Committees and Meeting Data

During 2007, the full Board of Directors held eight meetings, and took an additional action by unanimous consent. The Company's Board of Directors established a process whereby shareholders may send communications to the board. That process is set forth in the Policy for Shareholder Communications with Board Members, a copy of which is attached as Exhibit A.

The Audit Committee of the board currently consists of Messrs. Moylan, Constantino, and Holly all of whom are independent as defined under SEC and NASDAQ rules. The Audit Committee, which met six times during the year, appoints and oversees the work of the Company's independent accountants, as well as oversees that the Corporation has maintained and established processes for reliable accounting policies and financial reporting and disclosure, and such other duties as more particularly set forth in its Charter, a copy of which is attached as Exhibit B. The board has determined that Michael R. Holly qualifies as an Audit Committee Financial Expert as that term is defined by SEC rules.

The Compensation Committee of the board currently consists of Messrs. Constantino, Moylan, and Reilly, all of whom are independent as defined by NASDAQ rules. The Compensation Committee, which met nineteen times during the year and also took five additional actions by unanimous consent, reviews and sets compensation for the Chief Executive Officer (CEO), all other executive officers of the Company and members of the Company's Board of Directors, establishes compensation, incentive and benefit plans for the CEO and all other executive officers and directors of the Company and approves payments under such incentive plans. The Charter of the Compensation Committee is included as Exhibit C.

The Executive Committee, consisting of Messrs. Constantino and Reilly, and Moylan has authority to act on behalf of the full Board of Directors during intervals between meetings of the full board. The Executive Committee did not meet in 2007.

The Nominating Committee consists of all members of the board who are independent as defined by NASDAQ rules. Currently, those individuals are Messrs. Constantino, Gould, Moylan, Holly, and Reilly. The Nominating Committee identifies the slate of director nominees for election to the Company's board, recommends candidates to fill vacancies occurring between annual shareholder meetings, and otherwise establishes and oversees the process for nominations for election to the Company's Board, in accordance with applicable laws and rules. Although the Nominating Committee did not meet separately from regular Board meetings, matters pertaining to nominee and vacancies were regularly reviewed and discussed as part of scheduled Board meetings. The Charter of the Nominating Committee is included as Exhibit D.

The Nominating Committee will consider candidates recommended by shareholders and the procedures to be followed by shareholders in submitting such recommendations. The Nominating Committee continually seeks to identify qualified candidates for nomination to the Company's board; however it has not established any formal procedure in that regard. All candidates identified as potential nominees for election to the board, whether identified by a shareholder or otherwise, are evaluated in the same manner. Although neither the board nor the Nominating Committee has established any minimum qualifications for director nominees, any potential nominee must have sufficient experience, knowledge, ability and time to fulfill the obligations of a member of the Company's board.

The Company encourages all directors to attend annual meetings, but has not established any formal policy with respect to such attendance. All members of the Company's board attended last year's annual meeting.

During 2007, all directors nominated for re-election attended no less than 75% of the total number of meetings of the Board of Directors and any board committee on which he served, with the exception of Mr. Gould, who missed three (of eight) meetings of the Board.

Audit Committee Report.

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Company's accounting functions and policies, internal controls, and the selection and oversight of the Company's independent accountants, and providing laws, regulations and policies relating to the Company's accounting and reporting practices, and the quality and integrity of the Company's financial reports. The Audit Committee is currently composed of three directors, Messrs. Moylan, Constantino, and Holly, each of who is independent and meets the requirements of the National Association of Securities Dealers. The Audit Committee operates under a written charter approved by the Board of Directors, a copy of which is attached as Exhibit B.

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we may not be, and we may not represent ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with accounting principles generally accepted in the United States, that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact independent.

In this context, the Audit Committee reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2007. The Audit Committee also met with representatives of the Company's auditors to discuss and review the results of the independent auditors' examination of the financial statements for the year ended December 31, 2007 and the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee reviewed with management and representatives of the Company's auditors each Quarterly Report on Report 10-Q prior to its filing with the SEC.

The Audit Committee has also received from the Company's auditors the written disclosures required pursuant to the Independence Standards Board Standard No. 1 (Independent Discussions with Audit Committees) addressing all relationships between the auditors and the Company that might bear on the auditors' independence and has discussed the same with representatives of the Company's auditors.

