&Y performed certain non-audit services during fiscal 2006 and 2005 that are permitted under the Sarbanes-Oxley Act and related rules of the SEC. E&Y will have a representative present at the Annual Meeting who will be available to respond to appropriate questions. The representative will also have the opportunity to make a statement if he or she desires to do so.

The Audit Committee determined that the provision of the audit-related and permitted non-audit services provided by E&Y during fiscal 2006 and 2005 was compatible with maintaining their independence pursuant to the auditor independence rules of the SEC for each of these years.

On June 6, 2005, the Company dismissed Pricewaterhouse Coopers LLP (PwC) as its independent registered public accounting firm. The decision to change accountants was approved by the Audit Committee of the Company's Board of Directors.

The reports of PwC on the Company's financial statements as of and for the years ended December 31, 2004 and 2003, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle.

During the years ended December 31, 2004 and 2003, and through June 6, 2005, there were no disagreements with PwC on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to PwC's satisfaction, would have caused PwC to make reference thereto in its reports on the financial statements for those years.

There were no reportable events as that term is described in Item 304(a)(1)(v) of Regulation S-K during the years ended December 31, 2004 and 2003, and through June 6, 2005. During the course of the 2004 integrated audit, PwC identified two significant deficiencies in the Company's controls over financial reporting. The first related to the calculation of reserves for the Company's self-insured worker's compensation insurance. The Company made an adjustment during the year-end closing process to reflect the appropriate reserve for its self-insured worker's compensation insurance. The second deficiency was identified because the Company's third party payroll processor was unable to provide a Type 2 SAS 70 report that covered the Processor's location where the Company's payroll was processed. The Company's decision to dismiss PwC did not result from these issues.

The Company requested that PwC furnish it with a letter addressed to the Securities and Exchange Commission stating whether PwC agreed with the foregoing statements. A copy of PwC's letter, dated June 10, 2005, was filed as Exhibit 16.1 to the Company's Form 8-K filed June 10, 2005.

On June 22, 2005, the Company engaged E&Y as its independent registered public accounting firm. The decision to engage E&Y was approved by the Audit Committee of the Company's Board of Directors.

The Company had not consulted E&Y during the fiscal years ended December 31, 2004 and 2003, or through June 22, 2005, with regard to either (a) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements; or (b) any matter that was either the subject of a disagreement or a reportable event as defined in Item 304(a)(1)(iv) of Regulation S-K. The Company provided a copy of the disclosures contained in its Form 8-K filed June 23, 2005 to E&Y and offered them the opportunity to furnish a letter to the Commission contemplated by Item 304(a)(2)(ii)(D) of Regulation S-K. E&Y advised that it did not intend to furnish such a letter to the Commission.

Fees Billed to the Company by E&Y During Fiscal Year 2006 and 2005

Audit Fees

The aggregate fees billed by E&Y for each of the fiscal years ended December 31, 2006 and 2005 for services rendered for the audit of the Company's annual financial statements and internal control over financial reporting included the Company's annual reports on Form 10-K and review of the interim financial statements included in the Company's quarterly reports on Form 10-Q, including services related thereto, were \$1,841,008 and \$1,811,219, respectively.

Audit-Related Fees

The aggregate fees billed by E&Y for each of the fiscal years ended December 31, 2006 and 2005 for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported as Audit Fees, including due diligence and, during 2005, interim reviews of AMICO were \$76,562 and \$166,935, respectively.

Tax Fees

The aggregate fees billed by E&Y for the fiscal years ended December 31, 2006 and 2005 for services rendered for tax compliance (including tax planning and tax advice; and other tax services (including advice related to mergers and acquisitions) were \$61,212 and \$15,000, respectively.

All Other Fees

The aggregate fees billed by E&Y for each of the fiscal years ended December 31, 2006 and 2005 for products and services other than those described above were \$0 and \$0, respectively.

Pre-Approval for Non-Audit Services Policies and Procedures of the Audit Committee

The Audit Committee has adopted procedures for pre-approving non-audit services to be provided by E&Y. In considering such approval, the Audit Committee may request all such information and documentation from the Company as it deems necessary in order for it to make its decision with respect to the requested engagement. The Committee may discuss the potential engagement with the independent registered public accounting firm, with its counsel or other professional advisors. The Audit Committee shall consider whether or not the performance of the requested non-audit services complies with law, including but not limited to the Sarbanes-Oxley Act and the regulations promulgated by the Securities and Exchange Commission thereunder. It shall also consider whether the services provided will have a negative effect upon the integrity of the Company's financial reporting, whether by approving such engagement the Audit Committee is complying with and promoting its purposes, duties and functions as set forth in its Charter, and it shall also consider any potential negative effect which the engagement may have on the Company, including the possible appearance of a conflict of interest or impropriety. The Audit Committee has previously delegated its authority to approve non-audit services to be performed by the auditors to David N. Campbell. The Audit Committee has pre-approved E&Y providing customary consultation or advice regarding accounting issues, taxes, or potential transactions, provided no such engagement for non-audit services exceeds \$100,000, and certain other tax services.
