Item 9.01 Financial Statements and Exhibits

**Item 2.05 Costs Associated with Exit or Disposal Activities**

On May 19, 2009, Kennametal Inc. (Kennametal or the Company) announced that it has signed a definitive agreement to sell its high speed steel drills business and related product lines to Top Eastern Drill Co., Ltd., which has interests in similar businesses. This disposition is in line with Kennametal's strategy to shape its business portfolio and rationalize its manufacturing footprint. The transaction, which is expected to close in June 2009, remains subject to negotiated conditions of closing.

Kennametal expects to receive \$29 million in cash proceeds from this divestiture and recognize a pre-tax loss on the sale and related pre-tax charges estimated to amount to a total of \$30 to \$33 million, the majority of which will be recorded in the quarter ending June 30, 2009. The related pre-tax charges are comprised of cash outlays for severance, facility and other costs of \$9 million to \$11 million. The majority of these cash outlays are expected to be made during the six month period ending December 31, 2009.

A copy of the press release issued by the Company in connection with this divestiture is attached hereto as exhibit 99.1.