Based upon the Audit Committee's discussions with management and the independent auditors, and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, to be filed with the SEC.

In 2004 and for a number of years prior, each outside director received each year an option to purchase 10,000 shares of the Common Stock at a price based upon the closing price of the Common Stock on the last trading day of the prior year. As well, in 2004, each outside director received a one-time option grant to acquire 30,000 shares of the Company's common stock which vest ratably over a three-year period, at a price based upon the closing price on the date of grant. A similar one-time grant was to be made to any new directors of the Company. The purpose of that grant is to retain (and in the case of new directors, attract) highly skilled individuals and encourage cooperative team efforts, while providing an incentive to enhance long term shareholder value. In 2006 the one-time grant to new directors was reduced to 10,000 shares. The option price of director's grants were 100% of the closing price of the Common Stock on the applicable date if an incentive stock option and 85% of such closing price if a non-qualified option. Outside directors receive \$1,000 for each board meeting attended in person and \$200 for each meeting attended by telephone conference. Since 2005, in lieu of the annual grant of options previously approved by the Board of Directors, each outside director receives an annual retainer of \$10,000, payable quarterly, in addition to fees for each meeting attended. In 2005, the Board of Directors adopted a Directors' Deferred Compensation Plan, pursuant to which a director may elect to defer any portion of the annual retainer and meetings' fees. Deferred amounts, until paid pursuant to the plan, will earn interest quarterly at the same rate as the Company earns on its invested cash during the same period.

PROPOSAL NO. 2 2008 EMPLOYEE STOCK PURCHASE PLAN

The stockholders of the Company are being asked to approve the 2008 Employee Stock Purchase Plan (the 2008 Plan).

The following summary of the material features of the 2008 Plan is qualified in its entirety by reference to the full text of the 2008 Plan attached as Exhibit F to this Proxy Statement.

The current 1998 Employee Stock Purchase Plan (the 1998 Plan) will be expiring at the end of June, 2008. Under the 1998 plan, shareholders authorized the purchase of up to 2,000,000 shares of Common Stock. As of December 31, 2007, employees have purchased 453,177 shares. The proposed 2008 Plan is similar to the 1998 Plan, with the following significant changes:

Under the 1998 Plan, the Purchase Price was determined to be the lower of 85% of the fair market value of a share of Common Stock on either the Enrollment Date or the Exercise Date. This look-back provision is eliminated in the proposed 2008 Plan. Under the 2008 Plan, the Purchase Price will be 85% of the fair market value of a share of Common Stock on the Exercise Date.

Under the 1998 Plan, employees could withdraw from the plan at any time prior to the Exercise Date. Under the 2008 Plan, there is a five (5) day black out window immediately prior to the Exercise Date, during which employees are not allowed to withdraw from the Plan.

The 2008 Plan provides for the purchase of up to 2,000,000 shares of Common Stock (the Shares) by employees of the Company at a discount from market price. The purpose of the 2008 Plan is to provide employees of the Company with a convenient means to purchase shares of Common Stock of the Company at favorable prices through accumulated payroll deductions and to thereby encourage ownership in the Company. It is the intention of the Company to have the 2008 Plan qualify as an Employee Stock Purchase Plan under Section 423 of the Internal Revenue Code of 1986, as amended (the Code). The Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended, and is not qualified under Section 401(a) of the Code.

Description of the 2008 Plan.

All regular employees of the Company who work at least 20 hours per week and who have been employed by the Company for more than five months in any calendar year are eligible to participate in the 2008 Plan. For purposes of the Plan, an individual will continue to be deemed an eligible employee while the individual is on sick leave or other leave of absence approved by the Company; provided, however, that where the period of leave exceeds 90 days and the individual's right to reemployment is not guaranteed either by statute or by contract, the employee will be deemed to have been terminated on the 91st day of such leave.

The 2008 Plan will be administered by the Board of Directors of the Company and will continue for ten years unless earlier terminated by the Board.

