=====  
This Amendment No. 2 amends and supplements the Tender Offer Statement on Schedule TO ("Schedule TO") filed with the Securities and Exchange Commission (the "Commission") on June 16, 2005 and Amendment No. 1 to Schedule TO filed with the Commission on June 17, 2005 by Mylan Laboratories Inc., a Pennsylvania corporation ("Mylan" or the "Company"), pursuant to Rule 13e-4 under the Securities Exchange Act of 1934, as amended, in connection with Mylan's offer to purchase for cash up to 48,780,487 shares of its common stock, par value \$0.50 per share, including the associated preferred stock purchase rights (the "Common Stock"), or such lesser number of shares of Common Stock as are properly tendered and not properly withdrawn (the "Shares"), at a price not greater than \$20.50 nor less than \$18.00 per Share, net to the seller in cash, without interest. Mylan's offer is being made upon the terms and subject to the conditions set forth in the Offer to Purchase, dated June 16, 2005 ("Offer to Purchase"), and in the related Letter of Transmittal ("Letter of Transmittal") which, as amended or supplemented from time to time, together constitute the Offer.

All information in the Offer to Purchase and in the related Letter of Transmittal is hereby expressly incorporated in this Amendment No. 2 to Schedule TO by reference in response to all of the applicable items in Schedule TO, except that such information is hereby amended and supplemented to the extent specifically provided herein.

ITEMS 1 through 11

1. As disclosed in the Offer to Purchase, Mylan obtained a commitment letter from Merrill Lynch Capital Corporation and Merrill Lynch, Pierce, Fenner & Smith Incorporated, pursuant to which Merrill Lynch Capital committed to provide Mylan with a \$975 million credit facility. Mylan is continuing to arrange financing in connection with the Offer. One of the conditions to the Company's obligation to purchase its common stock in the Offer is that Mylan has obtained or is able to obtain, prior to the expiration date of the Offer, financing (a) pursuant to the terms and conditions of such commitment letter and (b) on terms reasonably satisfactory to the Company, which, with existing cash reserves, will be sufficient to consummate the Offer. The Company today is waiving the portion of such condition that requires the financing to be on terms reasonably satisfactory to the Company. Therefore, to give effect to the waiver, this condition is restated as follows:

"Notwithstanding any other provision of the Offer, Mylan will not be required to accept for payment, purchase or pay for any Shares tendered, and may terminate or amend the Offer or may postpone the

## Edgar Filing: MYLAN LABORATORIES INC - Form SC TO-I/A

acceptance for payment of, or the purchase of and the payment for Shares tendered, subject to the rules under the Exchange Act, if at any time on or after the commencement of the Offer and before the Expiration Date any of the following events have occurred (or have been determined by Mylan to have occurred) that, in the Company's reasonable judgment and regardless of the circumstances giving rise to the event or events (other than any action or omission to act by Mylan), makes it inadvisable to proceed with the Offer or with acceptance for payment:

- o Mylan is or will be unable prior to the Expiration Date to obtain financing pursuant to the terms and conditions contained in the Commitment Letter described in Section 9, which, with existing cash reserves, will be sufficient to purchase the Shares pursuant to the Offer and pay related fees and expenses."

Other conditions of the Offer remain unchanged.

2. The Offer, which was originally due to expire at 5:00 p.m., New York City time, on Friday, July 15, 2005, has been extended seven hours. Accordingly, the Offer will now expire at 12:00 midnight, New York City time, on Friday, July 15, 2005, unless Mylan further extends the Offer.

3. On July 6, 2005 Mylan issued a press release announcing the resignations of Patricia A. Sunseri and Stuart A. Williams as directors effective July 6, 2005 and the decision of Mylan's Board of Directors to reduce its size from eleven to nine directors, effective upon the resignations of Ms. Sunseri and Mr. Williams as directors. A copy of the press release is filed as Exhibit (a) (5) (C) to this Schedule TO and incorporated herein by reference.

