### Item 1.01 Entry into a Material Definitive Agreement

On May 25, 2005, Nelnet, Inc. (the "Company") consummated a previously announced offering of \$275,000,000 aggregate principal amount of its 5.125% Senior Notes due 2010 (the "Notes").

The Notes were issued under an indenture dated as of May 25, 2005 (the "Indenture") between the Company and Deutsche Bank Trust Company Americas, as trustee (the "Trustee"), as supplemented by resolutions setting forth the terms of the Notes (the "Authorizing Resolutions") approved by the Special Finance Committee of the Board of Directors of the Company.

The Notes bear interest at the rate of 5.125% per year from May 25, 2005. Interest on the Notes is payable on June 1 and December 1 of each year, beginning on December 1, 2005. The Notes will mature on June 1, 2010. The Company may redeem the Notes in whole at any time or in part from time to time prior to maturity at a redemption price set forth in the Authorizing Resolutions.

The Notes rank equally with all of the Company's future unsecured indebtedness and senior to any of the Company's future subordinated indebtedness. The Notes are structurally subordinate to all indebtedness and other liabilities of the Company's subsidiaries.

The Notes were priced at a discount such that the public offering price of Notes was 99.802% of their face amount.

The Indenture contains various covenants, including limitations on liens on the capital stock of National Education Loan Network, Inc., a wholly owned subsidiary of the Company, and limitations on consolidations, mergers, conveyances, transfers and sales or leases of all or substantially all of the Company's properties or assets as an entirety. These covenants are subject to important exceptions that are set forth in the Indenture.

The Indenture contains customary default provisions, including nonpayment of principal of or premium, if any, and interest on the Notes; default in the performance, or breach, by the Company of any material covenant or warranty in the Indenture; and certain events of bankruptcy, insolvency and reorganization. Upon certain events of default, the Trustee or the holders of not less than 25% in principal amount of the outstanding securities may declare the principal amount of all of the securities and accrued interest on such securities to be due and payable immediately.

A copy of each of the Indenture, the Authorizing Resolutions and the form of the Company's senior debt security is filed herewith as Exhibits 4.1, 4.2 and 4.3, respectively. Each of these exhibits is hereby incorporated by reference into this Item 1.01.