Table of Contents

The 2008 Plan will be implemented by consecutive offering periods, ranging from six (6) months to twenty four (24) months (each of which is referred to herein as an Offering Period). The precise duration of any Offering Period will be announced by the Committee at least five (5) days prior to its commencement. As of the first day of each Offering Period (the Enrollment Date), each eligible employee participating in such Offering Period will be granted an option to purchase on the last day of each Offering Period (the Exercise Date) up to a number of Shares determined by dividing such employees payroll deductions accumulated prior to such Exercise Date and retained in the employees account as of the Exercise Date by the applicable Purchase Price (as such term is defined below); provided that in no event shall an employee be permitted to purchase during each Offering Period more than 5,000 shares of the Company's Common Stock. The applicable Purchase Price shall mean an amount equal to 85% of the fair market value of a share of Common Stock on the Exercise Date.

In no event will any employee be granted an option under the 2008 Plan (i) to the extent that, immediately after the grant, such employee (or any other person whose stock would be attributed to such employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time.

Unless a participant withdraws from the Plan, such withdrawal not being permitted during the last five (5) days of the offering period, his or her option for the purchase of Shares will be exercised automatically on the Exercise Date, and the maximum number of full Shares subject to option will be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares will be purchased; any payroll deductions accumulated in participant's account which are not sufficient to purchase a full share will be retained in the participant's account for the subsequent Offering Period, subject to withdrawal by the participant. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive Shares under the 2008 Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as otherwise provided in the 2008 Plan) by the participant. In addition, the Board will have the power to impose such restrictions on the transfer of Shares that may be issued under the 2008 Plan during any Offering Period, if such restrictions are announced at least five (5) days prior to the scheduled beginning of the Offering Period to be affected by such restrictions.

The Board of Directors of the Company may at any time and for any reason terminate or amend the 2008 Plan, except no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any Exercise Date if the Board determines that the termination of the 2008 Plan is in the best interests of the Company and its stockholders, and no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant.

Summary of Federal Income Tax Consequences of the 2008 Plan.

The following summary is intended only as a general guide as to federal income tax consequences and does not attempt to describe all tax consequences in general or as to specific circumstances.

The 2008 Plan is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Code. Under the Code, no participant will recognize income for federal income tax purposes on the purchase of the Shares, but will instead defer the tax consequences until the employee participant sells or otherwise disposes of the Shares.

Depending on when a participant sells any of the stock under the 2008 Plan, the participant will have compensation income and/or capital gain or loss. If the participant employee disposes of Shares purchased under the 2008 Plan more than the later of two years from the beginning of the applicable Offering Period or one year from the Exercise Date, the participant would be deemed to have received compensation income at the time of sale or other disposition taxable as ordinary income equal to the lesser of (a) the amount of the

Table of Contents

discount allowed on the Shares purchased under the 2008 Plan; or (b) the excess of the fair market value of the Shares at the time of disposition over the purchase price. Any gain on the disposition in excess of the amount treated as ordinary income would be treated as long-term capital gain. The Company is not entitled to take a deduction for the amount of the discount in the circumstances indicated above.

If the participant disposes of Shares purchased pursuant to the 2008 Plan before the expiration of either of the required holding periods described above (the disqualifying disposition), the employee participant would recognize ordinary income at the time of the sale or other disposition taxable to the extent that the fair market value of the Common Stock on the Exercise Date was greater than the Purchase Price (i.e., the spread at purchase). This amount is considered ordinary compensation income in the year of sale or other disposition even if no gain is realized on the sale or disposition, and the Company is generally entitled to a deduction equal to the amount the participant is required to report as ordinary compensation income.

As of March 31, 2008, approximately 80 employees would be eligible to participate in the 2008 Plan. Because the price of the Shares to be purchased will not be established until the end of the first Offering Period, and because benefits to be received depends upon participants decisions to participate throughout the Offering Periods, the benefits to be received under the 2008 Plan by the foregoing persons is not determinable at the date of this Proxy Statement. The closing sale price of the Common Stock on the OTCBB National Market on March 31, 2008 was \$0.868 per Share.

Registration. Assuming the adoption of the 2008 Plan by the stockholders, the Company expects to register the shares of Common Stock covered by the 2008 Plan under the Securities Act of 1933 as soon as practicable after such approval is obtained. Concurrently, the unused shares that were registered under the 1998 Plan will be deregistered under the Act.