4. On July 11, 2005 Mylan issued a press release announcing its preliminary financial results for the first quarter fiscal 2006, a reaffirmation of its fiscal 2006 and fiscal 2007 guidance previously announced on June 14, 2005 and the extension of the Offer as described in paragraph 2 above. A copy of the press release is filed as Exhibit (a) (5) (D) to this Schedule TO and incorporated herein by reference.

5. Since the filing of the Offer to Purchase, Mylan has engaged in the process of arranging the financing for the Offer. Based on such process, Mylan currently believes that the average weighted interest rate for the financing will be 6.3%, instead of the rate of 6.6% disclosed in the Offer to Purchase. Accordingly, to give effect to such lower average weighted interest rate used to compute pro forma interest expense, this Amendment No. 2 amends and restates the subsection titled "Summary Unaudited Pro Forma Consolidated Financial Data" of Section 10 ("Certain Financial Information") of the Offer to Purchase as follows:

"Summary Unaudited Pro Forma Consolidated Financial Data. The following table sets forth summary unaudited pro forma consolidated financial data for the fiscal year ended March 31, 2005, a pro forma earnings to fixed charges ratio for the fiscal year ended March 31, 2005 and our pro forma financial position at March 31, 2005. This summary unaudited pro forma consolidated financial data gives effect to the purchase of Shares pursuant to the Offer as if such purchase had occurred at the dates indicated. This information should be read in conjunction with Summary Historical Consolidated Financial Data and our audited consolidated financial statements and the related notes filed as part of our Annual Report on Form 10-K for the fiscal year ended March 31, 2005. This summary unaudited pro forma consolidated financial data is not necessarily indicative of either our financial

position or results of operations, which actually would have been attained, had the purchase of Shares pursuant to the Offer and the related financing been completed at the dates indicated, or, will be achieved in the future. This summary unaudited pro forma consolidated financial data has been included herein for informational and comparative purposes only. We have included the summary unaudited pro forma consolidated financial data solely for the purpose of providing shareholders with information that may be useful for purposes of considering and evaluating the Offer. Our future results are subject to prevailing economic and industry specific conditions and financial, business and other known and unknown risks and uncertainties, certain of which are beyond our control. These factors include, without limitation, those described in this Offer under "Forward-Looking Statements.

The pro forma amounts have been calculated assuming that we complete the Offer for 48,780,487 Shares at a price of \$20.50 per Share. The amounts exclude the effects of the planned open market (or otherwise) follow-on share repurchase program. The unaudited pro forma consolidated financial data also assumes that the Offer, including transaction costs, is financed through the net proceeds of \$775 million in debt financing pursuant to the terms and conditions contained in the Commitment Letter and the use of approximately \$250 million in existing cash reserves.

- (a) Pro forma income statement and other data is presented giving effect to the Offer as of April 1, 2004.
- (b) Pro forma interest expense has been computed under the assumption that \$275 million of borrowings under the term loan facility and \$500 million of notes will be used to finance the Offer. A weighted average interest rate of 6.3% has been used to compute pro forma interest expense. Additionally, included in pro forma interest expense is a commitment fee of 0.50% on the undrawn portion of the \$200 million revolving credit facility, and amortization of debt issuance costs in the amount of approximately \$3 million. No borrowings are assumed under this revolving credit facility.

In addition, the calculation of pro forma interest expense assumes a pay down of a portion of the borrowings under the term loan facility as outlined in the Commitment Letter, as well as lower interest income as a result of the use of existing cash used to finance a portion of the transaction.

If the actual interest rates vary from the rates that have been assumed, a 25 basis points variance causes an approximate \$1.9 million change to annual interest expense.

- (c) Pro forma balance sheet data is presented giving effect to the Offer as of March 31, 2005.
- (d) Estimated transactions costs of \$21.1 million are included in the pro forma balance sheet data. Of this amount, \$15.1 million of debt issuance costs are included in other non-current assets and \$6.0 million is included as a cost of the repurchase."