The Board of Directors unanimously recommends a vote **FOR** the 2008 Employee Stock Purchase Plan.

PROPOSAL NO. 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed Rotenberg & Co. LLP as independent auditors for the fiscal year ending December 31, 2008. Rotenberg & Co. LLP acted as the independent auditors for the fiscal years ending December 31, 2007, 2006, 2005, and 2004. Representatives of Rotenberg & Co. LLP are expected to be present at the Meeting. They will be available to respond to appropriate questions and will have an opportunity to make a statement if they so desire.

Although the appointment of independent auditors is not required to be submitted to a vote by shareholders, the Audit Committee believes as a matter of policy that it is appropriate that the shareholders ratify the Board's appointment. If the shareholders should not ratify the appointment of Rotenberg & Co. LLP, the Audit Committee will consider other certified public accountants for appointment.

Audit Fees. During fiscal years 2007 and 2006, the aggregate fees billed to the Company by its independent auditors were \$74,000 and \$70,500, respectively, for the annual audit of the financial statements and review of the financial statements included in the Company's Quarterly Reports on Form 10-Q.

Review of Management's Assessment of Internal Control Fees. The aggregate fees billed to the Company by its auditors were \$2,000 for the fiscal year 2007. Our independent auditors did not render these services to us during the fiscal year 2006.

Financial Information Systems Design and Implementation Fees. Our independent auditors did not render information technology services to us during the fiscal year ending December 31, 2007.

Tax Fees. The aggregate fees billed to the Company by its independent auditors for professional services rendered to us during fiscal years 2007 and 2006, other than the audit services referred to above, were \$7,000 for both years, all of which was for tax preparation and tax consulting fees.

The Audit Committee of the Board of Directors has considered whether provision of the non-audit related services described above is compatible with maintaining the independent accountants' independence and has determined that those services have not adversely affected Rotenberg & Co. LLP's independence.

It is the Audit Committee's policy, as reflected in its Charter, to pre-approve all audit and non-audit services performed by the Company's independent auditors. Following a presentation by management to the Audit Committee describing the types of services to be performed in connection with, and the projected budget for, a particular engagement, the Audit Committee informs management whether it approves the engagement and the budget.

Generally, employees, officers and directors who have access to or knowledge of confidential or non-public information from or about the Company are not permitted to buy, sell or otherwise trade in the Company's securities, whether or not they are using or relying upon that information. This restriction extends to sharing or tipping others about such information especially since the individuals receiving such information might utilize such information to trade in the Company's securities. In addition, the Company has implemented trading restrictions to reduce the risk, or appearance, of insider trading.

Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. Delivery. As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant, as appropriate, of a certificate representing the shares purchased upon exercise of his or her option.

10. Withdrawal.

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan, at any time up to five business days prior to the Exercise Date, by giving written notice to the Company in the form of Exhibit B to this Plan. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new Enrollment agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. Termination of Employment. Upon a participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. Interest. No interest shall accrue on the payroll deductions of a participant in the Plan.

13. Stock.

(a) The maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be Two Million (2,000,000) shares, subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in shares covered by his or her option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse. Certificates representing shares may contain such legends as may be necessary or appropriate pursuant to applicable securities laws, including any legends relating to restrictions on transfer as may be imposed by the Board pursuant to Section 16 of the Plan.

14. **Administration.** The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

15. **Designation of Beneficiary.**

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. **Transferability.** Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof. The Board shall have the power to impose such restrictions on the transfer of shares of Common Stock that may be issued under the Plan during any Offering Period, if such restrictions are announced at least five (5) days prior to the scheduled beginning of the Offering Period to be affected by such restrictions.

17. **Use of Funds.** All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. **Reports.** Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the shareholders of the Company, the Reserves, the maximum number of shares each participant may purchase each Offering Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. Amendment or Termination.

(a) The Board of Directors of the Company may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any Exercise Date if the Board determines that the termination of the Plan is in the best interests of the Company and its shareholders. Except as provided in Section 19 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without shareholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board (or its committee) shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount

withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board (or its committee) determines in its sole discretion advisable which are consistent with the Plan.

21. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. Conditions Upon issuance of Shares. Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board of Directors or its approval by the shareholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 20 hereof.
